

ABOUT US

Our mission is to create a supportive learning environment to which all students pre-K through 8th grade can feel the freedom to create, learn, and interact through the performing arts. Our classes, in Floyds Knobs, IN, will allow students to learn more about theatre arts and build positive peer interactions while working as a team, improving public speaking, and using their creativity!

Peer interACTION class NOW AVAILABLE!

(max 8 per class for 6' distancing)

Classes are 45 minutes, \$65 per 6-week session
Mondays from 7:15-8:00pm

SESSION 2 starts OCTOBER 19th!

WHY THIS CLASS?

Peer interACTions (Ages 10-14) teaches social cues through theatre!

If you believe your child would benefit from a safe way to connect, take risks, build self-confidence and empathy, then try this 6-week class. Parents will complete a survey to express what specific skills they would like to target for their child, but all classes will be directed as a theatre class. This is not a clinical therapy class, but a fun way to engage with others and learn specific skills such as eye contact, facial expressions, implied meaning in a given situation, and problem-solving strategies. Research shows theatre arts may improve social interactions over time. Read our full article for more information at <https://www.interactacademy.com/news>
