Dear Parents,

Safety skills used in daily life are necessary for your child's success. Your child will learn how to cross a busy intersection, the rules for riding their bicycle safely, water safety, and other necessary safety skills at SAFETY TOWN USA.

The Safety Town program is an eight day class focusing on safety education for children ages 5 through 7. There will be two sessions with two classes per session starting at 9am and 11am. Through the use of bicycles, miniature buildings, street crossings, special speakers, and a trip to the firehouse, students will learn needed safety skills.

Safety Town is sponsored by the Pilot Club of New Albany as well as other local businesses, so your child can participate free of charge.
