

Hello Principals,

I am writing to you from Mount St Francis hoping you might be willing to help us out. We are offering two different weeks of Art & Nature Camps for children ages 7-11 this summer. We held this camp in 2019 and received many favorable comments from parents and students. Of course, COVID kept us from hosting it in 2020, but now we are back in 2021 with a week in June and another in July. I have included the flyer with more information.

All the adults who are leading the camp have been cleared through Safe & Sacred and background checks. Fr Vince Petersen and I will be with the students every day, while the clay artist, photographer, and naturalist will be here on specific days. We expect camps to fill up with 16-18 children in each, and we know we have safe spacing for that number.

We would appreciate your sharing this information with your parents and staff. We don't expect you to make copies for every student to take home, but hopefully you have a newsletter for parents where you could add this flyer. I could not obtain email addresses for all of you but am certainly willing to email you a digital file if you want to contact me (assocdir@mountsaintfrancis.org). Possibly you have a public bulletin board where you might post it, or could send copies home with certain grades, depending on the size of your classes. Your assistance in getting the word out about the camps would be greatly appreciated. With our 400 wooded acres, art studios, and covered picnic areas, we feel we can offer a great opportunity for children to enjoy the arts and outdoors.

Registrations can be handled through our web site or by phone. Please feel free to contact me if you have any questions.

Thanks for your support,
Judy Ribar
