SECTION III: PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

School has selected personnel to act as a proposal evaluation team. Subgroups of this team will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in this RFP and allowed under applicable laws. Proposals will be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. Discussions may be conducted with, and best and final offers obtained from, responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award.

Offerors will be accorded fair and equal treatment with respect to any opportunity for discussion and revisions of proposals. In conducting discussions with an offeror, information derived from proposals submitted by competing offerors may be used in discussion only if the identity of the offeror providing the information is not disclosed to others. School will provide equivalent information to all offerors with which the School chooses to have discussions.

When the School determines it is in the best interests of the School: (1) the solicitation may be canceled or (2) offers may be rejected; in whole or in part as specified in this RFP. Notwithstanding any other law, offers may be opened after the time stated in this RFP if both of the following apply: (1) School makes a written determination that it is in the best interest of the School to delay the opening and (2) the day, time, and place of the rescheduled opening is announced at the day, time, and place of the originally scheduled opening. The determinations of the School are final and conclusive.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2.
- 3.1.3 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to School, taking into account all of the evaluation factors, may be selected by School and School for further action, such as contract negotiations. If, however, School decides that no proposal is sufficiently advantageous to School,

School may take whatever further action is deemed necessary to fulfill its needs. If for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, School may begin contract negotiations with the next qualified Respondent or determine that no such alternate proposal exists or is desirable.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. If any criteria are found to be inconsistent or incompatible with applicable state or federal laws, regulations, or policies, that criteria will be disregarded and the responses will be evaluated and scored without taking into account such criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality/Compatibility with Current Software Solutions/User preference of staff (Business and Technical Proposal)	70 available points
3. Cost (Cost Proposal)	30 available points
Total	100

Proposals will be evaluated using the following approach.

Step 1: In this step, proposals will be evaluated only against Criteria 1 to ensure they adhere to the Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified, not considered responsive, and/or rejected.

Step 2: Proposals meeting the Mandatory Requirements will then be scored based on Criteria 2 and 3. This scoring will have a maximum possible score. All proposals will be ranked on the basis of their combined scores for Criteria 2 and 3. This ranking will be used to create a “short list.” Any proposal not making the “short list” will not be considered for any further evaluation. Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. focused on cost and other proposal elements. Step 2 may include additional “short lists.”

Step 3: The short-listed proposals will then be evaluated based on the entire evaluation criteria outlined in this RFP. If School conducts additional rounds of discussions and a BAFO round which

lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the evaluation criteria.

3.2.1 Adherence to Requirements – Pass/Fail

Respondents passing this category move to Phase 2 and proposal is evaluated for Management Assessment/Quality and Price.

The following 2 categories cannot exceed 100 points.

3.2.2 Management Assessment/Quality/Compatibility with Current Software Solutions/User preference of staff: **70** available points

3.2.3 Price: **30** available points

In determining whether an offeror is responsible, School may consider the following factors: (1) The ability and capacity of the offeror to provide the supplies or service; (2) The integrity, character, and reputation of the offeror; (3) The competency and experience of the offeror. In determining whether an offeror is responsive, School may consider the following factors: (1) Whether the offeror has submitted an offer that conforms in all material respects to the specifications; (2) Whether the offeror has submitted an offer that complies specifically with the solicitation and the instructions to offerors; (3) Whether the offeror has complied with all applicable statutes, ordinances, resolutions, or rules pertaining to the award of a public contract.

School expects the contract award will be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the School, taking into consideration price and the other evaluation factors set forth in the request for proposals. Award may be made to more than one (1) offeror whose proposals are determined in writing to be advantageous to the School, taking into consideration price and other evaluation factors set forth in the request for proposals. Offers will be received and contracts may be awarded separately or for any combination of a line or a class of supplies or services contained in this RFP.

An offeror does not gain a property interest in the award of a contract by School unless:

(1) the offeror is awarded the contract by the School's board; and (2) the contract is completely executed by the offeror and School.
