More and more Humana members are finding Humana Pharmacy to be their choice for value, experience, safety, accuracy, convenience, and service.

Why Choose Humana Pharmacy:

**Savings.** Many Humana plans provide cost savings if you fill a 90-day supply of your maintenance medicines through a mail delivery pharmacy, instead of a retail pharmacy. Plus, our pharmacy team works with you and your doctor to find medicines that cost less.

**Experienced pharmacy team.** Pharmacists are available to answer questions about your medicines and our services.

**Safe and accurate.** Two pharmacists check your new prescriptions to make sure they’re safe to take with your other medicines. The dispensing equipment and heat-sealed bottles with tamper-resistant foil help ensure quality and safety. And your order comes in plain packaging for additional security.

**Timely reminders.** To help make sure you have the medicines and supplies you need when you need them, we can remind you when it’s time to refill your medicines. Just set your preferences when you sign up at HumanaPharmacy.com.

**Time-saving mail delivery.** No driving to the pharmacy and waiting in line. You may be able to order just four times a year and have more time to do the things you enjoy.

Make Humana Pharmacy your one source

**Maintenance medicines.** Medicines you take all the time for conditions like high cholesterol, high blood pressure, and asthma.

**Specialty medicines.** Specialized therapies to treat chronic or complex illnesses like rheumatoid arthritis and cancer.

The Life of a Prescription

1. Humana Pharmacy gets your prescription order. Your healthcare provider can send us your new prescriptions by fax, phone, or electronically. Or you can send new prescriptions by mail with an order form. Order forms can be downloaded at HumanaPharmacy.com.
2. Our pharmacy checks your Humana pharmacy benefits coverage, puts in your order, and creates a unique shipment number.
3. A pharmacist checks your prescription order for accuracy and possible drug interactions.
4. Approved orders go through the payment process. If your health benefits don’t cover the medicine, we will check the claim and fix the problem. If we cannot fill your prescription, we’ll return it to you and tell you why.
5. An automated system fills your medicine and a pharmacist makes sure it matches the label before it’s sealed.
6. Humana Pharmacy mails the order to you with important information about your medicine.

You should get your new prescription by mail in 7 – 10 days after Humana Pharmacy has all the necessary information. Your refill should arrive within five days. It may take longer if we have to call you or your healthcare provider with questions about the order.
