UNDERSTANDING YOUR COVERAGE

As *you* read this *certificate*, *you* will see some words are printed in italics. Italicized words may have different meanings in this *certificate* than in general. Please check the "Glossary" sections for the meaning of the italicized words as they apply to *your* plan.

This *certificate* gives *you* information about *your* plan. It tells *you* what is covered and what is not covered. It also tells *you* what *you* must do and how much *you* must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

Essential health benefits

This *certificate* does not apply annual dollar limits or lifetime dollar limits to *covered expenses* that are *essential health benefits*.

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *master group contract* apply to *covered expenses*.

The date used on the bill *we* receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

You must pay the health care provider any amount due that *we* do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any amendment attached to the *certificate* to see when services or supplies are *covered expenses* or are non-covered expenses.

How your master group contract works

We may apply a *copayment* or *deductible* before *we* pay for certain *covered expenses*. If a *deductible* applies, and it is met, *we* will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when a *copayment*, *deductible* and/or *coinsurance* may apply.

The service and diagnostic information submitted on the *qualified provider's* bill will be used to determine which provision of the "Schedule of Benefits" applies.

Covered expenses are subject to the *maximum allowable fee*. *We* will apply the applicable *network provider* or *non-network provider* benefit level to the total amount billed by the *qualified provider*, less any amounts such as:

- Those in excess of the negotiated amount by contract, directly or indirectly, between *us* and the *qualified provider*; or
- Those in excess of the *maximum allowable fee*; and
- Adjustments related to *our* claims processing procedures. Refer to the "Claims" section of this *certificate* for more information on *our* claims processing procedures.

Unless stated otherwise in this *certificate*, *you* will be responsible to pay:

- The applicable *network provider* or *non-network provider copayment*, *deductible* and/or *coinsurance*;
- Any amount over the *maximum allowable fee* to a *non-network provider*; and
- Any amount not paid by *us*.

However, *we* will apply the *network provider* benefit level and *you* will only be responsible to pay the *network provider copayment*, *deductible* and/or *coinsurance*, based on the *qualified payment amount*, for *covered expenses* when *you* receive the following services from a *non-network provider*:

- *Emergency care* and *air ambulance* services;
- *Ancillary services* while *you* are at a *network facility*;
- Services that are not considered *ancillary services* while *you* are at a *network facility*, and *you* do not consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* when:

  - The attending *qualified provider* determines *you* are not able to travel by non-medical transportation to obtain services from a *network provider*; and
  - *You* do not consent to the *non-network provider* to obtain such services due to *your emergency medical condition*.

Any *copayment*, *deductible* and/or *coinsurance you* pay for services based on the *qualified payment amount* will be applied to the *network provider medical out-of-pocket limit* and *out-of-pocket limit*.

If an *out-of-pocket limit* applies and it is met, *we* will pay *covered expenses* at 100% the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations, and exclusions of the *master group contract*.

UNDERSTANDING YOUR COVERAGE (continued)

Your choice of providers affects your benefits

We will pay benefits for *covered expenses* at a higher percentage most of the time, if *you* see a *network provider*, so the amount *you* pay will be lower. Be sure to check if *your qualified provider* is a *network provider* before seeing them.

We may designate certain *network providers* as preferred providers for specific services. If *you* do not see the *network provider* designated by *us* as a preferred provider for these services, *we* may pay less.

Unless stated otherwise in this *certificate*, *we* will pay a lower percentage if *you* see a *non-network provider*, so the amount *you* pay will be higher. *Non-network providers* have not signed an agreement with *us* for lower costs for services and they may bill *you* for any amount over the *maximum allowable fee*. If the *non-network provider* bills *you* any amount over the *maximum allowable fee*, *you* will have to pay that amount and any *copayment*, *deductible* and *coinsurance* to the *non-network provider*. Any amount *you* pay over the *maximum allowable fee* will not apply to *your deductible* or any *out-of-pocket limit*.

Some *non-network providers* work with *network facilities.* If possible, *you* may want to check if all health care providers working with *network facilities* are *network providers.*

We will apply the *network provider* benefit level and *you* will only be responsible to pay the *network provider copayment*, *deductible* and/or *coinsurance*, based on the *qualified payment amount*, for *covered expenses* when *you* receive the following services from a *non-network provider*:[PE1]

- *Ancillary services* when *you* are at a *network facility*;
- Services that are not considered *ancillary services* when *you* are at a *network facility*, and *you* do not consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* when:
  - The attending *qualified provider* determines *you* are not able to travel by non-medical transportation to obtain services from a *network provider*; and
  - *You* do not consent to the *non-network provider* to obtain such services.

For all other services *you* receive from a *non-network provider*, *you* will be responsible to pay the *non-network provider copayment*, *deductible* and/or *coinsurance* and *you* may also be responsible to pay any amount over the *maximum allowable fee* for *covered expenses* including:

- Services that are not considered *ancillary services* when *you* are at a *network facility* and *you* consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* when:
  - The attending *qualified provider* determines *you* are able to travel by non-medical transportation to obtain services from a *network provider*; and
  - *You* consent to the *non-network provider* to obtain such services.

Refer to the "Schedule of Benefits" sections to see what *your network provider* and *non-network provider* benefits are.

How to find a network provider

You may find a list of *network providers* at www.humana.com. This list is subject to change. Please check this list before receiving services from a *qualified provider*. *You* may also call *our* customer service department at the number listed on *your* ID card to determine if a *qualified provider* is a *network provider*, or *we* can send the list to *you*. A *network provider* can only be confirmed by *us*.

How to use your point of service (POS) plan

You may receive services from a *network provider* or *non-network provider* with *your* POS plan without a referral from *your primary care physician*. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

Continuity of care

You may be eligible to elect continuity of care if *you* are a continuing care patient as of the date any of the following events occur:

- *Your qualified provider* terminates as a *network provider*;
- The terms of a *network provider's* participation in the network changes in a manner that terminates a benefit for a service *you* are receiving as a continuing care patient; or
- The *master group contract* terminates.

You must be in a course of treatment with the *qualified provider* as a continuing care patient the day before you are eligible to elect continuity of care.

If *you* elect continuity of care, *we* will apply the *network provider* benefit level to *covered expenses* related to *your* treatment as a continuing care patient. *You* will be responsible for the *network provider copayment*, *deductible* and/or *coinsurance* until the earlier of:

- 90 days from the date *we* notify *you* the *qualified provider* is no longer a *network provider*;
- 90 days from the date *we* notify *you* the terms of a *network provider's* participation in the network changes in a manner that terminates a benefit for a service *you* are receiving as a continuing care patient; or
- 90 days from the date *we* notify *you* this *master group contract* terminates; or
- The date *you* are no longer a continuing care patient.

For the purposes of this "Continuity of care" provision, continuing care patient means at the time continuity of care becomes available, *you* are undergoing treatment from the *network provider* for:

- An acute *sickness* or *bodily injury* that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm;
- A chronic *sickness* or *bodily injury* that is a life-threatening condition, degenerative, potentially disabling, or is a *congenital anomaly* and requires specialized medical care over a prolonged period of time;
- *Inpatient* care;
- A scheduled non-elective *surgery* and any related post-surgical care;
- A pregnancy; or
- A terminal illness.

For the purposes of this "Continuity of care" provision, a terminal illness means you have a medical prognosis with a life expectancy of 6 months or less.

Continuity of care is not available if:

- The *qualified provider's* participation in *our* network is terminated due to failure to meet applicable quality standards or fraud;
- *You* transition to another *qualified provider*;
- The services *you* receive are not related to *your* treatment as a continuing care patient;
- This “Continuity of care” provision is exhausted; or
- *Your* coverage terminates, however the *master group contract* remains in effect.

All terms and provisions of the *master group contract* are applicable to this "Continuity of care" provision.

Seeking emergency care

If *you* need *emergency care*, go to the nearest emergency facility.

You, or someone on *your* behalf, must call *us* within 48 hours after *your admission* to a *non-network hospital* for an *emergency medical condition*. If *your* condition does not allow *you* to call *us* within 48 hours after *your admission*, contact *us* as soon as *your* condition allows. *We* may transfer *you* to a *network hospital* in the *service area* when *your* condition is stable.

Seeking urgent care

If *you* need *urgent care*, *you* must go to the nearest *urgent care center* or call an *urgent care qualified provider*. *You* must receive *urgent care* services from a *network provider* for the *network provider copayment*, *deductible* or *coinsurance* to apply.

Our relationship with qualified providers

Qualified providers are not *our* agents, employees or partners. All providers are independent contractors. *Qualified providers* make their own clinical judgments or give their own treatment advice without coverage decisions made by *us*.

The *master group contract* will not change what is decided between *you* and *qualified providers* regarding *your* medical condition or treatment options. *Qualified providers* act on *your* behalf when they order services. *You* and *your qualified providers* make all decisions about *your* health care, no matter what *we* cover. *We* are not responsible for anything said or written by a *qualified provider* about *covered expenses* and/or what is not covered under this *certificate*. Please call *our* customer service department at the telephone number listed on *your* ID card if *you* have any questions.

Our financial arrangements with network providers

We have agreements with *network providers* that may have different payment arrangements:

- Many *network providers* are paid on a discounted fee-for-services basis. This means they have agreed to be paid a set amount for each *covered expense*;

- Some *network providers* may have capitation agreements. This means the *network provider* is paid a set dollar amount each month to care for each *covered person* no matter how many services a *covered person* may receive from the *network provider*, such as a *primary care physician* or a *specialty care physician*;

- *Hospitals* may be paid on a Diagnosis Related Group (DRG) basis or a flat fee per day basis for *inpatient* services. *Outpatient* services are usually paid on a flat fee per service or a procedure or discount from their normal charges.

The certificate

This *certificate* is part of the *master group contract* and tells *you* what is covered and not covered and the requirements of the *master group contract*. Nothing in the *certificate* takes the place of or changes any of the terms of the *master group contract*. The final interpretation of any provision in the *certificate* is governed by the *master group contract*. If the *certificate* is different than the *master group contract*, the provisions of the *master group contract* will apply. The benefits in the *certificate* apply if *you* are a *covered person*.

SCHEDULE OF BENEFITS

Reading this "Schedule of Benefits" section will help *you* understand:

- *Preauthorization* requirements;
- The level of benefits *we* generally pay for *covered expenses* and what *you* may be responsible for, including;

    - *Copayments* that may apply for each *covered expense*. *You* may be responsible for more than one *copayment* during the same visit with the same provider;
    - The *covered expenses* that require *you* to meet a *deductible*, if any, before benefits are paid by *us*; and
    - The *coinsurance you* are required to pay for *covered expenses*; and

- *Your* maximum *out-of-pocket limit*.

This "Schedule of Benefits" outlines the coverage and limitations provided under this *certificate*. A more detailed explanation of *your* coverage and its limitations and exclusions for these benefits is provided in the "Covered Expenses" and "Limitations and Exclusions" sections of this *certificate*.

The benefits outlined under the "Schedule of Benefits – Autism Spectrum Disorder," "Schedule of Benefits – Behavioral Health," "Schedule of Benefits – Transplant Services," "Specialty Drug Benefit" and "Schedule of Benefits – Pharmacy Services" sections are not payable under any other Schedule of Benefits in this *certificate*. However, all other terms and provisions of the *master group contract* apply, including the *preauthorization* requirements, annual *deductible(s)* and any *out-of-pocket limit(s)* in this *certificate*, unless otherwise stated.

Network provider verification

This *certificate* contains multiple benefit levels. Refer to each Schedule of Benefits to see what benefit levels apply to *covered expenses*.

Refer to *our* Website at www.humana.com for a list of *network providers*. *You* may also contact *our* customer service department at the telephone number shown on *your* ID card. A printed copy of network providers is also available upon request. This list is subject to change.

Network provider benefit allowance

This *certificate* contains a *network provider* benefit allowance. This allowance applies to the first $500 of *covered expenses* for services received from *network providers* incurred by *you* per *year*. Benefits provided under this allowance are payable at 100% after *copayments*, if any, and are not subject to the annual *deductibles* shown in this "Schedule of Benefits" section. The *network provider* benefit allowance is not applicable to *covered expenses* for *preventive services*, *specialty drugs* from a *pharmacy* or *specialty pharmacy*, or any benefits under the "Prescription Drug Benefit" attached to this *certificate*.

Once the total amount of *covered expenses* for services received from *network providers* exceeds the allowance stated above, any additional *covered expenses* for services from *network providers* will be subject to the annual *deductibles*, if applicable, and payable at the benefit percentage shown within this "Schedule of Benefits" section.

Preauthorization requirements

Preauthorization is required for certain services and supplies. The list of services and supplies that require *preauthorization* is available on *our* website at Humana.com or by calling the customer service telephone number on *your* ID card. The list of services and supplies that require *preauthorization* is subject to change. Coverage provided in the past for services or supplies that did not receive or require *preauthorization*, is not a guarantee of future coverage of the same services or supplies. Benefits are not paid at all for services or supplies that are not *covered expenses*.
NOTICE: pre-authorization does NOT guarantee coverage for or the payment of the service or procedure reviewed.

Your network health care practitioner is responsible for obtaining the appropriate *preauthorization* for services or supplies to be provided by a *network provider*.

You are responsible for informing *your health care practitioner* of the *preauthorization* requirements for services or supplies to be provided by a *non-network provider*. *You* or *your health care practitioner* must contact *us* by telephone, *electronic mail*, or in writing to request the appropriate authorization.

If *you* receive services or supplies from a *non-network provider* for which *preauthorization* is required and not obtained, the benefit payable for any *covered expenses* incurred will be reduced to 50%, after any applicable *copayments, deductibles* and/or *coinsurance*. The out-of-pocket amounts incurred by *you* due to these benefit reductions will not be used to satisfy any *out-of-pocket limits*.

Annual deductible

An annual *deductible* is a specified dollar amount that *you* must pay for *covered expenses*, except for any *deductible* met for *prescriptions* or *specialty drugs* from a *pharmacy* or *specialty pharmacy*, per *year* before any applicable *coinsurance* and most benefits are paid. There are individual and family *network provider* and *non-network provider deductibles.* The *deductible* amount(s) for each *covered person* and each covered family are as follows, and must be satisfied each *year*, either individually or combined as a covered family. *Covered expenses* that apply to the individual *deductible* also apply to the family *deductible.* Once a *covered person* meets the individual *deductible*, the *coinsurance* will then apply to applicable *covered expenses* for that *covered person*. Once the family *deductible* is met any remaining individual *deductible* for a *covered person* in the family will be waived for that *year.* The *coinsurance* will then apply to applicable *covered expenses* for all *covered persons* in the family. *Copayments* do not apply toward the annual *deductible*.

Any expense incurred by *you* for *covered expenses* provided by a *network provider* will be applied to the *network provider deductible*. Any expense incurred by *you* for *covered expenses* provided by a *non-network provider* will be applied to the *non-network provider deductible*.

Deductible	Deductible amount
Individual *network provider deductible*	$1,500
Family *network provider deductible*	$3,000
Individual *non-network provider deductible*	$4,500
Family *non- network provider deductible*	$9,000

Medical out-of-pocket limit

The *medical out-of-pocket limit* is any *copayments*, *deductibles* and/or *coinsurance* for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy* or *specialty pharmacy*, which must be paid by *you*, either individually or combined as a covered family, per *year* before a benefit percentage for *covered expenses* will be increased. There are individual and family *network provider* and *non-network provider medical out-of-pocket limits*.

After the individual *network provider out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy* or *specialty pharmacy*, for that *covered person* will be payable at the rate of 100% for the rest of the *year*. After the family *network provider medical out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy* or *specialty pharmacy*, will be payable at the rate of 100% for the rest of the *year,* subject to any maximum benefit and all other terms and provisions of the *master group contract*, and the limitations and exclusions of this *certificate*.

After the individual *non-network provider medical out-of-pocket limit* has been satisfied in a *year*, the *non-network provider* benefit percentage for *covered expenses*, except for *prescriptions* and *specialty drugs* form a *pharmacy* or non-network *specialty pharmacy*, for that *covered person* will be payable at the rate of 100% for the rest of the *year*. After the family *non-network provider medical out-of-pocket limit* has been satisfied in a *year*, the *non-network provider* benefit percentage for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy* or *specialty pharmacy*, will be payable at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms and provisions of the *master group contract*, and the limitations and exclusions of this *certificate*.

Any expense incurred by *you* for *covered expenses* provided by a *network provider* will be applied to the *network provider medical out-of-pocket limit*. Any expense incurred by *you* for *covered expenses* provided by a *non-network provider* will be applied to the *non-network provider medical out-of-pocket limit*.

If a *medical out-of-pocket limit* is shown to be unlimited, *covered expenses* will be paid at the levels indicated in the "Schedules of Benefits." *You* will be responsible for any out-of-pocket expenses.

If any *copayment*, *deductible* or *coinsurance* amount applied to *your* claim is waived by *your* health care provider, *you* are required to inform *us*. Any amount, thus waived and not paid by *you*, would not apply to any *medical out-of-pocket limit*.

Out-of-pocket expenses for covered organ transplants provided by a *non-network provider* and *specialty drugs* provided by a *non-network provider* do not apply towards any *medical out-of-pocket limit*. Some services and supplies do not apply towards and/or are not limited by the *medical out-of-pocket limit*. The "Schedule of Benefits" sections will identify the services and supplies that do not apply towards the *medical out-of-pocket limit*. The "Schedule of Benefits" sections will also identify which services and supplies are not limited by the *medical out-of-pocket limit.*

Medical out-of-pocket limit	Medical out-of-pocket limit amount
Individual *network provider medical out-of-pocket limit*	$4,500
Family *network provider medical out-of-pocket limit*	$9,000
Individual *non-network provider medical out-of-pocket limit*	$13,500
Family *non-network provider medical out-of-pocket limit*	$27,000

Network provider maximum out-of-pocket limit

The *network provider out-of-pocket limit* is the maximum amount of any *copayments*, *deductibles* and/or *coinsurance* for *network provider covered expenses* which must be paid by *you*, either individually or combined as a covered family, per *year* before a benefit percentage for *covered expenses* will be increased. The *network provider medical out-of-pocket limit* and the *network pharmacy prescription drug out-of-pocket limit* apply toward the *network provider out of-pocket-limit*. Once the *network provider out-of-pocket limit* is met, any remaining *network provider medical out-of-pocket limit* or *network pharmacy prescription drug out-of-pocket limit* will be waived for the remainder of the *year*. There are individual and family *network provider out-of-pocket limits*. The *non-network provider medical out-of-pocket limit* and the *non-network pharmacy prescription drug out-of-pocket limit* do not apply to the *network provider out-of-pocket limit.*

After the individual *network provider out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses* for that *covered person* will be payable at the rate of 100% for the rest of the *year*. After the family *network provider out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses* will be payable at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms and provisions of the *master group contract*, and the limitations and exclusions of this *certificate.*

If any *copayment*, *deductible* or *coinsurance* amount applied to *your* claim is waived by *your* health care provider, *you* are required to inform *us*. Any amount, thus waived and not paid by *you*, would not apply to any *network provider out-of-pocket limit*.

Network maximum out-of-pocket limit	**Network maximum out-of-pocket limit amount**
Individual *network provider out-of-pocket limit*	$6,250
Family *network provider out-of-pocket limit*	$12,500

This Schedule of Benefits lists *your* responsibility for covered expenses

  - The *health care practitioner's* charges for circumcision of the newborn child; and
  - The *health care practitioner's* charges for routine examination of the newborn before release from the *hospital*.

- If the covered newborn must remain in the *hospital* past the mother's *confinement*, services and supplies received for:

  - A *bodily injury* or *sickness*;
  - Care and treatment for premature birth; and
  - Medically diagnosed congenital defects and birth abnormalities.

- An earlier discharge for the *covered person* and newborn must be consistent with the most current protocols and guidelines of the American College of Obstetricians and Gynecologists or the American Academy of Pediatrics. Both the *covered person* and the attending *health care practitioner* must agree to an earlier discharge.

  If discharged early *you* have a choice of a *health care practitioner* office visit, or an at home post-delivery care visit by a *health care practitioner* or *nurse* no later than 48 hours following *you* and *your* newborn child's discharge from the *hospital*. *Covered services* include, but are not limited to:

  - Parent education;
  - Assistance and training in breast or bottle feeding; and
  - Any maternal or neonatal test or screening routinely performed during your hospital stay.

- Services of a licensed midwife.

- *Covered expenses* also include *cosmetic surgery* specifically and solely:

  - Reconstruction due to *bodily injury*, infection or other disease of the involved part; or
  - *Congenital anomaly* of a covered *dependent* child.

Covered expenses also include but are not limited to: *hospital* or *outpatient* expenses arising from medical and dental treatment (including orthodontic and oral surgery treatment at the appropriate age) involved in the management of birth defects known as cleft lip and cleft palate.

The newborn will not be required to satisfy a separate *deductible* and/or *copayment* for *hospital* or *birthing center* facility charges for the *confinement* period immediately following birth. A *deductible* and/or *copayment*, if applicable, will be required for any subsequent *hospital admission*.

If determined by the *covered person* and *your health care practitioner*, coverage is available in a *birthing center*. *Covered expenses* in a *birthing center* include:

- An uncomplicated, vaginal delivery; and
- Immediate care after delivery for the *covered person* and the newborn.

Emergency services

We will pay benefits for *covered expenses* incurred by *you* for *emergency care,* including the treatment and stabilization of an *emergency medical condition*.

Emergency care provided by *non-network providers* will be covered at the *network provider* benefit level, as specified in the "Emergency services" benefit in the "Schedule of Benefits." However, *you* will only be responsible to pay the *network provider copayment*, *deductible* and/or *coinsurance* to the *non-network provider* for *emergency care* based on the *qualified payment amount*.

Benefits under this "Emergency services" provision are not available if the services provided are not for an *emergency medical condition*.

Ambulance services

We will pay benefits for *covered expenses* incurred by *you* for licensed *ambulance* and *air ambulance* services to, from or between medical facilities for an *emergency medical condition*.

Ambulance and *air ambulance* services for an *emergency medical condition* provided by a *non-network provider* will be covered at the *network provider* benefit level, as specified in the "Ambulance services" benefit in the "Schedule of Benefits." *You* may be required to pay the *non-network provider* any amount not paid by *us*, as follows:

- For *ambulance* services, *you* will be responsible to pay the *network provider copayment, deductible* and/or *coinsurance*. *You* may also be responsible to pay any amount over the *maximum allowable fee* to a *non-network provider*. *Non-network providers* have not agreed to accept discounted or negotiated fees, and may bill *you* for charges in excess of the *maximum allowable fee*; and

- For *air ambulance* services, *you* will only be responsible to pay the *network provider copayment, deductible* and/or *coinsurance* based on the *qualified payment amount*.

Ambulatory surgical center services

We will pay benefits for *covered expenses* incurred by *you* for services provided in an *ambulatory surgical center* for the utilization of the facility and ancillary services in connection with *outpatient surgery*.

Health care practitioner outpatient services when provided in an ambulatory surgical center

Services that are payable as an *ambulatory surgical center* charge are not payable as a *health care practitioner* charge.

Covered expenses include:

- *Surgery* performed on an *outpatient* basis.
- Services of an *assistant surgeon*.
- Services of a *surgical assistant*.
- Anesthesia administered by a *health care practitioner* or certified registered anesthetist attendant for a *surgery.*
- Services of a pathologist.
- Services of a radiologist.

Durable medical equipment and diabetes equipment

We will pay benefits for *covered expenses* incurred by *you* for *durable medical equipment* and *diabetes equipment*.

At *our* option, *covered expense* includes the purchase or rental of *durable medical equipment* or *diabetes equipment*. If the cost of renting the equipment is more than *you* would pay to buy it, only the cost of the purchase is considered to be a *covered expense*. In either case, total *covered expenses* for *durable medical equipment* or *diabetes equipment* shall not exceed its purchase price. In the event *we* determine to purchase the *durable medical equipment* or *diabetes equipment*, any amount paid as rent for such equipment will be credited toward the purchase price.

Repair and maintenance of purchased *durable medical equipment* and *diabetes equipment* is a *covered expense* if:

- Manufacturer's warranty is expired; and
- Repair or maintenance is not a result of misuse or abuse; and
- Repair cost is less than replacement cost.

Replacement of purchased *durable medical equipment* and *diabetes equipment* is a *covered expense* if:

- Manufacturer's warranty is expired;
- Replacement cost is less than repair cost; and
- Replacement is not due to lost or stolen equipment, or misuse or abuse of the equipment; or
- Replacement is required due to a change in *your* condition that makes the current equipment non-functional.

Duplicate or similar rentals or purchases of *durable medical equipment* or *diabetes equipment* is not a *covered expense*.

Free-standing facility services

Free-standing facility diagnostic laboratory and radiology services

We will pay benefits for *covered expenses* for services provided in a *free-standing facility*.

Health care practitioner services when provided in a free-standing facility

We will pay benefits for *outpatient* non-surgical services provided by a *health care practitioner* in a *free-standing facility*.

Free-standing facility advanced imaging

We will pay benefits for *covered expenses* incurred by *you* for *outpatient advanced imaging* in a *free-standing facility*.

Home health care services

We will pay benefits for *covered expenses* incurred by *you* in connection with a *home health care plan* provided by a *home health care agency*. All home health care services and supplies must be provided on a part-time or intermittent basis to *you* in conjunction with the approved *home health care plan*.

The "Schedule of Benefits" shows the maximum number of visits allowed by a representative of a *home health care agency*, if any. A visit by any representative of a *home health care agency* of two hours or less will be counted as one visit. Each additional two hours or less is considered an additional visit.

Home health care *covered expenses* are limited to:

- Care provided by a *nurse*;
- Physical, occupational, respiratory, or speech therapy;
- Medical social work and nutrition services;
- Medical supplies, except for *durable medical equipment*; and
- Laboratory services.

Home health care *covered expenses* do not include:

- Charges for mileage or travel time to and from the *covered person's* home;
- Wage or shift differentials for any representative of a *home health care agency*;
- Charges for supervision of *home health care agencies*;
- Charges for services of a home health aide;
- *Custodial care*; or
- The provision or administration of *self-administered injectable drugs*, unless otherwise determined by *us*.

Hospice services

We will pay benefits for *covered expenses* incurred by *you* for a *hospice care program*. A *health care practitioner* must certify that the *covered person* is terminally ill with a life expectancy of 18 months or less.

If the above criteria is not met, no benefits will be payable under the *master group contract*.

Hospice care benefits are payable as shown in the "Schedule of Benefits" for the following hospice services:

- *Room and board* at a hospice, when it is for management of acute pain or for an acute phase of chronic symptom management;
- Part-time nursing care provided by or supervised by a registered nurse (R.N.) for up to eight hours in any one day;
- Counseling for the terminally ill *covered person* and his/her immediate covered *family members* by a licensed:
  - Clinical social worker; or
  - Pastoral counselor.
- Medical social services provided to the terminally ill *covered person* or his/her immediate covered *family members* under the direction of a *health care practitioner*, including:
  - Assessment of social, emotional and medical needs, and the home and family situation; and
  - Identification of the community resources available;
- Psychological and dietary counseling;
- Physical therapy;
- Part-time home health aide services for up to eight hours in any one day; and
- Medical supplies, drugs and medicines for *palliative care*.

Hospice care *covered expenses* do not include:

- A *confinement* not required for acute pain control or other treatment for an acute phase of chronic symptom management;
- Services by volunteers or persons who do not regularly charge for their services;
- Services by a licensed pastoral counselor to a member of his or her congregation. These are services in the course of the duties to which he or she is called as a pastor or minister; and
- Bereavement counseling services for family members not covered under the *master group contract*.

Jaw joint benefit

We will pay benefits for *covered expenses* incurred by *you* during a plan of treatment for any jaw joint problem, including temporomandibular joint disorder, craniomaxillary disorder, craniomandibular disorder, head and neck neuromuscular disorder or other conditions of the joint linking the jaw bone and the skull.

The following are *covered expenses*:

- A single examination including a history, physical examination, muscle testing, range of motion measurements, and psychological evaluation;

- Diagnostic x-rays;

- Physical therapy of necessary frequency and duration, limited to a multiple modality benefit when more than one therapeutic treatment is rendered on the same date of service;

- Therapeutic injections;

- Appliance therapy does not permanently alter tooth position, jaw position or bite. The benefit for the appliance therapy will include an allowance for all jaw relation and position diagnostic services, office visits, adjustments, training, repair, and replacement of the appliance; and

- Surgical procedures.

Covered expenses do not include charges for:

- Computed Tomography (CT) scans or magnetic resonance imaging except in conjunction with surgical management;
- Electronic diagnostic modalities;
- Occlusal analysis; or
- Any irreversible procedure, including, but not limited to: orthodontics, occlusal adjustment, crowns, onlays, fixed or removable partial dentures, and full dentures.

Physical medicine, rehabilitative services and habilitative services

Physical medicine and rehabilitative services

We will pay benefits for *covered expenses* incurred by *you* for the following physical medicine and/or rehabilitative services for a documented loss of physical function, pain or developmental delay or defect as ordered by a *health care practitioner* and performed by a *health care practitioner* to learn or improve skills and functioning for daily living:

- Physical therapy services;
- Occupational therapy services;
- Spinal manipulations/adjustments;
- Speech therapy or speech pathology services;
- Audiology services;
- Cognitive rehabilitation services;
- Respiratory or pulmonary rehabilitation services; and
- Cardiac rehabilitation services.

Your master group contract covers services from an athletic trainer who is licensed under applicable Indiana state law and provides physical medicine and rehabilitative services within their scope of practice.

The "Schedule of Benefits" shows the maximum number of visits for physical medicine and/or rehabilitative services, if any. Therapies associated with *autism spectrum disorders* do not reduce the maximum number of visits.

Habilitative services

We will pay benefits for *covered expenses* incurred by *you* for the following *habilitative services* ordered and performed by a *health care practitioner* for a *covered person* with a *congenital anomaly,* developmental delay or defect, to learn or improve skills and functioning for daily living:

- Physical therapy services;
- Occupational therapy services;
- Spinal manipulations/adjustments;
- Speech therapy or speech pathology services; and
- Audiology services.

The "Schedule of Benefits" shows the maximum number of visits for *habilitative services*, if any. Therapies relating to *autism spectrum disorder* do not reduce the maximum number of visits for *habilitative services*.

Skilled nursing facility services

We will pay benefits for *covered expenses* incurred by *you* for charges made by a *skilled nursing facility* for *room and board*, and for services and supplies. *Your confinement* to a *skilled nursing facility* must be based upon a written recommendation of a *health care practitioner*.

The "Schedule of Benefits" shows the maximum length of time for which *we* will pay benefits for charges made by a *skilled nursing facility*, if any.

Health care practitioner services when provided in a skilled nursing facility

Services that are payable as a *skilled nursing facility* charge are not payable as a *health care practitioner* charge.

Covered expenses include:

- Medical services furnished by an attending *health care practitioner* to *you* while *you* are *confined* in a *skilled nursing facility*;
- Consultation charges requested by the attending *health care practitioner* during a *confinement* in a *skilled nursing facility*;
- Services of a pathologist; and
- Services of a radiologist.

Urgent care center

We will pay benefits for *urgent care covered expenses* incurred by *you* for charges made by an *urgent care center* for *urgent care* services or an *urgent care qualified provider*.

Additional covered expenses

We will pay benefits for *covered expenses* incurred by *you* based upon the location of the services and the type of provider for:

- Treatment for autoimmune neuropsychiatric disorder associated with streptococcal infections (PANDAS) and pediatric acute-onset neuropsychiatric syndrome (PANS), including treatment with intravenous immunoglobulin therapy. Refer to the "Schedule of Benefits-Behavioral Health" and "Covered Expenses-Behavioral Health" sections for *behavioral health* services.

- Chronic pain management.

  Medically necessary chronic pain management prescribed by *your health care practitioner*. Chronic pain management means evidence based health care products and services intended to relieve chronic pain that has lasted for at least three (3) months.

  Chronic pain means pain that:

  - Persists beyond the usual course of an acute disease or healing of an injury; or
  - May be associated with an acute or chronic pathologic process that causes continuous or intermittent pain for a period of months or years.

  Covered expenses include:

  - *Prescription* drugs (refer to the " Prescription Drug Benefit Rider");
  - Physical therapy, occupational therapy, chiropractic care, osteopathic manipulative treatment; and
  - Athletic trainer services.

- Blood and blood plasma, which is not replaced by donation; administration of the blood and blood products including blood extracts or derivatives.

- Oxygen and rental of equipment for its administration.

- Prosthetic and orthotic devices and supplies, including limbs and eyes. Orthotics must be custom made or custom fit and made of rigid or semi-rigid material. Coverage will be provided for prosthetic and orthotic devices (including replacement and repair) that are:

  - Provided by a person who is accredited or who is a qualified provider;
  - Provided to restore the previous level of function lost as a result of a *bodily injury* or *sickness*; or to improve function caused by a *congenital anomaly*;
  - *Medically necessary* to restore or maintain the ability to perform activities of daily living or essential job related activities as determined by *your health care practitioner*; and
  - Not provided only for comfort or convenience.

- Wigs for a *covered person* experiencing hair loss resulting from chemotherapy and/or radiation therapy for cancer treatment.

- Cochlear implants, when approved by *us*, for a *covered person* with unilateral or bilateral severe to profound sensorineural deafness.

  Replacement or upgrade of a cochlear implant and its external components may be a *covered expense* if:

  - The existing device malfunctions and cannot be repaired;
  - Replacement is due to a change in the *covered person's* condition that makes the present device non-functional; or
  - The replacement or upgrade is not for cosmetic purposes.

- Casts, splints, trusses, crutches and braces.

  Covered expense does not include:

  - Dental braces; or
  - Oral or dental splints and appliances unless custom made for the treatment of documented obstructive sleep apnea.

- Special supplies. The following special supplies, dispensed up to a 30-day supply, when prescribed by *your* attending *health care practitioner*:

  - Surgical dressings;
  - Catheters;
  - Colostomy bags, rings and belts; and
  - Flotation pads.

- The initial pair of eyeglasses or contacts needed due to cataract *surgery* or an *accident* if the eyeglasses or contacts were not needed prior to the *accident*.

- Dental treatment only if the charges are incurred for treatment of a *dental injury* to a *sound natural tooth*.

  Benefits will be paid only for the least expensive service that will, in *our* opinion, produce a professionally adequate result.

- Certain oral surgical operations as follows:

  - Excision of partially or completely impacted teeth;
  - Excisions of tumors and cysts of the jaws, cheeks, lips, tongue, roof, and floor of the mouth when such conditions require pathological examinations;
  - Surgical procedures required to correct accidental injuries of the jaws, cheeks, lips, tongue, roof, and floor of the mouth;
  - Reduction of fractures and dislocation of the jaw;
  - External incision and drainage of cellulitis;
  - Incision of accessory sinuses, salivary glands or ducts;
  - Frenectomy (the cutting of the tissue in the midline of the tongue); and
  - Orthognathic *surgery* for a *congenital anomaly*, *bodily injury* or *sickness* causing a *functional impairment*.

- Orthodontic treatment of medically diagnosed congenital defects and birth abnormalities including but not limited to cleft lip and cleft palate. Orthodontic treatment includes the treatment of, and appliance for, tooth guidance, interception and correction. Orthodontic treatment also includes radiology, exams and follow-up care.

- Dental services, as follows:

  Hospital and office charges and administration of general anesthesia, when provided in conjunction with dental care for:

  - A *covered person* under age 19 who is determined by a licensed dentist and the child's *health care practitioner* to require necessary dental treatment in a *hospital* or *ambulatory surgical center* due to a significantly complex dental condition or a developmental disability in which patient management in the dental office has proven to be ineffective; or

  - A *covered person* has one or more medical conditions that would create significant or undue medical risk in the course of treatment delivery if not rendered in a *hospital* or *ambulatory surgical center*.

- Dialysis treatment. *We* will pay benefits for *covered expenses* incurred by *you* for dialysis treatment. Dialysis treatment provided by a non-network dialysis treatment facility will be covered at the *network provider* benefit percentage, subject to the *maximum allowable fee* if the following criteria is met:

  - The only dialysis facility located within 30 miles of the *covered persons'* home is non-network; or
  - The nearest dialysis facility, regardless of network status, is located more than 30 miles from the *covered person's* home.

- For a *covered person*, who is receiving benefits in connection with a mastectomy, service for:

  - Reconstructive *surgery* of the breast on which the mastectomy has been performed;
  - *Surgery* and reconstruction on the non-diseased breast to achieve symmetrical appearance; and
  - Treatment of physical complications for all stages of mastectomy, including lymphedemas;
  - Breast prosthesis whether internal or external, and four surgical bras per *year*;
  - Custom fabricated breast prostheses; and
  - One additional breast prosthesis per breast affected by the mastectomy.

- Reconstructive *surgery* resulting from:

  - A *bodily injury*, infection or other disease of the involved part; or
  - A *congenital anomaly*.

  Expenses for reconstructive *surgery* due to a psychological condition are <u>not</u> considered a *covered expense*, unless the condition(s) described above are also met.

- Enteral formulas, nutritional supplements and low protein modified foods for use at home by a *covered person* that are prescribed or ordered by a *health care practitioner* and are for the treatment of an inherited metabolic disease, e.g. phenylketonuria (PKU).

- Transgender services for the treatment of gender dysphoria, formerly known as gender identity disorder (GID), including hormone therapy and gender reassignment *surgery*.

- *Palliative care*.

- Routine costs for a *covered person* participating in an approved Phase I, II, III, or IV clinical trial.

  Routine costs include health care services that are otherwise a *covered expense* if the *covered person* were not participating in a clinical trial.

  Routine costs do not include services or items that are:

  - *Experimental*, *investigational or for research purposes*;
  - Provided only for data collection and analysis that is not directly related to the clinical management of the *covered person*; or
  - Inconsistent with widely accepted and established standards of care for a diagnosis.

  The *covered person* must be eligible to participate in a clinical trial according to the trial protocol and:

  - Referred by a *health care practitioner*; or
  - Provide medical and scientific information supporting their participation in the clinical trial is appropriate.

  For the routine costs to be considered a *covered expense*, the approved clinical trial must be a Phase I, II, III, or IV clinical trial for the prevention, detection or treatment of cancer or life threatening condition or disease and is:

  - Federally funded or approved by the appropriate federal agency;
  - The study or investigation is conducted under an investigational new drug application reviewed by the Federal Food and Drug Administration; or
  - The study or investigation is a drug trial that is exempt from having such an investigational new drug application.

COVERED EXPENSES - AUTISM SPECTRUM DISORDER

This "Covered Expenses – Autism Spectrum Disorder" section describes the services that will be considered *covered expenses* for the treatment of *autism spectrum disorder* under the *master group contract*. Benefits will be paid as specified in the "How your master group contract works" provision of the "Understanding Your Coverage" section and as shown in the "Schedule of Benefits – Autism Spectrum Disorder."

A written treatment plan for each *covered person* with *autism spectrum disorder* must be developed and signed by the treating *health care practitioner*. The treatment plan must be submitted as soon as possible and include a diagnosis, proposed treatment by type(s), frequency and duration of treatment(s), the anticipated outcomes stated as goals, the frequency by which the treatment plan will be updated along with any other information *we* may need to review the proposed plan. *Our* designated specialist in the treatment of *autism spectrum disorder* will review the treatment plan for medical necessity and consult with the treating *health care practitioner* in consideration of the treatment plan.

We will provide, in writing, *our* determination regarding coverage for the services and supplies prescribed by the treatment plan.

Services will be provided without interruption, as long as those services are consistent with the treatment plan and with medical necessity decisions.

Exclusions and limitations within this *certificate* that are inconsistent with the approved treatment plan do not apply. However, coverage is subject to other general exclusions and limitations in this *certificate* such as, coordination of benefits, *network provider* requirements, eligibility requirements and *grievance* processes. Any challenge to medically necessary determination through the grievance process will be reviewed by a specialist in the treatment of *autism spectrum disorder*.

Refer to the "Schedule of Benefits" for any service not specifically listed in the "Schedule of Benefits – Autism Spectrum Disorder."

Inpatient services

We will pay benefits for *covered expenses* incurred by *you* due to an *admission* or *confinement* for *inpatient services* for *autism spectrum disorder* services provided in a *hospital* or *health care treatment facility*.

Inpatient health care practitioner services

We will pay benefits for *covered expenses* incurred by *you* for *autism spectrum disorder* services provided by a *health care practitioner*, including *virtual visit and telehealth services*, in a *hospital*, or *health care treatment facility*.

Emergency services

We will pay benefits for *covered expenses* incurred by *you* for *emergency care*, including the treatment and stabilization of an *emergency medical condition* for *autism spectrum disorder* services.

Emergency care provided by a *non-network provider* will be covered at the *network provider* benefit level, as specified in the "Emergency services" benefit in the "Schedule of Benefits" or "Schedule of Benefits – Autism Spectrum Disorder," sections of this *certificate*. However, *you* will only be responsible to pay the *network provider copayment*, *deductible* and/or *coinsurance* to the *non-network provider* for *emergency care* based on the *qualified payment amount*.

Benefits under this "Emergency services" provision are not available if the services provided are not for an *emergency medical condition*.

Urgent care services

We will pay benefits for *urgent care covered expenses* incurred by *you* for charges made by an *urgent care center* or an *urgent care qualified provider* for *autism spectrum disorder* services.

- Liver;
- Kidney;
- *Bone marrow*;
- Intestine;
- Pancreas;
- Auto islet cell;
- Any combination of the above listed transplants; and
- Any transplant not listed above required by state or federal law.

Multiple transplantations performed simultaneously are considered one transplant surgery.

Corneal transplants and porcine heart valve implants are tissues, which are considered part of regular plan benefits and are subject to other applicable provisions within this *certificate*.

COVERED EXPENSES - TRANSPLANT SERVICES (continued)

The following are *covered expenses* for an approved transplant and all related complications:

- *Hospital* and *health care practitioner* services.

- Acquisition for transplants and associated donor costs, including pre-transplant services, the acquisition procedure, and any complications resulting from the acquisition. Donor costs for post-discharge services and treatment of complications for or in connection with acquisition for an approved transplant will not exceed the transplant treatment period of 365 days from the date of *hospital* discharge following acquisition.

- Direct, non-medical costs for:

  - The *covered person* receiving the transplant, if he or she lives more than 100 miles from the transplant facility; and
  - One designated caregiver or support person (two, if the *covered person* receiving the transplant is under 18 years of age), if they live more than 100 miles from the transplant facility.

  Direct, non-medical costs include:

  - Transportation to and from the *hospital* where the transplant is performed; and
  - Temporary lodging at a prearranged location when requested by the *hospital* and approved by *us*.

  All direct, non-medical costs for the *covered person* receiving the transplant and the designated caregiver(s) or support person(s) are payable, as specified in the "Schedule of Benefits – Transplant Services" section in this *certificate*.

Covered expenses for post-discharge services and treatment of complications for or in connection with an approved transplant are limited to the transplant treatment period of 365 days from the date of *hospital* discharge following transplantation of an approved transplant received while *you* were covered by *us*. After this transplant treatment period, regular plan benefits and other provisions of this *certificate* are applicable.

SPECIALTY DRUG BENEFIT

This "Specialty Drug Benefit" section describes services that will be considered *covered expenses* for *specialty drugs* under the *master group contract*.

Notwithstanding any other provisions of the *master group contract*, expenses covered under this "Specialty Drug Benefit" section are <u>not</u> covered under any other provision of the *master group contract*, except as specified in the "Prescription Drug Benefit" section.

Any *network pharmacy* or *network provider* expenses incurred by *you* under provisions of this benefit apply toward *your prescription drug out-of-pocket limit* stated in the "Schedule of benefits – prescription drugs" provision of the "Prescription Drug Benefit" section or any *out-of-pocket limit* stated in the "Schedule of benefits" of this *certificate*.

All terms used in this benefit have the same meaning given to them in this *certificate* and in any "Prescription Drug Benefit" section of this *certificate*, unless otherwise specifically defined in this "Specialty Drug Benefit" section. All other terms and provisions of the *master group contract*, and the limitations and exclusions of this *certificate* apply, unless otherwise stated.

Definitions

Network pharmacy means a *pharmacy* that has signed a direct agreement with *us* or has been designated by *us* to provide:

- Covered *pharmacy* services;
- Covered *specialty pharmacy* services; or
- Covered *mail order pharmacy* services,

as defined by *us*, to *covered persons*, including covered *prescription* fills or refills delivered to *your* home or health care provider.

Non-network pharmacy means a *pharmacy* that has <u>not</u> signed a direct agreement with *us* or has <u>not</u> been designated by *us* to provide:

- Covered *pharmacy* services;
- Covered *specialty pharmacy* services; or
- Covered *mail order pharmacy* services,

as defined by *us*, to *covered persons*, including covered *prescription* fills or refills delivered to *your* home or health care provider.

Specialty drug means a drug, medicine, medication or biological used as a specialized therapy developed for chronic, complex *sicknesses* or *bodily injuries*. *Specialty drugs* may:

- Be injected, infused or require close monitoring by a *health care practitioner* or clinically trained individual;
- Require nursing services or special programs to support patient compliance;
- Require disease-specific treatment programs;
- Have limited distribution requirements; or
- Have special handling, storage or shipping requirements.

Specialty pharmacy means a *pharmacy* that provides covered *specialty pharmacy* services, as defined by *us*, to *covered persons*.

Covered expenses

We will pay benefits for *covered expenses* incurred by *you* for *specialty drugs* included on *our drug list*, when obtained from a *pharmacy* as specified in the "Specialty drug pharmacy benefit" provision. The following are *covered expenses* for *specialty drugs*:

- *Prescription* drugs, medicines, medications, *self-administered injectable drugs* or biologicals that under federal or state law may be dispensed only by *prescription* from a *health care practitioner* and are included on *our drug list*.

- Hypodermic needles, syringes or other method of delivery necessary for administration of the *specialty drug*, if included with the charge for the *specialty drug*. (These may be available at no cost to *you.*)

Notwithstanding any other provisions of the *master group contract*, *we* may decline coverage or, if applicable, exclude from the *drug list* any and all *prescriptions* until the conclusion of a review period not to exceed six months following FDA approval for the use and release of the *prescriptions* into the market.

We will also pay benefits for *covered expenses* incurred by *you* for *specialty drugs* received in medical places of service specified in the "Specialty drug medical benefit" provision.

Benefits for *specialty drugs* may be subject to *dispensing limits*, *preauthorization*, *prior authorization* and *step therapy* requirements, if any. *Prior authorization* including *step therapy* may be required for *specialty drugs* obtained from a *pharmacy*. *Preauthorization* may be required for *specialty drugs* received in medical places of service. Please contact *us* or *our* designee prior to:

- Obtaining *specialty drugs* from a *pharmacy*; or
- Receiving *specialty drugs* in medical places of service specified in the "Specialty drug medical benefit" provision.

Refer to the "Step therapy exception request" provision in the "Prescription Drug Benefit" section for how to initiate a *step therapy* exception request.

Coverage for certain *specialty drugs* administered to *you* by a *qualified provider* in a *hospital's outpatient* department may only be granted as described in the "Access to non-formulary drugs" provision in the "Prescription Drug Benefit" section in this *certificate*.

Any charge for the administration of a *specialty drug* is not covered under this benefit or under the "Prescription Drug Benefit" section of this *certificate*. Payment for the administration of *specialty drugs* is addressed in the "Schedule of Benefits" section of this *certificate*.

Schedule of benefits – specialty drugs

Specialty drug pharmacy benefit

You are responsible for any and all *cost share* for s*pecialty drugs* obtained from a *pharmacy*, according to the "Specialty pharmacy and retail pharmacy" schedule in this provision. *We* share the cost of *covered expenses* for *specialty drugs* as shown in the "Specialty pharmacy and retail pharmacy" schedule in this provision.

If the dispensing *pharmacy's* charge is less than *your coinsurance*, *you* will be responsible for the lesser amount. *Your cost share* is made on a per *prescription* fill or refill basis and will not be adjusted if *we* receive any retrospective volume discounts or *prescription* drug rebates.

Benefits for *specialty drugs* obtained from a *network pharmacy* apply toward the *prescription drug out-of-pocket limit*. Refer to the "Prescription drug out-of-pocket limit" provision under the "Schedule of benefits – prescription drugs" in the "Prescription Drug Benefit" section of this *certificate* for the specified amounts.

You are responsible for the following:

Specialty pharmacy and retail pharmacy **Up to 30-day supply**

Network pharmacy designated by *us* as a preferred provider of *specialty drugs*	25% *coinsurance* per *specialty drug prescription* fill or refill
Network pharmacy	35% *coinsurance* per *specialty drug prescription* fill or refill

Non-network pharmacy claims

When a *non-network pharmacy* is used, *you* must pay for the *prescription* fill or refill at the time it is dispensed. *You* must file a claim for reimbursement with *us*, as described in *your certificate*. In addition to any applicable *cost share* shown above, *you* are responsible for 50% of the *default rate*. *You* are also responsible for 100% of the difference between the *default rate* and the *non-network pharmacy's* charge. Any amount *you* pay to a *non-network pharmacy* does not apply toward *your prescription drug out-of-pocket limit* or any maximum *out-of-pocket limit*. The charge received from a *non-network pharmacy* for a *prescription* fill or refill may be higher than the *default rate*.

Specialty drug medical benefit

Benefits for *specialty drugs* received in medical places of service are paid on a *maximum allowable fee* basis and as shown below in the schedules, subject to any applicable:

- *Deductible*, as specified in the "Annual deductible" provision in the "Schedule of Benefits" of the *certificate*;
- *Copayment*;
- *Coinsurance* percentage;
- *Medical out-of-pocket*, as specified in the "Medical out-of-pocket limit" provision in the "Schedule of Benefits" of the *certificate*; and
- *Out-of-pocket limit*, as specified in the "Network provider maximum out-of-pocket limit" provision in the "Schedule of Benefits" of the *certificate*.

SPECIALTY DRUG BENEFIT (continued)

Benefits are payable as follows:

Specialty drugs administered in a health care practitioner's office and free-standing facility

Network provider	$50 *copayment* per visit
Non-network provider	50% *coinsurance* after *non-network provider deductible* The *non-network provider coinsurance* and *deductible* do not accumulate toward any *medical out-of-pocket limit*, unless the *specialty drugs* are for *behavioral health* or *autism spectrum disorder*.

Specialty drugs administered in home health care

Network provider designated by *us* as a preferred provider of *specialty drugs*	Covered in full
Network provider	$50 *copayment* per visit
Non-network provider	50% *coinsurance* after *non-network provider deductible* The *non-network provider coinsurance* and *deductible* do not accumulate toward any *medical out-of-pocket limit* unless the *specialty drugs* are for *behavioral health* or *autism spectrum disorder*.

Specialty drugs administered in an urgent care center

Network provider	$50 *copayment* per visit
Non-network provider	$50 *copayment* per visit

Specialty drugs administered in a hospital, skilled nursing facility, ambulance or emergency room

Same as any other *sickness* based upon location of services and the type of provider.

Limitations and exclusions

Refer to the "Limitations and Exclusions" and "Prescription Drug Benefit" sections of this *certificate* for additional exclusions. Unless specifically stated otherwise, no benefit will be provided for, or on account of, the following items:

- *Specialty drugs* which are not included on *our drug list*.
- Any amount exceeding the *default rate* for *specialty drugs*.
- *Specialty drugs* for which coverage is not approved by *us*.
- Any portion of a *specialty drug* that exceeds a 30-day supply for *specialty drugs* obtained from a *network pharmacy* or *non-network pharmacy*, unless otherwise determined by *us*.

This "Prescription Drug Benefit" section describes *covered expenses* for *prescription* drugs under the *master group contract*.

Notwithstanding any other provisions of the *master group contract*, expenses for *prescription* drugs covered under this "Prescription Drug Benefit" section are not covered under any other provision in this *certificate*, except for *specialty drugs* as specified in the "Specialty drug pharmacy benefit" provision in the "Specialty Drug Benefit" section of this *certificate*.

Any expenses incurred by *you* for *covered expenses* of *prescription drugs* under provisions of this benefit and *specialty drugs* under the "Specialty drug pharmacy benefit" provision of the "Specialty Drug Benefit" section will apply toward *your network pharmacy prescription drug out-of-pocket limit*.

All terms used in this benefit have the same meaning given to them in the *certificate*, unless otherwise specifically defined in this benefit. All other terms and provisions of the *master group contract*, and the limitations and exclusions of this *certificate* apply, unless otherwise stated.

Definitions

The following terms are used in this benefit:

Brand-name medication means a drug, medicine or medication that is manufactured and distributed by only one pharmaceutical manufacturer, or any drug product that has been designated as brand-name by an industry-recognized source used by *us*.

Coinsurance means the amount expressed as a percentage of the *covered expense* that *you* must pay toward the cost of each separate *prescription* fill or refill dispensed by a *pharmacy*.

Copayment means the specified dollar amount to be paid by *you* toward the cost of each separate *prescription* or refill dispensed by a *pharmacy*.

Cost share means any applicable *deductible*, *copayment* and *coinsurance* that *you* must pay per *prescription* fill or refill.

Default rate means the fee based on rates negotiated by *us* or other payers with one or more *network providers* in a geographic area determined by *us* for the same or similar *prescription* fill or refill.

Dispensing limit means the monthly drug dosage limit and/or the number of months the drug usage is commonly needed to treat a particular condition, as determined by *us*.

Drug list means a list of covered *prescription* drugs, medicines, or medications and supplies specified by *us*.

Generic medication means a drug, medicine or medication that is manufactured, distributed, and available from a pharmaceutical manufacturer and identified by the chemical name or any drug product that has been designated as generic by an industry-recognized source used by *us*.

Legend drug means any medicinal substance, the label of which, under the Federal Food, Drug and Cosmetic Act, is required to bear the legend: "Caution: Federal Law Prohibits dispensing without prescription."

Level 1 drugs mean a category of *prescription* drugs, medicines or medications within the *drug list* that are designated by *us* as level 1.

Level 2 drugs mean a category of *prescription* drugs, medicines or medications within the *drug list* that are designated by *us* as level 2.

Level 3 drugs mean a category of *prescription* drugs, medicines or medications within the *drug list* that are designated by *us* as level 3.

Level 4 drugs mean a category of *prescription* drugs, medicines or medications within the *drug list* that are designated by *us* as level 4.

Mail order pharmacy means a *pharmacy* that provides covered *mail order pharmacy* services, as defined by *us*, and delivers covered *prescription* drug, medicine or medication fills or refills through the mail to *covered persons*.

Network pharmacy means a *pharmacy* that has signed a direct agreement with *us* or has been designated by *us* to provide:

- Covered *pharmacy* services;
- Covered *mail order pharmacy* services,

as defined by *us*, to *covered persons*, including covered *prescription* fills or refills delivered to *your* home or health care provider.

Non-network pharmacy means a *pharmacy* that has not signed a direct agreement with *us* or has not been designated by *us* to provide:

- Covered *pharmacy* services; or
- Covered *mail order pharmacy* services,

as defined by *us*, to *covered persons*, including covered *prescription* fills or refills delivered to *your* home or health care provider.

Pharmacist means a person who is licensed to prepare, compound and dispense medication, and who is practicing within the scope of his or her license.

Pharmacy means a licensed establishment where *prescription* drugs, medications or medications are dispensed by a *pharmacist*.

Prescription means a direct order for the preparation and use of a drug, medicine or medication. The *prescription* must be written by a *health care practitioner* and provided to a *pharmacist* for *your* benefit and used for the treatment of a *sickness* or *bodily injury*, which is covered under this plan, or for drugs, medicines or medications on the Preventive Medication Coverage *drug list*. The drug, medicine or medication must be obtainable only by *prescription* or must be obtained by *prescription* for drugs, medicines or medications on the Preventive Medication Coverage *drug list*. The *prescription* may be given to the *pharmacist* verbally, *electronically* or in writing by the *health care practitioner*. The *prescription* must include at least:

- *Your* name;
- The type and quantity of the drug, medicine or medication prescribed, and the directions for its use;
- The date the *prescription* was prescribed; and
- The name and address of the prescribing *health care practitioner*.

Prescription drug deductible means a specified dollar amount for *prescription* drug *covered expenses* which *you*, either individually or combined as a covered family, must pay per *year* before *we* pay *prescription* drug benefits under the *master group contract*. These expenses do <u>not</u> apply toward any other *deductible*, if any, stated in this *certificate*.

Prescription drug out-of-pocket limit means the amount of *cost share* for *network pharmacy covered expenses* of *prescription* drugs under this benefit and *specialty drugs* under the "Specialty drug pharmacy benefit" provision in the "Specialty Drug Benefit" section which must be paid by *you*, either individually or combined as a covered family, per *year* before *network pharmacy prescription* drug and *specialty drug* benefits are increased under the *master group contract*.

Prior authorization means the required prior approval from *us* for the coverage of certain *prescription* drugs, medicines or medications, including *specialty drugs*. The required prior approval from *us* for coverage includes the dosage, quantity and duration, as *medically necessary* for the *covered person*.

Specialty drug means a drug, medicine, or medication used as a specialized therapy developed for chronic, complex *sicknesses* or *bodily injuries*. *Specialty drugs* may:

- Be injected, infused or require close monitoring by a *health care practitioner* or clinically trained individual;
- Require nursing services or special programs to support patient compliance;
- Require disease-specific treatment programs;
- Have limited distribution requirements; or
- Have special handling, storage or shipping requirements.

Specialty pharmacy means a *pharmacy* that provides covered *specialty pharmacy* services, as defined by *us*, to *covered persons*.

Step therapy means a requirement for *you* to first try certain drugs, medicines or medications or *specialty drugs* to treat *your* medical condition before *we* will cover another *prescription* drug, medicine, medication or *specialty drug* for that condition.

Coverage description

We will cover *prescription* drugs that are received by *you* under this "Prescription Drug Benefit" section. Benefits may be subject to *dispensing limits*, *prior authorization* and *step therapy* requirements, if any.

Covered *prescription* drugs are:

- Drugs, medicines or medications that under federal or state law may be dispensed only by *prescription* from a *health care practitioner*.
- Drugs, medicines or medications included on the *drug list*.
- Insulin and *diabetes supplies*.
- Hypodermic needles, syringes or other methods of delivery when prescribed by a *health care practitioner* for use with insulin or *self-administered injectable drugs*. (Hypodermic needles, syringes or other methods of delivery used in conjunction with covered drugs may be available at no cost to *you*).
- *Self-administered injectable drugs* approved by *us*.
- Enteral formulas and nutritional supplements for the treatment of phenylketonuria (PKU) or other inherited metabolic disease, or as otherwise determined by *us*.
- Spacers and/or peak flow meters for the treatment of asthma.
- Drugs, medicines or medications on the Preventive Medication Coverage *Drug List* with a *prescription* from a *health care practitioner*.
- Oral cancer medications:
  - *Your* cost share per *prescription* fill or refill for covered orally administered cancer treatment medications will not exceed any applicable *deductible*, *copayment* or *coinsurance* amount *you* are responsible to pay for intravenously administered or injected cancer treatment medications.

Notwithstanding any other provisions of the *master group contract*, *we* may decline coverage or, if applicable, exclude from the *drug list* any and all *prescriptions* until the conclusion of a review period not to exceed six months following FDA approval for the use and release of the *prescriptions* into the market.

Restrictions on choice of providers

If *we* determine *you* are using *prescription* drugs in a potentially abusive, excessive or harmful manner, *we* may restrict *your* coverage of *pharmacy* services in one or more of the following ways:

- By restricting *your* choice of *pharmacy* to a single *network pharmacy* store or physical location for *pharmacy* services;

- By restricting *your* choice of *pharmacy* for covered *specialty pharmacy* services to a specific *specialty pharmacy*, if the *network pharmacy* store or physical location for *pharmacy* services is unable to provide or is not contracted with *us* to provide covered *specialty pharmacy* services; and

- By restricting *your* choice of a prescribing *network health care practitioner* to a specific *network health care practitioner*.

We will determine if *we* will allow *you* to change a selected *network provider*. Only *prescriptions* obtained from the *network pharmacy* store or physical location or *specialty pharmacy* to which *you* have been restricted will be eligible to be considered *covered expenses*. Additionally, only *prescriptions* prescribed by the *network health care practitioner* to whom *you* have been restricted will be eligible to be considered *covered expenses*.

About our drug list

Prescription drugs, medicines or medications, including *specialty drugs* and *self-administered injectable drugs* prescribed by *health care practitioners* and covered by *us* are specified on *our* printable *drug list*. The *drug list* identifies categories of drugs, medicines or medications by levels and indicates *dispensing limits*, *specialty drug* designation, any applicable *prior authorization* and/or *step therapy* requirements. This information is reviewed on a regular basis by a Pharmacy and Therapeutics committee made up of physicians and *pharmacists*. Placement on the *drug list* does not guarantee *your health care practitioner* will prescribe that *prescription* drug, medicine or medication for a particular medical condition. *You* can obtain a copy of *our drug list* by visiting *our* Website at www.humana.com or calling the customer service telephone number on *your* identification card.

Access to non-formulary contraceptives

A *covered person* may gain access to non-formulary contraceptive drugs with no cost-sharing when a *health care practitioner* recommends and determines that a particular method of contraception or FDA-approved contraceptive item is *medically necessary*.

Access to non-formulary drugs

A drug not included on *our drug list* is a non-formulary drug. If a *health care practitioner* prescribes a clinically appropriate non-formulary drug, *you* can request coverage of the non-formulary drug through a standard exception request or an expedited exception request. If *you* are dissatisfied with *our* decision of an exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision in this section.

Non-formulary drug standard exception request

A standard exception request for coverage of a clinically appropriate non-formulary drug may be initiated by *you*, *your* appointed representative, or the prescribing *health care practitioner* by calling the customer service number on *your* identification card, in writing, or electronically by visiting *our* Website at www.humana.com. *We* will respond to a standard exception request no later than 72 hours after the receipt date of the request.

As part of the standard exception request, the prescribing *health care practitioner* should include an oral or written statement that provides justification to support the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

- Will be or have been ineffective;
- Would not be as effective as the non-formulary drug; or
- Would have adverse effects.

If *we* grant a standard exception request to cover a prescribed, clinically appropriate non-formulary drug, *we* will cover the prescribed non-formulary drug for the duration of the *prescription*, including refills. Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny a standard exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug expedited exception request

An expedited exception request for coverage of a clinically appropriate non-formulary drug based on exigent circumstances may be initiated by *you*, *your* appointed representative, or *your* prescribing *health care practitioner* by calling the customer service number on *your* ID card, in writing, or electronically by visiting *our* Website at www.humana.com. *We* will respond to an expedited exception request within 24 hours of receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health, or ability to regain maximum function; or
- Undergoing a current course of treatment using a non-formulary drug.

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested non-formulary drug is not provided within the timeframes of the standard exception request; and

- Justification supporting the need for the prescribed non-formulary drug to treat the *covered person's* condition, including a statement that all covered drugs on the *drug list* on any tier:

  - Will be or have been ineffective;
  - Would not be as effective as the non-formulary drug; or
  - Would have adverse effects.

If *we* grant an expedited exception request to cover a prescribed, clinically appropriate non-formulary drug based on exigent circumstances, *we* will provide access to the prescribed non-formulary drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Any applicable *cost share* for the *prescription* will apply toward the *out-of-pocket limit*.

If *we* deny an expedited exception request, *you* have the right to an external review as described in the "Non-formulary drug exception request external review" provision of this section.

Non-formulary drug exception request external review

You, *your* appointed representative, or *your* prescribing *health care practitioner* have the right to an external review by an independent review organization if *we* deny a non-formulary drug standard or expedited exception request. To request an external review, refer to the exception request decision letter for instructions or call the customer service number on *your* ID card for assistance.

Step therapy exception request

Your health care practitioner may submit to *us* a written *step therapy* exception request for a clinically appropriate *prescription* drug. The *health care practitioner* should use the *prior authorization* form on *our* Website at www.humana.com or call the customer service telephone number on *your* ID card.

From the time a *step therapy* exception request is received by *us*, *we* will either approve or deny the request within:

- 24 hours for an expedited request.
- 72 hours for a standard request.

A written *step therapy* exception request will be approved when the request includes the prescribing *health care practitioner's* written statement and supporting documentation that:

- Based on sound clinical evidence or medical and scientific evidence, the *prescription* drug requiring *step therapy*;

  - Is contraindicated;
  - Will likely cause an adverse reaction in or physical or mental harm to *you*;
  - Is expected to be ineffective based on *your* known clinical characteristics and the known characteristics of the *prescription* drug regimen;

- *You* previously discontinued taking the *prescription* drug requiring *step therapy*, or another *prescription* drug in the same pharmacologic class or with the same mechanism of action as the required drug, while under the *health benefit plan* currently in force or while covered under another *health benefit plan*, because the *prescription* drug was not effective or had a diminished effect, or because of an adverse event; or

- The *prescription* drug requiring step therapy is not in *your* best interest, based on clinical appropriateness, because use of the drug is expected to:

  - Cause a significant barrier to *your* adherence to or compliance with *your* plan of care;
  - Worsen a comorbid condition; or
  - Decrease *your* ability to achieve or maintain reasonable functional ability in performing daily activities.

If *we* deny a *step therapy* exception request, *we* will provide *you* or *your* appointed representative, and *your* prescribing *health care practitioner*:

- The reason for the denial;
- An alternative covered medication; and
- The right to appeal *our* decision as described in the "Complaint and Appeals Procedures" section of this *certificate*.

Prescription drug cost sharing

You are responsible for any and all *cost share*, when applicable, according to the "Schedule of benefits - prescription drugs" provision of this "Prescription Drug Benefit" section. If the dispensing *pharmacy's* charge is less than *your copayment* or *coinsurance* for *prescription* drugs, *you* will be responsible for the dispensing *pharmacy* charge amount. The amount paid by *us* to the dispensing *pharmacy* may not reflect the ultimate cost to *us* for the drug. *Your copayment* or *coinsurance* is made on a per *prescription* fill or refill basis and will not be adjusted if *we* receive any retrospective volume discounts or *prescription* drug rebates.

Prescription synchronization

We will cover a *prescription* dispensed by a *pharmacy* for less than a 30-day supply, when requested by *you*, to synchronize *your prescriptions* that treat a permanent or long-term *sickness* or *bodily injury*. Synchronizing *your prescriptions* is to align the dispensing of multiple *prescriptions* by a *pharmacy*. *Your* prescribing *health care practitioner* or the *pharmacist* will determine if synchronizing the fill or refill of *your prescription* is in *your* best interest.

Prior authorization and step therapy requirements

Prior authorization is required for certain *prescription* drugs, medicines, medications, and *specialty drugs*. *Your health care practitioner* must submit a request for *prior authorization* to Clinical Pharmacy Review and receive *our* approval before benefits are paid by *us*.

Step therapy is another type of *prior authorization* that requires *you* to follow certain steps before benefits are paid by *us*. To receive benefits, *you* are required to first try alternative drugs, medicines, medications or *specialty drugs* that have been determined to be safe, effective and more cost-effective for *your* condition. Alternatives may include over-the-counter drugs, *generic medications* and *brand-name medications*.

Visit *our* Website at www.humana.com or call the customer service telephone number on *your* ID card to obtain *our drug list* that identifies the *prescription* drugs, medicines, medications, and *specialty drugs* that require *prior authorization* and/or *step therapy*. The *drug list* is subject to change. Coverage provided in the past is not a guarantee of future coverage.

Schedule of benefits - prescription drugs

You are responsible for the following:

Network pharmacy prescription drug out-of-pocket limit

The *network pharmacy prescription drug out-of-pocket limit* is the amount of *cost share* for *network pharmacy covered expenses* of *prescription* drugs under this benefit and/or *specialty drugs* under the "Specialty drug pharmacy benefit" provision of the "Specialty Drug Benefit" section, which must be paid by *you*, either individually or combined as a covered family, per *year* before benefits for *network pharmacy prescription* drug and *specialty drug covered expenses* are increased under the *master group contract*. There are individual and family *network pharmacy prescription drug out-of-pocket limits*.

After the individual *network pharmacy prescription drug out-of-pocket limit* has been satisfied in a *year*, *network pharmacy* benefits for *covered expenses* of *prescription* drugs and/or *specialty drugs* for that *covered person* will be payable at the rate of 100% for the rest of the *year*, subject to all other terms, provisions, limitations and exclusions of this *certificate*. After the family *network pharmacy prescription drug out-of-pocket limit* has been satisfied in a *year*, *network pharmacy* benefits for *covered expenses* of *prescription* drugs and/or *specialty drugs* will be payable at the rate of 100% for the rest of the *year*, subject to all other terms, provisions, limitations and exclusions of this *certificate*.

Any expense incurred by *you* for *covered expenses* of *prescription* drugs and *specialty drugs* obtained from a *network pharmacy* will be applied to the *network pharmacy prescription drug out-of-pocket limit*.

If a *prescription drug out-of-pocket limit* is not shown, *prescription* drugs will be paid at the levels indicated in the "Retail pharmacy" provision of this benefit and *specialty drugs* will be paid as specified in the "Specialty drug pharmacy benefit" provision under the "Schedule of benefits – specialty drugs" in the "Specialty Drug Benefit" section of this *certificate*.

If any *cost share* applied to *your* claim is waived by *your pharmacy*, *you* are required to inform *us*. Any amount, thus waived and not paid by *you*, would not apply to any *prescription drug out-of-pocket limit*.

Out-of-pocket expenses for covered *prescription* drugs and/or *specialty drugs* obtained from a *non-network pharmacy* do not apply to the *network pharmacy prescription drug out-of-pocket limit* or the *network provider* maximum *out-of-pocket limit*.

Network prescription drug out-of-pocket limit	Network prescription drug out-of-pocket limit amount
Individual *network pharmacy prescription drug out-of-pocket limit*	$2,500
Family *network pharmacy prescription drug out-of-pocket limit*	5,000

Preventive medication coverage

Drugs, medicines or medications and supplies on the Preventive Medication Coverage *drug list* are covered in full when prescribed for preventive purposes and obtained from a *network pharmacy*.

Retail pharmacy / Specialty pharmacy Up to 30-day supply

Level 1 drugs	$15 *copayment* per *prescription* fill or refill
Level 2 drugs	$35 *copayment* per *prescription* fill or refill
Level 3 drugs	$55 *copayment* per *prescription* fill or refill
Level 4 drugs	25% *coinsurance* per *prescription* fill or refill up to a maximum of $150

90-day Retail pharmacy

Some retail *pharmacies* participate in *our* program, which allows *you* to receive a 90-day supply of a *prescription* fill or refill. *Your* cost is:

- *Level 1 drugs*, *Level 2 drugs*, and *Level 3 drugs*: 3 times the applicable *copayment* specified above; or
- *Level 4 drugs*: The applicable benefit amount specified above.

Self-administered injectable drugs and *specialty drugs* are limited to a 30-day supply from a retail *pharmacy*, unless otherwise determined by *us*.

Mail order pharmacy — Up to 90-day supply

Does not include *specialty drugs*. Refer to the "Specialty Drug Benefit" section in this *certificate*.

Level 1 drugs, *level 2 drugs*, and *level 3 drugs*	2 times the applicable *copayment* per *prescription* fill or refill, as specified above under **Retail pharmacy**
Level 4 drugs	25% *coinsurance* per *prescription* fill or refill up to a maximum of $150

Dispense as written

If *you* request a *brand-name drug* when a *generic drug* is available, *your cost share* is greater. *You* are responsible for the applicable *generic drug copayment* or *coinsurance* and 100% of the difference between the amount *we* would have paid the dispensing *pharmacy* for the *brand-name drug* and the amount *we* would have paid the dispensing *pharmacy* for the *generic drug*. If the prescribing *health care practitioner* determines that the *brand-name drug* is *medically necessary*, *you* are only responsible for the applicable *copayment* or *coinsurance* of the *brand-name drug*.

Non-network pharmacy claims

When a *non-network pharmacy* is used, *you* must pay for the *prescription* fill or refill at the time it is dispensed. *You* must file a claim for reimbursement with *us*, as described in *your certificate*. In addition to the applicable *cost share* shown above, *you* are also responsible for 30% of the *default rate* and 100% of the difference between the *default rate* and the *non-network pharmacy's* charge. Any amount *you* pay over the *default rate* and any applicable *cost share you* pay to a *non-network pharmacy* expenses do not apply toward *your prescription drug out-of-pocket limit* or any maximum *out-of-pocket limit* under the *master group contract*. The charge received from a *non-network pharmacy* for a *prescription* fill or refill may be higher than the *default rate*.

ELIGIBILITY AND EFFECTIVE DATES

Eligibility date

Employee eligibility date

The *employee* is eligible for coverage on the date:

- The eligibility requirements are satisfied as stated in the Employer Group Application, or as otherwise agreed to by the *group plan sponsor* and *us*; and
- The *employee* is in an *active status.*

Dependent eligibility date

Each *dependent* is eligible for coverage on:

- The date the *employee* is eligible for coverage, if he or she has *dependents* who may be covered on that date;
- The date of the *employee's* marriage for any *dependents* (spouse or child) acquired on that date;
- The date of birth of the *employee's* natural-born child;
- The date of placement of the child for the purpose of adoption by the *employee*; or the date of the entry of an order granting the *employee* custody of a child for purposes of adoption by the *employee*, whichever occurs first; or
- The date specified in a Qualified Medical Child Support Order (QMCSO), or National Medical Support Notice (NMSN) for a child, or a valid court or administrative order for a spouse, which requires the *employee* to provide coverage for a child or spouse as specified in such orders.

The *employee* may cover his or her *dependents* only if the *employee* is also covered.

Enrollment

Employees and *dependents* eligible for coverage under the *master group contract* may enroll for coverage as specified in the enrollment provisions outlined below.

Employee enrollment

The *employee* must enroll, as agreed to by the *group plan sponsor* and *us*, within 31 days of the *employee's eligibility date* or within the time period specified in the "Special enrollment" provision.

The *employee* is a *late applicant* if enrollment is requested more than 31 days after the *employee's eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

We reserve the right to require an eligible *employee* to submit evidence of health status. No eligible *employee* will be refused enrollment or charged a different premium than other *group* members based on *health status-related factors. We* will administer this provision in a non-discriminatory manner.

Dependent enrollment

If electing *dependent* coverage, the *employee* must enroll eligible *dependents*, as agreed to by the *group plan sponsor* and *us*, within 31 days of the *dependent's eligibility date* or within the time period specified in the "Special enrollment" provision.

The *dependent* is a *late applicant* if enrollment is requested more than 31 days after the *dependent's eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

We reserve the right to require an eligible *dependent* to submit evidence of health status. No eligible *dependent* will be refused enrollment or charged a different premium than other *group* members based on *health status-related factors. We* will administer this provision in a non-discriminatory manner.

Newborn and adopted dependent enrollment

A newborn *dependent* will be automatically covered from the date of birth to 31 days of age. An adopted *dependent* will be automatically covered from the date of adoption or placement of the child with the *employee* for the purpose of adoption, whichever occurs first, for 31 days.

If additional premium is not required to add additional *dependents* and if *dependent* child coverage is in force as of the newborn's date of birth in the case of newborn *dependents* or the earlier of the date of adoption or placement of the child with the *employee* for purposes of adoption in case of adopted *dependents*, coverage will continue beyond the initial 31 days. *You* must notify *us* to make sure *we* have accurate records to administer benefits.

If premium is required to add *dependents you* must enroll the *dependent* child and pay the additional premium within 31 days:

- Of the newborn's date of birth; or
- Of the date of adoption or placement of the child with the *employee* for the purpose of adoption to add the child to *your* plan, whichever occurs first.

If enrollment is requested more than 31 days after the date of birth, date of adoption or placement with the *employee* for the purpose of adoption, and additional premium is required, the *dependent* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Special enrollment

Special enrollment is available if the following apply:

- *You* have a change in family status due to:

  - Marriage;
  - Divorce;
  - A Qualified Medical Child Support Order (QMCSO);
  - A National Medical Support Notice (NMSN);
  - The birth of a natural born child; or
  - The adoption of a child or placement of a child with the *employee* for the purpose of adoption; and
  - You enroll within 31 days after the *special enrollment date*; or

- You are an *employee* or *dependent* eligible for coverage under the *master group contract*, and:

  - You previously declined enrollment stating you were covered under another group health plan or other *health insurance coverage*; and
  - Loss of eligibility of such other coverage occurs, regardless of whether you are eligible for, or elect COBRA; and
  - You enroll within 31 days after the *special enrollment date*.

  Loss of eligibility of other coverage includes, but is not limited to:

  - Termination of employment or eligibility;
  - Reduction in number of hours of employment;
  - Divorce, legal separation or death of a spouse;
  - Loss of dependent eligibility, such as attainment of the limiting age;
  - Termination of your employer's contribution for the coverage;
  - Loss of individual HMO coverage because you no longer reside, live or work in the service area;
  - Loss of group HMO coverage because you no longer reside, live or work in the service area, and no other benefit package is available; or
  - The plan no longer offers benefits to a class of similarly situated individuals; or

- You had COBRA continuation coverage under another plan at the time of eligibility, and:
  - Such coverage has since been exhausted; and
  - You stated at the time of the initial enrollment that coverage under COBRA was your reason for declining enrollment; and
  - You enroll within 31 days after the *special enrollment date*; or
- You were covered under an alternate plan provided by the *employer* that terminates, and:
  - You are replacing coverage with the *master group contract*; and
  - You enroll within 31 days after the *special enrollment date*; or
- You are an *employee* or *dependent* eligible for coverage under the *master group contract*, and:
  - Your *Medicaid* coverage or your Children's Health Insurance Program (CHIP) coverage terminated as a result of loss of eligibility; and
  - You enroll within 60 days after the *special enrollment date*; or
- You are an *employee* or *dependent* eligible for coverage under the *master group contract*, and:
  - You become eligible for a premium assistance subsidy under *Medicaid* or CHIP; and
  - You enroll within 60 days after the *special enrollment date*.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Dependent special enrollment

The *dependent* special enrollment is the time period specified in the "Special enrollment" provision.

If *dependent* coverage is available under the *employer's master group contract* or added to the *master group contract*, an *employee* who is a *covered person* can enroll eligible *dependents* during the special enrollment. An *employee*, who is otherwise eligible for coverage and had waived coverage under the *master group contract* when eligible, can enroll himself/herself and eligible *dependents* during the special enrollment.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

Open enrollment

Eligible *employees* or *dependents*, who did not enroll for coverage under the *master group contract* following their *eligibility date* or *special enrollment date*, have an opportunity to enroll for coverage during the *open enrollment period*. The *open enrollment period* is also the opportunity for *late applicants* to enroll for coverage.

Eligible *employees* or *dependents*, including *late applicants*, must request enrollment during the *open enrollment period.* If enrollment is requested after the *open enrollment period*, the *employee* or *dependent* must wait to enroll for coverage during the next *open enrollment period*, unless they become eligible for special enrollment as specified in the "Special enrollment" provision.

Effective date

The provisions below specify the *effective date* of coverage for *employees* or *dependents*, if enrollment is requested within 31 days of their *eligibility date* or within the time period specified in the "Special enrollment" provision. If enrollment is requested during an *open enrollment period*, the *effective date* of coverage is specified in the "Open enrollment effective date" provision.

Employee effective date

The *employee's effective date* provision is stated in the Employer Group Application. The *employee's effective date* of coverage may be the date immediately following completion of the *waiting period* or the first of the month following completion of the *waiting period*, if enrollment is requested within 31 days of the *employee's eligibility date*. The *special enrollment date* is the *effective date* of coverage for an *employee* who requests enrollment within the time period specified in the "Special enrollment" provision. The *employee effective dates* specified in this provision apply to an *employee* who is not a *late applicant*.

Dependent effective date

The *dependent's effective date* is the date the *dependent* is eligible for coverage if enrollment is requested within 31 days of the *dependent's eligibility date*. The *special enrollment date* is the *effective date* of coverage for the *dependent* who requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

Newborn and adopted dependent effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth if the newborn is not a *late applicant*.

The *effective date* of coverage for an adopted *dependent* is the date of adoption or the date of placement with the *employee* for the purpose of adoption, whichever occurs first, if the *dependent* child is not a *late applicant*.

Premium is due for any period of *dependent* coverage whether or not the *dependent* is subsequently enrolled, unless specifically not allowed by applicable law. Additional premium may not be required when *dependent* coverage is already in force.

Open enrollment effective date

The *effective date* of coverage for an *employee* or *dependent*, including a *late applicant*, who requests enrollment during an *open enrollment period*, is the first day of the *master group contract year* as agreed to by the *group plan sponsor* and *us*.

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. An *employee*, who retires while covered under the *master group contract*, is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If *we* are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date *we* approve the *employer's* request for a retiree classification, provided *we* are notified within 31 days of the retirement. If *we* are notified more than 31 days after the date of retirement, the *effective date* of coverage for the *late applicant* is the date *we* specify.

REPLACEMENT OF COVERAGE

Applicability

This "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *master group contract* and:

- *You* were covered under the *employer's* Prior Plan on the day before the effective date of the *master group contract*; and
- *You* are insured for medical coverage on the effective date of the *master group contract*.

Benefits available for *covered expense* under the *master group contract* will be reduced by any benefits payable by the Prior Plan during an extension period.

Deductible credit

Medical expense incurred while *you* were covered under the Prior Plan may be used to satisfy *your network provider deductible* under the *master group contract* if the medical expense was:

- Incurred in the same calendar year the *master group contract* first becomes effective; and
- Applied to the network deductible amount under the Prior Plan.

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *group plan sponsor's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *master group contract*, if any. The *employee* will then be eligible for coverage under the *master group contract* when the balance of the *waiting period* has been satisfied.

Out-of-pocket limit

Any medical expense applied to the Prior Plan's network *out-of-pocket limit* or stop-loss limit will be credited to *your network provider out-of-pocket limit* under the *master group contract* if the medical expense was incurred in the same calendar year the *master group contract* first becomes effective.

TERMINATION PROVISIONS

Termination of coverage

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You and *your employer* must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *master group contract*. Notice must be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, coverage will terminate on the actual date specified by the *employer* or *employee* or at the end of that month, as selected by *your employer* on the EGA.

When *we* receive the *employer's* request to terminate coverage retroactively, the *employer's* termination request is their representation to *us* that *you* did not pay any premium or make contribution for coverage past the requested termination date; otherwise coverage terminates on the earliest of the following:

- The date the *master group contract* terminates;
- The end of the period for which required premiums were paid to *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date the *employee* entered full-time military, naval or air service;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of coverage for the *employee* or *dependents*;

- For a *dependent*, the date the *employee's* coverage terminates;

- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* coverage;

- The date *your dependent* no longer qualifies as a *dependent*;

- For any benefit, the date the benefit is deleted from the *master group contract*; or

- The date fraud or an intentional misrepresentation of a material fact has been committed by *you*. For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "Miscellaneous Provisions" section of this *certificate*.

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* identification card or if *you* use the identification card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the identification card will be responsible for paying *us* any amount *we* paid for those services.

- If *you* or the *group plan sponsor* perpetrate fraud or intentional misrepresentation on claims, identification cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication or alteration of a claim, identification card or other identification.

EXTENSION OF BENEFITS

Extension of coverage for total disability

A *covered person* who is hospitalized for a medical or surgical condition on the date the *master group contract* terminates will have continuation of coverage for inpatient *covered services*.

This extension of benefits is not required after one (1) of the following occurs:

- The *covered person* is discharged from the hospital;
- Sixty (60) days pass after the *master group contract* terminates; or
- The *covered person* obtains other group coverage providing substantially equivalent or greater benefits than those provided for the disabling conditions under the *master group contract*.

We are not required to provide extension of benefits if termination of the *master group contract* is due to:

- The failure to pay a premium within the grace period permitted under the *master group contra*ct; or
- The employee voluntarily terminates coverage. *We* will not provide coverage after the date of termination.

CONTINUATION

Continuation options in the event of termination

If health insurance terminates it may be continued under the continuation provisions as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), if applicable.

COORDINATION OF BENEFITS

This "Coordination of Benefits" (COB) provision applies when a person has health care coverage under more than one *plan*. The order of benefit determination rules below determine which *plan* will pay as the *primary plan*. The *primary plan* pays first without regard to the possibility another *plan* may cover some expenses. A *secondary plan* pays after the *primary plan* and may reduce the benefits it pays so that payments from all *plans* do not exceed 100% of the total *allowable expense*.

Definitions

The following definitions are used exclusively in this provision.

Plan means any of the following that provide benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group insurance contracts, health maintenance organization (HMO) contracts, closed panel or other forms of group or group-type coverage (whether insured or uninsured);
- Medical care components of long-term care contracts, such as skilled nursing care;
- Medical benefits under group or individual automobile contracts, including "No Fault" and traditional automobile "fault"; and
- *Medicare* or other governmental benefits, as permitted by law.

Plan does not include:

- Individual or family insurance;
- Closed panel or other individual coverage (except for group-type coverage);
- Hospital indemnity benefits or other fixed indemnity coverage;
- Accident only, credit, dental only, vision only, disability income insurance;
- Specified disease or specified accident coverage;
- School accident type coverage;
- Benefits for non-medical care components of group long-term care contracts;
- Medicare supplement policies;
- A state plan under *Medicaid*; and
- Coverage under other governmental plans, unless permitted by law.

Each contract for coverage is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Notwithstanding any statement to the contrary, for the purposes of COB, prescription drug coverage under this *plan* will be considered a separate *plan* and will therefore only be coordinated with other prescription drug coverage.

COORDINATION OF BENEFITS (continued)

Primary /secondary means the order of benefit determination stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan's* benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the *primary plan's* benefits.

Allowable expense means a health care service or expense, including deductibles, if any, and copayments, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense*. The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person's* confined in a private *hospital* room the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is medically necessary in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.

- If a person is covered by two or more *plans* that compute their benefits payments on the basis of usual and customary fees, any amount in excess of the highest usual and customary fees for a specific benefit is not an *allowable expense*.

- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the fees is not an *allowable expense*.

- If a person is covered by one *plan* that calculates its benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan's* payment arrangement shall be the *allowable expense* for all *plans*.

- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions, precertification of *admissions* and preferred provider arrangements.

Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

Closed panel plan is a *plan* that provides health benefits to covered persons primarily in the form of services through a panel of providers that has contracted with or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one-half of the calendar year without regard to any temporary visitation.

Order of determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.

- A *plan* that does not contain a COB provision that is consistent with applicable promulgated regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.

- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is *secondary* to that other *plan*.

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use.

- **Non-dependent or *dependent***. The *plan* that covers the person other than as a *dependent*, for example as an *employee*, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is *secondary* to the *plan* covering the person as a *dependent*; and *primary* to the *plan* covering the person as other than a *dependent* (e.g. retired *employee*); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.

- **Dependent child covered under more than one *plan***. The order of benefits when a child is covered by more than one *plan* is:

  - The *primary plan* is the *plan* of the parent whose birthday is earlier in the year if:

    - The parents are married;
    - The parents are not separated (whether or not they have been married); or
    - A court decree awards joint custody without specifying that one parent has the responsibility to provide health care coverage.

  - If both the parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.

- If the specific terms of a court decree state that one parent is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or plan years commencing after the *plan* is given notice of the court decree.

- If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:

  - The *plan* of the *custodial parent*;
  - The *plan* of the spouse of the custodial parent;
  - The *plan* of the non-custodial parent; and then
  - The *plan* of the spouse of the non-*custodial parent*.

- **Active or inactive *employee***. The *plan* that covers a person as an *employee* who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.

- **Continuation coverage**. If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.

- **Longer or shorter length of coverage**. The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this provision. In addition, this *plan* will not pay more that it would have had it been *primary*.

Effects on the benefits of this plan

When this *plan* is *secondary*, benefits may be reduced to the difference between the allowable expense (determined by the *primary plan*) and the benefits paid by any *primary plan* during the *claim determination period*. Payment from all *plans* will not exceed 100% of the total *allowable expense*.

If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*; COB shall not apply between that *plan* and the other *closed panel plan*.

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. *We* may get the facts *we* need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. *We* need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give *us* any facts *we* need to apply those rules and determine benefits payable.

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, *we* may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. *We* will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

Right of recovery

If the amount of the payments made by *us* is more than *we* should have paid under this COB provision, *we* may recover the excess from one or more of the persons *we* have paid or for whom *we* have paid; or any other person or organization that may be responsible for the benefits or services provided for the *covered person*. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

General coordination of benefits with Medicare

If *you* are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the secondary plan in most situations. When permitted by law, this plan is the secondary plan. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If *you* are enrolled in *Medicare*, *your* benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

CLAIMS

Notice of claim

Network providers will submit claims to *us* on *your* behalf. If *you* utilize a *non-network provider* for *covered expenses*, *you* may have to submit a notice of claim to *us*. Notice of claim must be given to *us* in writing or by *electronic mail* within 20 days as required by *your* plan, or as soon as reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* ID card or at *our* website at website at Humana.com.

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person* who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at website at Humana.com. When requested by *you*, *we* will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 15 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date *you* incur such loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof within that time period.

Your claims may be reduced or denied if written or *electronic* proof of loss is not provided to *us* within one year after the date proof of loss is required, unless *your* failure to timely provide that proof of loss is due to *your* legal incapacity as determined by an appropriate court of law.

Claims processing procedures

Qualified provider services are subject to *our* claims processing procedures. *We* use *our* claims processing procedures to determine payment of *covered expenses*. *Our* claims processing procedures include, but are not limited to, claim processing edits and claims payment policies, as determined by *us*. *Your qualified provider* may access *our* claims processing edits and claims payment policies on *our* Website at Humana.com by clicking on "For Providers" and "Claims Resources."

Claims processing procedures include the interaction of a number of factors. The amount determined to be payable for a *covered expense* may be different for each claim because the mix of factors may vary. Accordingly, it is not feasible to provide an exhaustive description of the claims processing procedures, but examples of the most commonly used factors are:

- The complexity of a service;
- Whether a service is one of multiple same-day services such that the cost of the service to the *qualified provider* is less than if the service had been provided on a different day. For example:

  - Two or more *surgeries* performed the same day;
  - Two or more endoscopic procedures performed during the same day; or
  - Two or more therapy services performed the same day;

- Whether a *co-surgeon*, *assistant surgeon*, *surgical assistant*, or any other *qualified provider*, who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- Whether the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing procedures based on *our* review of correct coding initiatives, national benchmarks, industry standards, and industry sources such as the following, including any successors of the same:

- *Medicare* laws, regulations, manuals and other related guidance;
- Federal and state laws, rules and regulations, including instructions published in the Federal Register;
- National Uniform Billing Committee (NUBC) guidance including the UB-04 Data Specifications Manual;
- American Medical Association's (AMA) Current Procedural Terminology (CPT®) and associated AMA publications and services;
- Centers for Medicare & Medicaid Services (CMS)/Healthcare Common Procedure Coding System (HCPCS) and associated CMS publications and services;
- International Classification of Diseases (ICD);
- American Hospital Association's Coding Clinic Guidelines;

- Uniform Billing Editor;
- American Psychiatric Association's (APA) Diagnostic and Statistical Manual of Mental Disorders (DMS) and associated APA publications and services;
- Food and Drug Administration guidance;
- Medical and surgical specialty societies and associations;
- Industry standard utilization management criteria and/or care guidelines;
- *Our* medical and pharmacy coverage policies; and
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing procedures.

Subject to applicable law, *qualified providers* who are *non-network providers* may bill *you* for any amount *we* do not pay even if such amount exceeds the allowed amount after *we* apply claims processing procedures. Any such amount paid by *you* will not apply to *your deductible* or any *medical out-of-pocket* or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible*, *copayment* or *coinsurance*.

You should discuss *our* claims processing edits, claims payment policies and medical or pharmacy coverage policies and their availability with any *qualified provider* prior to receiving any services. *You* or *your qualified provider* may access *our* claims processing edits and claims payment policies on *our* website at Humana.com by clicking on "For Providers" and "Coverage Policies." *Our* medical and pharmacy coverage policies may be accessed on *our* website at Humana.com under "Medical Resources" by clicking "Coverage Policies." *You* or *your qualified provider* may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a claims processing edit, claims payment policy or coverage policy.

Other programs and procedures

We may introduce new programs and procedures that apply to *your* coverage under the *master group contract*. *We* may also introduce limited pilot or test programs including, but not limited to, disease management, care management, expanded accessibility, or wellness initiatives.

We reserve the right to discontinue or modify a program or procedure at any time.

Right to require medical examinations

We have the right to require a medical examination on any *covered person* as often as *we* may reasonably require. If *we* require a medical examination, it will be performed at *our* expense. *We* also have a right to request an autopsy in the case of death, if state law so allows.

To whom benefits are payable

If *you* receive services from a *network provider*, *we* will pay the provider directly for all *covered expenses*. *You* will not have to submit a claim for payment.

Benefit payments for *covered expenses* rendered by a *non-network provider* are due and owing solely to *you*. *You* are responsible for all payments to the *non-network provider*. However, *we* will pay the *non-network provider* directly if for the amount *we* owe if:

- *You* request *we* direct a payment of selected medical benefits to the health care provider on whose charge the claim is based and *we* consent to this request; or
- *Your* responsibility for the *covered expenses* is based off the *qualified payment amount*.

Any payment made directly to the *non-network provider* will not constitute the assignment of any legal obligation to the *non-network provider*.

Except as specified above, if *you* submit a claim for payment to *us*, *we* will pay *you* directly for the *covered expenses*. *You* are responsible to pay all charges to the provider when *we* pay *you* directly for *covered expenses*.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, *we* may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

Time of payment of claims

Payments for clean claims due under the *master group contract* will be paid or denied no more than 45 days after receipt of written proof of loss or 30 days after receipt of *electronic* proof of loss. If the clean claim is not paid or denied within the stated time and the clean claim is subsequently paid, *we* shall pay the provider that submitted the claim interest on the amount due, as required by Indiana law.

A clean claim means a claim submitted by a provider for payment by *us* that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment.

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error;
- Made to *you* or any party on *your* behalf where *we* determine that such payment made is greater than the amount payable under the *master group contract*;
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible*, *out-of-pocket limit* or *copayment limit*, if any.

We reserve the right to recover any payments made by *us* within two (2) years after the date on which an overpayment on a provider claim was made to the provider. *We* may:

- Request that the provider repay the overpayment; or
- Adjust a subsequent claim filed by the provider as a method of obtaining reimbursement of the overpayment from the provider.

We are not required to correct a payment error to a provider more than two (2) years after the date on which a payment was made to the provider by *us.*

This does not apply in cases of fraud with respect to the claim on which the overpayment or underpayment was made.

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness*, *bodily injury* or *accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits;
- Providing copies of claims and settlement demands submitted to third parties in relation to a *bodily injury* or *sickness*;
- Disclosing details of liability settlement agreements reached with third parties in relation to a *bodily injury* or *sickness*; and
- Providing information *we* request to administer the *master group contract*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

Claim appeal procedure

If *we* fail to complete a claim determination or appeal within the time limits set forth in the *master group contract*, the claim shall be deemed to have been denied and *you* may proceed to the next level in the review process outlined under the "Grievance Procedures" section of this *certificate* or as required by law.

Payment of claims

Benefits accrued on behalf of *you* or *your* covered *dependent* upon death will be paid, at *our* option, up to an amount not exceeding $5,000, any one or more of the following:

- *Your* spouse;
- *Your* children;
- *Your* parents;
- *Your* brothers and sisters; or,
- *Your* estate.

We will rely upon an affidavit to determine benefit payment, unless *we* receive written or *electronic* notice of valid claim before payment is made. The affidavit will release *us* from further liability.

Any payment made by *us* in good faith will fully discharge *us* to the extent of such payment.

Recovery rights

You as well as *your dependents* agree to the following, as a condition of receiving benefits under the *master group contract*.

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process served in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

Workers' compensation

If benefits are paid by *us* and *we* determine that the benefits were for treatment of *bodily injury* or *sickness* that arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below.

We shall have first priority to recover amounts *we* have paid and the reasonable value of services and benefits provided under a managed care agreement from any funds that are paid or payable by Workers' Compensation or similar coverage as a result of any *sickness* or *bodily injury*, and *we* shall not be required to contribute to attorney fees or recovery expenses under a Common Fund or similar doctrine.

Our right to recover from funds that are paid or payable by Workers' Compensation or similar coverage will apply even though:

- The Workers' Compensation carrier does not accept responsibility to provide benefits;
- There is no final determination that *bodily injury* or *sickness* was sustained in the course, of or resulted from, *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier; or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from *us*, *you* hereby agree that, in consideration for the coverage provided by the *master group contract*, *you* will notify *us* of any Workers' Compensation claim *you* make, and that *you* agree to reimburse *us* as described above.

Right of subrogation

As a condition to receiving benefits from *us*, *you* agree to transfer to *us* any rights *you* may have to make a claim, take legal action or recover any expenses paid under the *master group contract*. *We* will be subrogated to *your* rights to recover from any funds paid or payable as a result of a personal injury claim or any reimbursement of expenses by:

- Any legally liable person or their carrier, including self-insured entities;
- Any uninsured motorist or underinsured motorist coverage;
- Medical payments/expense coverage under any automobile, homeowners, premises, or similar coverages;
- Workers' Compensation or other similar coverage; and
- No-fault or other similar coverage.

We may enforce *our* subrogation rights by asserting a claim to any coverage to which *you* may be entitled.

If *we* are precluded from exercising *our* rights of subrogation, *we* may exercise *our* right of reimbursement.

Right of reimbursement

If benefits are paid under the *master group contract*, and *you* recover from any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar coverage, *we* have the right to recover from *you* an amount equal to the amount *we* paid and for the reasonable value of services and benefits provided under a managed care agreement.

You shall notify *us*, in writing or by *electronic mail*, within 31 days of any settlement, compromise or judgment. Any *covered person* who waives, abrogates or impairs *our* right of reimbursement or fails to comply with these obligations, relieves *us* from any obligation to pay past or future benefits or expenses until all outstanding lien(s) are resolved.

If, after the inception of coverage with *us*, *you* recover payment from and release any legally responsible person, their insurer, or any uninsured motorist, underinsured motorist, medical payment/expense, Workers' Compensation, no-fault, or other similar insurer from liability for future medical expenses relating to a *sickness* or *bodily injury*, *we* shall have a continuing right to reimbursement from *you* to the extent of the benefits *we* provided with respect to that *sickness* or *bodily injury*. This right, however, shall apply only to the extent of such payment.

The obligation to reimburse *us* in full exists, regardless of whether the settlement, compromise, or judgment designates the recovery as including or excluding medical expenses.

Assignment of recovery rights

The *master group contract* contains an exclusion for *sickness* or *bodily injury* for which there is medical payment/expenses coverage provided under any homeowner's, premises or other similar coverage.

If *your* claim against the other insurer is denied or partially paid, *we* will process *your* claim according to the terms and conditions of the *master group contract*. If payment is made by *us* on *your* behalf, *you* agree to assign to *us* the right *you* have against the other insurer for medical expenses *we* pay.

If benefits are paid under the *master group contract* and *you* recover under any homeowner's, premises or similar coverage, *we* have the right to recover from *you* or whomever *we* have paid, an amount equal to the amount *we* paid.

Cost of legal representation

The costs of *our* legal representation in matters related to *our* recovery rights shall be borne solely by *us*.

The costs of legal representation incurred by *you* shall be borne solely by *you. We* shall not be responsible to contribute to the cost of legal fees or expenses incurred by *you* under any Common Fund or similar doctrine unless *we* were given timely notice of the claim and an opportunity to protect *our* own interests and *we* failed or declined to do so.

GRIEVANCE PROCEDURE

Grievance

A *grievance* may be submitted orally, written or by electronic means. A *grievance* includes a request for an exception from a *step therapy* protocol. If *you* are dissatisfied with *our* determination of *your* claim, *you* may appeal the decision. It may be initiated by the *covered person*, a *covered person's authorized representative*, or by a provider on behalf of the *covered person*, and is considered filed on the day and time it is received.

If you have a *complaint*, you may call our customer service department using the toll free service number identified on *your* identification card. If *you* need an after-hours expedited *grievance review* please call 1-800-901-1303. *You* may also appeal in writing to the address provided on the denial letter *you* received or to *us* at the following address:

Grievance and Appeal Department
P.O. Box 14546
Lexington, KY 40512-4546
1-800-448-6262

You must submit an appeal to *us* within 180 days after *you* receive written notice of the denial (or partial denial). *We* will handle on a timely basis and appropriate records will be kept on all appeals.

Definitions

Authorized representative means someone *you* have appropriately authorized to act on *your* behalf, including *your health care practitioner*.

Complaint means any dissatisfaction expressed to *us* by *you* or *your authorized representative*, about *us* or a *network* provider.

Expedited grievance means a *grievance* to which any of the following apply:

- The duration of the standard *grievance* process will result in serious jeopardy to *your* life or health, or *your* ability to regain maximum function;
- *Your health care practitioner* has the opinion that *you* are subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the *grievance*; or
- *Your* physician determined that the *grievance* shall be treated as an *expedited grievance*.

Grievance means any dissatisfaction expressed by (or on behalf of) a *covered person* regarding:

- A decision that a *covered expense* is not appropriate or *medically necessary*;
- A decision that a service or proposed service is *experimental* or *investigational*;
- The availability of *network providers*;
- The handling or payment of claims for health care services;
- Issues involving the contractual relationship with the *covered person* and *us* or the *group plan sponsor* and *us*; or

- *Our* decision to rescind the *master group contract*; or
- A determination concerning a *prior authorization* request under IC 27-1-37.5;

And for which the *covered person* has a reasonable expectation that action will be taken to resolve or reconsider the matter that is the subject of dissatisfaction.

Grievance also includes dissatisfaction regarding claims protected under the Federal No Surprises Act.

Grievance review panel means one or more qualified persons appointed to resolve appeals if an appeal of a *grievance* involves a decision that a service is not *medically necessary* (or appropriate) or a service is considered experimental or investigational. The panel must include one or more individuals who:

- Have knowledge of the medical condition, procedure, or treatment at issue;
- Are in the same licensed profession and have a similar specialty as the provider who proposed or delivered the procedure, treatment or service;
- Are not involved in the matter of the appeal or *grievance*; and
- Do not have a direct business relationship with the *covered person* or provider.

Prior authorization as used in this section means a practice through which coverage of health care services is dependent on the *covered person*, or health care provider, obtaining approval from *us* before the health care services are rendered. The term includes prospective or utilization review procedures conducted before a health care service is rendered.

First level - grievance process

We will provide oral or written acknowledgement of the receipt of the *grievance* within three (3) business days after the *grievance* is filed. A *grievance* is considered to be filed on the day and time it is first received by *us*. The *grievance* will be resolved within twenty (20) business days after the *grievance* is filed. A written notice of the resolution of a *grievance* will be given to the *covered person* within five (5) business days from the date resolved.

If the investigation cannot be completed within twenty (20) business days due to not receiving necessary requested information from a provider or from the *covered person* within fifteen (15) days, the *covered person* will be notified before the nineteenth (19th) business day of the reasons for which additional time is needed. *We* will notify the *covered person* in writing of the resolution of the *grievanc*e not more than ten (10) business days after the notification of delay to the enrollee. The notice will contain the decision, the basis used in making this decision, and the right to appeal the decision along with the appropriate departmental information for which to forward an appeal.

Notwithstanding the above, if the *grievance* is a *step therapy* protocol exception request, a determination concerning the *step therapy* protocol exception request will be made within three (3) business days after receiving all information reasonably necessary to complete the *grievance* review. The written notice of denial will include an explanation for the denial and the clinical rationale supporting the denial.

Second level - appeal process

If the *covered person* is not satisfied with the resolution of the first level review, he/she may appeal by submitting a written or verbal request. *We* will acknowledge the receipt of the appeal, orally or in writing, within three (3) business days of receipt.

In the case of an appeal of a *grievance* decision regarding a *covered expense* that is not *medically necessary*, appropriate or is experimental or investigational, the appeal will be reviewed by a *grievance review panel.* The *covered person* will be given the opportunity to attend a ***grievance review panel*** committee meeting and present his/her case. The *covered person* will be given a seventy-two (72) hour advance notice of the committee meeting.

Resolution of the appeal will not exceed forty-five (45) days after the appeal has been filed. A written notice will be issued to the *covered person* within five (5) business days after the resolution.

The *covered person* may be able to request an external review if this resolution is not satisfactory. Refer to the External Review Process below.

Expedited grievance process

An *expedited grievance* review may be requested when review timeframes would seriously jeopardize the *covered person's* life, health or ability to regain maximum function.

An *expedited grievance* review of a *step-therapy* protocol exception may be requested in an urgent care situation. An urgent care situation arises if the injury or condition could (1) seriously jeopardize the *covered person's* life or health, or the *covered person's* ability to regain maximum function, based on a prudent layperson's judgment or (2) subject the *covered person* to severe pain that cannot be adequately managed, based on the prescribing *health care practitioner's* judgment, if medical care or treatment is not provided earlier than the timeframe generally considered by the medical profession to be reasonable for a non-urgent situation.

We will accept requests for an expedited review in writing or orally. Once the expedited *grievance review* is initiated and all information received to complete the expedited review, then *we* will notify the *covered person* verbally of the resolution within forty-eight (48) hours, not to exceed 72 hours or within one (1) business day for *step therapy* protocol exception requests.

If coverage has been denied for a treatment, procedure, drug, or device on the grounds that the treatment, procedure, drug, or device is experimental or investigational, *we* will notify the *covered perso*n of the resolution within seventy-two (72) hours.

External review process

If the c*overed person* is not satisfied with the resolution of the internal *grievance* process the *covered person*, or an *authorized representative* may request an external review of the decision. There is no cost to the *covered person* to request an external review.

An external review is available for a *grievance* regarding the following:

- An adverse decision regarding a service proposed by the treating health care provider:
  - An adverse determination of appropriateness;
  - An adverse determination of *medical necessity*;
  - A determination that a proposed service is experimental or investigational;
  - Claims protected under the Federal No Surprises Act;
  - *Our* decision to rescind the *master group contract*.

The request should be submitted in writing within 120 days after the *covered person* is notified of the decision. *We* will provide the Independent Review Organization conducting the external review all pertinent information to review *our* initial decision. For claims protected under the No Surprises Act, refer to *our* decision letter for the timeframe to submit the request and instructions on how to request an external review.

IRO's are certified by the Indiana Department of Insurance. The IRO will assign a medical review professional who is board certified in the applicable specialty for resolution of the *external grievance*. The IRO and the medical review professional conducting the external review has no material professional, familial, financial, or other affiliation with *us*, any provider, the *covered person*, or any development or manufacture of any drug, device, procedure, or therapy associated with the *grievance*.

A c*overed person* may only file one external *grievance* appeal regarding *our* resolution of the internal *grievance*.

Standard external review

We will forward the *covered person's* request to an Independent Review Organization certified by the Indiana Department of Insurance that will evaluate and render a decision within fifteen (15) days after the request is filed. The IRO shall notify the *covered person* and *us* of their decision within seventy-two (72) hours after making the determination.

Expedited external review

An expedited external *grievance* review is also available when review timeframes would seriously jeopardize the *covered person's* life, health or ability to regain maximum function.

We will forward the *covered person's* request to an Independent Review Organization. The Independent Review Organization will notify the *covered person* and *us* of their decision within seventy-two (72) hours after the external *grievance* is filed.

Submission of new information

If the *covered person* submits additional information during an external review that is relevant to the resolution, and was not considered by *us*, *we* may reconsider our resolution. If *we* choose to reconsider, the Independent Review Organization will cease the external review process until the reconsideration is completed. For an expedited appeal *we* will notify the *covered person*, within seventy-two (72) hours after the information is submitted for reconsideration. For a standard appeal *we* will notify the *covered person* within fifteen (15) days after the information is submitted for reconsideration.

If the decision reached is adverse to the *covered person*, the *covered person* or an *authorized representative* may request that the Independent Review Organization resume the external review.

If *we* choose not to reconsider *our* resolution *we* will forward the submitted information to the IRO within two (2) business days after *our* receipt of the information.

DISCLOSURE PROVISIONS

Employee assistance program

We may provide *you* access to an employee assistance program (EAP). The EAP may include confidential, telephonic consultations and work-life services. The EAP provides *you* with short-term, problem solving services for issues that may otherwise affect *your* work, personal life or health. The EAP is designed to provide *you* with information and assistance regarding *your* issue and may also assist *you* with finding a medical provider or local community resource.

The services provided by the EAP are not *covered expenses* under the *master group contract*, therefore the *copayments*, *deductible* or *coinsurance* do not apply. However, there may be additional costs to *you*, if *you* obtain services from a professional or organization the EAP has recommended or has referred *you* to. The EAP does not provide medical care. *You* are not required to participate in the EAP before using *your* benefits under the *master group contract*, and the EAP services are not coordinated with *covered expenses* under the *master group contract.* The decision to participate in the EAP is voluntary, and *you* may participate at any time during the *year*. Refer to the marketing literature for additional information.

Discount programs

From time to time, *we* may offer or provide access to discount programs to *you*. In addition, *we* may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although *we* have arranged for third parties to offer discounts on these goods and services, these discount programs are <u>not</u> covered services under the *master group contract*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. *We* are not responsible for any such goods and/or services, nor are *we* liable if vendors refuse to honor such discounts. Further, *we* are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

Wellness programs

From time to time *we* may offer directly, or enter into agreements with third parties who administer participatory or health-contingent wellness programs to *you.*

"Participatory" wellness programs do not require *you* to meet a standard related to a health factor. Examples of participatory wellness programs may include, but are not limited to, membership in a fitness center, certain preventive testing, or attending a no-cost health education seminar.

"Health-contingent" wellness programs require *you* to attain certain wellness goals that are related to a health factor. Examples of health contingent wellness programs may include, but are not limited to, completing a 5k event, lowering blood pressure or ceasing the use of tobacco.

The rewards may include, but are not limited to, payment for all or a portion of a participatory wellness program, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. *We* are not responsible for any rewards provided by third parties that are non-insurance benefits or for *your* receipt of such reward(s).

The rewards may also include, but are not limited to, discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *master group contract* or change any of the terms of this *master group contract*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable state and federal laws.

We are committed to helping *you* achieve *your* best health. Some wellness programs may be offered only to *covered persons* with particular health factors. If *you* think *you* might be unable to meet a standard for a reward under a health contingent wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* ID card or in the marketing literature issued by the wellness program administrator for more information.

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in wellness program activities is voluntary and if eligible, *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the wellness program administrator for their program's eligibility, rules and limitations.

Shared savings program

As a *covered person* under the health benefit plan, *you* may obtain services from *network providers* who participate in the Point of Service network, or *non-network providers* who do not participate in the Point of Service network. If *you* choose a *network provider*, *your* out-of-pocket expenses are normally lower than if *you* choose a *non-network provider*.

If *you* choose to obtain services from a *non-network provider*, the services may be eligible for a discount to *you* under the Shared Savings Program. It is not necessary for *you* to inquire in advance about services that may be discounted. When processing *your* claim, *we* will automatically determine if the services are subject to the Shared Savings Program and calculate *your deductible* and *coinsurance* on the discounted amount. Whether services are subject to the Shared Savings Program is at *our* discretion, and *we* apply the discounts in a non-discriminatory manner. *Your* Explanation of Benefits statement will reflect any savings with a remark code that the services have been discounted. *We* cannot guarantee that services rendered by *non-network providers* will be discounted. The *non-network provider* discounts in the Shared Savings Program may not be as favorable as *network provider* discounts.

If *you* would like to inquire in advance to determine if services rendered by a *non-network provider* may be subject to the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* ID card. Provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the services *you* receive from a *non-network* are still subject to the Shared Savings Program at the time services are received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

MISCELLANEOUS PROVISIONS

Entire contract

The entire contract is made up of the *master group contract*, the Employer Group Application of the *group plan sponsor*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *group plan sponsor* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *master group contract*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

Additional group plan sponsor responsibilities

In addition to responsibilities outlined in the *master group contract*, the *group plan sponsor* is responsible for:

- Collection of premium; and
- Distributing and providing *covered persons* access to:

  - Benefit plan documents and the Summary of Benefits and Coverage (SBC);
  - Renewal notices and *master group contract* modification information;
  - Discontinuance notices; and
  - Information regarding continuation rights.

No *group plan sponsor* may change or waive any provision of the *master group contract*.

Certificates

A *certificate* setting forth the benefits available to the *employee* and the *employee's* covered *dependents* will be available at www.humana.com or in writing when requested. The *employer* is responsible for providing *employees* access to the *certificate*.

No document inconsistent with the *master group contract* shall take precedence over it. This is true, also, when this *certificate* is incorporated by reference into a summary description of plan benefits by the administrator of a group plan subject to ERISA. If the terms of a summary plan description differ with the terms of this *certificate*, the terms of this *certificate* will control.

Incontestability

The validity of the *policy* may not be contested, except for nonpayment of premiums, after the *policy* has been in force for two (2) years after its date of issue, and no statement made by a *covered person* under the *policy* relating to the *covered person's* insurability may be used in contesting the validity of the *policy* with respect to which the statement was made, unless:

- The *policy* has not been in force for a period of two (2) years or longer during the *covered person's* lifetime; or
- The statement is contained in a written instrument signed by *you*.

However, at any time *we* may assert defenses based upon provisions in the *policy* which relate to *your* eligibility for coverage under the *policy*.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you*. A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins for each type of change in coverage or when a new application or enrollment form of the *covered person* is completed.

Legal actions and limitations

No legal action by *you* to recover on the *master group contract* may be brought until 60 days after written proof of loss has been given to *us* in accordance with the "Proof of loss" provision in the "Claims" section of this *certificate.*

No legal action to recover on the *master group contract* may be brought after three (3) years from the date written proof of loss is required to be given.

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains a false or deceptive statement may be guilty of insurance fraud.

If *you* commit fraud against *us* or *your employer* commits fraud pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded. You* have the right to appeal the *rescission.*

Clerical error or misstatement

If it is determined that information about a *covered person* was omitted or misstated in error, an adjustment may be made in premiums and/or coverage effect. This provision applies to *you* and to *us*.

Modification of master group contract

The *master group contract* may be modified by *us*, upon renewal of the *master group contract*, as permitted by state and federal law. The *group plan sponsor* will be notified in writing or *electronically* at least 31 days prior to the effective date of the change.

The *master group contract* may be modified by agreement between *us* and the *group plan sponsor* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *master group contract*. No agent has authority to modify the *master group contract*, or waive any of the *master group contract* provisions, to extend the time of premium payment, or bind *us* by making any promise or representation.

Corrections due to clerical errors or clarifications that do not change benefits are not modifications of the *master group contract* and may be made by *us* at any time without prior consent of, or notice to, the *group plan sponsor.*

Discontinuation of coverage

If *we* decide to discontinue offering a particular group health plan:

- The *group plan sponsor* and the *employees* will be notified of such discontinuation at least 90 days prior to the date of discontinuation of such coverage; and
- The *group plan sponsor* will be given the option to purchase any other group plans providing medical benefits that are being offered by *us* at such time.

If *we* cease doing business in the large *employer* group market, the *group plan sponsors*, *covered persons*, and the Commissioner of Insurance will be notified of such discontinuation at least 180 days prior to the date of discontinuation of such coverage.

Premium contributions

Your employer must pay the required premium to *us* as they become due. *Your employer* may require *you* to contribute toward the cost of *your* coverage. Failure of *your employer* to pay any required premium to *us* when due may result in the termination of *your* coverage.

Premium rate change

We reserve the right to change any premium rates in accordance with applicable law upon notice to the *employer*. *We* will provide notice to the *employer* of any such premium changes. Questions regarding changes to premium rates should be addressed to the *employer*.

Assignment

The *master group contract* and its benefits may not be assigned by the *group plan sponsor*.

Emergency declarations

We may alter or waive the requirements of the *master group contract* as a result of a state or federal emergency declaration including, but not limited to:

- *Prior authorization* or *preauthorization* requirements;
- *Prescription* quantity limits; and
- *Your copayment*, *deductible* and/or *coinsurance*.

We have the sole authority to waive any *master group contract* requirements in response to an emergency declaration.

Conformity with statutes

Any provision of the *master group contract* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s).

GLOSSARY

Terms printed in italic type in this *certificate* have the meaning indicated below. Defined terms are printed in italic type wherever found in this *certificate*.

A

Accident means a sudden event that results in a *bodily injury* or *dental injury* and is exact as to time and place of occurrence.

Active status means the *employee* is performing all of his or her customary duties, whether performed at the *employer's* business establishment, some other location which is usual for the *employee's* particular duties or another location, when required to travel on the job:

- On a regular *full-time* basis or for the number of hours per week determined by the *group plan sponsor*;
- For 48 weeks a year; and
- Is maintaining a bona fide *employer*-*employee* relationship with the *group plan sponsor* of the *master group contract* on a regular basis.

Each day of a regular vacation and any regular non-working holiday are deemed *active status*, if the *employee* was in *active status* on his or her last regular working day prior to the vacation or holiday. An *employee* is deemed to be in *active status* if an absence from work is due to a *sickness* or *bodily injury*, provided the individual otherwise meets the definition of *employee*.

Admission means entry into a facility as a registered bed patient according to the rules and regulations of that facility. An *admission* ends when *you* are discharged, or released, from the facility and are no longer registered as a bed patient.

Advanced imaging, for the purpose of this definition, includes Magnetic Resonance Imaging (MRI), Magnetic Resonance Angiography (MRA), Positron Emission Tomography (PET), Single Photon Emission Computed Tomography (SPECT), and Computed Tomography (CT) imaging.

Air ambulance means a professionally operated helicopter or airplane, provided by a licensed ambulance service, equipped for the transportation of a sick or injured person to or from the nearest medical facility qualified to treat the person's *sickness* or *bodily injury*. Use of the *air ambulance* must be *medically necessary*. When transporting the sick or injured person from one medical facility to another, the *air ambulance* must be ordered by a *health care practitioner*.

Alternative medicine, for the purposes of this definition, includes, but is not limited to: acupressure, aromatherapy, ayurveda, biofeedback, faith healing, guided mental imagery, herbal supplements and medicine, holistic medicine, homeopathy, hypnosis, macrobiotics, massage therapy, naturopathy, ozone therapy, reflexotherapy, relaxation response, rolfing, shiatsu, yoga, and chelation therapy.

Ambulance means a professionally operated ground vehicle, provided by a licensed ambulance service, equipped for the transportation of a sick or injured person to or from the nearest medical facility qualified to treat the person's *sickness* or *bodily injury*. Use of the *ambulance* must be *medically necessary.* When transporting the sick or injured person from one medical facility to another, the *ambulance* must be ordered by a *health care practitioner*.

Ambulatory surgical center means an institution which meets all of the following requirements:

- It must be staffed by physicians and a medical staff which includes registered nurses.
- It must have permanent facilities and equipment for the primary purpose of performing *surgery*.
- It must provide continuous physicians' services on an *outpatient* basis.
- It must admit and discharge patients from the facility within a 24-hour period.
- It must be licensed in accordance with the laws of the jurisdiction where it is located. It must be operated as an *ambulatory surgical center* as defined by those laws.
- It must not be used for the primary purpose of terminating pregnancies, or as an office or clinic for the private practice of any physician or dentist.

Ancillary services mean *covered expenses* that are:

- Items or services related to emergency medicine, anesthesiology, pathology; radiology; or neonatology;
- Provided by *assistant surgeons*, hospitalists or intensivists;
- Diagnostic laboratory or radiology services; and
- Items or services provided by a *non-network provider* when a *network provider* is not available to provide the services at a *network facility.*

Assistant surgeon means a *health care practitioner* who assists at *surgery* and is a Doctor of Medicine (MD), Doctor of Osteopathic Medicine (DO), Doctor of Podiatric Medicine (DPM) or where state law requires a specific *health care practitioner* be treated and reimbursed the same as an MD, DO, DPM.

B

Bariatric surgery means gastrointestinal surgery to promote weight loss for the treatment of *morbid obesity*.

Behavioral health means *mental health services* and *chemical dependency* services.

Birthing center means a *free-standing facility* that is specifically licensed to perform uncomplicated pregnancy care, delivery and immediate care after delivery for a *covered person*.

Bodily injury means bodily damage other than a *sickness*, including all related conditions and recurrent symptoms. However, bodily damage resulting from infection or muscle strain due to athletic or physical activity is considered a *sickness* and not a *bodily injury*.

Bone marrow means the transplant of human blood precursor cells. Such cells may be derived from bone marrow, circulating blood, or a combination of bone marrow and circulating blood obtained from the patient in an autologous transplant from a matched related or unrelated donor, or cord blood. The term *bone marrow* includes the harvesting, the transplantation and the integral chemotherapy components.

C

Certificate means this benefit plan document that described the benefits, provisions and limitations of the *master group contract*. This *certificate* is part of the *master group contract* and is subject to the terms of the *master group contract*.

Chemical dependency means the abuse of, or psychological or physical dependence on, or addiction to alcohol or a controlled substance.

Coinsurance means the amount expressed as a percentage of the *covered expense* that *you* must pay.

Confinement or ***confined*** means *you* are a registered bed patient as the result of a *health care practitioner's* recommendation. It does not mean *you* are in *observation status*.

Congenital anomaly means an abnormality of the body that is present from the time of birth.

Copayment means the specified dollar amount *you* must pay to a provider for *covered expenses*, regardless of any amounts that may be paid by *us*.

Cosmetic surgery means *surgery* performed to reshape normal structures of the body in order to improve or change *your* appearance or self-esteem.

Co-surgeon means one of two or more *health care practitioners* furnishing a single *surgery* which requires the skill of multiple surgeons each in a different specialty, performing parts of the same *surgery* simultaneously.

Covered expense means:

- *Medically necessary* services to treat a *sickness* or *bodily injury* such as:
  - Procedures;
  - *Surgeries*;
  - Consultations;
  - Advice;
  - Diagnosis;
  - Referrals;
  - Treatment;
  - Supplies;
  - Drugs, including *prescription* and *specialty drugs*;
  - Devices; or
  - Technologies;
- *Preventive services*.

To be considered a *covered expense*, services must be:

- Ordered by a *health care practitioner*;
- Authorized or prescribed by a *qualified provider*;
- Provided or furnished by a *qualified provider*;
- For the benefits described herein, subject to any maximum benefit and all other terms, provisions, of the *master group contract* and the limitations, and exclusions of this *certificate*; and
- Incurred when *you* are insured for that benefit under the *master group contract* on the date that the service is rendered.

Covered person means the *employee* or the *employee's dependent's*, who are enrolled for benefits provided under the *master group contract.*

Custodial care means services given to *you* if:

- *You* need services including, but not limited to, assistance with dressing, bathing, preparation and feeding of special diets, walking, supervision of medication which is ordinarily self-administered, getting in and out of bed, and maintaining continence;

- The services *you* require are primarily to maintain, and not likely to improve, *your* condition; or

- The services involve the use of skills which can be taught to a layperson and do not require the technical skills of a *nurse*.

Services may still be considered *custodial care* by *us* even if:

- *You* are under the care of a *health care practitioner*;
- The *health care practitioner* prescribed services are to support or maintain *your* condition; or
- Services are being provided by a *nurse*.

D

Deductible means the amount of *covered expenses* that *you*, either individually or combined as a covered family, must pay per *year* before *we* pay benefits for certain specified *covered expenses*. Any amount *you* pay exceeding the *maximum allowable fee* is not applied to the individual or family *deductibles*.

Some plans may have a *network provider* benefit allowance prior to the applicability of the *deductible*. Please refer to the "Schedule of Benefits" section for more information.

Dental injury means an injury to a *sound natural tooth* caused by a sudden and external force that could not be predicted in advance and could not be avoided. It does not include biting or chewing injuries, unless the biting or chewing injury is a result of an act of domestic violence or a medical condition (including both physical and mental health conditions).

Dependent means a covered *employee's*:

- Legally recognized spouse;

- Natural born child, step-child, legally adopted child, child subject to legal guardianship, or child placed for adoption, whose age is less than the limiting age;

- Grandchild or other blood relative whose age is less than the limiting age and who depends on the *employee* for more than fifty percent (50%) of the individual's total support; or

- Child whose age is less than the limiting age and for whom the *employee* has received a Qualified Medical Child Support Order (QMCSO) or National Medical Support Notice (NMSN) to provide coverage, if the *employee* is eligible for family coverage until:

  - Such QMCSO or NMSN is no longer in effect; or
  - The child is enrolled for comparable health coverage, which is effective no later than the termination of the child's coverage under the *master group contract*.

Under no circumstances shall *dependent* mean a grandchild, great grandchild or foster child unless the child meets the definition of *dependent* as defined above.

The limiting age means the end of the month the *dependent* child attains age 26. Each *dependent* child is covered to the limiting age, regardless if the child is:

- Married;
- A tax dependent;
- A student;
- Employed;
- Residing with or receiving financial support from *you*;
- Eligible for other coverage through employment; or
- Residing or working outside of the *service area*.

A covered *dependent* child, who attains the limiting age while covered under the *master group contract* remains eligible if the covered *dependent* child is:

- Incapable of self-sustaining employment because of a mental, intellectual or physical disability; and
- Chiefly dependent upon the *employee* for support and maintenance.

In order for the covered *dependent* child to remain eligible as specified above, *we* must receive notification within 120 days of the *dependent* child's attainment of the limiting age. *We* may request proof of the child's incapacity and dependency at reasonable intervals during the two (2) years following the child's attainment of the limiting age. After two years from the date the first proof was furnished, *we* may not request such proof more often than annually. If satisfactory proof is not submitted to *us*, the child's coverage will not continue beyond the last date of eligibility.

A *dependent* child who attained the limiting age while covered under the *employer's* previous group medical plan (Prior Plan) is eligible for coverage under this plan. Please refer to the "Replacement of Coverage" section of this *certificate*.

Diabetes equipment means blood glucose monitors, including monitors designed to be used by blind individuals; insulin pumps and associated accessories; insulin infusion devices; and podiatric appliances for the prevention of complications associated with diabetes.

Diabetes self-management training means the training provided to a *covered person* after the initial diagnosis of diabetes for care and management of the condition including nutritional counseling and use of *diabetes equipment* and supplies. It also includes training when changes are required to the self-management regime and when new techniques and treatments are developed.

Diabetes supplies means test strips for blood glucose monitors; visual reading and urine test strips; lancets and lancet devices; insulin and insulin analogs; injection aids; syringes; prescriptive agents for controlling blood sugar levels; prescriptive non-insulin injectable agents for controlling blood sugar levels; glucagon emergency kits; and alcohol swabs.

Distant site means the location of a *health care practitioner* at the time a *virtual visit and telehealth* service are provided.

Durable medical equipment means equipment that meets all of the following criteria:

- It is prescribed by a *health care practitioner*;
- It can withstand repeated use;
- It is primarily and customarily used for a medical purpose rather than being primarily for comfort or convenience;
- It is generally not useful to *you* in the absence of *sickness* or *bodily injury*;
- It is appropriate for home use or use at other locations as necessary for daily living;
- It is related to and meets the basic functional needs of *your* physical disorder;
- It is not typically furnished by a *hospital* or s*killed nursing facility*; and
- It is provided in the most cost effective manner required by *your* condition, including, at *our* discretion, rental or purchase.

E

Effective date means the date *your* coverage begins under the *master group contract*.

Electronic or ***electronically*** means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

Electronic mail means a computerized system that allows a user of a network computer system and/or computer system to send and receive messages and documents among other users on the network and/or with a computer system.

Electronic signature means an electronic sound, symbol, or process attached to, or logically associated with a record and executed or adopted by a person with the intent to sign the record.

Eligibility date means the date the *employee* or *dependent* is eligible to participate in the plan.

Emergency care means services provided in an emergency facility for an *emergency medical condition.*

Emergency care does <u>not</u> mean services for the convenience of the *covered person* or the provider of treatment or services.

Emergency medical condition means a *bodily injury* or *sickness* manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing the health of that individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- Serious impairment of bodily functions; or
- Serious dysfunction of any bodily organ or part.

Employee means a person who is in *active status* for the *employer* on a *full-time* basis. The *employee* must be paid a salary or wage by the *employer* that meets the minimum wage requirements of *your* state or federal minimum wage law for work done at the *employer's* usual place of business or some other location which is usual for the *employee's* particular duties.

Employee also includes a sole proprietor, partner or corporate officer, where:

- The *employer* is a sole proprietorship, partnership or corporation;

- The sole proprietorship or other entity (other than a partnership) has at least one common-law employee (other than the business owner and his or her spouse); and

- The sole proprietor, partner or corporate officer is actively performing activities relating to the business, gains their livelihood from the sole proprietorship, partnership or corporation and is in an *active status* at the *employer's* usual place of business or some other location which is usual for the sole proprietor's, partner's or corporate officer's particular duties.

If specified on the Employer Group Application and approved by *us*, *employee* also includes retirees of the *employer*. A retired *employee* is not required to be in *active status* to be eligible for coverage under the *master group contract*.

GLOSSARY (continued)

Employer means the sponsor of this *group* plan or any subsidiary or affiliate described in the Employer Group Application. An *employer* must either employ at least one common-law employee or be a partnership with a bona fide partner who provides services on behalf of the partnership. A business owner and his or her spouse are not considered common-law employees for this purpose if the entity is considered to be wholly owned by one individual or one individual and his or her spouse.

Endodontic services mean the following dental procedures, related tests or treatment and follow-up care:

- Root canal therapy and root canal fillings;
- Periradicular *surgery*;
- Apicoectomy;
- Partial pulpotomy; or
- Vital pulpotomy.

Full-time, for an *employee*, means a work week of the number of hours determined by the *group plan sponsor*.

Functional impairment means a direct and measurable reduction in physical performance of an organ or body part.

G

Grievance means any dissatisfaction expressed by (or on behalf of) a *covered person* regarding:

- A decision that a *covered expense* is not appropriate or *medically necessary*;
- A decision that a service or proposed service is *experimental or investigational*;
- The availability of *network providers*;
- The handling or payment of claims for health care services;
- Issues involving the contractual relationship with the *covered person* and *us*, or the *policyholder* and *us*;
- *Our* decision to rescind the "*master group contract*";
- Claims protected under the Federal No Surprises Act; or
- A determination concerning a *prior authorization* request under IC 27-1-37.5;

and for which the *covered person* has a reasonable expectation that action will be taken to resolve or reconsider the matter that is the subject of dissatisfaction.

Group means the persons for whom this health coverage has been arranged to be provided.

Group plan sponsor means the legal entity identified as the *group plan sponsor* on the face page of the *master group contract* or "Certificate of Coverage" who establishes, sponsors and endorses an employee benefit plan for health care coverage.

H

Habilitative services mean health care services and devices that help a person keep, learn or improve skills and functioning for daily living. Examples include therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

Health care practitioner means a practitioner professionally licensed by the appropriate state agency to provide *preventive services* or diagnose or treat a *sickness* or *bodily injury* and who provides services within the scope of that license.

Health care treatment facility means a facility, institution or clinic, duly licensed by the appropriate state agency to provide medical services, *behavioral health* services or *autism spectrum disorder* services, and is primarily established and operating within the scope of its license.

"Health insurance issuer" means an insurance company, insurance service or insurance organization (including an HMO) that is required to be licensed to engage in the business of insurance in a state and that is subject to the state law that regulates insurance.

Health status-related factor means any of the following:

- Health status or medical history;
- Medical condition, either physical or mental;
- Claims experience;
- Receipt of health care;
- Genetic information;
- Disability; or
- Evidence of insurability, including conditions arising out of acts of domestic violence.

Home health care agency means a *home health care agency* or *hospital*, which meets all of the following requirements:

- It must primarily provide skilled nursing services and other therapeutic services under the supervision of physicians or registered *nurses*;
- It must be operated according to established processes and procedures by a group of medical professional, including *health care practitioners* and *nurses*;
- It must maintain clinical records on all patients; and
- It must be licensed by the jurisdiction where it is located, if licensure is required. It must be operated according to the laws of that jurisdiction which pertains to agencies providing home health care.

Home health care plan means a plan of care and treatment for *you* to be provided in *your* home. To qualify, the *home health care plan* must be established and approved by a *health care practitioner*. The services to be provided by the plan must require the skills of a *nurse*, or another *health care practitioner* and must not be for *custodial care*.

Hospice care program means a coordinated, interdisciplinary program provided by a hospice that is designed to meet the special physical, psychological, spiritual, and social needs of a terminally ill *covered person* and his or her immediate covered *family members*, by providing *palliative care* and supportive medical, nursing and other services through at-home or *inpatient* care. A hospice must be licensed by the laws of the jurisdiction where it is located and must be operated as a hospice as defined by those laws. It must provide a program of treatment for at least two unrelated individuals who have been medically diagnosed as having no reasonable prospect for cure for their *sickness* and, as estimated by their physicians, are expected to live 18 months or less as a result of that *sickness*.

Hospital means an institution that meets all of the following requirements:

- It must provide, for a fee, medical care and treatment of sick or injured patients on an *inpatient* basis;
- It must provide or operate, either on its premises or in facilities available to the *hospital* on a pre-arranged basis, medical, diagnostic, and surgical facilities;
- Care and treatment must be given by and supervised by physicians. Nursing services must be provided on a 24-hour basis and must be given by or supervised by registered nurses;
- It must be licensed by the laws of the jurisdiction where it is located. It must be operated as a *hospital* as defined by those laws; and
- It must not be primarily a:

  - Convalescent, rest or nursing home; or
  - Facility providing custodial, educational or rehabilitative care.

The *hospital* must be accredited by one of the following:

- The Joint Commission on the Accreditation of Hospitals;

- The fee charged by the provider for the services;
- The fee that has been negotiated with the provider whether directly or through one or more intermediaries or shared savings contracts for the services;
- The fee established by *us* by comparing rates from one or more regional or national databases or schedules for the same or similar services from a geographical area determined by *us*;
- The fee based upon rates negotiated by *us* or other payors with one or more *network providers* in a geographic area determined by *us* for the same or similar services;
- The fee based upon the provider's cost for providing the same or similar services as reported by such provider in its most recent publicly available *Medicare* cost report submitted to the Centers for Medicare & Medicaid Services (CMS) annually; or
- The fee based on a percentage determined by *us* of the fee *Medicare* allows for the same or similar services provided in the same geographic area.

Medicaid means a state program of medical care, as established under Title 19 of the Social Security Act of 1965, as amended.

Medical out-of-pocket limit means any *copayments*, *deductibles* and *coinsurance* for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy*, which must be paid by *you*, either individually or combined as a covered family, per *year* before a benefit percentage for *covered expenses*, except for *prescriptions* and *specialty drugs* from a *pharmacy* will be increased.

Medically necessary means health care services that a *health care practitioner* exercising prudent clinical judgment would provide to his or her patient for the purpose of preventing, evaluating, diagnosing, or treating a *sickness* or *bodily injury*, or its symptoms. Such health care service must be:

- In accordance with generally accepted standards of medical practice;
- Clinically appropriate in terms of type, frequency, extent, site and duration, and considered effective for the patient's *sickness* or *bodily injury*;
- Neither sourced from a location, nor provided primarily for the convenience of the patient, physician or other health care provider;
- Not more costly than an alternative source service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of the patient's *sickness* or *bodily injury*; and
- Performed in the least costly site or sourced from, or provided by the least costly *qualified provider*.

For the purpose of *medically necessary*, generally accepted standards of medical practice means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations, the views of physicians practicing in relevant clinical areas and any other relevant factors.

Medicare means a program of medical insurance for the aged and disabled, as established under Title 18 of the Social Security Act of 1965, as amended.

Originating site means the location of a *covered person* at the time a *virtual visit and telehealth* service are being furnished.

Out-of-pocket limit means the amount of *copayments*, *deductibles* and *coinsurance you* must pay for *covered expenses*, as specified in the "Out-of-pocket limit" provision in the "Schedule of Benefits" section , either individually or combined as a covered family, per *year* before a benefit percentage is increased. Any amount *you* pay exceeding the *maximum allowable fee* is not applied to the *out-of-pocket limits*.

Outpatient means *you* are not *confined* as a registered bed patient.

Outpatient surgery means *surgery* performed in a *health care practitioner's* office, *ambulatory surgical center*, or the *outpatient* department of a *hospital*.

P

Palliative care means care given to a *covered person* to relieve, ease, or alleviate, but not to cure, a *bodily injury* or *sickness*.

Partial hospitalization means *outpatient* services provided by a *hospital* or *health care treatment facility* in which patients do not reside for a full 24-hour period and:

- Has a comprehensive and intensive interdisciplinary psychiatric treatment under the supervision of a psychiatrist for *mental health services* or a psychiatrist or addictionologist for *chemical dependency*, and patients are seen by a psychiatrist or addictionologist, as applicable, at least once a week;

- Provides for social, psychological and rehabilitative training programs with a focus on reintegration back into the community and admits children and adolescents who must have a treatment program designed to meet the special needs of that age range; and

- Has physicians and appropriately licensed behavioral health practitioners readily available for the emergent and urgent needs of the patients.

The *partial hospitalization* program must be accredited by the Joint Commission of the Accreditation of Hospitals or in compliance with an equivalent standard.

Licensed drug abuse rehabilitation programs and alcohol rehabilitation programs accredited by the Joint Commission on the Accreditation of Health Care Organizations or approved by the appropriate state agency are also considered *partial hospitalization* services.

Partial hospitalization does not include services that are for:

- *Custodial care*; or
- Day care.

- Gingivoplasty; or
- Osseous surgical procedures.

Post-stabilization services means services *you* receive in *observation status* or during an *inpatient* or *outpatient* stay in a *network facility* related to an *emergency medical condition* after *you* are stabilized.

Pre-surgical/procedural testing means:

- Laboratory tests or radiological examinations done on an *outpatient* basis in a *hospital* or other facility accepted by the *hospital* before *hospital confinement* or *outpatient surgery* or procedure;
- The tests must be accepted by the *hospital* or *health care practitioner* in place of like tests made during *confinement*; and
- The tests must be for the same *bodily injury* or *sickness* causing *you* to be *hospital confined* or to have the *outpatient surgery* or procedure.

Preauthorization means approval by *us*, or *our* designee, of a service prior to it being provided. Certain services require medical review by *us* in order to determine eligibility for coverage.

Preauthorization is granted when such a review determines that a given service is a *covered expense* according to the terms and provisions of the *master group contract*.

Preventive services means services in the following recommendations appropriate for *you* during *your* plan *year*:

- Services with an A or B rating in the current recommendations of the USPSTF.
- Immunizations recommended by the Advisory Committee on Immunization Practices of the CDC.
- Preventive care for infants, children and adolescents provided in the comprehensive guidelines supported by the HRSA.
- Preventive care for women provided in the comprehensive guidelines supported by the HRSA.

For the recommended *preventive services* that apply to *your* plan *year*, refer to the www.healthcare.gov website, or www.uspreventiveservicestaskforce.org/Page/Name/uspstf-a-and-b-recommendations/ website, or call the customer service telephone number on *your* ID card.[SB2] Refer to the "Preventive services" provision in the "Covered Expenses" section which includes *preventive services* covered by this *certificate*.

Primary care physician means a *network health care practitioner* who provides initial and primary care services to *covered persons*, maintains the continuity of *covered persons'* medical care and helps direct *covered persons* to *specialty care physicians* and other providers.

A *primary care physician* is a *healthcare practitioner* in one of the following specialties:

- Family medicine/General practice;
- Internal medicine; and
- Pediatrics.

Q

Qualified payment amount means the lesser of:

- Billed charges; or
- The median of the contracted rates negotiated by *us* with three or more *network providers* in the same geographic area for the same or similar services.

If sufficient information is not available for *us* to calculate the median of the contracted rates, the rate established by *us* through use of any database that does not have any conflict of interest and has sufficient information reflecting allowed amounts paid to a *qualified provider* for relevant services furnished in the applicable geographic region.

The *qualified payment amount* applies to *covered expenses* when *you* receive the following services from a *non-network provider*:

- *Emergency care* and *air ambulance* services;
- *Ancillary services* while *you* are at a *network facility*;
- Services that are not considered *ancillary services* while *you* are at a *network facility*, and *you* do not consent to the *non-network provider* to obtain such services; and
- *Post-stabilization services* when:
    - The attending *qualified provider* determines *you* are not able to travel by non-medical transportation to obtain services from a *network provider*; and
    - *You* do not consent to the *non-network provider* to obtain such services.

Qualified provider means a person, facility, supplier, or any other health care provider:

- That is licensed by the appropriate state agency to:
    - Diagnose, prevent or treat a *sickness* or *bodily injury*; or
    - Provide *preventive services*;

A *qualified provider* must provide services within the scope of their license and their primary purpose must be to provide health care services.

R

Rehabilitation facility means any licensed public or private establishment which has permanent facilities that are equipped and operated primarily to render physical and occupational therapies, diagnostic services and other therapeutic services.

NOTICE OF PROTECTION PROVIDED BY THE INDIANA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This notice provides a brief summary of the Indiana Life and Health Insurance Guaranty Association ("ILHIGA") and the protection it provides for policyholders. This safety net was created under Indiana law, which determines who and what is covered and the amounts of coverage.

ILHIGA was established to provide protection to policyholders in the unlikely event that your life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its insurance department. If this should happen, ILHIGA will typically arrange to continue coverage and pay claims, in accordance with Indiana law, with funding from assessments paid by other insurance companies. (For the purposes of this Notice, the terms "insurance company" and "insurer" mean and include health maintenance organizations ("HMOs")).

Basic Protections Currently Provided by ILHIGA

Generally, an individual is covered by ILHIGA if the insurer was a member of ILHIGA and the individual lives in Indiana at the time the insurer is ordered into liquidation with a finding of insolvency. The coverage limits below apply only for companies placed in rehabilitation or liquidation on or after July 1, 2018. The benefits that ILHIGA is obligated to cover are not to exceed the lesser of (a) the contractual obligations for which the member insurer is liable or would have been liable if the member insurer were not an insolvent insurer, or (b) the limits indicated below:

Life Insurance

- $300,000 in death benefits
- $100,000 in cash surrender or withdrawal values

Health Insurance

- $500,000 for health plan benefits (see definition below)
- $300,000 in disability and long term care insurance benefits
- $100,000 in other types of health insurance benefits

Annuities

- $250,000 in present value of annuity benefits (including cash surrender and net cash withdraw values)

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is $300,000. Special rules may apply with regard to health benefit plans and covered unallocated annuities.

NOTICE OF PROTECTION PROVIDED BY THE INDIANA LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION (continued)

"Health benefit plan" is defined in IC 27-8-8-2(o), and generally includes hospital or medical expense policies, certificates, HMO subscriber contracts or certificates or other similar health contracts that provide comprehensive forms of coverage for hospitalization or medical services, but excludes policies that provide coverages for limited benefits (such as accident-only, credit, dental-only or vision-only insurance), Medicare Supplement insurance, disability income insurance and long-term care insurance.

The protections listed above apply only to the extent that benefits are payable under covered policy(s). In no event will the ILHIGA provide benefits greater than the contractual obligations in the life, annuity or health insurance policy or contract. The statutory limits on ILHIGA coverage have changed over the years and coverage in prior years may not be the same as that set forth in this notice.

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or variable annuity contract.

Benefits provided by a long-term care (LTC) rider to a life insurance policy or annuity contract shall be considered the same type of benefits as the base life insurance policy or annuity to which it relates.

To learn more about the protections provided by ILHIGA, please visit the ILHIGA website at www.inlifega.org or contact:

The policy or contract that this Notice accompanies might not be fully covered by ILHIGA and even if coverage is currently provided, coverage is (a) subject to substantial limitations and exclusions (some of which are described above), (b) generally conditioned on continued residence in Indiana, and (c) subject to possible change as a result of future amendments to Indiana law and court decisions.

Complaints to allege a violation of any provision of the Indiana Life and Health Insurance Guaranty Association Act must be filed with the Indiana Department of lnsurance, 311W.Washington Street, Suite 103, Indianapolis, IN 46204; (telephone) (317)-232-2385.

Insurance companies and agents are not allowed by Indiana law to use the existence of lLHDGA or its coverage to encourage you to purchase any form of insurance or HMO coverage. (IC 27-8-8-18(a)). When selecting an insurance company, you should not rely on ILHIGA coverage. If there is any inconsistency between this Notice and Indiana law, Indiana law will control.

Questions regarding the financial condition of a company or your life, health insurance policy or annuity should be directed to your insurance company or agent.

FEDERAL NOTICES

The following pages contain important information about certain federal laws. There may be differences between the Certificate of Insurance and this Notice packet. There may also be differences between this notice packet and state law. You are eligible for the rights more beneficial to you, unless preempted by state or federal law.

This section includes notices about:

Federal legislation

- **Women's health and cancer rights act**
- **Statement of rights under the newborns' and mothers' health Protection act**
- **Medical child support orders**
- **General notice of COBRA continuation of coverage rights**
- **Tax equity and fiscal responsibility act of 1982 (TEFRA)**
- **Family and medical leave act (FMLA)**
- **Uniformed services employment and reemployment rights act of 1994 (USERRA)**
- **Your rights under ERISA**
- **Patient protection act**

Federal legislation

Women's health and cancer rights act of 1998
Required coverage for reconstructive surgery following mastectomies

Under federal law, group health plans and health insurance issuers offering group health insurance providing medical and surgical benefits with respect to mastectomy shall provide, in a case of a participant or beneficiary who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with such mastectomy, coverage for:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce symmetrical appearance; and
- Prostheses and physical complications of all stages of mastectomy, including lymphedemas;

in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan.

Statement of rights under the newborns' and mothers' health protection act (NMHPA)

If your plan covers normal pregnancy benefits, the following notice applies to you.

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, group health plans and health insurance issuers may not set the level of benefits or out-of-pocket costs so any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a group health plan or health insurance issuer may not, under federal law, require a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-authorization. For information on pre-authorization, contact your plan administrator.

Medical child support orders

An individual who is a child of a covered employee shall be enrolled for coverage under the group health plan in accordance with the direction of a Qualified Medical Child Support Order (QMCSO) or a National Medical Support Notice (NMSO).

A QMCSO is a state-court order or judgment, including approval of a settlement agreement that:

- Provides for support of a covered employee's child;
- Provides for health care coverage for that child;
- Is made under state domestic relations law (including a community property law);
- Relates to benefits under the group health plan; and
- Is "qualified," i.e., it meets the technical requirements of ERISA or applicable state law.

QMCSO also means a state court order or judgment enforcing state Medicaid law regarding medical child support required by the Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993).

An NMSO is a notice issued by an appropriate agency of a state or local government that is similar to a QMCSO requiring coverage under the group health plan for a dependent child of a non-custodial parent who is (or will become) a covered person by a domestic relations order providing for health care coverage.

Procedures for determining the qualified status of medical child support orders are available at no cost upon request from the plan administrator.

General notice of COBRA continuation coverage rights

Introduction

You are getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary". You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you to lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you to lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a "dependent child".

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA coverage available?

The plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs.

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

- ***Disability extension of 18-month period of continuation coverage*** **-** If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage;

- ***Second qualifying event extension of 18-month period of continuation coverage*** **-** If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period". Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting your group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

Keep your plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

Important notice for individuals entitled to Medicare tax equity and fiscal responsibility act of 1982 (TEFRA) options

Where an employer employs more than 20 people, the Tax Equity And Fiscal Responsibility Act of 1982 (TEFRA) allows covered employees in active service who are age 65 or older and their covered spouses who are eligible for Medicare to choose one of the following options:

- ***Option 1*** - The benefits of their group health plan will be payable first and the benefits of Medicare will be payable second.
- ***Option 2*** - Medicare benefits only. The employee and his or her dependents, if any, will not be insured by the group health plan.

The employer must provide each covered employee and each covered spouse with the choice to elect one of these options at least one month before the covered employee or the insured spouse becomes age 65. All new covered employees and newly covered spouses age 65 or older must be offered these options. If Option 1 is chosen, its issue is subject to the same requirements as for an employee or dependent that is under age 65.

Under TEFRA regulations, there are two categories of persons eligible for Medicare. The calculation and payment of benefits by the group health plan differs for each category.

- ***Category 1*** Medicare eligibles are:
  - Covered employees in active service who are age 65 or older who choose Option 1;
  - Age 65 or older covered spouses; and
  - Age 65 or older covered spouses of employees in active service who are either under age 65 or age 70 or older;
- ***Category 2*** Medicare eligibles are any other covered persons entitled to Medicare, whether or not they enrolled. This category includes, but is not limited to:
  - Retired employees and their spouses; or
  - Covered dependents of a covered employee, other than his or her spouse.

Calculation and payment of benefits

For covered persons in Category 1, benefits are payable by the policy without regard to any benefits payable by Medicare. Medicare will then determine its benefits.

For covered persons in Category 2, Medicare benefits are payable before any benefits are payable by the policy. The benefits of the policy will then be reduced by the full amount of all Medicare benefits the covered person is entitled to receive, whether or not the eligible individual is actually enrolled for Medicare Benefits.

Family and Medical Leave Act (FMLA)

If an employee is granted a leave of absence (Leave) by the employer as required by the Federal Family and Medical Leave Act, s/he may continue to be covered under the plan for the duration of the Leave under the same conditions as other employees who are currently employed and covered by the plan. If the employee chooses to terminate coverage during the Leave, or if coverage terminates as a result of nonpayment of any required contribution, coverage may be reinstated on the date the employee returns to work immediately following the end of the Leave. Charges incurred after the date of reinstatement will be paid as if the employee had been continuously covered.

Uniformed services employment and reemployment rights act of 1994 (USERRA)

Continuation of benefits

Effective October 13, 1994, federal law requires health plans offer to continue coverage for employees that are absent due to service in the uniformed services and/or dependents.

Eligibility

An employee is eligible for continuation under USERRA if he or she is absent from employment because of voluntary or involuntary performance of duty in the Armed Forces, Army National Guard, Air National Guard, or commissioned corps of the Public Health Service. Duty includes absence for active duty, active duty for training, initial active duty for training, inactive duty training and for the purpose of an examination to determine fitness for duty.

An employee's dependents that have coverage under the plan immediately prior to the date of the employee's covered absence are eligible to elect continuation under USERRA.

If continuation of Plan coverage is elected under USERRA, the employee or dependent is responsible for payment of the applicable cost of coverage. If the employee is absent for not longer than 31 days, the cost will be the amount the employee would otherwise pay for coverage. For absences exceeding 30 days, the cost may be up to 102% of the cost of coverage under the plan. This includes the employee's share and any portion previously paid by the employer.

Duration of coverage

If elected, continuation coverage under USERRA will continue until the earlier of:

- 24 months beginning the first day of absence from employment due to service in the uniformed services; or
- The day after the employee fails to apply for a return to employment as required by USERRA, after the completion of a period of service.

Under federal law, the period coverage available under USERRA shall run concurrently with the COBRA period available to an employee and/or eligible dependent.

Other information

Employees should contact their employer with any questions regarding coverage normally available during a military leave of absence or continuation coverage and notify the employer of any changes in marital status, or change of address.

Your rights under the Employee Retirement Income Security Act of 1974 (ERISA)

Under ERISA, all plan participants covered by ERISA are entitled to certain rights and protections, as described below. Notwithstanding anything in the group health plan or group insurance policy, following are a covered person's minimum rights under ERISA. ERISA requirements do not apply to plans maintained by governmental agencies or churches.

Information about the plan and benefits

Plan participants may:

- Examine, free of charge, all documents governing the plan. These documents are available in the plan administrator's office;

- Obtain, at a reasonable charge, copies of documents governing the plan, including a copy of any updated summary plan description and a copy of the latest annual report for the plan (Form 5500), if any, by writing to the plan administrator;

- Obtain, at a reasonable charge, a copy of the latest annual report (Form 5500) for the plan, if any, by writing to the plan administrator.

FEDERAL NOTICES (continued)

As a plan participant, you will receive a summary of any material changes made in the plan within 210 days after the end of the plan year in which the changes are made unless the change is a material reduction in covered services or benefits, in which case you will receive a summary of the material reduction within 60 days after the date of its adoption.

If the plan is required to file a summary annual financial report, you will receive a copy from the plan administrator.

Responsibilities of plan fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the plan. These people, called "fiduciaries" of the plan, have a duty to act prudently and in the interest of plan participants and beneficiaries.

No one, including an employer, may discharge or otherwise discriminate against a plan participant in any way to prevent the participant from obtaining a benefit to which the participant is otherwise entitled under the plan or from exercising ERISA rights.

Continue group health plan coverage

Participants may be eligible to continue health care coverage for themselves, their spouse or dependents if there is a loss of coverage under the group health plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the COBRA notice in this document regarding the rules governing COBRA continuation coverage rights.

Claims determinations

If a claim for a plan benefit is denied or disregarded, in whole or in part, participants have the right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial within certain time schedules.

Enforce your rights

Under ERISA, there are steps participants may take to enforce the above rights. For instance:

- If a participant requests a copy of plan documents and does not receive them within 30 days, the participant may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until the participant receives the materials, unless the materials were not sent because of reasons beyond the control of the plan administrator;

- If a claim for benefits is denied or disregarded, in whole or in part, the participant may file suit in a state or Federal court;

- If the participant disagrees with the plan's decision, or lack thereof, concerning the qualified status of a domestic relations order or a medical child support order, the participant may file suit in Federal court;

- If plan fiduciaries misuse the plan's money, or if participants are discriminated against for asserting their rights, they may seek assistance from the U.S. Department of Labor, or may file suit in a Federal court.

The court will decide who should pay court costs and legal fees. If the participant is successful, the court may order the person sued to pay costs and fees. If the participant loses, the court may order the participant to pay the costs and fees.

Assistance with questions

- Contact the group health plan human resources department or the plan administrator with questions about the plan;

Patient Protection Act

Humana generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit our Website at www.humana.com or call the customer service telephone number on your identification card.

If your plan provides coverage for obstetric or gynecological care, you do not need prior authorization from us or from any other person (including a primary care provider) in order to obtain access to this care from a health care professional in our network who specialize in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit our Website at www.humana.com or call the customer service telephone number on your identification card.

Appeal and External Review Notice

The following pages contain important information about Humana's claims procedures, internal appeals and external review. There may be differences between the Certificate of Insurance or Evidence of Coverage and this Notice packet. There may also be differences between this notice packet and state law. You are eligible for the rights more beneficial to you, unless preempted by state or federal law.

Federal standards

The Employee Retirement Income Security Act of 1974 (ERISA) established minimum requirements for claims procedures. The Patient Protection and Affordable Care Act (PPACA) including all regulation enforcing PPACA established additional requirements for claims procedures, internal appeal and *external review* processes. Humana complies with these standards. In addition to the procedures below, you should also refer to your insurance benefit plan documents (e.g., the Certificate of Insurance or Evidence of Coverage).

Definitions

Adverse benefit determination means a denial, reduction, or termination of, or a failure to provide or make a payment (in whole or in part) for a benefit based on:

- A determination of your eligibility to participate in the plan or health insurance coverage;
- A determination that the benefit is not covered;
- The imposition of a source-of-injury exclusion, network exclusion, or other limitation on otherwise covered benefits; or
- A determination that a benefit is experimental, investigational, or not medically necessary or appropriate.

An *adverse benefit determination* also includes claims protected under the Federal No Surprises Act and any rescission of coverage.

Claimant means a covered person (or authorized representative) who files a claim.

Clinical peer reviewer is:

- An expert in the treatment of your medical condition that is the subject of an *external review*;
- Knowledgeable about the recommended healthcare service or treatment through recent or current actual clinical experience treating patients with the same or similar to your medical condition;
- Holds a non-restricted license in a state of the United States and, for physicians, a current certification by a recognized American medical specialty board in the area or areas appropriate to the subject of the *external review*;
- Has no history of disciplinary actions or sanctions, including loss of staff privileges or participation restrictions, that have been taken or are pending by any hospital, governmental agency or unit, or

regulatory body that raise a substantial question as to the *clinical peer reviewer's* physical, mental or professional competence or moral character; and

- Does not have a material professional, family or financial conflict of interest with the *claimant*, Humana and any of the following:
  - The healthcare provider, the healthcare provider's medical group or independent practice association recommending the healthcare service or treatment;
  - The facility at which the recommended healthcare service or treatment would be provided; or
  - The developer or manufacturer of the principal drug, device, procedure or other therapy being recommended.

Commissioner means the Commissioner of Insurance.

Concurrent-care decision means a decision by the plan to reduce or terminate benefits otherwise payable for a course of treatment that has been approved by the plan (other than by plan amendment or termination) or a decision with respect to a request by a *claimant* to extend a course of treatment beyond the period of time or number of treatments that has been approved by the plan.

Evidence-based standard means the conscientious, explicit and judicious use of the current best evidence based on the overall systematic review of the research in making decisions about the care of individual patients.

External review means a review of an *adverse benefit determination* including a *final adverse benefit determination* conducted by an *Independent review organization (IRO)*.

Final adverse benefit determination means an *adverse benefit determination* that has been upheld by us at the completion of the internal appeals process or when the internal appeals process has been exhausted.

Group health plan means an employee welfare benefit plan to the extent the plan provides medical care to employees or their dependents directly (self insured) or through insurance (including HMO plans), reimbursement or otherwise.

Health insurance issuer means the offering company listed on the face page of your Certificate of Insurance or Evidence of Coverage and referred to in this document as "Humana," "we," "us," or "our."

Independent review organization (IRO) means an entity that conducts independent *external reviews* of *adverse benefit determinations* and *final adverse benefit determinations*. All *IRO's* must be accredited by a nationally recognized private accrediting organization and have no conflicts of interest to influence its independence.

Medical or scientific evidence means evidence found in the following sources:

- Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff;

- Peer-reviewed medical literature, including literature relating to therapies reviewed and approved by a qualified institutional review board, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's Library of Medicine for indexing in Index Medicus (Medline) and Elsevier Science Ltd. for indexing in Excerpta Medicus (EMBASE);

- Medical journals recognized by the Secretary of Health and Human Services;

- The following standard reference compendia:

  - The American Hospital Formulary Service–Drug Information;
  - Drug Facts and Comparisons;
  - The American Dental Association Accepted Dental Therapeutics; and
  - The United States Pharmacopoeia–Drug Information;

- Findings, studies or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including:

  - The federal Agency for Healthcare Research and Quality;
  - The National Institutes of Health;
  - The National Cancer Institute;
  - The National Academy of Sciences;
  - The Centers for Medicare & Medicaid Services;
  - The federal Food and Drug Administration; and
  - Any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health care services; or

- Any other *medical or scientific evidence* that is comparable to the sources listed above.

Preliminary review means a review by Humana of an *external review* request to determination if:

- You are or were covered under the plan at the time a service was recommended, requested, or provided;

- The service is covered under the plan except when we determine the service is:

  - Not covered because it does not meet plan requirements for medical necessity, appropriateness, healthcare setting, level of care or effectiveness; or
  - Experimental or investigational for a particular medical condition and is not explicitly listed as an excluded benefit under the plan.

- In the case of experimental or investigational treatment:
  - Your treating physician has certified one of the following situations is applicable:
    - Standard services have not been effective in improving your condition;
    - Standard services are not medically appropriate for you; or
    - There is no available standard service covered by the plan that is more beneficial to you than the recommended or requested service.
  - The treating physician certifies in writing:
    - The recommended service is likely to be more beneficial to you, in the physician's opinion, than any available standard services; or
    - Scientifically valid studies using accepted protocols demonstrate the service is likely to be more beneficial to you than any available standard services and the physician is a licensed, board certified or board eligible physician qualified to practice in the area of medicine appropriate to treat your condition.
- The internal appeals process has been exhausted as specified under the "Exhaustion of remedies" section;
- You have provided all information required to process an *external review*; including:
  - An *external review* request form provided with the *adverse benefit determination* or *final adverse benefit determination*; and
  - Release forms authorizing us to disclose protected health information that is pertinent to the *external review*.

Post-service claim means any claim for a benefit under a *group health plan* that is not a *pre-service claim*.

Pre-service claim means a request for authorization of a benefit for which the plan conditions receipt of the benefit, in whole or in part, on advance approval.

Urgent-care claim means a claim for covered services to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the covered person or the ability of the covered person to regain maximum function; or
- In the opinion of a physician with knowledge of the covered person's medical condition, would subject the covered person to severe pain that cannot be adequately managed without the service that is the subject of the claim.

Humana will make a determination of whether a claim is an *urgent-care claim*. However, any claim a physician, with knowledge of a covered person's medical condition, determines is an "*urgent-care claim*" will be treated as a "claim involving urgent care."

Claim procedures

Discretionary authority

With respect to paying claims for benefits or determining eligibility for coverage under a policy issued by Humana, Humana as administrator for claims determinations and as ERISA claims review fiduciary, shall have full and exclusive discretionary authority to:

- Interpret plan provisions;
- Make decisions regarding eligibility for coverage and benefits; and
- Resolve factual questions relating to coverage and benefits.

Submitting a claim

This section describes how a *claimant* files a claim for plan benefits. A claim must be filed in writing and delivered by mail, postage prepaid, by FAX or e-mail. A request for pre-authorization may be filed by telephone. The claim or request for pre-authorization must be submitted to Humana or to Humana's designee at the address indicated in the covered person's benefit plan document or identification card. This is particularly important with respect to mental health coordinators and other providers to whom Humana has delegated responsibility for claims administration. Claims will be not be deemed submitted for purposes of these procedures unless and until received at the correct address.

Claims submissions must be in a format acceptable to Humana and compliant with any legal requirements. Claims not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic claims standards will not be accepted by Humana.

Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, and in no event later than the period of time described in the benefit plan document.

Claims submissions must be complete and delivered to the designated address. At a minimum they must include:

- Name of the covered person who incurred the covered expense;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

Presentation of a prescription to a pharmacy does not constitute a claim for benefits under the plan. If a covered person is required to pay the cost of a covered prescription drug, he or she may submit a written claim for plan benefits to Humana.

A general request for an interpretation of plan provisions will not be considered a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of the plan, should be directed to the plan administrator.

Failure to provide necessary information

If a *pre-service claim* submission is not made in accordance with the plan's requirements, Humana will notify the *claimant* of the problem and how it may be remedied within five days (or as soon as possible but not more than 24 hours, in the case of an *urgent-care claim*). If a *post-service claim* is not made in accordance with the plan's requirements, it will be returned to the submitter.

Authorized representatives

A covered person may designate an authorized representative to act on his or her behalf in pursuing a benefit claim, an internal appeal or an *external review*. The designation must be in writing and must be made by the covered person on Humana's Appointment of Representation (AOR) Form. The date of the covered person's signature must be on or after the denial of the disputed claims, approvals, or authorization. An assignment of benefits does not constitute designation of an authorized representative.

Humana's AOR Form must be submitted to Humana at the time or prior to the date an authorized representative commences a course of action on behalf of the covered person. At the same time, the authorized representative should also provide notice of commencement of the action on behalf of the covered person to the covered person, which Humana may verify with the covered person prior to recognizing authorized representative status.

When a health care provider intends to appeal on behalf of the covered person for a non-urgent care claim, the provider must indicate in their appeal request that they are appealing on behalf of the covered person and include a completed Humana AOR form. If an AOR form is not included with the request, the form will be sent to the provider.

In any event, a health care provider with knowledge of a covered person's medical condition acting in connection with an *urgent-care claim* will be recognized by the plan as the covered person's authorized representative.

Covered persons should carefully consider whether to designate an authorized representative. An authorized representative may make decisions independent of the covered person, such as whether and how to appeal a claim denial.

Claims decisions

After a determination on a claim is made, Humana will notify the *claimant* within a reasonable time, as follows:

- ***Pre-service claims*** - Humana will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than 15 days after the plan receives the claim.

  This period may be extended by an additional 15 days, if Humana determines the extension is necessary due to matters beyond the control of the plan. Before the end of the initial 15-day period, Humana will notify the *claimant* of the circumstances requiring the extension and the date by which Humana expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the *claimant* will have at least 45 days from the date the notice is received to provide the necessary information.

- ***Urgent-care claims*** - Humana will determine whether a particular claim is an *urgent-care claim*. This determination will be based on information furnished by or on behalf of a covered person. Humana will exercise its judgment when making the determination with deference to the judgment of a physician with knowledge of the covered person's condition. Humana may require a *claimant* to clarify the medical urgency and circumstances supporting the *urgent-care claim* for expedited decision-making.

  Notice of a favorable or *adverse benefit determination* will be made by Humana as soon as possible, taking into account the medical urgency particular to the covered person's situation, but not later than 24 hours after receiving the *urgent-care claim*.

  If a claim does not provide sufficient information to determine whether, or to what extent, services are covered under the plan, Humana will notify the *claimant* as soon as possible, but not more than 24 hours after receiving the *urgent-care claim*. The notice will describe the specific information necessary to complete the claim. The *claimant* will have a reasonable amount of time, taking into account the covered person's circumstances, to provide the necessary information – but not less than 48 hours.

  Humana will provide notice of the plan's *urgent-care claim* determination as soon as possible but no more than 48 hours after the earlier of:

  - The plan receives the specified information; or
  - The end of the period afforded the *claimant* to provide the specified additional information.

- ***Concurrent-care decisions*** - Humana will notify a *claimant* of a *concurrent-care decision* involving a reduction or termination of pre-authorized benefits sufficiently in advance of the reduction or termination to allow the *claimant* to appeal and obtain a determination.

  Humana will decide *urgent-care claims* involving an extension of a course of treatment as soon as possible taking into account medical circumstances. Humana will notify a *claimant* of the benefit determination, whether adverse or not, within 24 hours after the plan receives the claim, provided the claim is submitted to the plan 24 hours prior to the expiration of the prescribed period of time or number of treatments.

- ***Post-service claims*** - Humana will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than 30 days after the plan receives the claim.

  This period may be extended an additional 15 days, if Humana determines the extension is necessary due to matters beyond the plan's control. Before the end of the initial 30-day period, Humana will notify the affected *claimant* of the extension, the circumstances requiring the extension and the date by which the plan expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the *claimant* will have at least 45 days from the date the notice is received to provide the specified information. Humana will make a decision on the earlier of the date on which the *claimant* responds or the expiration of the time allowed for submission of the requested information.

Initial denial notices

Notice of a claim denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time frames noted above. With respect to adverse decisions involving *urgent-care claims*, notice may be provided to *claimants* orally within the time frames noted above. If oral notice is given, written notification must be provided no later than three days after oral notification.

A claims denial notice will convey the specific reason for the *adverse benefit determination* and the specific plan provisions upon which the determination is based. The notice will also include a description of any additional information necessary to perfect the claim and an explanation of why such information is necessary. The notice will disclose if any internal plan rule, protocol or similar criterion was relied upon to deny the claim and a copy of the rule, protocol or similar criterion will be provided to *claimants*, free of charge. In addition to the information provided in the notice, a *claimant* has the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

The notice will describe the plan's review procedures and the time limits applicable to such procedures, including a statement of the *claimant's* right to bring a civil action under ERISA Section 502(a) following an *adverse benefit determination* on review.

If an *adverse benefit determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In the case of an adverse decision of an *urgent-care claim*, the notice will provide a description of the plan's expedited review procedures.

Internal appeals and external review of adverse benefit determinations

Internal appeals

A *claimant* must appeal an *adverse benefit determination* within 180 days after receiving written notice of the denial (or partial denial). An appeal may be made by a *claimant* by means of written application to Humana, in person, or by mail, postage prepaid.

A *claimant*, on appeal, may request an expedited internal appeal of an adverse *urgent-care claim* decision orally or in writing. In such case, all necessary information, including the plan's benefit determination on review, will be transmitted between the plan and the *claimant* by telephone, FAX, or other available similarly expeditious method, to the extent permitted by applicable law.

A *claimant* may request an expedited *external review* at the same time a request is made for an expedited internal appeal of an *adverse benefit determination* for an *urgent-care claim* or when you are receiving an ongoing course of treatment.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by the *claimant* relating to the claim.

On appeal, a *claimant* may review relevant documents and may submit issues and comments in writing. A *claimant* on appeal may, upon request, discover the identity of medical or vocational experts whose advice was obtained on behalf of the plan in connection with the *adverse benefit determination* being appealed, as permitted under applicable law.

If the claims denial is based in whole, or in part, upon a medical judgment, including determinations as to whether a particular treatment, drug, or other service is experimental, investigational, or not medically necessary or appropriate, the person deciding the appeal will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial appeal or a subordinate of that person.

If new or additional evidence is relied upon or if new or additional rational is used during the internal appeal process, Humana will provide the *claimant*, free of charge, the evidence or rational as soon as possible and in advance of the appeals decision in order to provide the *claimant* a reasonable opportunity to respond.

Time periods for decisions on appeal

Appeals of claims denials will be decided and notice of the decision provided as follows:

- ***Urgent-care claims*** - As soon as possible but not later than 72 hours after Humana receives the appeal request;
- ***Pre-service claims*** - Within a reasonable period but not later than 30 days after Humana received the appeal request;
- ***Post-service claims*** - Within a reasonable period but not later than 60 days after Humana receives the appeal request;
- ***Concurrent-care decisions*** - Within the time periods specified above depending on the type of claim involved.

Appeals denial notices

Notice of a claim denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time periods noted above.

A notice that a claim appeal has been denied will include:

- The specific reason or reasons for the *adverse benefit determination*;
- Reference to the specific plan provision upon which the determination is based;
- If any internal plan rule, protocol or similar criterion was relied upon to deny the claim. A copy of the rule, protocol or similar criterion will be provided to the *claimant*, free of charge;
- A statement of the *claimant's* right to *external review*, a description of the *external review* process, and the forms for submitting an *external review* request, including release forms authorizing Humana to disclose protected health information pertinent to the *external review*;
- A statement about the *claimant's* right to bring an action under §502(a) of ERISA;

- If an *adverse benefit determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In addition to the information provided in the notice, a *claimant* has the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

Exhaustion of remedies

Upon completion of the internal appeals process under this section, a *claimant* will have exhausted his or her administrative remedies under the plan. If Humana fails to adhere to all requirements of the internal appeal process, except for failures that are based on a minimal error, the claim shall be deemed to have been denied and the *claimant* may request an *external review*.

After exhaustion of remedies, a *claimant* may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. Additional information may be available from the local U.S. Department of Labor Office.

External review

Within four months after a *claimant* receives notice of an *adverse benefit determination* or *final adverse benefit determination* the *claimant* may request an *external review* if the determination concerns treatment that is experimental, investigational, not medically necessary, the determination concerns a rescission of coverage, or for claims protected under the Federal No Surprises Act. The request for *external review* must be made in writing to the *commissioner*. Please refer to the section titled "Expedited external review" if the *adverse benefit determination* involves an *urgent-care claim* or an ongoing course of treatment.

Within one business day after the receipt of a request for *external review*, the *commissioner* will send a copy of the request to Humana. Within five business days, we will complete a *preliminary review* of the request.

Within one business day after we complete the *preliminary review*, we will notify the *claimant* and the *commissioner* in writing whether:

- The request is complete and is eligible for *external review*;
- The request is not complete and the information or materials needed to make the request complete; or
- The request is not eligible for *external review*, the reasons for ineligibility and the *claimant's* right to appeal to the *commissioner*. If appealed, the *commissioner* may determine that the request is eligible for *external review*.

Within one business day after the *commissioner* receives notice that the request is eligible for *external review*, the *commissioner* will:

- Impartially assign an *IRO* from a list compiled and maintained by the *commissioner* to conduct the *external review*;
- Provide Humana with the name of the *IRO*. Within five business days after the date of receipt of this notice, we will provide the *IRO* with all documents and information we considered in making the *adverse benefit determination* or *final adverse benefit determination*;
- Notify the *claimant* in writing of the following:
    - The eligibility of the request and acceptance for *external review*; and
    - The right to submit additional information in writing to the *IRO* and the time limits to submit the information.

Any information received by the *IRO* will be forwarded to Humana within one business day of receipt. Upon receipt of additional information, we may reconsider the *adverse benefit determination* or *final adverse benefit determination*. If we reverse the *adverse benefit determination* or *final adverse benefit determination*, the *external review* will be terminated and we will provide coverage for the service. We will immediately notify the *claimant*, the *IRO*, and the *commissioner* in writing of our decision.

The *IRO* will review all of the information received including, if available and considered appropriate the following:

- Your medical records;
- The attending healthcare professional's recommendation;
- Consulting reports from appropriate healthcare professionals and other documents submitted by Humana, the *claimant*, and treating provider;
- The terms of the coverage under the plan;
- The most appropriate practice guidelines, which will include applicable *evidence-based standards* and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
- Any applicable clinical review criteria developed and used by Humana; and
- The opinion of the *IRO's clinical peer reviewer* or reviewers after considering the information and documents listed above.

If the *external review* involves experimental or investigational treatment, within one business day after the *IRO* receives notice of assignment to conduct the *external review*, the *IRO* will select one or more *clinical peer reviewers* to conduct the *external review*. The *clinical peer reviewer* will review all of the information and within 20 days after being selected, will provide a written opinion to the *IRO* on whether the service should be covered. The written opinion will include:

- A description of the medical condition;
- A description of the indicators relevant to determining whether there is sufficient evidence to demonstrate that the service is more likely than not to be beneficial to you than any available standard services;
- The adverse risks of the service would not be substantially increased over those of available standard services;
- A description and analysis of any *medical or scientific evidence*, or *evidence-based standard* considered in reaching the opinion;
- Information on whether the reviewer's rationale for the opinion is based on either:
  - The service has been approved by the federal Food and Drug Administration, if applicable, for the condition; or
  - *Medical or scientific evidence* or *evidence-based standards* demonstrate that the expected benefits of the service is more likely than not to be beneficial to you than any available standard health care service and the adverse risks of the service would not be substantially increased over those of available standard services.

The *IRO's* decision to either uphold or reverse the *adverse benefit determination* or *final adverse benefit determination* will be provided in writing to the *claimant*, the *commissioner* and Humana within:

- 20 days after receipt of each *clinical peer reviewer* opinion for an experimental or investigational treatment; or
- 45 days after receipt of the request for an *external review*.

In the case of experimental or investigational treatment, if a majority of *clinical peer reviewers* recommend the service should be covered, the *IRO* will make a decision to reverse the *adverse benefit determination* or *final adverse benefit determination*. If a majority of *clinical peer reviewers* recommend the service should not be covered, the *IRO* will make a decision to uphold the *adverse benefit determination* or *final adverse benefit determination*. If the *clinical peer reviewers* are evenly split, the *IRO* will obtain the opinion of an additional *clinical peer reviewer* in order for the *IRO* to make a decision.

The *IRO's* written notice of the decision will include:

- A general description of the reason for the request for *external review*;
- The date the *IRO* received the assignment from the *commissioner* to conduct the *external review*;
- The date the *external review* was conducted;
- The date of the *IRO's* decision;
- The principal reason for the decision, including applicable *evidence-based standards*, if any, used as a basis for the decision;
- The rationale for the decision;
- References to the evidence or documentation, including the *evidence-based standards*, considered in reaching the decision; and
- In the case of experimental or investigational treatment, the written opinion and rational for the recommendation of each *clinical peer reviewer*.

Immediately upon our receipt of the *IRO's* decision reversing the *adverse benefit determination* or *final adverse determination*, we will approve the service.

Expedited external review

You may request an expedited *external review* from the *commissioner*:

- At the same time you request an expedited internal appeal of an *adverse benefit determination* for an *urgent-care claim* or when you are receiving an ongoing course of treatment; or
- When you receive an *adverse benefit determination* or *final adverse benefit determination* of:
    - An *urgent-care claim*;
    - An admission, availability of care, continued stay or health care service for which you received emergency services, but you have not been discharged from the facility; or
    - An experimental or investigational treatment if the treating physician certifies, in writing, that the recommended service would be significantly less effective if not promptly initiated.

The *commissioner* will immediately send a copy of the request to Humana and upon receipt; we will immediately complete a *preliminary review* of the request. We will immediately notify the *claimant* and the *commissioner* of the *preliminary review* determination. If we determine the request is not eligible, the notice will advise you of your right to appeal to the *commissioner*. If appealed, the *commissioner* may determine that the request is eligible for *external review*.

Immediately after the commissioner receives notice that the request is eligible for *external review*, the *commissioner* will:

- Impartially assign an *IRO* to conduct the expedited *external review*.
- Provide Humana with the name of the *IRO* and we will immediately provide the *IRO* with all necessary documents and information.

The *IRO* will review all of the information received including, if available and considered appropriate, the following:

- Your medical records;
- The attending healthcare professional's recommendation;
- Consulting reports from appropriate healthcare professionals and other documents submitted by Humana, the *claimant* and treating provider;
- The terms of the coverage under the plan;
- The most appropriate practice guidelines, which will include *evidence-based standards* and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
- Any applicable clinical review criteria developed and used by Humana; and
- The opinion of the *IRO's clinical peer reviewer* or reviewers after considering the information and documents listed above.

If the expedited *external review* request involves experimental or investigational treatment, within one business day after the *IRO* receives notice of assignment to conduct the *external review*, the *IRO* will select one or more *clinical peer reviewers* to conduct the *external review*. The *clinical peer reviewer* will:

- Review all of the information noted above including whether:
  - The recommended service has been approved by the federal Food and Drug Administration, if applicable, for the condition; or
  - Medical or scientific evidence or *evidence-based standards* demonstrate that the expected benefits of the recommended service is more likely than not to be beneficial to you than any available standard service and the adverse risks of the recommended service would not be substantially increased over those of available standard services.
- Provide an opinion to the *IRO* as expeditiously as your condition or circumstances require, but in no event more than five calendar days after being selected.

The *IRO's* decision to either uphold or reverse the *adverse benefit determination* or *final adverse benefit determination* will be provided orally or in writing to the *claimant*, the *commissioner* and Humana within:

- 48 hours after receipt of each *clinical peer reviewer* opinion of an expedited *external review* for an experimental or investigational treatment; or
- 72 hours after the date of receipt of the request for an expedited *external review.*

In the case of experimental or investigational treatment, if a majority of *clinical peer reviewers* recommend the service should be covered, the *IRO* will make a decision to reverse the *adverse benefit determination* or *final adverse benefit determination*. If a majority of *clinical peer reviewers* recommend the service should not be covered, the *IRO* will make a decision to uphold the *adverse benefit determination* or *final adverse benefit determination*. If the *clinical peer reviewers* are evenly split, the *IRO* will obtain the opinion of an additional *clinical peer reviewer* in order for the *IRO* to make a decision.

The *IRO* will send written confirmation within 48 hours of an oral decision and will include:

- A general description of the reason for the request for an expedited *external review*;
- The date the *IRO* received the assignment from the *commissioner* to conduct the expedited *external review*;
- The date the expedited *external review* was conducted;
- The date of the *IRO's* decision;
- The principal reason for the decision, including applicable *evidence-based standards*, if any, used as a basis for the decision;
- The rationale for the decision;
- References to the evidence or documentation, including the *evidence-based standards*, considered in reaching the decision, except in the case of experimental or investigational treatment; and
- In the case of experimental or investigational treatment, the written opinion and rational for the recommendation of each *clinical peer reviewer*.

Immediately upon receipt of the *IRO's* decision reversing the *adverse benefit determination* or *final adverse benefit determination*, we will approve the service.

Legal actions and limitations

No lawsuit may be brought with respect to plan benefits until all remedies under the plan have been exhausted.

No lawsuit with respect to plan benefits may be brought after the expiration of the applicable limitations period stated in the benefit plan document. If no limitation is stated in the benefit plan document, then no such suit may be brought after the expiration of the applicable limitations under applicable law.
