About Immunizations:

- This immunization clinic provides routine vaccinations for children and teens that are required for school.
- Immunization, also called vaccination, is a highly effective, safe and easy way to help keep your family healthy.
- Vaccines are tested to ensure they are safe and effective for children to receive at the recommended ages.
- Indiana school children going into kindergarten, sixth grade and 12th grade are required to receive age-specific immunizations before school starts this fall.
- Visit StartSmart.Health.IN.gov to learn which immunizations are required in Indiana for each grade level.
