## **PREAMBLE**

The New Albany-Floyd County Consolidated School Corporation recognizes: (a) that education is important to citizenship; (b) that students have rights of citizenship as delineated in the U.S. Constitution and its amendments; and (c) that citizenship rights must not be abridged, obstructed, or in other ways altered, except in accordance with due process or other relevant provisions of law.

Just as in our democratic society at large, the foundation and success in public school education depends on the balance of individual rights and individual responsibilities. Certain standards of student conduct are necessary to assure that individuals seeking to express their rights do not at the same time infringe upon the rights of others. Self-discipline, which comes from understanding this balance of rights and responsibilities, is essential in any democracy. The schools believe that self-discipline is promoted not only through instruction about our representative form of government, but also through practicing democracy in the schools, in the home, and throughout the community.

Those enjoying the benefits of citizenship in the school community must also accept the responsibilities of school citizenship. A democratic school must have rules and regulations just as must the larger democratic society. It is the responsibility of students, parents, educators and the community to work to establish rules and regulations which promote the best possible learning environment for all those involved in the educational process. Not only should the school environment provide equal opportunity for all, it should also permit the teaching-learning process to proceed in an orderly manner.

In an effort to create a more democratic school society, the Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has outlined some of the basic principles which will allow self-disciplined students to better govern themselves within the total school environment. These policy statements made by the Board of School Trustees are summarized below under eight main headings: (I) Basic Rights and Responsibilities of Students, (II) Enforcement of Rules and Regulations, (III) Procedure for Handling Suspensions and Expulsions from School, (IV) School Safety Policy, (V) Driver's License Policy, (VI) School Bus Safety Code, and (VII) Telecommunication.

As set out in Indiana law, I.C. 20-33-8, in all matters relating to the discipline and conduct of students, School Corporation personnel stand in the relation of parents and guardians to the students of the School Corporation. Therefore, School Corporation personnel have the right, subject to Indiana law, to take any disciplinary action necessary to promote student conduct that conforms to an orderly and effective educational system. Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment.

## **I. BASIC FREEDOMS AND RESPONSIBILITIES OF STUDENTS**

### **1. Freedom of Speech and Assembly**

- a.** The School Corporation recognizes students' constitutional rights to free expression. While participating in, or present at, any school activity or any school sponsored extracurricular activity, students may not engage in speech (spoken or written) or conduct (including by wearing clothing, jewelry, or hairstyles) that: is obscene, lewd, vulgar, indecent or plainly offensive ; actually or is reasonably be expected to substantially disrupt the school; promotes alcohol or other illegal drug use; incites imminent lawless action; threatens violence; asserts false statements of fact about another person or entity; or expresses school sponsored speech that is inconsistent with educational interests.
- b.** The School Corporation recognizes students' freedom to assemble peacefully. Conducting demonstrations which interfere with the operation of the school or classroom is inappropriate and prohibited. All student meetings in

school buildings or on school grounds may function only as a part of the formal educational process or as authorized by the school principal. In considering such requests, the principal shall not unlawfully withhold permission based on the identity of the speaker or viewpoint being expressed. The use of obscenities is prohibited. Violence, threats of violence and possession, use or threatened use, of weapons are prohibited.

## **2. Freedom to Publish**

- a. Students may edit, publish, and distribute printed, handwritten, or duplicated matter among their fellow students within the schools. Students must assume the responsibility for the content of such publications or handwritten opinions. The distribution of such material must not interfere with, or disrupt, the educational process, learning environment, or endanger the safety of students and employees. Such material must include the name of any student author(s) and distributor(s). Students may not write, edit, publish, or distribute materials that violate I.1.a above in school, on school grounds, at any school sponsored functions, or at any time while under the supervision of school personnel.

## **3. Search and Seizure**

- a. A student has no expectation of privacy in a school locker, desk or other area assigned to the student for use, or in the contents of those assigned areas.
- b. The school principal or designee may search a student's locker, desk, or other assigned area at any time without reasonable suspicion.
- c. Other than a general search of student lockers, desks, or other assigned areas, any search shall be, where appropriate as deemed by the principal, conducted in the presence of the student whose locker is the subject of the search.
- d. A law enforcement officer with appropriate jurisdiction may, at the request of the school principal, assist the

school administration in searching such a locker and its contents.

- e. The principal or designee may search the person or property of a student, with or without the student's consent, whenever they have reasonable suspicion to suspect that the search is required to discover evidence of a violation of law or of schools' rules. The extent and conduct of a search will be governed by the student's age, gender, and the nature of the infraction. Strip searches are prohibited.
- f. To combat escalating school violence and the potential presence of weapons in our schools, and in accordance with School Corporation policy and procedures, the School Corporation may utilize metal detectors, including, but not limited to, wands for random and reasonable suspicion-based searches to detect firearms, knives, and other weapons.
- g. Permission for a student to bring a vehicle on school property shall be conditional upon consent of the search of the vehicle and all containers inside the vehicle by an administrator without individualized reasonable suspicion. The student and the owner of the vehicle shall have no expectation of privacy in any vehicle or in the contents of any vehicle on school property. The Superintendent shall prepare a written agreement consistent with this Policy to be signed each school year by each student driving to school and the owner of each vehicle driven to school. Each vehicle brought on school property by a student shall display a decal showing that the written agreement permitting the search of that vehicle has been signed.

Student vehicles parked off school property but falling within the scope of this Policy shall be subject to search by a school administrator with individualized reasonable suspicion.

- h. In an effort to promote a drug-free campus and to protect the district's educational purposes, including campus safety and health of the district's faculty, staff, and students, the district may routinely direct local law enforcement to conduct random searches of lockers, classrooms, and school parking lots. During those partnerships, the Board has authorized the use of

specially trained dogs to locate and detect the presence of weapons and prohibited drugs on school property.

- i. Anything found in the course of a search pursuant to this Policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed or turned over to an appropriate law enforcement authority.

#### **4. Identification**

It is the responsibility of all persons, upon request, to identify themselves to proper school authorities in the school buildings, on school grounds, or at school sponsored events.

#### **5. Student Conduct at Events on and Off School Grounds and at Other Times When Not at School**

- a. The New Albany-Floyd County Consolidated School Corporation has adopted a School Safety Policy governing students who commit, attempt to commit, or threaten aggressive acts toward persons (students, employees or visitors) or property. This Policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function or event and while traveling to and from school or a school activity, function or event. This Policy may also apply when a student's conduct is unlawful and may reasonably be considered to be interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts may be suspended and may be expelled for up to one (1) school year or one (1) calendar year, as set out in Article II, herein.
- b. Students are required to observe school rules and regulations and to be subject to the authority of school officials at school events, whether on or off school

grounds. Students are required to be courteous and obedient in response to all reasonable orders from school personnel at school events, whether on or off school grounds.

## 9. ANTI-BULLYING

Bullying is **prohibited** by the School Corporation. Students who commit any acts of bullying are subject to discipline, including but not limited to suspension, expulsion, arrest, and/or prosecution.

### Definition

"Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted

student, creating for the targeted student an objectively hostile school environment that results in one or more of the following:

- (1) places the targeted student in reasonable fear of harm to his or her person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance;
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the Corporation.

Bullying does **not** include, and should not be interpreted to impose any burden or sanction on, any of the following:

- a) participating in a religious event;
- b) acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
- c) participating in an activity consisting of the exercise of a student's freedom of speech rights;
- d) participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
- e) participating in an activity undertaken at the prior written direction of the student's parent; and
- f) engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

"Bullying," as defined by this policy and state law, does **not** include actions involving employees.

### **Applicability**

The Corporation prohibits bullying in all forms. This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the Corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment. The Corporation prohibits bullying through the use of data or computer software that is accessed through any computer, computer system, or computer network.

Bullying behaviors based on the targeted individual's race, color, national origin, sex, gender, religion, or disability may be investigated and processed according to the Nondiscrimination/Anti-Harassment Policy.

## **Education**

The Corporation will provide training and/or instruction on anti-bullying prevention and policy to all students in grades 1 through 12, as well as employees, in accordance with Indiana law.

## **Reporting**

Anyone who believes that a student has possibly been or is the victim of bullying is encouraged to **immediately** report the situation to an appropriate employee such as a teacher, school counselor, or administrator (including the Superintendent). All employees, volunteers, and contracted service providers who observe or receive a report of suspected bullying shall notify a designated school administrator in charge of receiving reports of suspected bullying within the same day. If an employee does not know who to make a report to, he or she should report directly to the building principal or Superintendent. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law (where the bullying constitutes child abuse, neglect, or other violation of law), such as when an employee believes that a student is the victim of abuse or neglect. Any person who makes a report of bullying and requests to remain anonymous will not be personally identified as the reporter or complainant to extent permitted by law. The Corporation will act appropriately to discipline employees, volunteers, or contracted service providers who receive a report of bullying and fail to initiate or conduct an investigation of a

bullying incident, and for persons who falsely report an incident of bullying. The Corporation will act appropriately to discipline students, employees, visitors, or volunteers who make false reports of bullying.

## **Investigation**

Once a report of suspected bullying is received by the designated school administrator, an investigation shall follow. The investigation should be facilitated by the designated school administrator or other appropriate school employees.

## **Intervention/Responses**

If a report of suspected bullying is substantiated through an investigation, then the Corporation shall take appropriate intervention and responses as consistent with policy and procedure. The Corporation will take prompt and effective steps reasonably calculated to stop the bullying, remedy the bullying, and prevent the bullying from recurring. Interventions and responses include, but are not limited to: separating the bully and the target; follow-up school counseling for the target; bullying education for the bully; and prompt disciplinary action against the bully. These steps should not penalize the target of the bullying. Disciplinary actions against the bully may include, but are not limited to: suspension and expulsion for students. Also, if the acts of bullying rise to the level of serious criminal offense the matter may be referred to law enforcement. The Corporation shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

## **Parental Involvement**

Parents are encouraged to be involved in the process of minimizing bullying. Parents should report suspected acts of bullying to an appropriate school

official. In addition, parents of students suspected of bullying will be notified with a phone call or through other appropriate means of communication. Conversely, parents of students suspected of being the target of acts of bullying will also be notified with a phone call or through other means of appropriate communication.

Each school within the Corporation will record and report to the Superintendent or his or her designee the frequency of bullying incidents in the following categories: verbal bullying, physical bullying, social/relational bullying, and electronic/written communication bullying (or a combination of two or more of the above categories). The Superintendent or his or her designee shall report the number of bullying incidents by category for each school and the entire corporation for each school term to the Indiana Department of Education by July 1.

## **10. Human Dignity Policy**

It is the Policy of the School Corporation that all employees, parents/guardians, students and members of the community should be treated and should treat others with courtesy, fairness and decency. Respect for the dignity and worth of every member of the school community must be recognized and promoted in the School Corporation. Accordingly, it is a violation of Board Policy to degrade, demean,

harass, haze, bully, stereotype or ridicule any person..

## **11. Charges by a Parent/Student**

When a student or his/her parents believe that the student is being improperly treated, or improperly denied participation in any educational function of the School Corporation, or is being subjected to an illegal rule or standard, as provided by the statutes of the State of Indiana or applicable statutes of the United States, or by the Constitutions of the State of Indiana or of the United States, they may file a signed complaint form with the administration and if unable to work out their problems with the administrative staff, they shall be entitled to initiate a conference with the Superintendent or designee by filing a charge with the Superintendent in the same manner as a charge is initiated by the principal under Article III of this Guide. Parents can contact the Assistant to the Superintendent for Administration and Operation or the Director of Human Resources to obtain a corporation complaint form.

## **12. Notification of Rights under the Family Educational Rights and Privacy Act (FERPA)**

Student records maintained by the New Albany-Floyd County Consolidated School

School Corporations are governed by laws including the Family Education Rights and Privacy Act ("FERPA"). FERPA affords parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to student education records. They are:

- a. The right to inspect and review the student's records within forty-five (45) days of the day the School Corporation receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- b. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School Corporation to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Corporation decides not to amend the record as requested by the parent or eligible student, the School Corporation will

notify the parent or eligible student of the decision and inform them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the School Corporation as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School Corporation has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official

needs to review an education record in order to fulfill his or her professional responsibility. Under certain circumstances, education records may be disclosed to a state or local juvenile justice agency. Also, federal law requires the school corporation to release a student's name, address and telephone listing to military recruiters unless the parent requests that such records not be released. Upon request, the School Corporation will disclose education records without consent to officials of another school corporation in which a student seeks or intends to enroll.

- d. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School Corporation to comply with the requirements of FERPA. Parents and eligible students who wish to file a complaint under FERPA should do so by submitting the complaint form found at [www.studentprivacy.ed.gov/file-a-complaint-electronically to FERPA.Complaints@ed.gov](http://www.studentprivacy.ed.gov/file-a-complaint-electronically-to-FERPA.Complaints@ed.gov). Alternatively, individuals may print out the form, sign, and mail to the following address:

U.S. Department of  
Education

Student Privacy  
Policy Office  
400 Maryland Ave.,  
SW  
Washington, DC  
20202-8520

**Directory Information:** The School Corporation has classified the following information about individual students as “Directory Information”:

Name; address; telephone listing; date and place of birth; school enrolled in; photograph or videotape not used in a disciplinary matter; student work displayed at the discretion of the teacher with no grade displayed; academic majors and minors; participation in any officially recognized activities or sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; recognition of service or achievement; and the most recent previous educational agency or institution attended. The School Corporation may disclose any of those items without prior written consent, unless notified in writing to the contrary by the following procedure:

If a parent/ guardian or eligible student does not wish to have some of the above listed Directory Information items released without prior parent’s or eligible student’s consent, such parent or eligible student must submit a written signed statement indicating that consent must be secured to: Chief of Human Resources, 2813 Grant Line Road, New Albany, Indiana 47150. Such statement must be submitted not later than October 15 of a school year or within thirty

(30) days of the student's initial enrollment for the school year.

**Release of Information to the Military:** Federal law requires schools to provide high school juniors and seniors' names, addresses, and telephone numbers to military recruiters. Parents may opt out of this disclosure of directory information to military recruiters by delivering the request in writing to the school within fourteen days of the start of school or within fourteen days of enrolling their student.

### **13. Screening for Health Concerns**

In the course of each school year, the School Corporation provides the opportunity for students at some grade levels, or in some programs to be screened for possible health concerns which could adversely affect a student's performance in the educational program of the School Corporation, including, but not limited to hearing and sight. If parents or guardians do not wish to have their child or ward screened for these possible health concerns because of religious beliefs, such parents or guardians must submit to the building principal a written signed statement indicating that the parent objects on religious grounds.

### **14. Student Insurance**

Unless proven negligent, the School Corporation and School Corporation

personnel assume no financial responsibility for medical expenses, treatment or damages resulting from injuries sustained by students while participating in any School Corporation sponsored educational program, or practicing for or participating in athletics, or any other school activity. The School Corporation makes student accident insurance available through a commercial insurance carrier; the protection and limitations are stated in the policy. Enrollment in this student accident insurance program is voluntary. If parents decide not to enroll in the student accident insurance program, it is the parents' responsibility to provide appropriate insurance, or to assume the risk of possible financial responsibility inherent in having their child participate in any school activities. Individual schools may request that parents provide the name of the company carrying the family's health and accident insurance, in order for school officials to have this information in cases of medical emergency.

#### **15. Lost, Stolen, or Damaged Student-Owned Property**

The School Corporation and School Corporation personnel assume no financial responsibility for lost, stolen or damaged student-owned property while such property is on the school grounds, or

is being used at any school related activity off school grounds.

#### **16. Unsupervised Students on School Property**

The School Corporation and its employees assume no responsibility for the safety of students who are on school property at times when they are not involved in a school activity under the direct supervision of School Corporation personnel.

#### **17. Administration of Medications**

The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child has a disability and as a result, requires medication to benefit from his/her educational program.

All medication needed during school hours or at school functions that are supervised by school staff, except those subject to I.C. 20-33-8-13 (student possession and self-administration), will be administered by the nurse, administrator, or designated trained staff under the following conditions:

1. A written authorization form for medication administration must be completed by the parent/guardian and be on file before any medication transported to the health clinic

(prescription or non-prescription) will be administered.

- a. Medication shall be administered in accordance with the instructions printed on the bottle (in the case of non-prescription medicine) or the physician's order (on the case of prescription medicine).
  - b. The consent of the parent shall be valid only for the period specified on the consent form and in no case longer than the current school year.
2. All non-prescription medicine must be kept in its original container accompanied by the package label or package information.
3. All prescription medicine, including medication administered by injection, emergency medication (i.e. Epinephrine, Glucagon), and diabetes monitoring of a student must be accompanied by a physician's order, which is current and correct to the way that the student is to receive the medicine. The nurse may require additional information prior to administering medication.
4. All medication administration will be documented and kept on file in the health office.
5. If the medication is to be terminated prior to the date on the prescription, a withdrawal of consent of the parent is required. The written consent of the parent and the written order of the

physician shall be kept on file in the health office.

The Corporation does not honor requests by parents or physicians to administer over-the-counter herbs, minerals and vitamins and other homeopathic products as there is currently no standardization relative to these products and no FDA approval and guidelines.

Any unused medication which is unclaimed by the parent will be destroyed by the Corporation when a prescription is no longer to be administered according to the authorization form, or at the end of the school year.

All designated staff responsible for administering medication to students will be trained by a registered nurse on the proper administration of medication and/or diabetes care. A record of this training will be kept on file in the health office.

All medication, both prescription and non-prescription, must be brought into the nurse's office by a parent or guardian. Only students meeting the criteria of Indiana code who have valid medical authorization and parent permission on file in the school office will be permitted to carry medications and self-administer such substances. These exceptions are explicitly stated in the law and detailed below.

Indiana law permits an individual or entity in a position to assist an individual who, there is reason to believe, is at risk of experiencing an opioid-related overdose, to administer an overdose intervention drug to an individual who is suffering an overdose.

The Corporation, in good faith, believes it is an entity in a position to assist an individual who there is a

reason to believe is at risk of experiencing an opioid-related overdose; therefore, it may obtain an overdose intervention drug from a prescriber or entity acting under a standing order issued by a prescriber and may maintain such intervention drug on-site in school facilities to provide such assistance.

### **Chronic Disease or Medical Condition**

In accordance with Indiana statute, a student with a chronic disease or medical condition may possess and self-administer medication for the chronic disease or medical condition on school grounds immediately before or during school hours, or immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; or traveling to or from school for a school activity, function, or event, if the following conditions are met:

1. The student's parent has filed an authorization with the student's principal for the student to possess and self-administer the medication. The authorization must include the physician's statement described below in #2.
2. A physician states in writing that:
  - a. the student has an acute or chronic disease or medical condition for which the physician has prescribed medication;
  - b. the student has been instructed in how to self-administer the medication; and
  - c. the nature of the disease or medical condition requires emergency administration of the medication.

The authorization and statement described in subsection (2) must be filed with a student's principal annually.

Students with diabetes, seizures, or chronic diseases shall be appropriately accommodated per Indiana statutes. An appropriate plan for the student, which may be a Section 504 Plan, individual health plan, or IEP, will be developed and implemented.

### **Transportation of Medications by Students**

Medication that is possessed by a school for administration during school hours or at school functions for a student may be released to:

1. The student's parent or guardian;
2. An individual who is at least eighteen years of age and designated in writing by the student's parent or guardian to receive the medication; or

### **Do Not Resuscitate (DNR) Orders / Physician Orders for Scope of Treatment (POST) Forms**

Each student with a potentially life-threatening medical condition should have a health care plan and/or emergency medical plan. Corporation employees shall follow normal procedures for addressing emergencies occurring while students are on Corporation property (including being transported in vehicles owned, leased, or operated by Corporation); and during Corporation events, even if held outside of Corporation property (for example, prom or field trips).

Therefore, Corporation employees will not adhere to Do Not Resuscitate (DNR) Orders or Physician Orders for Scope of Treatment (POST) forms which prohibit individuals from administering resuscitation (CPR) or medical interventions measures to a student. This policy shall not interfere with a health care provider's obligation under Indiana law.

If the school is presented with a DNR order or POST form, the parent or guardian should be advised of the Corporation's policy and should be directed to the hospital(s) in the area where the student may be transported in an emergency and advised to discuss the order with such facility.

#### **18. Enrollment/Residence/Withdrawal**

Resident students are those whose legal settlement is within the School Corporation's geographic boundary. Proof of residency is required upon enrollment. A student's legal settlement will be determined under applicable Indiana law. A student's legal settlement will also determine the student's school attendance area within New Albany-Floyd County School Corporation. The School Corporation will accept the transfer of students who do not have legal settlement with the school corporation according to School Board Policy and Indiana law.

#### **19. Parental Involvement/Visitor/Media**

The School Corporation welcomes and encourages visits to school by parents, guardians, and others, but in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls. Disruptions to the educational environment will not be tolerated.

Visitors must register at the school office and seek permission to see a student or employee, participate in an activity, or observe. All visits are subject to the

approval of the Superintendent, building principal, or designee. The prohibitions and expectations governing classroom observations are equally applicable to online instruction. Specifically, visitors are reminded:

- Visitors are to be silent observers and not create any kind of disturbance or distraction.
- Statements and actions of other students (or statements by an instructor to other children) are to be maintained in confidence.
- Instruction and services may not be recorded in any manner (audio, video, cell phone, use of Alexa, etc.) unless first receiving approval from the principal and instructor.

Student visitors, except for those involved in a student council exchange program, are not permitted. All other visitors must have the approval of the principal or his designee.

Parents will be involved in the planning, review and improvement of the corporation's Title I programs and timely responses will be given to parental questions, concerns, and recommendations. Information concerning school performance profiles and their child's individual performance will be communicated to parents.

## **20. McKinney-Vento**

The Corporation will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided corporation services for

which they are eligible, including Head Start, Title I, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Students determined to be in a homeless living situation have the following rights:

- Enrollment in the school they last attended or the school in whose attendance are they are currently staying even if they do not have all of the documents normally required at the time of enrollment;
- Access to free meals and textbooks, Title I and other educational programs, and other comparable services including transportation where applicable;
- To attend the same classes and activities that students in other living situations also participate without fear of being separated or treated differently due to their housing situations.

Any questions about these rights can be directed to the Corporation's Civil Rights Coordinator or the State Coordinator.

Questions about enrollment of a student who may be considered homeless should be directed to Katie Stein (kstein@nafcs.org), Licensed School Social Worker/McKinney Vento Liaison (812-542-5505) or Tony Duffy (tduffy@nafcs.org), Assistant to the Superintendent for Elementary Education (812-542-2142).

## **21. Asbestos**

Under the Asbestos Hazard Emergency Response ACT (AHERA) of 1986, the School Corporation is required to annually notify all school building employees, building occupants or legal guardians, of the availability and location of the Asbestos Management Plan and of any post-response action activities, including re-inspection and surveillance activities that are planned or in progress.

An asbestos statement of compliance is on file in the district office. For an additional copy, please contact the Director of Facilities

## **II. ENFORCEMENT OF RULES AND REGULATIONS**

When self-discipline fails, regulations for management of school behavior must be enforced by those directly responsible for the operation of the schools. School staff members will make appropriate efforts, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards. Authority for such action is given in the School Powers Act and the Student Due Process Statute, I.C. 20-33-8, et. seq. The Board of School Trustees has established policy in the Policy Manual of the New Albany-Floyd County Consolidated School Corporation and appointed administrative officers to carry out those Policies as amended.

### **1. After School Detainment**

Students may be detained after school, but only for a reasonable length of time (a “reasonable length of time” is determined by the child’s age and other factors). Unusual delays should be reported to the parent via the district/school communication if possible.

## **2. Restraint and Seclusion**

New Albany-Floyd County Consolidated School Corporation has a plan and policy 5620 in place for the use of restraint and seclusion, as a last resort, to control students only if there is an imminent risk of injury to the student or to another person and in emergency situations. A copy of this plan is located at the central office by calling 812-942-4200.

## **3. Teacher Temporary Dismissal**

A teacher may dismiss a student from participation in any educational function under that teacher’s charge and supervision for a reasonable period consistent with state/federal law and also the teacher handbook.

## **4. Suspension**

A principal or designee may deny a student the right to attend school or to take part in any school function for a period of up to ten (10) school days.

- a. In Indiana, a suspension is defined as a disciplinary action whereby a student is separated from school attendance for a period of ten or fewer school days. Within 24 hours, or such additional time as is reasonably necessary, following a suspension, the principal/designee shall send a written statement to the student's parent(s) describing the student's conduct, misconduct or violation of any rule or standard and the reasons for the action taken. The principal/designee shall make a reasonable effort to hold a conference with the parent before or at the time the student returns to school. Failure of the parent to participate in a conference with the principal/designee does not justify extending the period of the student's suspension.

Students who have been suspended or expelled from the regular school setting, following applicable Indiana law, will not be permitted to attend or participate in any extracurricular activity during the time of their suspension/expulsion. Students who have been suspended or expelled are not permitted to participate in extracurricular

practice, contests, or performances until the day of their return to the normal classroom setting following the suspension or expulsion.

Grounds for suspension or expulsion are student misconduct and/or substantial disobedience for which a student may be suspended or expelled include, but are not limited to the items in II.8 below. For more information on suspension and expulsion, please refer to [identify policy].Policy 5610.

## **5. Expulsion**

- c. An expulsion that takes effect more than three (3) weeks before the beginning of the second semester of a school year must be reviewed before the beginning of the second semester. An expulsion that will remain in effect during the first semester of the following school year must be reviewed before the beginning of the school year. Such reviews shall be conducted by the Superintendent or his/her designee after notice of the review has been given to the student

and the student's parent or guardian. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original expulsion meeting and may lead to a recommendation that the student be reinstated for that semester.

- d. A principal may require a student who is at least sixteen (16) years of age and who wishes to enroll after an expulsion to attend an alternative program.
- e. The Board has voted to not hear any appeals on the decision of the Expulsion Examiner.

**6. Other Disciplinary Actions Which Do Not Constitute a Suspension or An Expulsion**

The grounds for expulsion or suspension may also apply when a student's conduct on or off school grounds is unlawful and may reasonably be considered to be interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. ### **III. PROCEDURE FOR HANDLING SUSPENSIONS AND EXPULSIONS FROM SCHOOL**

The Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has provided a procedure for the handling of student suspensions and expulsions from school. The basic premise of this policy is fairness. A full text of the procedure required by Indiana Law is available in the Administrative Services Center, 2813 Grant Line Road, New Albany, Indiana 47150, upon request. The following is a summary of that procedure.

1. Suspension Procedures: When a principal (or designee) determines that a student should be suspended, the following procedures will be followed in accordance with policy 5610. A meeting will be held prior to the suspension of the student. At this meeting, the student will be entitled to:
  - i. A written or oral statement of the charges;
  - ii. If the student denies the charges, a summary of the evidence against the student will be presented; and
  - iii. The student will be provided an opportunity to explain his or her conduct.

The meeting shall precede suspension of the student except where the nature of the misconduct

requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of suspension.

Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of suspension, describe the student's misconduct, and describe the action taken by the principal or his designee.

If, after an investigation, the principal or designee decides that expulsion is warranted for any student, he/she shall file a written charge with the Superintendent requesting that the student be expelled.

1. The School Corporation may vary from the discipline procedures in this handbook where appropriate to comply with 511 Indiana Administrative Code Article 7.
2. When a principal or designee recommends to the Superintendent that a student be expelled from school, the following procedures will be followed:
  - a. The Superintendent may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:

- i. A member of the administrative staff who did not recommend that the student be expelled and who was not involved in the events giving rise to that recommendation; or
  - ii. Legal counsel.
- b. The Superintendent or the person appointed to hold the expulsion meeting may continue the suspension of a student for more than the ten (10) school days of the principal's suspension and until the time of the expulsion decision, if he/she determines that the student's continued suspension will prevent or substantially reduce the risk of:
  - i. Interference with an educational function or school purpose; or
  - ii. A physical injury to the student, other students, school employees or visitors to the school.

However, a student may not be suspended from school pending a meeting on a student's proposed expulsion for an expulsion due to failure of legal settlement under I.C. § 20-33-8-17.

- c. An expulsion will not take place until the student and the student's parent or guardian are given notice of their

right to appear at an expulsion meeting conducted by the Superintendent or the person designated by the Superintendent.

- d. The notice of the right to appear must be in writing, delivered by certified mail or by personal delivery, contain the reasons for the recommended expulsion, and contain the procedure for requesting an expulsion meeting.
- e. Failure by a student or a student's parent or guardian to request or to appear at an expulsion meeting shall be deemed a waiver of all rights administratively to contest the expulsion.
- f. The Superintendent or the person designated to hold an expulsion meeting may issue subpoenas, compel the attendance of witnesses, and administer oaths to persons giving testimony at an expulsion meeting.
- g. At the expulsion meeting, the principal or designee will present information to support the charges against the student. The student, parent or guardian will have the opportunity to answer the charges against the student, and to present information to support the student's position.

- h. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate and give notice of the action taken to the student and the student's parent or guardian, by certified mail or personal delivery.
    - i. In accordance with Indiana Code, a student or parent may request an appeal to the Board of School Trustees on the action taken by the expulsion examiner unless the Board of Trustees has voted to not hear any appeals. The NAFC Board of Trustees voted not to hear any appeals. The ruling of the Expulsion Examiner is final.
- 3. Under Indiana law, judicial review of the Board of School Trustee's action, by the Circuit or Superior Court of Floyd County is limited to the issue of whether the School Corporation acted without following the procedure required by the student due process statute, I.C. 20-33-8 et. seq.

#### **IV. SCHOOL SAFETY POLICY**

The New Albany-Floyd County Consolidated School Corporation has adopted proactive safety policy governing students who commit, attempt to commit, or threaten aggressive acts

toward persons (students, employees, or visitors) or property. This policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function, or event, and while traveling to and from school or a school activity, function, or event. This policy may also apply when a student's conduct is unlawful and may reasonably be considered an interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts will be suspended and may be expelled for up to one school year or one calendar year, in the case of firearms violations. Students will also be referred to the probation office or the prosecutor's office as required or appropriate. Students who make threats, whether spoken, written, by gesture, or expressed in digital means; and/or students whose behavior gives rise to a reasonable belief that the student is substantially likely to injure the student or others may be the subject to a Threat Assessment by the Corporation.

The school safety policy is implemented at each specific level of instruction (elementary, middle and high), and will not follow the student to the next level of instruction.

1. It shall be grounds for an immediate ten (10) days suspension pending expulsion for any student to possess, handle, use, threaten to use, demonstrate the intent to

use or transmit weapons, firearms, or explosives. Except in instances involving firearms, upon the recommendation of the building principal, first-time offenders may be given the option of participating in an approved educational/counseling program outside the school corporation. The cost of such outside educational/counseling program shall be the responsibility of the student and the student's parents or guardians. The School Corporation may consider a reduction in the length of the expulsion upon satisfactory completion of this program.

2. A student will be expelled for a full calendar year for possessing, handling, or transmitting a firearm, as defined by Indiana law, while under the jurisdiction of the school corporation. Under I.C. 35-47-1-5, a "firearm" means any weapon that is capable of expelling or designed to expel or that may readily be converted to expel a projectile by means of an explosion. A student expelled under this provision will not be re-enrolled in the school corporation until the beginning of the semester following the end of the expulsion. The length of expulsion for possession, handling, or transmitting a firearm may be reduced by the Superintendent, if the circumstances warrant such a reduction.
3. First-time offenders who threaten or commit aggressive acts toward persons or

property and who are not in possession of and have not handled, used, threatened to use, or transmitted weapons, firearms or explosives may be immediately suspended for up to five (5) school days. Such students shall also be required to meet with the school counselor upon returning to school.

4. The remainder of this policy notwithstanding, when a first-time offender has engaged in violent conduct or has continued to demonstrate aggressive behavior after being told by a school employee to cease and desist (students must be able to immediately demonstrate restraint and self-control) such student may be suspended for ten (10) school days pending expulsion. The students may, upon the recommendation of the building principal, be given the option of participating in an approved educational/counseling program outside the School Corporation. The cost of such outside educational/counseling program shall be the responsibility of the school district. The Superintendent may consider a reduction in the length of the expulsion upon satisfactory completion of this program.
5. Second time offenders who threaten or commit aggressive acts toward persons or property and who are not in possession of and have not handled, used, threatened to use or transmitted weapons, firearms or

explosives shall be immediately suspended up to ten (10) school days. Such conduct may also be grounds for expulsion; however, an educational/counseling alternative to expulsion provided by an approved outside agency may be offered by the building principal to the student and his/her parents or guardians. If the educational/counseling alternative is offered, required documentation must be presented upon return to school.

- a. This program will be designed to assist students in successfully managing and resolving conflicts in a nonviolent and non-aggressive manner, so that they may successfully complete school after experiencing the consequences of their violation of this policy.
- b. If the outside educational/counseling program is chosen by the student and parents or guardians the student must attend all sessions of the program. Any cost for this program will be the responsibility of the student and the student's parents or guardians.
- c. If the student enrolls in the outside educational/counseling program and then withdraws or otherwise fails to satisfactorily complete the program, the building administrator shall

immediately resume the expulsion process for such student.

- d. If the student or his/her parents or guardians do not choose to participate in the outside educational/counseling program, the building administrator shall immediately resume the expulsion process for such student. Such student may be referred to the Floyd County Probation Office for any appropriate action.
6. Students who threaten or commit aggressive acts on more than two occasions may be immediately suspended for ten (10) school days pending expulsion.
7. If a student's behavior is a criminal act, in addition to school discipline, the school will also notify the proper authorities.

## **V. DRIVER'S LICENSE POLICY**

The School Corporation reserves the right to prohibit students from obtaining drivers' permits and/or drivers' licenses and/or to revoke students' drivers' licenses under the applicable provisions of state law and school corporation policy. The policy may be implemented for students who are habitually truant (those who have more than ten uncertified absences in a semester), are suspended from school for a second time, and/or are expelled or excluded from attendance at Floyd Central

High School. Floyd Central High School may also implement this policy for students under the age of eighteen (18) who withdraw from school, including those who withdraw from school in order to avoid the revocation process. The portion of this policy dealing with drivers' permits applies to students aged fourteen (14) and fifteen (15). The policy relating to the revocation of drivers' licenses applies to students under the age of eighteen (18). In the event that the process is implemented, a registered letter will be sent to the parent(s) or guardian(s) of the student. The student and parent(s)/guardian(s) will have due process rights. At the conclusion of the due process procedure if the student is determined to be in violation of this policy, the proper form will be sent to the Bureau of Motor Vehicles.

## **VI. SCHOOL BUS SAFETY CODE**

All school children, while being transported on a school bus, shall be under supervision, direction, and control of the school bus driver, and shall be subject to the discipline of the bus driver and the governing body of the School Corporation.

The following rules have been instituted for the safety and comfort of our children and the efficient operation of our bus fleet.

Students must do the following:

1. Be at their bus pickups on time.

2. Wait their turns to load and unload the bus. Avoid standing or playing on the road while waiting for the bus.
3. The bus driver and bus monitors should be treated with respect.
4. Show consideration for the property where their bus stops are located. Damage and destruction at “stops” may result in the discontinuance of these “stops.”
5. Nothing (arms, hands, heads, books, etc.) shall be allowed to protrude from open windows on the bus. Windows may only be opened or closed with the permission of the bus driver. Feet should be kept on the floor at the seats and not protrude into aisles of the bus.
6. Horseplay, littering, loud and boisterous conduct on the bus will not be allowed. This type of conduct distracts a driver and may result in a serious accident endangering every person on the bus.
7. Students must wear seat belts on buses where they are available.

## **VII. TELECOMMUNICATION**

### **Student Access to the Internet**

Users are legally bound to the terms and conditions of the Telecommunications Use

Agreement. It is assumed that users have read the terms and conditions carefully and understand their significance including the understanding that any violation of these regulations is unethical, may constitute a criminal offense, that accessor's privileges may be revoked and school disciplinary action may be taken as well as appropriate legal action.

If a parent or guardian does not authorize the school to make Internet access available to their student, it is the parent's responsibility to inform the school in writing. Alternate activities of a suitable educational nature not requiring Internet access will be assigned to students whose parents have informed the school not to make Internet access available to their student.

**VIII. NEW ALBANY-FLOYD COUNTY  
CONSOLIDATED SCHOOL CORPORATION  
TELECOMMUNICATIONS USE  
AGREEMENT**

The New Albany-Floyd County Consolidated School Corporation firmly believes that there is a wealth of information and interaction on the worldwide computer network that will provide valuable resources for our students. With access to computers and people from all over the world through Internet, it is impossible to control access to all materials found on the Internet, and an industrious user may discover controversial information. Sponsoring teachers will instruct and supervise their

students in acceptable use of the Internet and proper Internet etiquette.

The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. Access to the Internet through school machines requires responsible, efficient, ethical, and legal utilization of Internet resources. Users violating any of the acceptable use policy may be disciplined, and their access to Network and Internet services terminated and future access denied

## **IX. INTERNET-TERMS AND CONDITIONS**

1. Responsible Use – Internet and Network access must be in support of education and research and consistent with the educational objectives of this School Corporation. Transmission of any material in violation of any U.S. or State regulation is prohibited. This includes, but is not limited to, infringement of any copyrighted material, threatening or obscene material, or material protected by trade restrictions. Users may not access, upload, or download sexually explicit materials. Internet and Network access may not be used for commercial activities.
2. Privileges – The use of the New Albany-Floyd County Consolidated School Corporation telecommunications service is a privilege, not a right, and inappropriate use will result in a cancellation of all privileges. Assignments that require Internet access will have a faculty sponsor

who will instruct and monitor student activity on the Internet. The sponsor and the Network administrators will deem what is inappropriate use and their decision is final. Parents, faculty sponsors, administration, faculty, or staff may request that further account privileges be denied, revoked, or suspended for any violation of this policy.

3. Network Etiquette – Users are expected to abide by the generally accepted rules of Internet etiquette. These include, but are not limited to, the following:
  - a. Be polite. Do not be abusive in messages to others.
  - b. Use appropriate language. Offensive or vulgar messages, such as messages that contain sexual or racial comments are strictly prohibited, in conformity with the School Corporation's existing Policies, rules, and regulations governing harassment and discrimination. Illegal activities are strictly forbidden.
  - c. Do not reveal personal address or telephone number, or those of other students or colleagues.
  - d. E-mail is not guaranteed to be private. System Operators may have access to all e-mail. Messages relating to or in support of illegal or improper activities will be reported to the proper authorities.

- e. Do not use the Internet or Network in such a way that would disrupt the use of the Internet or Network by other users.
  - f. All communications and information accessible via the Internet should be assumed to be private property and safeguarded by copyright laws.
  - g. Word messages carefully and be brief.
  - h. Passwords may not be shared except with the teacher/supervisor and the System Operator.
  - i. Users may not access another person's files or account without their permission.
4. Warranties – The New Albany-Floyd County Consolidated School Corporation makes no warranties of any kind, whether expressed or implied, for the service it is providing. The New Albany-Floyd County Consolidated School Corporation will strive to provide error-free, dependable access to the computing resources associated with Network and Internet use. However, this School Corporation is not responsible for any damages suffered due to loss of data resulting from delays, non-delivery, mis-deliveries, or service interruptions. Use of any information obtained via the Internet is at the user's risk. The New Albany-Floyd County Consolidated School Corporation specifically denies any responsibility for the accuracy or quality of information

obtained through these Network and Internet services.

5. Security – Security on any computer system is a high priority, especially when the system involves many users. If a user feels that he/she can identify a security problem on the network, he/she must notify a sponsoring teacher or a system administrator. Do not demonstrate the problem to others. Do not use another individual's account without permission from that individual. Attempts to log on to the network as a system administrator will result in disciplinary actions. Any user identified as a security risk or having a history of problems with other computer systems will be denied access to the Internet services.
6. Vandalism – Vandalism will result in cancellation of privileges and possible disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data or another user of other networks that are connected to the New Albany-Floyd County Consolidated School Corporation wide area network. This includes, but is not limited to, the uploading or creation, or distribution of computer viruses. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the Internet.

The Director of Technology and Instructional Services shall develop and

maintain a Technology Manual setting forth additional rules, policies, and procedures for effective management of the School Corporation's Wide Area Network and technological services.

The Board of School Trustees firmly believes that broad educational opportunity should be a right for all children. Educational experiences are provided not only in the regular classroom, but also by a comprehensive extracurricular activities program. Therefore, removal from the extracurricular activities or from the classroom as a disciplinary measure is resorted to only when self-discipline fails.

It is the sincere hope of the Board of School Trustees that this Guide will be helpful to students, parents, and teachers in the effort to promote more democratic schools and continued good relations between students and teachers.

#### **X. Every Student Succeeds Act**

- a. **Parent's Right to Know:** Upon a parent's request, the School Corporation will provide information regarding the professional qualifications of their student's classroom teachers, including whether the student's teacher (a) has met Indiana's qualification and licensing criteria for the teacher's grade levels and subject areas, (b) is teaching under emergency or other provisional

qualification/licensing status, or (c) has been subject to discipline of the teacher's license, and whether the student is provided services by paraprofessionals and, if so, their qualifications.

- b. **Testing:** Upon request, parents will be provided with information regarding student participation in assessments mandated by state and federal law, or by the School Corporation. More information about Indiana's testing requirements is available at: <http://www.doe.in.gov/assessment>.

- I. **Local School Wellness Policy:** In accordance with School Board policy, the Superintendent has appointed INSERT NAME AND/OR POSITION to serve as the Indoor Air Quality (IAQ) Coordinator for the Corporation. The IAQ Coordinator shall serve as the lead contact person for matters related to indoor air quality in the facilities operated by the Corporation. The IAQ Coordinator (Leslie Beach) may be contacted at [lbeach@nafcs.org](mailto:lbeach@nafcs.org) and 812-942-4200.

- II. **Meningococcal Disease:** Indiana law requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (IC 20-30-5-18). Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and

limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman. Please talk with your child's health care provider about meningococcal disease and vaccination.

- III. **Pesticide Use:** On occasion, the Corporation may find it necessary to utilize pesticides in order to control a pest problem. When these occasions occur, the school will use the lowest risk products available. If higher risk pesticides must be used, notices will be sent to all individuals registered in the school corporation's Pesticide Notification Registry. Parents, legal guardians, and school staff will be notified of specific pesticide applications made at the school. **To receive notification, you must be placed on the notification registry. Forms are available in each school's office.** Notification will be given at least two days before planned pesticide applications during the normal school year. In addition, for pesticides applied anytime during the year, emergency application notifications

will be given as soon as possible.

Notifications need not be given for pesticide applications recognized by law to pose little or no risk of exposure to children or staff. The Corporation will keep records of pesticide applications and information about the pesticides used for two years. Anyone may request to review these records by contacting the corporation's Director of Facilities at 812-942-4200.

#### **IV. Student Privacy, Parental Access to Information, and Inspection of Materials**

- a.** The School Board respects the privacy rights of parents and their children. No student shall be required as a part of the school program or the Corporation's curriculum, without prior written consent of the student (if an adult or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:
  - i.** political affiliations or beliefs of the student or his/her parents;
  - ii.** mental or psychological problems of the student or his/her family;
  - iii.** sex behavior or attitudes;
  - iv.** illegal, anti-social, self-incriminating, or demeaning behavior;
  - v.** critical appraisals of other individuals with whom

respondents have close family relationships;

- vi.** legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- vii.** religious practices, affiliations or beliefs of the student or his/her parents; or
- viii.** income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

- b.** The Superintendent will establish procedures whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.
- c.** Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.
- d.** Additionally, parents have the right to inspect, upon request, any instructional material used as part of

the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

- e. The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
- f. The administration will notify parents of students in the Corporation, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:
- g. Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling

that information (or otherwise providing that information to others for that purpose); and

- h. The administration of any survey by the Corporation or a third party that contains one or more of the items described above.

**V. Access to Students with Disabilities:** In compliance with state and federal law, the (LEA) will provide to each protected student with a disability without discrimination or cost to the student or family, those related aids, services or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected student with a disability, the student must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected students who are disabled" are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs. For further information on the evaluation procedures and provision of services to protected disabled students, contact:

## **VI. Directory Information**

The Superintendent hereby provides public notice to students and their parents of the school corporation's intent to make available, upon request, certain information known as "directory information". The Board designates as student "directory information": a student's name; address; telephone number; photograph; date and place of birth; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; or listing on an honor roll; and scholarships.

Directory information shall not be provided to any organization for profit-making purposes. The Superintendent may allow access to a school campus or give students' directory information to organizations that make students aware of educational or occupational options.

A secondary school student or parent of the student may request that the student's name, address and

telephone listing not be released without prior consent of the parent(s)/eligible student.

The School Corporation hereby provides notice to parents and students that either one may request that the information not be released by the School Corporation to the military recruiting representatives. To complete this process, a student or parent would submit a written request to the building administrator at their respective school.

If the student opts-out and later changes his/her mind a revocation may be made by submitting a written revocation of opt out to the building administrator at their respective school. address].

Parents and eligible students may refuse to allow the Corporation to disclose any or all of such "directory information" upon written notification to the building administrator at their respective school within ten (10) days after receipt of this annual public notice.

In accordance with Federal and State law, the Board shall release the names, addresses, and telephone listings of secondary students to a recruiting officer for any branch of the United States Armed Forces or an institution of higher education who requests such information. A secondary school student or parent of the student may request that the student's name, address, and telephone listing not be released without prior consent of the parent(s)/eligible student. The recruiting officer is to sign a form indicating that "any information received by the recruiting officer shall be used solely for the purpose of informing students about military service and

shall not be released to any person other than individuals within the recruiting services of the Armed Forces". The Superintendent is authorized to charge mailing fees for providing this information to a recruiting officer.

Whenever consent of the parents/eligible student is required for the inspection and/or release of a student's health or educational records or for the release of directory information, either parent may provide such consent unless specifically stated otherwise by court order.

The Corporation may disclose "directory information" on former students without consent of the parent(s)/eligible student.

## FLOYD CENTRAL HIGH SCHOOL PROFILE

### THE FACILITY

Floyd Central High School is a part of the New Albany-Floyd County School Corporation which serves over 11,000 students in Floyd County, Indiana. FCHS opened in the fall of 1967 and has nearly doubled in enrollment since that time. It replaced the historic Georgetown school, which served grades one through twelve.

An addition to the building was completed in 1971, and a ten million dollar addition to the building was completed in 1982. Six science classrooms were added in 2001. In 2004 the school became a grade nine through grade twelve facility.

Floyd Central Junior-Senior High School opened with 1,169 students. Today, enrollment is over 1,860 students in grades 9-12. Nineteen classroom programs are offered at Floyd Central High School, with Prosser Career Center offering additional programs for our students. More than 80 professional staff members comprise the high school faculty.

The school began a \$59 million dollar renovation in the winter of 2008 and finished in the fall of 2010. Each classroom is equipped with up to date technology.

### THE COMMUNITY

The high school is located in the “knobs” area plateau above the Ohio River valley. The school is located near interstate 64, and is approximately 15 miles from downtown Louisville, Kentucky. The school community is composed of rural-suburban towns and communities.

### A NATIONALLY RECOGNIZED SCHOOL

Floyd Central Junior-Senior High School was one of only seven Indiana schools and 172 schools nationwide to be selected as a National Blue-Ribbon School by the U.S. Department of Education in 2002. Public and private schools from the 50 states, District of Columbia, Puerto Rico, the U.S. Virgin Islands, as well as the Bureau of Indian Affairs and the Department of Defense Dependent

Schools, may be nominated. Elementary and secondary schools are eligible to participate in the recognition program in alternate years. Floyd Central was first named a Blue-Ribbon School in 1996. Schools retain this honor for the six years following their selection.

The Indiana Chamber of Commerce recognized Floyd Central for excellence in educational achievement as a “Best Buy” school for the fifth time in the fall of 2005. The school has been recognized by the United States Army for its career planning program. The school’s Student Services Department has been recognized by the Indiana Department of Education as an exemplary program and is currently recognized as a Gold Star school.

In the spring of 2015, Floyd Central High School was named one of the most rigorous schools in the United States by the Washington Post. The Indiana Department of Education also recognized the school as a Four Star School that same spring for its academic accomplishments during the 2017-2018 school year.

## MUSIC PROGRAM WINS HONORS

The band, choir, and orchestras always rank high in statewide competitions, the A Capella Choir won the 2015 state championship and the Orchestra won the 2017 state championship, but the spring of 1999 performing arts brought the school a national award. It was selected as a Grammy Signature School Gold Award recipient by the National Academy of Recording Arts and Sciences. Floyd Central was named a Grammy Signature School during the 2001-2002 school year.

## A RENAISSANCE SCHOOL

The primary goal of the Renaissance Education Foundation is to motivate students to attain a higher level of academic success. In the 1993-94 school year, Floyd Central joined the more than 2,000 Renaissance schools in the United States that are breaking through the paradigms of today’s educational system by offering numerous recognition and incentive programs to reward both student and teacher performance. A Student of the Month program and a program to recognize outstanding faculty and staff are vital parts of the Renaissance program.

The school issues success cards which recognize grade point average, attendance, and/ or improvement. These cards entitle the holder to various privileges and discounts at school and at local businesses.

## 21st Century Scholars

If a student qualifies for the 21st Century Scholars program during their 6th, 7th, or 8th grade years the student could receive a college education from an Indiana proprietary institution. In order to receive that free education, the student will have to pledge and display good character, not to commit a crime, plan on attending an Indiana college, apply for state and federal financial aid and graduate high school with a Core 40 diploma and a minimum of a 2.5 GPA. They also have to complete activities online through the state. For more information, students can contact an administrator or counselor.

## ACADEMIC INFORMATION

### AUDITING A CLASS

A senior may audit an advanced class for non-credit upon approval. In some cases, a junior may be given permission to audit an advanced class. The student must complete the intent to audit form which specifically states the requirements for auditing. See your counselor for an audit form.

The student is expected to meet all class requirements in order to audit a course. If the teacher feels that the student is not performing to expectations, the student will be removed from the class and a grade of “F” will be recorded for the semester. If the student successfully completes the course to the satisfaction of the teacher, the symbol “E” will be recorded as the grade; however, no credit will be given. **A student must take this option no later than the end of the eleventh week of a semester.**

## CHANGING TEACHERS

A student request to change a class to a different teacher will be made only if the change would help to balance the class size and must be transacted before the start of a semester.

## EXTRA-CURRICULAR OFFERINGS

In addition to the sports offerings, Floyd Central also offers many other activities outside the school day. Some of them are included in the following pages. Students participating in co-curricular and/or extra-curricular activities must be in school for the entire day. Exceptions would be pre-arranged absences, school-related functions, or other exceptions as approved by the principal.

**Officer positions in National Honor Society, Student Council and all class officer positions are mutually exclusive, e.g. a student cannot be an officer in Student Council and/or N.H.S. and/or a class**

## FIELD TRIPS

Field trips are planned as an extension of the classroom. Classroom objectives for each field trip are filed with the Associate Superintendent of High Schools for New Albany-Floyd County Schools. Students may be excluded from field trips if they have too many absences, failed to make up work from previous trips or for any other reason deemed appropriate by the principal.

## GRADE EXPLANATION

It is the responsibility of the teacher to change the "I" (Incomplete grade) to the appropriate letter grade as soon as the student has completed or failed to complete the requirements.

In most instances, the completion should not exceed one month beyond the end of the semester. Posted semester grades may only be changed to correct a computational or posting error or a policy violation after receiving the principal's approval. Rank in class is determined for juniors and seniors through the eighth semester.

## GRADING SCALE

## PHYSICAL EDUCATION

**Each student in physical education receives a guide to physical education which includes much information. The following is part of this guide.**

**Medical Excuses** - Students who need to be excused from physical education for injury or illness must submit a note from parents or physician. This note should be taken to the health office before school. Students will be assigned a study hall. Notes will not be accepted in class, and students will be required to participate. After three consecutive excuses, a medical excuse from a physician is required. Time missed due to medical excuse will have to be made up or participation points will be deducted from the student's grade. A student who misses more than six weeks of class due to an illness or injury will be withdrawn from the class and placed in a study hall. No credit will be issued. An appeal may be made to the principal.

- **Dressing Requirement** - Students will always be expected to dress unless they have a medical excuse. If a student does not dress, the following will occur:
  - 1st no dress-loss of participation points
  - 2nd no dress-loss of 5 points plus participation points (parents notified)
  - 3rd no dress-loss of 5 points plus participation points (parents notified)
  - 4th no dress-loss of 10 points plus participation points
  - 5th no dress-loss of 15 points plus participation points (parents notified)
  - 6th no dress-removed from class and placed in a study hall. Grade of "NC" (No Credit)

## ALTERNATIVE SUPERVISED PHYSICAL EDUCATION

A student may elect to earn Physical Education II credit through an alternative supervised program (ASPE). This flex-credit can be earned by participating in Marching Band, an IHSAA sport, cheerleading, dance, or step team. In order to receive credit, a student must be the following conditions:

- Must remain on the active roster from the first practice to the final event.
- Must also complete a minimum of sixty (60) hours of physical activity during the season.
- Must have a completed application signed by the parent/guardian, counselor, coach/sponsor, and the student.

A student will receive a "B" for Physical Education II upon successfully meeting the above criteria. A student will be eligible to receive an "A" if they pass a physical education assessment created by the school's physical education department.

## POST SECONDARY ENROLLMENT

Students in grades 10, 11 and 12 may be eligible to enroll in courses offered by an eligible post-secondary institution. Prior approval of the principal is required, and the course must not be offered at Floyd Central and must be acceptable for high school credit. These classes may also count for high-school credit. Floyd Central requires that students enroll in classes sufficient enough to meet the traditional "six class" enrollment standard.

Students who wish to participate in any IHSAA sanctioned program must continue to meet those requirements as well. Any further questions should be directed to a counselor or administrator. The school requires that enrollment be verified through a receipt or official enrollment schedule. All applications must have prior approval before students may alter their schedules. A student may not enroll for college classes which are a part of the Floyd Central curriculum.

Students may be excused two periods for each three-credit-hour course offered. Some travel time is permitted in considering a schedule. Students are expected to return to school for regular hours

if travel time permits. Alternate day class schedules may require a return to Floyd Central.

Upon approval of the school corporation representative and the counselor and principal, the student would take a college course or courses in place of a high school course. Students who are interested should confer with their counselors. Correspondence courses from Indiana University and Western Kentucky are acceptable.

## POSTED GRADES

Once grades are posted to a transcript, they may not be changed for any reason other than a computational error. Incompletes (I) must be made up within one semester and a final grade posted.

## REPEATING A COURSE

With counselor permission, a student may take a course a second time. The grade earned the second time would become a part of the student's permanent record, and both grades would be computed in figuring the grade point average.

## REPLACEMENT POLICY

High school courses completed before students enter Grade 9

In order to recognize its responsibility to provide middle school students with the opportunity of advancement to high levels of coursework in high school, the School Board established the following policy for students taking high school courses at a middle school in our corporation.

For coursework prior to Grade 9 to be accepted, compliance with minimum requirements established by the State must be met. Course content must meet the competencies and proficiencies of the corresponding high school course.

For high school coursework taken at middle schools outside our corporation to be accepted, a committee consisting of two high schools principals and the Director of Middle Schools will review the coursework.

Students who earn high school credit in middle school (i.e. Algebra I, Geometry, world language) will have the grade and credit earned placed on their high school transcript. According to School Board policy #5461, it is the student's responsibility to request for the grade(s) and credit(s) to be removed from his/her transcript. The request should be made by the end of the student's sophomore year. Class rank is not impacted by grades earned in middle school. However, all grades on a student's transcript do count toward a student's grade point average (GPA).

## TESTING OUT OF A CLASS

Students may test out of certain classes by taking the district test. See an administrator for more information.

# ACADEMIC INTEGRITY POLICY

## Policy Goals:

In keeping with the school's role as a center for all types of learning, including the building of **character** for life after high school, Floyd Central High School resolves to teach all students the meaning and relevance of integrity in their academic and professional careers. The goal of the Floyd Central Academic Integrity Policy is **to create** a school community in which every member is assured that integrity and fairness are the norm, that violations of this norm are not tolerated, and that actions that undermine this expectation are handled firmly, consistently, and in a **timely** manner. In the end, the purpose of this policy is to create a school where each student can proudly state of each

assignment: *This work is my own. I have neither used, received, nor given aid unauthorized by a teacher when turning in completed work.*

### **Definition of Academic Dishonesty**

Academic dishonesty is any attempt to gain academic credit or recognition to which one is not entitled or to assist others to do so. Academic dishonesty includes, but is not limited to:

- ◆ copying, or allowing the copying of, graded or ungraded work.
- ◆ collaborating with others beyond what the classroom teacher (authorized) allows.
- ◆ gaining unauthorized prior knowledge of assessments or providing such knowledge to others.
- ◆ transmitting or receiving information related to the content of graded or ungraded work.
- ◆ misrepresenting situations for academic gain, including as a means to receive additional time to complete graded or ungraded work.
- ◆ falsifying data or sources in graded or ungraded work.
- ◆ manipulating the system to gain an unfair advantage (i.e. Attempting to confuse the Scantron machine).
- ◆ altering a grade, whether on an individual assignment or in student records (gradebook).
- ◆ violating the rules of school-sponsored academic competitions or assignments.
- ◆ plagiarism—the stealing or using of others’ words, original ideas, or work without crediting the original source. Examples of plagiarism include, but are not limited to:
  - ⇒ using others’ words, phrases, or work without giving accurate documentation.
  - ⇒ downloading information from the internet in part or in whole (global plagiarism) and inserting it into one’s work without giving proper credit to sources.
  - ⇒ copying the structure and organizational pattern created by another writer.
  - ⇒ using software, websites, or other tools to create, manipulate, paraphrase, or translate content.
  - ⇒ bypassing or attempting to bypass internet content filters that a teacher or staff member employs

As members of the Floyd Central High School community, all teachers, students, administrators and parents have the responsibility to work together to ensure the **FCHS Academic Integrity Policy** is followed and upheld and that the purpose of education is the development of knowledge, skills, and habits not the just accumulation of points for a grade.

## **In addition:**

### **Students have the responsibility to:**

- ◆ read and understand the **Academic Integrity Policy**, including their own teachers' expectations as set forth in those teachers' syllabi.
- ◆ clarify with the appropriate teacher any questions they have about whether a particular action is acceptable before taking that action.
- ◆ take an active role in their own education—to choose classes at appropriate levels, to seek help when they need it, and to avoid placing themselves in situations that make unacceptable behavior tempting.
- ◆ report to a staff member any violations of the **Academic Integrity Policy** a student observes: student's identity will remain confidential.

### **Teachers have the responsibility to:**

- ◆ enforce the **Academic Integrity Policy** by reporting every incident that they believe, based on evidence, represents a violation of the policy.
- ◆ hold themselves to the same standards of integrity that they expect of their students.
- ◆ provide expectations regarding student work in the course syllabus, including what is permissible in terms of collaboration.
- ◆ give rigorous, relevant, and equitable assignments and assessments.
- ◆ respond sensitively and in a timely manner to student and parent inquiries regarding course content and expectations.
- ◆ refer students to resources or provide help when asked or when it is apparent that students are struggling in the course.
- ◆ keep accurate records of student performance.
- ◆ use plagiarism detection software when appropriate.

### **Parents have the responsibility to:**

- ◆ familiarize themselves with the **Academic Integrity Policy** and discuss the policy with their child.
- ◆ familiarize themselves with individual teacher policies/expectations and discuss them with their child.
- ◆ be actively involved and engaged in what their child is learning, but avoid providing assistance that would be in conflict with the **Academic Integrity Policy**.
- ◆ support school consequences for **Academic Integrity Policy** violations.
- ◆ be sensitive to the pressure students face and adjust expectations accordingly.

## **ADULT BOOSTER ORGANIZATION**

Floyd Central High School owes much of its success to parent volunteers. There is always a need for enthusiastic support for our programs. Booster organizations exist for athletic and band

programs. The drama program has a large volunteer support group, and the P.T.O. is always eager for more participation. If you would like to be an adult volunteer, contact the school for more information.

## ATTENDANCE

### ATTENDANCE CONTRACT

Students who have attendance problems will likely be put on an attendance contract at the beginning of the semester. If that agreement is broken, the student could be expelled.

### ATTENDANCE HOTLINE

It is the parent or guardian's responsibility to notify the school attendance hotline (542-8603) between 5 p.m. and 8:30 a.m. or contact the attendance office by phone (ext. 3001) to give the reason for an absence either in advance or on the day of the absence before 8:30 a.m. More information is available in the attendance section of this book. Parents are asked not to contact students via cell phone during school hours.

### EARLY DISMISSAL Definition

Requests to release students from school prior to 2:26 create a disruption to the learning environment. Excused early dismissals are those dismissals that are verified in writing by a medical professional, counselor, etc...or those dismissals approved by the building principal for extenuating circumstances. If a student has to leave school at any time during the school day, the following procedures are to be followed:

1. A note from the parent or guardian is to be brought to the attendance office on the day of the early dismissal request before 7:35 a.m. It should contain the student's name and grade, reason for early dismissal, and time for early dismissal.
2. The student's name and time leaving school will be placed on the day's attendance sheet under early dismissals. This is to keep teachers informed of the whereabouts of the student.
3. At time for dismissal, the student is to sign out in the attendance office where he or she will receive a permit to leave school form.
4. After receiving the form, the student must leave the building within five minutes.
5. The student must return the form to the attendance office when he or she returns to school.
6. Any student who misses over five minutes of class for an early dismissal will be considered absent.

Anytime a student misses any portion of the school day (early dismissal, tardy, appointments during the day) the student will be marked tardy for accurate record-keeping. If the period of time exceeds one half of the student day, the student will be marked half-day absent.

### EXTRA-CURRICULAR EVENTS AND ATTENDANCE

Students must be in attendance for a full day the day of a school event and on the Friday before a weekend event. Students may make appeals to the principal or assistant principal for absences.

### FULL DAY ABSENCE POLICY

If a student receives more than 10 absences in any one class, he or she might not receive credit for that class.

4th absence (excused or unexcused)	First legal letter
6th absence (excused or unexcused)	Parent conference
8th absence (excused or unexcused)	Second legal letter
10th absence (excused or unexcused)	Attendance Contract
11th absence (excused or unexcused)	Expulsion may be filed
12th absence (excused or unexcused)	Expulsion may be filed

The above policy covers an entire semester.

## LATE ARRIVALS

If a student is less than five minutes late to school, he or she is to report to class. If more than five minutes late, the student should sign in at the attendance office and receive a late arrival pass before proceeding to class.

**A student who misses more than 5 minutes of a class period is considered absent from that class for that day unless the student has a pass.**

Students who drive to school and are tardy to school may have their driving privileges revoked. When a student is tardy for the fourth time, driving privileges will be revoked for one week.

If a student drives to school while suspended, the student could be suspended out of school for insubordination.

If more than five minutes late to a class, the student may be considered truant. Under some circumstances, student may be counted both truant and absent. **The school is the final authority on truancy.**

## MAKE-UP WORK AFTER AN ABSENCE

Make-up work counted toward a student's grade in a class will be allowed after absences. It is the student's responsibility to ask the teacher for make-up work upon returning to school following an absence. Students are allowed one calendar day for each day of absence to complete the make-up work. Parents may email teachers to request that assignments be emailed to them. If the assignment is not available electronically, the parent may come to school to pick up the assignment. If a student does not have access to the internet, he/she may call the office and arrangements will be made.

In the event that a student misses class the day before a planned or announced assessment and no new material has been introduced, the teacher may administer the assessment upon return. The teacher will keep in mind whether or not taking the assessment immediately upon return will be an accurate reflection of the student's knowledge of the topics addressed on the assessment. If there is a circumstance where the student is not up to the task, then the student should communicate that concern to the teacher.

If a teacher feels that there has been a pattern of a student missing class on assessment days, the teacher should first speak individually to the student. If the behavior continues, the teacher can refer the student to an administrator.

Major student work assigned in advance is due as assigned and is exempt from the standard make-up policy. When an assignment made prior to an absence is due on the first day of that absence, students are expected to complete and turn in the assignment on the day they return to school. Students should communicate directly with the teacher if there is a circumstance that would not allow them to carry out their obligation.

If a student needs to be excused from Physical Education for injury or illness, a note is required from your parent or guardian. This note is to be presented to the health office. Time missed due to a medical excuse will have to be made up or a loss of participation points will be deducted from the student's grade.

Some out-of-school student activities will not count as absences. Service as a page in the state legislature, field trips, some college visitations and service at an election are activities that meet the perfect attendance restrictions (I.C. 20-33-2-14 through 20-33-2-17) and are considered exempt from the attendance policy.

Religious retreats are **not** exempt absences for purposes of perfect attendance. Students may not miss more than four periods of school for the year to qualify for perfect attendance. Reporting more than five minutes late to school counts as one of these periods.

Vacations, medical appointments, funerals, weddings, or reunions count against perfect

attendance.

### Procedure for Dealing with Excessive Absences, Tardies, or Early Departures

After the 10th absence or tardy, the principal will send a completed referral packet to the Deputy Superintendent who will forward that to Child Protective Services (CPS).

Referral documentation includes:

- Evidence that the school has communicated attendance concerns to the parents

- An academic impact statement including grades and performance concerns

- Attendance records

The student attendance policy formulated by the Board of School Trustees firmly places the responsibility for regular school attendance on the student and his or her parent or legal guardian.

When absenteeism noticeably affects a student's academic or personal success or is in violation of either school board policy or state law, the school shall take such action as deemed appropriate: counsel with students and parents, require written statements from parents or guardians, suspend student, or initiate legal proceedings against students and parents.

**It is the parent or guardian's responsibility to call the school attendance hotline (542-8603 between 5 P.M. and 8:30 A.M.) or the attendance office (ext. 3001) or notify the attendance office in person of the reason for the absence either in advance or on the day of the absence before 8:30 A.M. The school reserves the right to determine if an absence is excused or unexcused.**

All students are expected to attend school regularly and to be on time for classes in order to derive maximum benefits from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. Much more is taught in classes than can be included in examinations. The responsibility for regular school attendance rests with the students and their parents or legal guardian.

In addition, a student who misses more than five minutes of a class is considered absent from that class for the day unless the student has an admittance pass signed by a teacher, counselor, or administrator. An early dismissal may count as an absence if a student misses over five minutes of class. Such an absence may be unexcused and will count toward the excessive absence limits for that class.

Family vacations are not considered legitimate reasons for missing school, and may or may not be considered an excused absence from school, especially at quarter or semester breaks when exams are given. A planned absence form does exist for students to use to notify teachers that an extended absence will be taking place. It is not an excused absence from school. The school reserves the right to determine if an absence is excused or unexcused.

### Reporting absences to school

Parents are to notify the office of a student's absence by 8:30 am. When reporting the absence, please use the attendance line (542-8603) and provide complete information as to the student's name and reason for the absence. Failure to contact the school office with information regarding the student's absence that day may result in an unexcused absence.

### REQUEST FOR PLANNED ABSENCE

Students may jeopardize grade and attendance records by absence from school *even if the absence is excused or exempt*.

Absences may be designated as **unexcused**, **excused**, **planned**, and **exempt**. Unexcused absences are those which do not qualify as excused. Upon receiving a request for excused absence, the New Albany Floyd County Schools may designate absences due to illness, death in the family, medical or dental appointments, and other "highly extenuating circumstances" as "excused." Absences which the family schedules ahead of time may be designated "excused" only if this request form is completed, and the assistant principal designates the absence as

excused.

**Excused absences do count toward the allowable limit of ten absences per semester.**

**Following an absence**, students wishing to make up work must ask the teacher for such make-up work **within two days after returning to school**. They will be given **one calendar day for each day of absence to complete the make-up work**.

When an assignment made prior to an absence is due on the first day of that absence, students are expected to complete and turn in the assignment on the day they return to school. **Tests assigned prior to an absence will be administered immediately upon a student's return to school unless other arrangements are made with the teacher prior to the student's return to school.**

**Before a planned absence**, students must request homework assignments and complete the Request for Planned Absence form. The planned absence form needs only to be filled out if the days absent exceed 1 day.

**After a planned absence**, a student must turn in homework upon return to school. Any tests that were missed need to be made up within one week of the return to school. The scheduling of such make-up tests is up to the classroom teacher.

Some absences incurred as part of classroom or other education-oriented activities may be designated as "exempt." **Exempt** absences are the only ones that do **not** count toward the ten-absence limit. For example, juniors may be granted one and seniors may be granted two exempt absences per year for visits to college campuses. Visits to local campuses are considered excused, not exempt. Of course, missed work must still be made up.

Religious retreats are also not exempt absences for attendance records. Such retreats may be counted as excused absences which count toward the ten-day limit.

## TARDIES to class

**This policy is effective for a nine-week period. After nine weeks, the policy starts again. If a student is tardy to class, the procedure is as follows:**

- 1st: Recorded
- 2nd: Recorded
- 3rd: Detention assigned by classroom teacher. Detention must be served within one week
- If the detention is not served, an SAL is assigned and the parent is contacted.
- 4th: 2 days detention or one day SAL if detention is not served within a week
- 5th: 3 days detention or SAL if not served within a week
- 6th: One day SAL

## tardies to first period

**All tardies to first period are counted the same - no matter if the student is 2 minutes late or 2 hours late. This policy is in effect for a nine-week period. After nine weeks, the policy starts again. If a student is tardy to class, the procedure is as follows:**

- 1st tardy: Recorded by office and/or teacher.
- 2nd tardy: Recorded by office and/or teacher.
- 3rd tardy: 1 hour detention assigned by teacher and/or office (if detention is not served, the student will receive an in-school suspension and lose his or her driving privileges for one week).
- 4th tardy: 2 days detention. If student does not serve detention after one week, he or she will be assigned SAL and lose driving privileges for 2 weeks)
- 5th tardy: 3 days of detention after school and loss of driving for 3 weeks
- 6th tardy: 1 day of SAL and driving privileges suspended for the 4 weeks and student may be

placed on a discipline contract

- 7th tardy: 1-3 days Out of School Suspension or possible expulsion

There are situations where a tardy could be waived. Examples include, but are not limited to, the following

- doctor's appointment with doctor's statement
- court statement
- traffic accident that can be verified by a police officer
- family emergency that is called in by the parent or guardian

\*If a student drives to school while under a driving suspension from school, he or she could be suspended out of school.

## TARDY TO SCHOOL DEFINITION/SIGNING IN LATE PROCEDURE

- Students who arrive at school after 7:45 are to report to the office to obtain a pass that will permit them to the classroom. The tardy will be documented in the office.
- Students arriving late to first period between 7:40 and 7:44 are to report to first period. The first period teacher will record the tardy.
- Excused tardies are those that are verified in writing by a medical professional, counselor or those that have been approved by the building principal due to extenuating circumstances.

## TRUANCY

**This is a year-long policy and does not start over during the school year. Truancy involving skipping one or two classes during a given day involves the following consequences:**

- 1st: One day SAL
- 2nd: Same
- 3rd: One day SAL and parent conference.
- 4th: One day SAL
- 5th: Two days SAL
- 6th: One day out of school suspension and a parent conference. Student is placed on probationary contract.
- 7th: As required by probationary contract

**This is a year-long policy and does not start over during the school year. Truancy involving skipping the entire day or a half day of classes:**

- 1st: One day SAL for each full day skipped. Not to exceed three days
- 2nd: Same
- 3rd: Same, or Out of School Suspension; legal letter sent.
- 4th: Out of School Suspension; attendance contract; parent conference
- 5th: Out of School Suspension
- 6th: Expulsion

Class "skip days" are unexcused and may result in a suspension. Furthermore, the school retains authority on truancy.

## TYPES OF ABSENCES

- Excused-When parents and the school agree that an absence is excused; students may make up missed work.
- Unexcused-Unexcused absences are counted toward the excessive absence limits.
- Truancy-Truancies are unexcused absences, and they are counted toward the excessive

absence limits.

- Out-of-school Suspension or Expulsion-Such absences are unexcused, but they are not counted toward the excessive absence limits and students are allowed to make up work missed.
- Exempt-Exempt absences are counted as days of attendance for the student. Work must be made up per the policy below.

## EXCUSED, UNEXCUSED AND EXEMPT ABSENCES

**The school reserves the right to determine if the absence is excused or unexcused. Commonly accepted reasons for an excused absence are:**

1. Personal illness;
2. Death of a close family member;
3. Medical/dental appointments which cannot be scheduled outside the school day;
4. Travel for a limited time period involving new educational experiences for a student which is requested, on an infrequent basis, by parent or guardian at least one week in advance of the proposed absence. A prearranged absence form should be obtained from the attendance office;
5. Celebration of religious holidays by a student and parents or guardians; and
6. Other highly extenuating circumstances which will be determined by the principal or his/her designee either in advance or on the day of the absence.

## UNEXCUSED ABSENCE DEFINITION

- "Long weekends" and vacations without prior approval.
- Moving days (change of residence)
- Transportation problems
- Medical or dental appointment without a doctor's written statement
- Appointments for nonessential activities such as haircuts, shopping, etc

**The following absences are exempt and will count as days of attendance for a student:**

1. Service as a page or as an honoree of the Indiana General Assembly;
2. Service on a precinct election board or as a helper to a political candidate or a political party on the date of a general, city, town, special, or primary election. The student must have the written permission of parent or guardian and must verify performance of such services;
3. Appearance as a witness in judicial proceedings, under subpoena;
4. Service on active duty with the Indiana National Guard for not more than ten days in a school year-the student must verify by providing a copy of the official orders;
5. Military intake procedures;
6. Attending a school for religious instruction upon request of parent or guardian and approval of FCHS principal;
7. Participation in out-of-class school-sanctioned activities with prior approval of FCHS principal or designee;
8. Visiting a college juniors are allowed one day; seniors are allowed two days. Visits to local colleges and universities should be scheduled on non-school days or after school. Any local college visit will not be exempt.

It is the parent or guardian's responsibility to notify the school attendance office by phone or in person of the reason for the student's absence, either in advance or on the day of the absence. Messages may be left on the attendance hotline, 542-8603, between 5:00 P.M. and 8:30 A.M., or the attendance clerk may be called at 542-3001, after 8:30 A.M.

Every school day missed will be counted toward the excessive absence policy except finals' week. If a student misses at that time, he receives a grade based on the attendance policy for finals' week.

Participation in a school extra-curricular or co-curricular event is not a valid reason for missing an exam or assignment without the prior permission of the teacher giving the exam or assignment.

When a student is absent during final examination week due to travel or other unavoidable circumstances, the student will need to be referred to an administrator for approval to take the exam early or late. Once approved the teacher and student can arrange for an alternate date and time. An administrator can assist if necessary. Teachers are not expected to come in over break to administer exams. **All excused absences, unexcused absences, and truancies will be counted toward the excessive absence limits. Out-of-school suspensions and expulsions will not be counted toward excessive absence limits. A student may petition the assistant principal for special consideration for particular absences (waiver.)**

### Waivers for Attendance

**This petition for special consideration must be made within 10 school days after the absence(s). Any request made after the specified ten-day period will NOT be considered.** The parent or guardian should notify the school at the onset of the absence. The decision to approve or deny the petition will be made by the assistant principal, and all affected parties will be informed of the decision.

### REASONS FOR CONSIDERING A PETITION (WAIVER)

The Assistant Principal for Student Development may consider an extension for makeup of excessive absences in the following circumstances:

1. The absence was an excused absence; and The Assistant Principal for Student Development will approve petitions for absences due to
  - Illness/injury-diagnosis and verification of the inability to attend school, in person or in writing, by a medical doctor must accompany the petition;
  - An appointment with a doctor that could only be made at that specific time during the school day. Recurring appointments that could be arranged outside of the school day might not be waived.
  - Hospitalization or surgery-verification, in person or in writing, by a medical doctor must accompany the petition;
  - Required religious observances-verification, in person or in writing, by the primary church official (e.g., minister, priest, rabbi) must accompany the petition. Absence of students on their days of religious observances will not count against their perfect attendance records, but must be included in attendance reports.
  - Funeral/bereavement of close family member: parent, grandparent, brother, sister, aunt, uncle, or cousin.
  - Probation/court appearance/required counseling-verification, in writing, by the official responsible for such activity, must accompany the petition.

A waiver is automatically denied if an altered or falsified doctor's note is submitted as documentation. The school may demand that the student produce a "Certificate of Incapacity" if that student has excessive absences.

## ATHLETICS

### See "Sports"

## BOOK RENTAL

Students in grades 9-12 are to pay book rental each year. Pre-registration is held in July, prior to

the opening of school. Parents may ask for credit and make payments to the bookstore if they cannot pay the full amount. The bookstore manager will set a payment plan with the parents.

## **CAFETERIA**

All students must eat in the cafeteria or in other areas assigned by the school administration. They may purchase lunch from the cafeteria or bring a sack lunch from home. They may not bring food from outside restaurants into the cafeteria. This includes ordering Grubhub, Uber Eats, or delivery from a particular restaurant.

The National School Lunch Program (NSLP) requires school food authorities to establish written administrative guidelines and procedures for managing student meal accounts. It is the parent's/guardian's responsibility to provide the means for their child to be properly fed and ready to learn. In order to do so they should: provide the money for the child/children to purchase a school meal, complete the free/reduced meal application to determine if they are eligible for assistance or send a meal from home.

All cafeteria payments will be switching to MYSchoolBucks for the 2023-24 school year. More information will be sent to parents/guardians on how to create an account during the summer of 2023.

The New Albany Floyd County Consolidated School Corporation recognizes that on rare occasions, students may forget to bring money to school for meals. Charging can be embarrassing to the students. Students and adults are expected to pay daily or in advance for all food purchases. Unpaid debts are disallowed by the Federal School Nutrition Program Regulations; accordingly, unpaid debts must be collected and paid to the School Food & Nutrition Program.

### Refunds:

Money will only be refunded from accounts to parents upon written request. Go to <https://www.schoolnutritionandfitness.com/index.php?sid=2004121741184394> for guidelines. Print the "Refund Meal Account" form and submit it to the school Food & Nutrition Manager.

## **CELL PHONE/ECD POLICY**

A student may possess a cellular phone or ECD (electronic communication device) provided that during school hours the device remains off and out of sight except during non-instructional times. School hours are defined as from the second bell in the morning until school dismisses. Setting the phone to vibrate, no ring, or special high octave ringtones are not a substitute for having the device turned off.

Students may check their phones during non-instructional time. Non-instructional time is passing periods, lunch, and with teacher permission inside the classroom.

If a phone is discovered during instructional time, it may be confiscated by the school employee and taken to the office. If the student refuses to surrender the phone to the staff member, he or she will receive one day SAL. If they then refuse to give it up to an administrator, he or she will be suspended out of school.

Students found in violation of cell phone rules will receive 3 demerits. A second offense will receive one detention. Repeated offenses may result in a more severe action.

If there is any suspicion concerning the violation of other school rules (cheating, threats) or

potential criminal activity, the phone may be turned over to law enforcement officials.

Use of a device's camera or video functions are prohibited at all times when on school grounds or at a school sponsored activity. A more serious discipline consequence will occur if a student is found to be using this function.

Parents are asked not to contact students via cell phone during school hours. Please contact the office at 542-8504 and they will relay the message to your student.

## **CHEATING OR PLAGIARIZING**

Altering grade books, falsifying or misrepresenting a school document, tampering with academic records of any type and/or theft of teacher materials or records of any sort are grounds for removal from class, failing the class and/or suspension or expulsion from school. The school will also punish students who falsify doctor's notes or excuses from parents.

See also Academic Integrity Policy

## **CLASS STANDING/RANK**

High school class standing is based upon completion of credits. The following are minimal credit completion requirements for each class standing:

10th-9 credits,            11th-20 credits,            12th-26 credits.

Students are not allowed to order graduation materials unless they have successfully completed at least 26 credits. Participation in commencement requires 38 earned credits.

### **CLASS RANKING SYSTEM**

**Philosophy:** Class rank is determined by rewarding those students that take seven of the most difficult classes available each semester and earn the highest grade in each of these classes.

#### **Points of emphasis**

Class rank is determined by the total number of **Grade Points (GP)** earned, not by a student's **Grade Point Average (GPA)**.

**A student wanting to compete for the top 10% of his or her class must take seven of the most difficult classes each semester and earn the highest grade in each of these classes.**

- **When a student takes a study hall, they may be opting out of the top 10% competition.**
- Only the 8 semesters of a student's high school career will count toward class rank.
- Classes taken during summer school, at a middle school, or correspondence will not count toward class rank, but will be counted in the GPA

The added weight is assigned to a grade earned (not the class) in the designate (IB, AP, Dual Credit, Honors) weighted classes. Listed below is how the weight will be added

<b>Regular Classes</b>		<b>Honors Classes</b>		<b>IB/AP/Dual Credit Classes</b>	
A+	4.0	A+	5.0	A+	6.0
A	4.0	A	5.0	A	6.0
A-	3.7	A-	4.6	A-	5.6
B+	3.3	B+	4.1	B+	5.0
B	3.0	B	3.8	B	4.5
B-	2.7	B-	3.4	B+	4.1
C+	2.3	C+	2.9	C+	3.5
C	2.0	C	2.5	C	3.0
C-	1.7	C-	2.1	C-	2.6
D+	1.3	D+	1.6	D+	2.0
D	1.0	D	1.3	D	1.5

D-	0.7	D-	0.9	D-	1.1
F	0.0	F	0.0	F	0.0

For the student who attends Prosser School of Technology, he/she may petition the Principal to take one class during summer school or correspondence to count for the travel period each year. This makes up for the lost opportunity of taking a class.

Number one (T-1) of the class will be designated as the top 10 Grade Point earners (graduating with distinction) of each class.

We will continue our tradition of honoring / recognizing students who are at:

- Summa Cum Laude (Gold cord)
  - 4.75 weighted GPA
  - Must pursue IB, TH or AH Diploma or AP Capstone
- Magna Cum Laude (Silver cord)
  - 4.5 weighted GPA
  - Must pursue IB, TH or AH Diploma or AP Capstone
- Cum Laude (White cord)
  - 4.0 weighted GPA
  - Must complete requirements for the Core 40 Diploma

## **COLLEGE INFORMATION**

### **FINANCIAL AID**

Money for any financial aid package comes primarily from four sources: the federal government, the state government, colleges themselves, and private programs. The federal government supplies the most financial aid. Federal grant programs include Pell Grants and Supplemental Educational Opportunity Grants (SEOG). Loans include National Direct Student Loans (GSL), and the new Parent's Loan for Undergraduate Students (PLUS). The Federal College Work Study Program (CWS) provides work aid.

Federal aid is awarded on the basis of need. The state of Indiana has scholarship and work programs for residents. State aid may be based on need, merit, or a combination of the two.

Colleges offer a wide variety of financial aid programs funded from their own resources and most have their own scholarship and grant programs. Deadlines and criteria vary greatly, so check with institutions' financial aid offices as far in advance as possible. Also, many private organizations provide aid to students. See if your parents' employers, labor unions, or professional associations provide programs. Check with your counselor, school library, or public library for books, articles, and pamphlets about financial aid. The Internet is also an excellent resource.

During your senior year, there will be class meetings and many announcements in regard to financial aid. Beginning on October 1 of your senior year, you may apply for the Free Application for Federal Student Aid (FAFSA) which may make you eligible for state and federal financial aid online at [www.FAFSA.ed.gov](http://www.FAFSA.ed.gov). You may also apply for one or more locally sponsored scholarships by filing the Floyd Central local scholarship application.

### **COLLEGE REQUIREMENTS**

The guidance department has a college materials area that provides considerable information about colleges, workforce, military, financial aid, and apprenticeships. Videos from various post-secondary institutions are also available. All students are encouraged to review these materials and visit college websites.

Representatives from colleges, armed services, technical schools, and area employers visit Floyd Central periodically during the school year. Juniors and seniors may arrange to meet with these

representatives in order to learn about post-secondary opportunities.

Competitive colleges closely inspect transcripts to see if students are taking rigorous courses. A recent study of admissions directors lists grades in college prep courses as the most important factor in the college admission process. Transcripts are available in the high school office or online at [www.parchment.com](http://www.parchment.com).

Post-secondary applications are to be given to counselors a minimum of two weeks prior to the due date. An addressed envelope with two stamps must be given to the counselor along with the application fee.

## COLLEGE VISITS

**Each junior is allowed one day of exempt absence and each senior is allowed two days of exempt absences per year for college visitation. These days do not accumulate if unused. Visits to local colleges and universities should be scheduled on non school days and will not be counted as exempt. Call the admissions office to schedule an appointment at the college. It is never too early to schedule a college visit. Use school breaks as a time to visit colleges and universities. Below is a suggested calendar for applying for financial aid.**

### Fall of Senior Year

- Review and inquire
- College catalogs and financial aid publications in college area
- Meet with college representatives-many representatives visit F.C. in the fall

## **LEARN MORE RESOURCE CENTER**

Students may call toll-free 1-800-992-2076 or check the Learn More website [www.learnmoreindiana.org](http://www.learnmoreindiana.org) for information on admission requirements or scholarship information on any college or university. Each college and university may have different requirements, so be sure and call for information.

Students may also request information on financial assistance, post-secondary opportunities,

special services for disabled students, special programs for good students, independent study and correspondence concerns, academic support services, career options, housing, and athletics.

## **COUNSELORS**

The counselors of Floyd Central High School are located in the administrative wing. The aim of the F.C.H.S. counseling and guidance staff is to help all students discover and develop their interests and abilities to the greatest extent possible.

Students are to work with their respective counselors on all-academic planning. For personal problems students are welcome to visit a counselor of their choosing, the principal or assistant principals, or ask to be referred to Student Services.

Counseling help is available during the entire school day. Students who wish to see their counselor may request an appointment via the classroom teachers or may visit the counseling office at a convenient time before or after school or during the lunch period. Students should complete a blue "Request for Counselor" form.

There are very few exceptions to this rule, and those exceptions all go through the building principal.

## **DELINQUENT LISTS**

At the end of each school year, delinquent lists are prepared naming those students who have not paid required book rental fees, who owe library fines, who have not returned rented textbooks or library books or who owe some other obligation to the school. It is in the interest of each student to see to it that all obligations are taken care of as soon as possible.

## **DETENTION/DETAINMENT AFTER SCHOOL**

## DIRECTORY INFORMATION

Under regulations of the No Child Left Behind Act of 2001, schools are required to give military recruiters the same access to secondary school students as they provide to postsecondary institutions or to prospective employers. Schools are generally required to provide students' names, addresses, and telephone listings to recruiters, when requested. Parents may opt out of providing directory information to third parties. A letter requesting that directory information NOT be released must be on file in the Office of the Superintendent, New Albany-Floyd County Schools, 2813 Grant Line Road, P.O. Box 1087, New Albany, IN 47150.

## DISCIPLINE

One goal of Floyd Central High School is to provide the safest and most positive learning environment possible for its students. Appropriate student behavior is an integral part of an

effective school climate.

## CIVILITY POLICY

Part of the role and purpose of American education is teaching students to work with each other, and in doing so, treat each other with civil courtesy.

Uncivil conduct toward students, staff members and other persons is not acceptable and will be subject to disciplinary measures which may include suspension and/or expulsion.

Uncivil conduct includes bullying, harassment, lewd, vulgar, indecent or offensive speech, name-calling, threats, racial or sexual epithets, and other expressions intended to arouse anger or hostility.

## DEMERIT SYSTEM

The demerit system is but a part of a larger program that addresses the need for appropriate student behavior in school. Using the school corporation's Student Guide policy, parental and teacher guidance, counseling services, and administrative conferences, Floyd Central will offer every appropriate opportunity for students to succeed in school and make a contribution to a positive school climate. **The demerit system is subject to changing circumstances throughout the year.**

### DEMERITS

Staff members may assign demerits for infractions of school rules. **The school reserves the right to increase demerits or assign additional punishments for offenses.**

Disruptive behavior or Inappropriate behavior	1 or 2
Failure to follow teacher/authority directive	1 Day SAL
Food or drink outside cafeteria	2
Not completing homework	1 or 2/Lunchtime Detention
Insubordination	2-6 or suspension
Profanity	2-6 or suspension
Cheating or falsification	3-6 or suspension
Inappropriate attire	4
Actions that endanger others	2-6 or suspension
Pass violation	detention or suspension
Damage to property	2-6 or suspension
Theft	3-6 or suspension
Motor vehicle violation	3 or loss of driving privilege
Leaving campus	4 or suspension
Failure to bring materials to class	1 or 2

**Level 1:** 8 demerits-students will be notified and a letter will be sent home notifying parents that a conference will be required at 12 demerits.

**Level 2:** 12 demerits-a mandatory conference will be scheduled with parents before the student is returned to classes. A student will be placed on a demerit contract at this time.

**Level 3:** 12 demerits-the student will be suspended in school for one day and hall pass privileges will be revoked.

**Level 4:** 20 demerits - student will receive the punishment stated in the demerit contract.

After 30 demerits, another series of meetings will take place to address the student's inability to conform to appropriate school behavior. Student, parents, and school officials will meet to discuss appropriate disciplinary action including withdrawal from school, expulsion proceedings, probationary status, or other action deemed appropriate under these circumstances by school authorities.

Students who exceed 40 demerits will be subject to expulsion for the remainder of the school year.

## NO-PASS LIST

Students with an excessive number of disciplinary referrals may be placed on a “no pass” list. Students caught using or possessing tobacco, drugs, or alcohol are automatically placed on a “no pass” list for nine weeks, the equivalent of one quarter.

## REFUSAL TO FOLLOW TEACHER DIRECTIVES

Insubordination or refusal to comply with teacher directive may result in at least one day of in school suspension as a minimum consequence.

## REFUSAL TO COOPERATE WITH ADMINISTRATORS

A student may be suspended or expelled for failing to comply and/or truthfully respond to questions from a staff member regarding school-related matters including potential violations of student conduct rules or state or federal law.

## STUDENT/SENIOR PRANKS

Student/senior pranks of any kind are prohibited throughout the year. Such actions are subject to disciplinary action, including suspension, removal from school events including commencement ceremonies, and/or possible expulsion from school.

## Temporary teacher dismissal

Behavior modification, constructive intervention, and attitude adjustment are phrases applicable to measures taken to deal with classroom conflicts or student behaviors which interfere with the education process. School staff members use a Student Development Referral form to document teacher, counselor, and administrator steps taken in contending with unproductive student behavior. The goal is to help students learn effective coping skills, thus positively dealing with their problems as they realize personal growth and a deepened educational experience.

Student referrals are maintained in student files for parental information and future counseling sessions. All referrals are disposed of when the student graduates.

## Teacher Exclusion

A teacher may exclude a student from participation in any educational function under that teacher's charge and supervision for a period not to exceed five school days when a student interferes with the educational function of which the teacher is then in charge.

## Permanent Removal from Class

A student may be permanently removed from class and receive an “F” on his or her transcript for committing one of the following actions:

- Becoming incorrigible toward the instructor of a class.
- Refusing to complete work for a class.
- Violating safety rules of a class.
- Committing an act of violence or theft in a class.
- Violating the computer usage policy of a class.

## VIOLENCE, THREATS, AND VERBAL ABUSE

Student violence directed towards staff or other students will not be tolerated. Threats made to anyone about personal safety or property may result in suspension and/or expulsion from school. All conflicts must be reported to school officials. Violations of the safety policy will be reported to legal authorities and the student may be arrested. Verbal abuse and offensive language directed towards others is an offense subject to suspension or expulsion. Intimidation and threats directed toward public school employees may be considered a felony under Indiana Code (I.C. 35-45-2-1).

Students who accumulate 2 safety violations within his or her high school career may be required to attend counseling that addresses anger management. This counseling will be paid for by the parent or guardian. If a student has 3 safety violations within a high school career, he or she could

be expelled from FCHS.

## OTHER OFFENSES

- a. Fighting may result in automatic and immediate out of school suspension of three days or more plus one day of in-school suspension. Students may be asked to attend workshops on conflict resolution.
- b. Use or possession of drugs or alcohol is explained in "Drug and Alcohol Abuse Policy Manual" appended to this handbook. Students are subject to testing for alcohol consumption if they are suspected of being under the influence of alcohol while at school.
- c. Infractions such as violence, insubordination, and destruction of property will be dealt with accordingly and may result in suspension and/or expulsion from school.
- d. Forging of school official's signatures or school documents may result in a one day or longer suspension.
- e. Inappropriate language, either written or verbal, may result in demerits and/or suspension.
- f. Pranks of any kind are disruptive and subject the student to possible suspension or expulsion.
- g. Any student who falsified school records, including progress reports, report cards or passes is subject to disciplinary action.

## **DRESS CODE/INDECENCY**

The School Board believes that student dress and appearance should be respectful and not interfere with the learning environment. This replacement policy begins with the 2022-2023 school year.

The School Board understands that schools may have special days/events where the principal allows restricted items to be worn (e.g. sunglasses on Beach Day).

Clothing and jewelry which includes depictions or symbols of the following are prohibited:

- a. sex or sexual innuendo;
- b. lewd, vulgar, indecent, or plainly offensive speech, including profanity;
- c. violence, destruction of property, or advocating the use of force;
- d. urging violation of the law or school regulations;
- e. alcohol, drugs, tobacco, or tobacco like products;

- f. anything that humiliates others or which may be considered racist, sexist, ethnically derogatory, including the confederate flag
- g. anything that substantially or materially disrupts the school environment.

Restricted items will include the following:

- a. Any item deemed inappropriate by a building administrator
- b. Any item that may cause safety concerns/issues
- c. Head covering of any kind unless the item (e.g. religious headwear) is approved by the principal
- d. Pants and skirts must be worn at the waist
- e. Tops without sleeves unless deemed appropriate by a building administrator and cover the stomach
- f. Pajamas or similar nightwear
- g. Sunglasses without a doctor's statement
- h. Clothing or holes in clothing that exposes stomach/private areas

Principals should consider the following progressive consequences when students do not follow the policy:

- a. Warning
- b. Warning and parent contact
- c. Parent conference at the school
- d. In school suspension
- e. Out of school suspension

## **DRILLS**

State law and district policies require all public schools to conduct a specific number of fire, disaster and intruder drills in the course of the school year. Each classroom posts a list of

directions for each type drill. All teachers will go over the specific instructions for their room. Follow these directions without fail. **It is essential that silence be maintained so that directions may be heard.** Careful haste (but no running) is encouraged.

## **DRIVER EDUCATION**

Driver Education is a voluntary, after-school, non-credit program offered by Floyd Central. It is a fee based course that students may elect to take. Students with poor grades and an unsatisfactory discipline record may be denied admission to the program. Students wishing to take this course are encouraged to listen for announcements regarding its availability.

## **DRIVING WITH SUSPENDED PRIVILEGES**

If a student drives to school while suspended, the student could be suspended out of school for insubordination.

## **DROPPING AND ADDING CLASSES: TIMELINES**

Students must be enrolled for six classes. Dropping a class requires approval from parents and the counselor, and arrangements for adding another class must be made.

Dropping and adding classes must be transacted within two weeks after the start of a semester. Students are required to fulfill all the requirements of the added class.

If a student withdraws after this date or is removed from the class for any reason, the student will receive an "F" for the course. Exceptions to this policy can be made by appeal to the teacher, counselor, and school.

**Students enrolled in seven subjects may drop a non-required class at any time prior to the eleventh week of a semester in order to be removed from the class roll and not receive a grade. Exceptions can be made by appeal to the teacher, counselor, and school.**

## **ELEVATOR USAGE**

Students are not permitted to use the school elevators unless arrangements have been made through one of the Assistant Principals. Elevator use by students is reserved for students with certain medical conditions or temporary disabilities.

## **EXTENDED DAY**

The role of the alternative school is at Floyd Central. It will meet after school hours. The times may fluctuate but the lab will likely be open from 2:30 to 4:30 pm. Extended Day students may not attend graduation or prom. They may appeal to the principal for exceptions.

## **EXTERNAL CREDITS**

A student using credit recovery is limited to fourteen external credits to qualify for a Floyd Central diploma.

Those students wanting credit for classes taken outside of Floyd Central need to gain permission from the principal.

## **FINAL EXAMS**

Semester and end-of-year final exams are required of all classes at Floyd Central High School.

No student may be excused from these exams without the principal's permission. Vacations are not acceptable reasons for leaving school early or missing final exams. Students choosing to miss finals without prior approval from the principal will receive an "F" for exams missed, and their grades will be averaged accordingly. In extenuating circumstances and emergencies, arrangements can be made with the principal on an individual basis.

## **FINANCIAL OBLIGATIONS**

Students may be assessed a financial obligation for failure to pay fees or for damage. The student is then notified of their obligation and payment is due promptly. This is done to teach a respect for property and to ensure that our textbook rental funds are managed in a fiscally responsible fashion.

## **FREE OR REDUCED LUNCH POLICY**

Parents may apply for community assistance or free lunches. To apply for free or reduced price meals or textbook assistance, secure an application from the bookstore during enrollment week. Complete the application and return it to the bookstore immediately. Students may charge a lunch in the cafeteria when they forget their money for lunch.

## **FUND RAISING**

Many valuable and worthwhile fund-raising activities occur each year. No fund-raising event may take place without prior approval from the principal's office. Students may not sell or solicit for personal gain. No solicitation of any kind is allowed during the school day.

## **GAMBLING**

Gambling of any form is prohibited on school grounds. Students caught gambling could be suspended from school. Playing cards and dice are not permitted during the school day.

## **GANG ACTIVITIES, CLOTHING, OR ACCESSORIES**

Gangs and gang related activities, clothing and accessories are prohibited on school property at all times. A "gang" is defined in this Policy as any ongoing organization, association or group of three (3) or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts or violations of School Corporation rules and regulations, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in gang activities. Gang signs, symbols and membership activities are also prohibited. Any gang activity, clothing or accessory that can be construed to intimidate, separate or distract students from the primary mission of the schools is prohibited and provides grounds for suspension or expulsion under Article II, herein.

## **GRADUATION CEREMONIES**

Graduation ceremonies are held during the last week of May or in early June each year. Dates are set far in advance, and parents and family members are encouraged to join Floyd Central in celebrating this lifetime achievement. Baccalaureate, class night, and graduation are the three traditional graduation ceremonies celebrated each year. These are joyous but solemn events, and we request that those in attendance should show dignity and respect for these ceremonies. Appropriate attire is required for all students. Messages on caps are prohibited. All graduation ceremonies are optional for receiving a diploma, but the school encourages all students to participate in as many activities as possible. Students should undergo a credit review of their transcript at the beginning of their senior year to ensure that they have met all graduation requirements. Students must have earned a minimum of 38 credits to participate in graduation ceremonies. Students in alternative programs need permission to participate in ceremonies. Commencement programs are school board events and not a student right. A student may be excluded from graduation and other events as a disciplinary measure. Senior "pranks" are grounds for such action whenever they take place. Students attending the Extended Day Program at FC will not be allowed to participate in the graduation ceremony, Baccalaureate, or Prom.

## **GRADUATION INFORMATION**

## SENIOR HONORS

Seniors will be honored at graduation as follows:

Top 2%-**With Distinction**

This Student Handbook/Planner, signed by a teacher, counselor or principal, must be visible and must be the property of the student carrying it. This Student Handbook/Planner must be in the possession of the student anytime during the school day (except lunch) that the student is moving around the building or grounds. If a principal, counselor or teacher asks to see the Student Handbook/Planner, it must be shown without hesitation.

Students not having a Handbook/Planner will be sent back to class upon the first offense; the second offense may lead to disciplinary action.

Students may be placed on a "No Pass" list .

## HEALTH OFFICE

If students present themselves at the health office and have been injured or are obviously ill, they may be admitted without a pass and will be cared for according to the medical standing orders approved by the medical advisor. All other students who wish to be admitted to the health office must have a pass from the teacher to whom they are responsible that period.

Students who do not feel well may be allowed to remain in the health office for a maximum of thirty minutes. At the end of that time, if they are not ready to go back to class, the health aide will phone the counselor or the assistant principal for a decision and recommended disposition in the matter. At the end of that time, if they are not ready to go back to class, the health office will phone the parent or guardian on file to discuss next steps. **Students should not call home to be excused for illnesses.**

When a student returns to class from the health office, the student will be given a pass with the student's name and time and date they left the health office so they may return to class.

#### **MEDICATIONS AT SCHOOL**

See #17 in the Students Rights and Responsibilities section of this handbook.

#### **Health and Extracurricular Activities**

New Albany-Floyd County Schools offers nursing services during school hours. However, a school nurse or health aide is not in the building after school hours. If your child has a medical condition requiring nursing care or a specialized care plan and intends to participate in any before or after-school activities, sports, or programs, please notify your school nurse. Many agencies/programs use our school buildings for student activities but do not have access to your child's health information or training on how to handle health concerns. Your school nurse can help you know what steps need to be taken to keep your child safe and healthy outside of the normal school day.

#### **Severe Allergies at School**

If your child has a potentially life threatening allergy to food, insect sting, latex, or other allergen, please be sure to have your child's health provider complete an Allergy Actions Plan for your child and provide the school with an EpiPen according to the directions on the Allergy Action Plan.

But, what if your child has an allergic reaction for the very first time at school and has never been diagnosed with an allergy? New Albany-Floyd County school nurses are prepared to handle these potentially life threatening allergic reactions as well. If your child experiences a life threatening allergic reaction at school that involves severe swelling of lip, face, tongue, or throat, severe difficulty swallowing or breathing, or unconsciousness, 911, and a parent will be notified. A school nurse or trained school employee under the direction of a school nurse may use a lifesaving medication called an EpiPen according to orders from the medical advisor. If you do not want your child to receive the lifesaving measure of medication from an EpiPen, please contact your school's nurse in writing.

## **HOMEWORK POLICY**

#### Philosophy

Educators and parents want to ensure the success of all students. Therefore, a clear policy for assigning and completing homework is important. Homework gives students opportunities to extend classroom learning and practice skills while developing self-discipline and study habits that will benefit them in school and beyond.

Students, parents, teachers, and administrators must work together to share responsibility for student success. Homework is a valuable, relevant, and positive part of the instructional program. The New Albany-Floyd County Consolidated School Corporation encourages students to complete homework assignments at the elementary, middle, and high school levels. A rule of thumb for how much time should be spent on homework is 5 minutes per year of age:

Example:

5-6 yrs (1st grade) 25-30 minutes

11-12 yrs (grade 6) 60 minutes

17-18 yrs (grade 12) 90 minutes

### Objectives for Homework

1. Students will gain practice and application of knowledge and skills.
2. Students will learn responsibility and time management skills.
3. Home-school cooperation and communication will promote educational growth.
4. Students will be in contact with out-of-school learning resources.

### Student's Role

1. Always clarify any questions you may have before leaving the school or class. Writing down assignments helps you remember.
2. Take home all needed books and materials for the assignment.
3. Set aside enough time to finish assignments.
4. Find a place to work where you can focus on the assignment without distraction.
5. Check your completed assignment for accuracy.
6. Return assignments on time.

### Principal's Role

As an instructional leader, the principal has an important role in homework policy implementation.

1. Lead the school staff, students, and parents in identifying building level homework practices.
2. Communicate the district policy to teachers, parents, students, and the community.
3. Encourage homework that reinforces concepts and benefits students.
4. Assist parents and teachers if problems with homework occur.
5. Evaluate and revise homework practices as needed.

### Teacher's Role

Teachers make appropriate assignments by:

1. Coordinating homework with instructional goals to reinforce classroom instruction.
2. Providing clear directions for homework completion.
3. Explaining the method for evaluation.
4. Assuring that assignments are reasonable and the time required is appropriate.
5. Notifying parents if a student consistently fails to complete assignments.
6. Respecting the needs for students to participate in other activities.
7. Communicating homework practices to parents.

### Parent's Role

Parents' cooperation and attitude make a great difference in their children's effort toward homework. Parents can help their children by:

1. Providing a quiet place to study.
2. Establishing a regular homework time.
3. Encouraging their child to ask for help.
4. Communicating with teachers when their child has consistent difficulties.
5. Encouraging quality work and completion of tasks while recognizing their best efforts.
6. Insisting child does his/her homework while providing encouragement and assistance.

## **IMMUNIZATIONS**

A number of immunizations are required by state law for students admitted to public school. Evidence of receiving these immunizations or a letter of medical or religious objection is required before starting school.

Unless proven negligent, the School Corporation and School Corporation personnel assume no financial responsibility for medical expenses, treatment or damages resulting from injuries sustained by students while participating in any School Corporation sponsored educational program, or practicing for or participating in athletics, or any other school activity. The School Corporation makes student accident insurance available through a commercial insurance carrier; the protection and limitations are stated in the policy. Enrollment in this student accident insurance program is voluntary. If parents decide not to enroll in the student accident insurance program, it is the parents' responsibility to provide appropriate insurance, or to assume the risk of possible financial responsibility inherent in having their child participate in any school activities. Individual schools may request that parents provide the name of the company carrying the family's health and accident insurance, or order for school officials to have this information in cases of medical emergency.

- b. Married students are subject to all rules and regulations that apply to the entire student body.

## **MULTIPLE ATTEMPTS OF MASTERY**

Overall philosophy for retakes and redos: Floyd Central High School believes in holding students accountable for their learning. Teachers will afford students multiple attempts of mastering the content that impacts learning the most. Grading policies are intended to reflect that learning. With that in mind, teachers are not expected nor are they encouraged to allow multiple attempts on every assignment/assessment. Evidence of learning is the goal.

## **PARKING/DRIVING PRIVILEGES**

Students with a valid parking permit obtained from the athletic office may drive their vehicles to school. Students are required to have a valid sticker displayed in the appropriate location on their vehicle. Driving to school is a privilege, and that privilege may be suspended or revoked if the student fails to exercise appropriate and safe driving practices arriving at school, during school, and leaving school. Floyd Central is a closed campus. Students may not leave campus without permission during the school day.

To maintain driving privileges on the Floyd Central campus, a student must be in good standing in the areas of academics (passing five classes) and attendance (fewer than ten absences for the semester). The student's discipline record should show no more than eight demerits and no OSS. Students who are not in good standing with the school may have driving privileges suspended on school premises. Driving privileges may also be revoked for excessive tardies to school or truancy from school.

Floyd Central students will not be permitted to drive to Prosser. Exceptions to this rule are based on Prosser program requirements, and must have the approval of the Prosser principal.

## **PERMANENT RECORD**

A permanent record is maintained for every student from the day the student enters the ninth grade.

Subject marks, units of credit, attendance, standardized test scores, participation in school activities, and other important information are placed on the permanent record.

This record is extremely important and becomes increasingly so after the student has left school.

The permanent record will be referred to for transcripts to colleges, by employers, and in many other instances when official information about a person must be secured and permission has been received to release such information.

The current permanent records are filed in the principal's office. Students may examine their own record only in the presence of a teacher or counselor.

The same rule applies to students attending Alternative Education placements. These guests must provide specific registration information in order to attend. Students violating prom policies will lose future prom privileges. **Students suspected of using alcohol may be asked to submit to a sobriety test.** The school prom is a tobacco-free event and school suspension rules apply. **ROTC (FCHS/LANESVILLE NJROTC)**

**Mission:** The mission of the Navy JROTC program is to prepare students (Cadets) for life after high school graduation. We accomplish this mission by providing a team- like environment where all Cadets have a sense of worth as they learn moral values, organizational skills, responsibility, citizenship and leadership. We hold Cadets accountable for their responsibilities. Each Cadet's high school grades are our first priority. A Cadet's eligibility to rise in leadership positions depends first and foremost on his/her grades. The Naval Science Instructor (NSI) and ultimately the Senior Naval Science Instructor (SNSI) are responsible for the conduct and mission of Floyd

## Central-Lanesville Navy JROTC.

**Core Values:** Our Core Values are those of the United States Navy/ United States Marine Corps team: Courage. Honor. Commitment.

**Conduct of Cadets:** We expect our Cadets to live by our core values 24 hours per day, every day. Violations of our core values or violations which involve violations of FCHS, LHS or school corporation rules or policies can result in a Cadet receiving NJROTC disciplinary action, dismissal from the NJROTC program or stronger disciplinary measures if deemed appropriate by FCHS or LHS administrators.

**Policy Regarding Eligibility and Participation in NJROTC Leadership Positions and/or NJROTC After School Team Activities:** Cadets must maintain overall satisfactory high school grades to be eligible for leadership positions and participation in Color Guard, Drill Team, Marksmanship Team (air rifles), Academic Team, PT Team (physical training) and /or Orienteering Team. A Cadet's violation of our core values may render a Cadet ineligible to lead fellow Cadets or participate in our teams. The SNSI/NSI will make these determinations.

**Academics/Grade Criteria:** Cadet's grades are weighted 25% academics and 75% military performance. Academics include classes on how to study and take exams, wellness, military subjects like ships, aircraft, U.S. History(U.S. Constitution and Bill of Rights), U.S military history, duties and responsibilities of U.S. citizenship, leadership principles and traits, and current events. A written paper is required each semester. Military performance includes demonstrated leadership if assigned a leadership billet, physical fitness and effort during physical training, the Cadet's Navy physical fitness test (NPFT) score, effort and performance of Close Order Drill, the Cadet's attendance at mandatory events like local parades, the Road March to Honor Veterans, the annual inspection, the awards banquet, the practices for each and our weekly uniform inspections. The semester final counts for 10% of the overall semester grade.

**Attendance:** Cadets must be present and properly prepared for class in order to be successful. Erratic attendance may result in a Cadet becoming ineligible to hold a leadership billet and/or participate in NJROTC teams.

**Physical Training (PT):** Two years of Navy JROTC fulfills the State of Indiana's physical education requirement. As such, NJROTC has a rigorous PT program. Cadets are expected to actively participate in PT. Cadets are graded on their attitude, effort and compliance in wearing the issued NJROTC PT uniform. Each semester Cadets are required to take the Navy Physical Fitness Test. (1.5 mile run, pushups and curl ups.) They will receive a grade based upon their score. PT homework is permanently assigned. In addition to scheduled PT during NJROTC class, Cadets are expected to work out a minimum of 3 times per week for at least 30 minutes as a homework assignment. This is essential to a Cadet's achieving an acceptable level of physical fitness.

**Grooming and Appearance:** Cadet's will comply with grooming standards and personal hygiene as set forth in the NJROTC Cadet Field Manual.

**Field Trips and Competitive Events:** NJROTC strives to take two local field trips each semester. Cadet attendance is mandatory with few exceptions. Throughout each semester our teams will compete with other JROTCs in various drill meets, rifle matches, academic, and physical fitness competitions. Cadets will be provided information regarding these field trips and competitions. They are responsible for sharing this information with their parent(s)/guardian(s) and showing up on time and properly prepared for these events. A three or four day field trip is normally planned for early June. This trip is strictly voluntary. Recently graduated Cadets may participate. The cost involved and other details are addressed in a letter to NJROTC parents sometime during the second semester.

**Fundraising Activities:** In order to support our participation in many activities, Cadets are called on to participate in fundraising programs. These programs help support our "Adopt A Family" program, our competitive teams and our field trips.

**Senior Leadership Billet Selection Process:** Cadets who have successfully completed their first

and/or second year of NJROTC are considered for selection by the SNSI and NSI to compete for the most important leadership and staff billets. This is a structured, measurable process involving overall high school grades, demonstrated leadership potential, physical fitness, military aptitude, peer evaluations, appearance before a panel, a written leadership paper and overall impression on the SNSI and NSI. The SNSI will make the ultimate decision as to which Cadets will hold which positions in the upcoming school year. Positions and promotions are normally announced during the annual NJROTC Awards Banquet held in May.

**Annual Inspection:** Each year, normally early in second semester, the Cadet Company undergoes an administrative and personnel inspection. This is normally an all day affair which culminates with an evening ceremony in the gym. The Inspecting Officer presents some awards and the entire company marches in a Pass in Review. Parents/guardians are expected to attend this evening event.

**Military Ball:** Cadets enjoy this formal dance each year. The Military Ball is normally held sometime in February or March. Cadet attendance is optional but encouraged. Female Cadets are allowed the option of wearing an evening gown or prom dress in place of their uniform. Male Cadets are required to attend in uniform. Male and female guests must dress in appropriate civilian attire. (Suit or tuxedo for males, evening gown or prom dress for females).

**Awards Banquet:** Held in early May, this is the Cadet's favorite event. Cadets, parents/guardians eat a meal in the cafeteria during which time awards are presented honoring their efforts during the past school year. Following this, the Cadets go to the gym where each platoon performs their own skit/marching routine. The evening ends with the Cadet Change of Command ceremony where the newly promoted second and third year Cadets assume command of the Cadet Company.

**Basic Leadership Training and Leadership Academy:** Qualified Cadets selected for the most important leadership billets are given the opportunity to attend an arduous one week Basic Leadership Training (BLT) camp located at the Army National Guard Base at Marseilles, IL. This takes place in mid to late June. SNSI or NSI provides transportation to and from this training. Normally the SNSI or the NSI is an instructor at this training. One or two qualified Cadets who have successfully completed BLT may be selected to attend the prestigious one week Leadership Academy located at Great Lakes Naval Base in IL. This training usually occurs in late June to early July. Parents/guardians normally provide transportation to and from this training.

**U.S. Military Academy Appointments and College ROTC Scholarship Opportunities:** It is a fact that JROTC Cadets have an edge on regular high school students when it comes to receiving military academy appointments and college ROTC scholarships. The SNSI has the authority to nominate one qualified NJROTC Cadet to the United States Naval Academy each year. The SNSI also has authority to nominate qualified NJROTC Cadets for Navy ROTC scholarships. The SNSI and NSI also work closely with the FCHS and LHS counselors to coordinate military scholarship opportunities for Cadets and students of their high schools.

## **SAFE SCHOOL HOTLINE/TIPLINE**

The school district has made available the services of a national safe school hotline for parents and students to call to report any safe school issue anonymously. These issues could include acts of vandalism, theft, drug or alcohol use, any form of harassment, violence, or weapons on campus. These reports will be passed on to the appropriate school. Dial (812) 542-2230 or visit <http://www.nafcs.k12.in.us>.

## **SCHEDULING**

Early in the spring semester students begin receiving information that impacts course choice decisions for the ensuing school year. Eighth grade students receive information regarding the recommended level of their first high school course in those subjects. Sophomore students tour Prosser School of Technology to see firsthand the labs and classrooms of the 26 plus vocational disciplines available to them as juniors and/or seniors.

The senior high counseling staff and the assistant principal for student development make classroom presentations and give course information. Students are informed about the specifics of their schedule needs. Within one week of these meetings students are asked to submit their schedule requests for the fall semester.

Limited schedule changes are permitted during registration. Underclassmen will have one week for schedule changes. Seniors will have the first two weeks of school for changes. To drop an AP course, the student must get approval from the building principal.

## **SCREENING FOR HEALTH CONCERNS**

In the course of each school year, the School Corporation provides the opportunity for students at some grade levels, or in some programs to be screened for possible health concerns which could adversely affect a student's performance in the educational program of the School Corporation, including, but not limited to hearing and sight. If parents or guardians do not wish to have their child or ward screened for these possible health concerns because of religious beliefs, such parents or guardians must submit to the building principal a written signed statement indicating that the parent objects on religious grounds.

Students may be removed from school for failure to comply with immunization requirements (I.C. 20-34-4-5) or if the student is ill, has a communicable disease, or is infested with parasites ((I.C. 20-34-3-9).

## **SELF ADMINISTERED MEDICATIONS (I.C. 20-33-8-15)**

## **SPORTS**

### **FLOYD CENTRAL HIGH SCHOOL ATHLETIC PHILOSOPHY**

Floyd Central High School recognizes that interested students should have the opportunity to develop their potential as athletes in activities appropriate to their level of ability. In this spirit, Floyd Central provides a program of interscholastic athletics which promotes participation for qualified students within the rules and regulations of the Indiana High School Athletic Association and Floyd Central High School Athletic Department. It is the goal of our school to provide such opportunity as a further means of developing the intellectual, emotional, and social maturity of our students, while at the same time teaching the importance and worth of teamwork and sportsmanship. Floyd Central athletics also provide a unifying influence upon our student body and between our school and community. Finally, as is true in all aspects of education at Floyd Central High School, our athletic program is committed to the pursuit of excellence, acknowledging that the quest itself is the most significant aspect of achievement.

### **EXPECTATIONS OF ATHLETES**

Contestants' conduct, in and out of school and season, shall be such as (a) not to reflect discredit upon their school, team, or family, and/or (b) not to create a disruptive influence on the discipline, order, moral or educational environment of Floyd Central High School.

1. This policy shall become effective for all athletes regardless of the sports season, on the first day of fall practice (IHSAA selected date) of an athlete's freshman year and continue until all FCHS teams are eliminated from the state tournament in the spring season of an athlete's senior year.
2. The principal has the discretion to enforce stricter penalties for offenses deemed more serious. In cases that involve exceptional circumstances, principals may accept an appeal.
3. The head coach of each sport will distribute the FCHS Student Athletes Expectations Pamphlet and may have additional training rules which are also valid and must be followed by athletes involved in their sport.
4. The New Albany Floyd County School Corporation does not discriminate on the basis of race, sex, age, color, creed, disability, limited English proficiency, family status, national origin or religion in employment or in the educational programs and activities which it operates, in accordance with applicable state and federal statutes and regulations.
5. It shall be a violation of this policy for any employee, coach and/or athlete of the New Albany Floyd County Consolidated School Corporation to discriminate against or harass another employee, coach, and/or athlete based upon race, sex, age, color, creed, disability, limited English proficiency, family status, national origin, or religion. It shall be a violation of this Policy for any student athlete to discriminate against or harass another student athlete or an employee based upon any of the above mentioned protected characteristics.

### **POLICIES GUIDING ELIGIBILITY AND PARTICIPATION**

Participation in the athletic program is a privilege earned by meeting the rules and standards set forth by the IHSAA and Floyd Central High School.

## ACADEMIC RULES

The rules of the Indiana High School Athletic Association, Inc., By-Laws and Articles of Incorporation will be followed. A few of the most common rules affecting athletic participation are listed below.

### ACADEMIC ELIGIBILITY

To participate in extra-curricular (does not apply to grade based co-curricular activities) activities at FC, **a student must be enrolled in and passing five full credit courses.**

Eligibility for the first nine weeks is based upon the previous year's second semester grades. Summer school classes may be counted toward the five credit requirements for eligibility. Eligibility for the first nine weeks of the second semester is based upon the first semester grades of that year.

### ATTENDANCE

Student athletes are expected to make school attendance a priority. This means being in attendance both the entire day of and the entire day after evening activities. **Student athletes must be in attendance to be eligible for athletic activities that day.** Exceptions would be pre-arranged absences, school-related functions, or other exceptions approved by the principal or athletic director.

### GROOMING AND APPEARANCE

Floyd Central High School athletes act as representatives of the school and community and therefore are required to exhibit a well-groomed and appropriate appearance. The same rules of appearance apply to athletics as that of school. The coach will determine guidelines as needed concerning the appropriateness of styles within the content of safety and accepted social norms.

### TRAINING RULES

Participation in the athletic program is a privilege which carries with it varying degrees of responsibility, recognition, and reward. Participating student athletes represent their school and other members of the student body, and it is their duty to conduct themselves in a manner that is positive for themselves, their families, their school and their community. The following training rules shall apply to all \_\_\_\_\_ students associated with the athletic program in grades 9 thru 12. The Principal in consultation with the Athletic Director and Coach have the discretion to reduce the penalty and when it is imposed under certain circumstances. **In addition, scrimmages / practice games are not counted in games to be excluded from participation. Exclusion from games will occur immediately and in sequence order in which a training rule was violated.**

#### 1.. Felonies, Misdemeanors, Acts of Delinquency, Expulsions

**Penalty:** Any student/athlete arrested or detained as a juvenile on such a charge may be suspended from any participation (games and practices) pending investigation of the incident. The student/athlete may be excluded from extracurricular activities for 365 days (one calendar year) from the date of the violation. Any student/athlete expelled from school, regardless of abeyance, may be excluded from extra-curricular activities for 365 days (one calendar year) from the date of the violation. The principal has the discretion to reduce this penalty under certain circumstances.

**Rationale:** Rule 8, Section 1 of the IHSAA by-laws states that the conduct of an athlete in and out of school shall be such as (1) not to reflect discredit upon the school or the association, or (2) not to create a disruptive influence on the discipline, good order, moral or educational environment of the school.

#### 2. The use of, consumption, or possession of controlled substances; alcohol or

### **drugs (except as prescribed medically by a licensed physician) Penalties:**

First Violation- Exclusion from participation in all athletic contests for a total of 10% of their teams' games once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. No participation will be permitted until a meeting is held, and the suspension will begin with the athletes' next scheduled contest. A team's games is defined as their number of regular season contests as defined by the IHSAA (i.e. Basketball-22, Baseball-29, Soccer-16).

Second Violation- Exclusion from participation in all athletic contests for a total of 20% of their teams' games along with enrollment in a substance abuse program of assessment, counseling, screening and/or indicated therapy (the cost of the program shall be the responsibility of the student and/or his/ her parents or guardian) once the Principal, Athletic Director and Coach have met with the athlete concerning the violation. No participation will be permitted until a meeting is held, and the suspension will begin with the athlete's next scheduled contest. Successful completion of the substance abuse program and a written appeal to the principal may reduce this penalty. A team's "games" is defined as their number of regular season contests as defined by the IHSAA (i.e., Basketball-20, Baseball-29, Soccer16).

Third Violation- Exclusion from participation in all athletic contests for a total of 50% of their teams' games once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. No participation will be permitted until a meeting is held, and the suspension will begin with the athletes' next scheduled contest. (Further violations will also incur suspension from participation in athletic events for one calendar year.)

**Rationale:** The use or possession of controlled substances (drugs) and/or alcohol is prohibited by law. Their use reduces physical and mental performance, and is injurious to one's health.

\*\*\*This policy is cumulative and applies to a student-athlete's four-year high school eligibility in the New Albany – Floyd County School Corporation. This policy will not be in conflict with the school district's drug and alcohol policy.\*\*\*

### **3.. Use or possession of tobacco products / e-cigarettes (any form)**

#### **Penalties:**

First Violation- Exclusion from participation in all athletic contests for a total of 5% of their teams' games (minimum of one game or event) once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. An athlete shall not participate before a meeting is held, and any suspension will begin with the athlete's next scheduled contest.

Second Violation- Exclusion from participation in athletics for a total of 10% of their teams' games (minimum of two games) once the Principal, Athletic Director, and Coach have met with the athlete. An athlete shall not participate before a meeting is held.

Third Violation- Exclusion from participation in all athletic contests for a total of 50% of their teams' games once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. No participation will be permitted until a meeting is held, and the suspension will begin with the athlete's next scheduled contest. Successful completion of the substance abuse program and a written appeal to the principal may reduce this penalty.

**Rationale:** The use of tobacco is injurious to one's health and is prohibited by law.

\*\*\*This policy is cumulative and applies to a student-athlete's four-year high school eligibility in the New Albany – Floyd County School Corporation.\*\*\*

#### 4 **Violation of Title IX**

First Violation- Exclusion from participation in all athletic contests for a total of 20% of their teams' games (minimum of one game or event) once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. An athlete shall not participate before a meeting is held, and any suspension will begin with the athlete's next scheduled contest.

Second Violation- Exclusion from participation in all athletic contests for a total of 50% of their teams' games once the Principal, Athletic Director, and Coach have met with the athlete concerning the violation. No participation will be permitted until a meeting is held, and the suspension will begin with the athlete's next scheduled contest. Successful completion of the substance abuse program and a written appeal to the principal may reduce this penalty.

#### 5 **Violations of School Rules**

**Penalties:** Student athletes may not compete, practice, or participate in any way with an athletic team during a suspension from school. Less serious violations of school rules are to be handled by the head coach.

#### 6. **Social Media**

Because athletic teams represent the school and are a source of school and community pride, and because they are recognizable in the community and often serve as role models for younger students, high school students who choose to participate in the athletic program are expected to exhibit standards of character and behavior both in and out of school beyond what may normally be required of other students. This includes posting vulgar language, obscene pictures are other inhumane acts that would place in question the quality of a student's character on a social network (Facebook, YouTube, Twitter, etc). Violation of this training rule could lead to a one contest suspension up to suspension from athletics for one calendar (365 days) year.

#### 7. **Expectations**

Finally, because athletic teams represent the school and are a source of school and community pride, and because they are recognizable in the community and often serve as role models for younger students, high school students who choose to participate in the athletic program are expected to exhibit standards of character and behavior both in and out of school beyond what may normally be required of other students.

### **Due Process Procedures**

1. The violator and their parents will meet with the coach, athletic director, and principal.
2. The violation and suspension will be set forth in writing.
3. The suspension may be appealed (a. Athletic Director, b. Principal, c. Superintendent)
4. Re-evaluation--Hearing
5. Final judgment

## IHSAA ELIGIBILITY RULES

The rules of the Indiana High School Athletic Association, Inc. By-Laws and Articles of Incorporation will be followed. Home schooled students must be enrolled in five classes at an IHSAA school to participate in sports. A few of the most common rules affecting athletic participation are listed below:

1. Between May 1 and the student's first practice in preparation for interschool athletic participation; the student shall have had a physical examination by a physician holding an unlimited license to practice medicine. The proper Parent and Physician's Certificate must be on file in the athletic office (Rule C-3-10).
2. Students violate their amateur standing if they participate in athletic activities, tryouts, auditions, practices, and games held or sponsored by professional athletic organizations, clubs, or their representatives. This rule applies to all sports except during the contest season (Rule C-5-3).
3. Senior high school athletes must be passing five full-credit subjects at the conclusion of the most recent grading period. Semester grades take precedence over nine-week grades (Rule C-18-1).

Note: Eligibility for the first nine weeks is based upon the previous year's second semester grades. Summer school classes may be counted toward the five credit requirements for eligibility. Eligibility for the first nine weeks of the second semester is based upon the first semester grades of that year.

4. Students must be enrolled in at least five full credit subjects (Rule C-18-1).
5. Students absent or physically unable to practice for five or more consecutive days due to illness or injury must present a physician's note to the principal stating that the athlete is again physically fit to resume participation (Rule 3-11).
6. Any student transferring to Floyd Central High School from another school must have on file a signed and completed IHSAA Athletic Transfer Report (Rule 19). Students must be enrolled 365 days before a transfer is no longer necessary. Exchange students must have a Foreign Exchange Transfer Form.
7. A high school student who is or shall be twenty (20) years of age prior to or on the scheduled date of the IHSAA State Finals in sport shall be ineligible for interschool athletic competition in that sport (Rule C-4-1).
8. Students violate their amateur standing if they (a) play under an assumed name; (b) accept remuneration directly or indirectly for athletic participation.
9. After enrollment in the 9th grade, students shall be eligible for no more than eight consecutive semesters.
10. Students may not accept awards for "All State" or "All American" recognition from any outside organization (Rule C-6-9).
11. Awards, gifts, honors, etc., shall not be accepted from college or their alumni.
12. Awards from such local organizations as service clubs or civic groups may be accepted with approval of the principal (Rule C-6-5).

**A more extensive list of athletic eligibility rules is on file in the Activities Director's office.**

## HAZING

**Hazing: Any humiliating, degrading, or dangerous activity required of someone seeking to join a group, regardless of the individual's willingness to participate. Hazing can be fairly harmless (i.e. pouring liquid on someone) to serious physically abusive acts (i.e. sexual touching).**

According to a national survey of high school students, hazing/initiations have become a widespread practice among high school age students. Almost half of high school students

belonging to groups were subjected to some form of hazing.

Almost 75 percent of these students reported negative consequences following the hazing--depression, vengefulness, and shame. Surprisingly some of those hazed described it as a positive experience-"It is better to be disgraced and humiliated than to be an outsider."

The Indiana Code defines criminal hazing as forcing or requiring another person to with or without consent of the other person, and as a condition of association with a group or organization, to perform an act that creates a substantial risk of bodily injury.

A person who recklessly, knowingly, or intentionally performs an act of hazing commits criminal recklessness, a Class B misdemeanor. However, it becomes a Class A misdemeanor if the conduct includes the use of a vehicle, and a Class D felony if armed with a deadly weapon (which could be a baseball bat or golf club or other piece of athletic or band equipment.)

A person who recklessly, knowingly, or intentionally performs hazing that results in serious bodily injury to a person commits criminal recklessness, a Class D felony, and a Class C felony if deadly weapon is involved.

A teacher or coach who knows hazing is occurring and either encourages or does nothing to stop it runs a risk of being charged criminally, and obviously a great risk of liability for money damages resulting from an injury caused by hazing. Insurance would not cover this situation because the school employee would not be acting within the scope of his or her employment.

A person who makes a report of hazing or participates in court, in good faith (even with less than probable cause) is granted immunity for any civil damages or criminal penalties that might otherwise be imposed because of the report.

Almost by definition, hazing incidents involve reckless behavior. Common hazing tactics involve physical touching which could lead to (recklessly caused) bodily injury. Often, the student who is the target of hazing will physically resist, which also could increase the chances of serious risk of bodily injury. The Indiana law on hazing does cover secondary school hazing, as well as college hazing.

The New Albany-Floyd County School Corporation has established a Human Dignity policy that prohibits harassment and discrimination of students. The district's Safety Policy also prohibits aggressive acts towards persons or property. Initiations to join groups or organizations may also fall under these policies as well.

Students who are in violation of any hazing and initiation practice are subject to school discipline. Students who are members of a school organization or team who participate in such activities are subject to a minor two game activity suspension. Students who participate in more serious activities may also be subject to removal from that team/organization.

As always, the Principal and head coach have the discretion to strengthen penalties under certain circumstances.

### **Due Process**

The following procedures will be followed for Due Process:

1. The violator and their parents will meet with the Coach, Athletic Director, and Principal.
2. The violation and suspension will be set forth in writing.
3. The suspension may be appealed (a. Athletic Director, b. Principal, c. Superintendent.)
4. Re-evaluation-Hearing
5. Final judgment

### **SPORTSMANSHIP**

#### **Parents**

Good sportsmanship is the attitude and behavior that exemplifies positive support for the interscholastic athletic programs of the New Albany-Floyd County School Corporation school

system, as well as for the individuals who participate. People involved in all facets of the interscholastic athletic programs are expected to demonstrate respect for others and display good sportsmanship. It is essential that student-athletes, coaches, parents, student groups, and fans in general be constantly reminded of the importance of sportsmanship.

### **Sportsmanship Expectations**

The following are expectations for the parents of FC student athletes:

- Encourage good sportsmanship by demonstrating support for all athletes, coaches, and officials.
- Place the emotional and physical well-being of student athletes ahead of any personal desire to win.
- Support coaches, officials, and school administrators in providing positive, enjoyable experiences for all by treating all other players, parents, coaches, fans and officials with respect.
- Discourage any behaviors or practices that would endanger the health and well-being of athletes.
- Respect the coaches' authority during games by not confronting them at the game site. Discuss any issues or concerns with coaches at an agreed upon time and place.
- Support a drug, tobacco and alcohol-free sports environment for their child and refrain from their use at all events.

### **Spectator Conduct**

The Indiana High School Athletic Association requires its member high schools to monitor spectator behavior at all school-sponsored activities.

*IHSAA Bylaw C-3.6:*

*The member school's responsibility for the conduct of its athletic program includes the responsibility of instituting full and complete team and crowd control measures at all contests in which such member school participates, assuring all participants, staff and boosters of the member school conduct themselves at all times in a proper and sportsmanship-like manner.*

Accordingly, an event supervisor may request any person involved in misconduct at a school-sponsored activity to leave the premises if deemed necessary. School spirit dress should support Floyd Central High School, not degrade the opponents.

### **STUDENT ATHLETE CONFLICTS WITH CO-CURRICULAR EVENTS**

Although we try our best to avoid scheduling performances at the same time as other school related events, occasionally conflicts do arise which cannot be remedied. The following policies govern these situations in all FCHS activities:

When a practice or rehearsal and an event (game, contest, concert) are scheduled simultaneously, the event takes precedent.

When two events are scheduled simultaneously, a school event takes precedence over an athletic event, a conference competition takes precedence over a regular event, a regional event takes precedence over a conference event, a state event takes precedence over a regional event and a national event takes precedence over a state event.

When a student is participating in a sport and a co-curricular program during the same season, practicing for both groups can sometimes conflict. FCHS supports students wanting to participate in both programs. Once the student realizes there will be conflicts, he/she must discuss the conflict with the sponsors, teachers or coaches who are affected by the conflict immediately. A decision on when the student participates in practice must be mutually agreed upon by the sponsor, student and coach. **Under no circumstances will the student be penalized for the decision: that is, class grades are not to be lowered or unreasonable make-up work required. The student's playing time will not be drastically reduced, nor will the student's ability to earn a letter be**

**impaired because of the decision.**

In case of a disagreement among the parties concerned, the matter should be referred to the administrator or administrators in charge for a solution. There may be consequences if the student chooses to not follow this policy without prior approval.

**STUDENT SUPERVISION**

Whenever students are in the building, they are to be under the supervision of a staff member. Students who are on campus must be involved in a school-sponsored event. Students are not to arrive at school before 6:30 A.M. and must be off campus by 3:00 P.M. unless they are participating in a school-sponsored activity. Parents are encouraged to pick up students as soon as possible after school events conclude. Students may not use any school facility unless they are under the direct supervision of a staff member. Students enrolled in drivers' education classes are to go home on the school bus and return for evening classes.

## SUICIDE THREATS

Students who indicate through comments, writing, actions, or statements that they are contemplating physical harm to themselves fall under a policy that requires the student to be picked up by a guardian and taken to a health official for a medical release prior to returning to school.

## SUSPENSION ALTERNATIVE LAB

The Suspension Alternative Lab (SAL) is designed to provide an alternative to suspension from school. A student who violates school rules may be given the opportunity to serve an excused in-school experience rather than an out-of-school suspension. Students who are placed in SAL have a chance to complete classroom assignments and receive credit for their work.

After being assigned three times to Suspension Alternative Lab (SAL) or after a total of seven days students may no longer have SAL as an alternative. Any further infractions will result in options more severe than SAL.

## TESTING

### ACT

The ACT is a college-entrance achievement test. The ACT is more widely used in the Midwest and southeast United States than in the rest of the country. It is divided into four sections: English, Reading, Mathematics and Science Reasoning. In addition, there is now an optional writing test which is offered after all parts of the basic test have been completed. See your counselor for registration information. **Be sure to include the Floyd Central school code, 152-503, on your SAT or ACT registration. Failure to do so will mean your scores will not be recorded on your transcript.**

### AP TESTING

Students who enroll in AP (Advanced Placement) classes are required to pay for and take the AP test to receive credit. The costs of each AP test vary each year and must be paid prior to taking the test.

### ASVAB (Armed Services Vocational Aptitude Battery)

This exam, administered by the Armed Services, is a battery of tests used to determine or explore occupational aptitudes and interests. It is given to any junior or senior. The student may or may not be contemplating enlistment in the armed forces.

### PSAT

Juniors have a special interest in the PSAT/National Merit Scholarship qualifying test. This test is similar to the SAT, but shorter. It is offered in October each year at Floyd Central High School. Entry into the National Merit Scholarship competition is based on junior PSAT scores. All sophomores and juniors who plan on going to college are highly encouraged to take the test and all FCHS sophomores will take the exam beginning in the fall of 2014. Information is distributed each September in the bookstore. Listen for announcements regarding deadlines and go to [www.collegeboard.com](http://www.collegeboard.com) for more information.

### SCHOLASTIC APTITUDE TEST (SAT)

The SAT is a three hour and forty-five minute test that measures developed verbal and mathematical reasoning abilities related to successful academic performance. There are three sections: math, critical reading and writing, which include an essay. The SAT is used by colleges

along with other factors such as high school grades, recommendations, community service and extracurricular activities in making admissions decisions. The test is given seven times each year. Questions about the test should be addressed to the counselors. Go to [www.collegeboard.com](http://www.collegeboard.com) for more information. **Be sure to include the Floyd Central school code, 152-503, on your SAT or ACT registration. Failure to do so will mean your scores will not be recorded on your transcript.**

## WORLD LANGUAGE TESTS.

National exam opportunities are available to students presently in French, German, Latin and Spanish. These exams occur in the spring semester.

## Theater Arts and Technical Theater

Welcome to one of the best high school Theatre Arts programs in the United States! Floyd Central has a storied history of having one of most recognized Theatre Arts programs around and our students are the primary reason for that success. Because you are the most important part of the school's program, it is critical that the highest of standards and expectations are always maintained by our students. Theatre students are to be model citizens at all times. It is a privilege to participate in any high school Theatre Arts program and when students and parents recognize and appreciate that fact, then we know that the school will be well represented on stage and in public as well.

Floyd Central has adopted a Theatre Arts Code of Conduct for all students participating in productions, trips, and other Theatre activities outside of normal school hours. You are expected to be well acquainted with that policy and to be in full compliance at all times. Theatre students are to foster a positive ensemble mentality at all times and to model the best behavior at all times. No exceptions.

Everyone likes to have their moment in the spotlight, especially in a school with a strong history of success in so many programs. But we also need to represent the school well at all times. It is not acceptable to embarrass the school, the community, or your program at any time. We want to be a first class school community in all of our endeavors.

## WHAT DO I NEED TO DO AS A STUDENT REPRESENTATIVE?

Floyd Central Theatre Arts is a cornerstone of our community and is also recognized on an international scale. Our productions have been seen by educators, students, and professionals from all over the country and the globe. We are constantly being viewed under a microscope by the Educational Theatre Association, International Thespian Society, and members of the Broadway and professional theatre communities, including Disney, Music Theatre International and other organizations. We are often in the news, have a strong online presence and our social media are viewed by people around the globe daily. Every bad decision is magnified by being in the public eye and especially through media outlets that can reach many thousands more. It's not just your cast that you are representing, it is the school and the long history of excellence in Theatre Arts that has been built by countless students, volunteers, and staff who have preceded you. More is expected of you because every action you take represents more than just you alone - it represents the school's entire Theatre Arts program and how others come to view the quality and class of that program. When you choose to be negative or make an irresponsible decision, you embarrass not only yourself, but also your family and the school as well. Being a student of Floyd Central Theatre Arts means representing yourself and the school in the best possible way at all times.

## CODE OF STUDENT PARTICIPATION

Students' conduct, in and out of school and season, shall be such as (1) not to reflect discredit upon their school, program, or family, and (2) not to create a disruptive influence on the discipline, order, moral or educational environment of Floyd Central High School

1. This policy shall become effective for all students participating in Theatre Arts productions,

- trips, and activities regardless of the time of year, on the time of their first day in attendance at a any Theatre Arts event of their freshman year and continue until all Theatre Arts activities have ceased at the end of their senior year (or, if the student is involved in activities the summer after their senior year, until all of those activities have ceased).
2. The principal has the discretion to enforce stricter penalties for offenses deemed more serious.
  3. In addition to the policies stated in this document, students are expected to follow the guidelines set forth in the Floyd Central Theatre Arts Handbook.
  4. The Director of Theatre Arts and Technical Director may distribute additional rules for particular productions, trips, or events which are also valid and must be followed by students involved in those activities.

## **PARTICIPATION VIOLATIONS**

Participation in the Theatre Arts program is a privilege which carries with it varying degrees of responsibility, recognition, and reward. Participating students represent their school and other members of the student body, and it is their duty to conduct themselves in a manner that is positive for themselves, their families, their school and their community. The following violations are against the Code of Conduct and shall apply to all Floyd Central students associated with the Theatre Arts program in grades 9 thru 12, as well as any younger children involved in productions and events.

### **1. Felonies, Misdemeanors, Acts of Delinquency**

**Rationale:** The conduct of a student in and out of school shall be such as (1) not to reflect discredit upon the school, or (2) not to create a disruptive influence on the discipline, good order, or moral or educational environment of the school.

### **2. The use of, consumption, or possession of controlled substances; alcohol or drugs (except as prescribed medically by a licensed physician)**

**Rationale:** The use or possession of controlled substances (drugs) and/or alcohol is prohibited by law for individuals under 21 years of age. Their use reduces physical and mental performances, and is injurious to one's health.

### **3. Participation in an event where minors are using controlled substances; alcohol or drugs (except as prescribed medically by a licensed physician)**

**Rationale:** The use or possession of controlled substances (drugs) and/or alcohol is prohibited by law for individuals under 21 years of age. The presence of a student at an event where substance abuse is occurring reflects poorly on the school and program.

### **4. Use or possession of tobacco products (any form)**

**Rationale:** The use of tobacco is injurious to one's health and prohibited by law for minors.

### **5. Bullying**

*From the Floyd Central Student Handbook: "Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student, creating for the targeted student an objectively hostile school environment that places the targeted student in reasonable fear of harm to his or her person or property; has a substantially detrimental effect on the targeted student's physical or mental health; has the effect of substantially interfering with the targeted student's academic performance; or has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the school.*

**Rationale:** Bullying is harmful to individuals and to the wider school community. This behavior impedes the ability of students to participate safely in school activities.

## CONSEQUENCES

A student who violates the Code of Conduct will be held to one or more of the following penalties in order to continue participating in Floyd Central Theatre Arts activities:

- Suspension from one or more Theatre Arts productions
- Suspension from one or more Theatre Arts trips
- Suspension from one or more Theatre Arts events
- Suspension from future Theatre Arts classes
- Enrollment in a substance abuse program of assessment, counseling, screening and/or indicated therapy. The cost of the program shall be the responsibility of the student and/or that student's parents or guardians.
- Other restrictions on participation in Floyd Central Theatre Arts programming at the discretion of the Director of Theatre Arts and the Principal.

Penalties will be assigned on a case-by-case basis after the Principal and Director of Theatre Arts have met with the student. An effort will be made to restrict the student's involvement as immediately as possible after a violation has occurred while minimizing the impact the consequences will have on other participants in the program. For instance, a student may be permitted to finish a production if the removal of that student would create an undue burden on the rest of the cast and crew.

Students with multiple or repeated violations will receive greater restrictions on their involvement in the program.

Penalties will not interfere with a student's ability to complete required coursework. Alternate coursework will be assigned if the Principal and Director determine a student enrolled in a Theatre Arts class should not be allowed to participate in the co-curricular components of the class.

This policy is cumulative and applies to a Theatre Arts student's four-year high school eligibility in Floyd Central Theatre Arts. This policy will not be in conflict with the school district's policies.

## TRANSCRIPTS

School transcripts are available in the principal's office. These are confidential records and must be requested by parents for children under the age of 18. Transcripts are not indiscriminately released through telephone requests. Requests for transcripts must be made at least 24 hours in advance and include two stamps for the return envelope. Contact the principal's office or see your counselor for more information. A fee of \$2.00 is involved.

Electronic transcripts are available to students who are applying online at [www.parchment.com](http://www.parchment.com) for free.

## VANDALISM/DAMAGE TO PROPERTY/THEFT

Costs of school property damaged through acts of vandalism or by accident may result in charges to a student for recovery of losses. Property loss experienced by a student through theft or vandalism to personal property is not covered by school insurance. The school district provides no coverage for such losses.

## VIDEO SURVEILLANCE

Video surveillance is being utilized on this school property.

## VISITORS

Visitors are welcome at Floyd Central. Children are not permitted to visit Floyd Central unless they are accompanied by their parents or have been given a visitor pass. All visitors, including guest

speakers and sales representatives, must report to the principal's office for a visitor identification pass and clarification of the purpose of the visit. Former students wishing to visit must sign in through the office. Visiting at lunch is not appropriate. Teacher visits are to be brief.

All visitors must wear the visitor pass throughout the school day so that teachers and administrators will know that the visitors have been cleared through the office.

Students wishing to bring a visitor must request a visitor form from the principal's office several days in advance and return the form to the office before a pass can be issued. Visitors cannot ride the school bus.

## **VOICE MAIL**

A voice mail system is available. A list of teacher and staff extension numbers is available in the office.

## **WORK PERMITS**

The State of Indiana is creating an Employer Registration system for any employer that employs five (5) or more minors. Effective 7/1/2021, Indiana will no longer require work permits for minor employees. Employers will no longer be required to complete the "Intent to Employ" form, and schools will no longer issue work permits.

Employers will be responsible for maintaining an accurate list of all minor employees. If an employer has four (4) or fewer minor employees, registration will not be required. This registration does not have any impact on the work hour requirements for minors. All employers must still comply with the Teen Work Hour Restrictions.
