ATTENDANCE POLICY AND PROCEDURES

The New Albany Floyd County Consolidated School Corporation requires that students attend each day the school is in session. Each day of school is part of a sequential learning process; therefore missing even one day without good cause should be avoided. Our schools are committed to recognizing and celebrating students and classrooms with exemplary attendance.

Reporting Absences to School

Parents are to notify the office of a student's absence. When reporting the absence please use the attendance line **(812) 542-5301** and provide complete information as to child's name, teacher, request for picking up home practice, and the reason for the absence. If a phone call or written note is not provided to the school the absence will remain unexcused.

Physician, dental and counseling appointments should be scheduled after school hours whenever possible. If unavoidable, please notify the office and have the child attend classes both before and after the scheduled appointments. A physician's statement of diagnosis may be required at any point for an absence or extended absences. After **ten** days absence, a doctor's statement is required each time a student is absent for the remainder of the year. A statement from a licensed medical professional documenting an absence may allow an unexcused absence to be changed to an excused absence.

If one or more of the following occurs, your child will be sent home: temperature of 100.4 or higher, vomiting, severe pain in the chest or stomach, fainting, live lice is found in hair, and/or injury. Please have two current emergency contacts listed on your child's enrollment form. Please contact the school immediately if this information changes during the year.

Excused Absence-Definition

Absences for the following reasons will be considered as *excused absences*:

- Illness that involves fever of 100.4 or higher, vomiting, injuries, or situations when a physician recommends the students be absent from school. The reason is to be reported to the school office.
- Death of immediate family member
- Medical or dental appointments which cannot be scheduled outside the school day (a written doctor's statement is to be given to the school office)
- Religious Holidays
- Court ordered absences
- Other unusual circumstances when approved by the principal and requested in advance of the event
- Travel for a limited time period involving new educational experiences for a student, which is requested on an infrequent basis by parents or guardian at least one week in advance of the proposed absence. Letters should be submitted to the school principal for approval. *(Please note: Your child will be given make-up work when your family returns from vacation. Work will not be given prior to leaving on vacation.)*

Unexcused Absence-Definition

Absences for the following reasons will be considered as unexcused absences:

- "Long weekends" and vacations without prior approval
- Moving days (change of residence)
- Transportation problems

- Medical or dental appointment without a doctor's written statement
- Appointments for non-essential activities such as haircuts, shopping, etc....
- Extended absences for head lice treatment

Early Dismissal Definition

Request to release children from school early creates a disruption to the learning environment. Excused early departures are those departures that are verified in writing by a medical professional, counselor, etc... or those departures approved by the building principals for extenuating circumstances.

If early dismissal is unavoidable, please follow this procedure:

- Send a note to the office including your child's full name, teacher's name, date, time, and reason for early dismissal.
- Report to the office at the designated time. Your child will be called to the office when you arrive.

Tardy to School Definition

Students who arrive at school after 8:00 a.m. are considered tardy. Those who arrive after 8:00 a.m. are to report to the office to obtain a pass that will permit them into the classroom. The student's parent or guardian is to sign in at the office and indicate the reason the student is tardy. The tardy will be documented in the office.

Excused tardies are those that are verified in writing by a medical professional, counselor, etc...or those that have been approved by the building principal due to extenuating circumstances.

Procedure for Dealing with Excessive Absences

- At 10 total absences (excused or unexcused), legal contact regarding attendance status will be made via USPS letter.

In regard to unexcused absences:

- At 7 unexcused absences, verbal contact will be made via phone call or home visit and documented.
- At 10 unexcused absences, a referral will be submitted to the Department of Child Services per Indiana Code and will include the following documentation: evidence that the school has communicated attendance concerns to the parents, an academic impact statement including grades and performance concerns, and attendance records.

Procedure for Dealing with Chronic Absenteeism:

The State of Indiana defines chronic absenteeism as missing 18 days of school, **regardless of being excused or unexcused**. If a student reaches 18 days of absence, school personnel will work with the family to develop an attendance success plan. For students attending an NAFCS school on an out of county transfer, this may result in a revoke of transfer.

Anytime a student misses any portion of the school day (early dismissal, tardy, appointments during the day) the student will be marked tardy for accurate record-keeping. If the period of time exceeds one-half of the student day, the student will be marked half-day absent.

Participating in After-School Activities

Students that are absent from school for the entire day or leave school early unexcused, will not be permitted to participate in after school clubs or activities for that day. Attendance at school is important; participating in after school activities is voluntary and requires attendance at school.

Make-up Work/Requesting Assignments

There is no way a student can totally make up that which is missed when absent. Missing presentations, discussions, examples, and the interaction between child and teacher just cannot be made up. However, assignments involving such things as reading, math problems and worksheets can be done at home provided a student understands the directions. A teacher has the responsibility to carry on the instructional programs for those students who are present. Unless the teacher is aware before school begins that your child needs home practice, we cannot guarantee work will be ready by the end of the day to be picked up. Please follow the outlined procedures when requesting assignments:

Notify the school or appropriate teacher by the beginning of the school day of the request for work to be sent home. Please tell us what adult will be picking up the work or which child to send it home with that afternoon. It is best when an adult picks up the work because students often forget despite an afternoon announcement reminding them to pick up a sibling's work.

The parent of the student who is missing school is responsible for seeing that arrangements are made for the assignments. All assignments should be picked up in the office from the secretary between 2:00-3:00 p.m. Please note that it is difficult for a student to make up an entire day's activities; therefore, upon returning to school, a student may have additional work to be made up. Since special effort is made by the teachers to supply assignments and materials, in turn, it would be appreciated if the absent student would complete the work and return it to the teacher. Students are allowed one day for each day missed for make-up work. Credit will be given for completed work. Request for assignments for pre-approved absences should be directed to the building principal.

Cancellation/Delay of School

NAFCS is a large school corporation and severe weather may cause road conditions that will require us to alter or cancel the regular school schedule. An emergency plan exists for each school regarding any potential or extraordinary release of students. **DO NOT CALL SCHOOL OFFICIALS** if there is some question concerning weather conditions appropriate for the safe transportation of students. Official information about school closing from the NAFCS administration will be given to local TV and radio stations. Radio stations WNAS, WAVG (970), WHAS (840) and TV stations WAVE (3), WHAS (11), and WLKY (32) are your best sources. An all call from district administration will also be made to phone numbers that are provided during registration.

Bus Transportation

School transportation has been organized to accommodate children who reside along the various bus routes. First priority goes to these children. Children with babysitters will be accommodated within the limits of the bus capacity. If the bus capacity has been reached, children staying with babysitters will be asked to find other means of transportation.

Please discuss with your child the proper behavior while riding the school bus. The privilege of riding the bus is contingent on the child's behavior. If the assigned bus has seatbelts, it is required that students wear the seatbelt when on the bus. In order for a bus driver to safely dismiss a student from his/her bus at a stop

that is not customary, a note from the student's legal guardian should be given to the driver. This note should always have an approval signature from the school before giving to the driver. Students are not permitted to eat or drink on the bus, unless an exemption is made for extremely hot temperatures. In that exemption, students may use a water bottle on the bus.

Arrival Procedures

Students may enter the building at 7:30 a.m.

Classes begin at 8:00 a.m. Children should arrive no earlier than 7:30 a.m. Breakfast is served in the cafeteria from 7:30 to 7:55 a.m. Greenville School and its employees cannot assume responsibility for the safety of students and its employee's property at times when they are not involved in a school activity under the direction of school personnel.

Students not in class by 8:00 a.m. will be counted tardy.

Dismissal Procedures

Students will begin dismissal at 2:20 p.m. according to announced instructions.

Students leaving before 2:15 p.m. will be counted as early dismissal and will count against perfect attendance

Official dismissal time is 2:20 p.m. Students will release from these areas of the building at 2:20.

Car Rider Line

Arrival and dismissal car traffic must enter from the alley (W 1st Street) and travel on the walking path around the back of school until reaching door 19. Please **do not** block driveways of neighboring houses or businesses. Van and car traffic must yield to buses. Students arrive/dismiss at curb ONLY.

Behavior

Behavior Support Plan

Student behavior is a concern for all persons involved in public education. Greenville School has initiated a school-wide behavior support plan that allows for a consistent approach to each child and is based upon student understanding of expectations, consequences to certain forms of behavior, early parent involvement, and a workable procedure for all concerned.

The foundation of this program is based upon the following guidelines:

1. A respect for authority, property, and individual freedom.
2. An awareness that one's freedom must not interfere with the freedom of others.
3. That respect is a two-way street between and among all concerned.
4. That the ultimate in discipline is achieved when the concept of self-discipline and a healthy respect for both self and others becomes a reality.
5. Any student who commits, attempts to commit, or threatens aggressive acts toward a person (students, employees, or visitors) or property shall be grounds for suspension or expulsion from school. (Reference NAFC Student Guide).

School and Bus Behavior Expectations

1. Respect all individuals; adults and students.
2. Follow directions the first time they are given.
3. Keep hands, feet, and other objects to yourself.
4. Use appropriate language and behavior.

(NO TEASING, NAME CALLING, OR THREATENING ACTIONS)

5. Always walk: inside the building, in line, and on the bus.
6. Respect all school property.

Celebrations

1. Verbal and nonverbal praise
2. Notes and call home.
3. Celebration Selfies
4. Celebration Recognition

Behavioral Consequences

Each classroom will have its own behavior plan in effect. A student may be referred to the office by a teacher, due to a severe rule infraction or having moved through the classroom behavioral consequences to a point of referral. Consequences for an office referral may include:

1. Referral to Counselor
2. Referral to Office
3. Time out in the office
4. Suspension
5. Expulsion

All of the above will be subject to the conditions outlined in the NAFC Student Guide portion of this handbook. Severe disruption may result in more serious disciplinary action than the logical sequence listed above.

Inappropriate Behaviors:

May include but are not limited to:

- Incomplete assignments (during school day)
- Incomplete assignments (home practice)
- Disrespectful actions and/or speech
- Running
- Hitting or tripping another person
- Throwing objects
- Name calling
- Cheating
- Theft
- Using profanity
- Chewing gum

Consequences related to these behaviors are usually at the teacher's discretion and subject to action within the classroom and its behavior support plan. Persistent or repeated offenses may/will be referred to the next step of intervention.

Severe Behaviors:

May include but are not limited to:

- Fighting (physical and/or verbal aggression with the intent to do harm)
- Bullying
- Threatening another person (verbal and/or non-verbal)
- Damage to school property
- Possession of drugs, alcohol and/or weapons at school

Consequences related to these behaviors will be referred to the principal or principal designee. Students involved in any of these behaviors are subject to these progressive actions:

1st Offense:	In/Out of school suspension, referral to school counselor, and conference with student, teacher, parent and principal.
2 nd Offense:	1-10 days in/out of school suspension.
3 rd Offense:	Suspension with recommendation for expulsion. Possession is immediate expulsion.

All of the above will be subject to the conditions outlined in the NAFC Student Guide portion of this handbook.

General Information

Dismissal Changes

If you need to make a change to your child's transportation at dismissal, please send a note to school with your child. In the note please include: your child's full name, teacher's name, date, and the change. If your dismissal change includes bus transportation, please include either a bus number or bus color.

Dress and Appearance for Students

The School Board believes that student dress and appearance should be respectful and not interfere with the learning environment. The School Board understands that schools may have special days/events where the principal allows restricted items to be worn (e.g. sunglasses on Beach Day).

Clothing and jewelry which includes depictions or symbols of the following are prohibited:

- a. sex or sexual innuendo;
- b. lewd, vulgar, indecent, or plainly offensive speech, including profanity;
- c. violence, destruction of property, or advocating the use of force;
- d. urging violation of the law or school regulations;
- e. alcohol, drugs, tobacco, or tobacco like products;
- f. anything that humiliates others or which may be considered racist, sexist, ethnically derogatory, including the confederate flag
- g. anything that substantially or materially disrupts the school environment.

Restricted items will include the following:

- a. Any item deemed inappropriate by a building administrator
- b. Any item that may cause safety concerns/issues
- c. Head covering of any kind unless the item (e.g. religious headwear) is approved by the principal
- d. Pants and skirts must be worn at the waist
- e. Tops without sleeves unless deemed appropriate by a building administrator and cover the stomach
- f. Pajamas or similar nightwear
- g. Sunglasses without a doctors statement
- h. Clothing or holes in clothing that exposes stomach/private areas

Principals should consider the following progressive consequences when students do not follow the policy:

- a. Warning
- b. Warning and parent contact
- c. Parent conference at the school
- d. In school suspension
- e. Out of school suspension

Principals have the authority to develop a school uniform policy, if they follow the following procedure:

- a. A committee made up of parents, students, certified staff, non-certified staff, and administrators should meet to develop a school uniform policy.
- b. Parents, staff, and students, grade 3 or higher, should be surveyed to get their opinions.
- c. The principal will bring a recommendation to the Superintendent.
- d. The Superintendent shall bring a recommendation to the Board.

- e. The Board will vote on the recommendation.

The Superintendent has the authority to approve a recommendation by the principal to dissolve the school uniform policy. The Superintendent will communicate his/her decision to the Board.

Greenville Elementary strongly suggests that all children's clothing contain the child's name, especially coats, gloves, sweaters, book bags, and lunch boxes.

Emergency Drills

Evacuation drills are conducted once each month and take shelter drills are conducted once each semester. Emergency preparedness plans are posted in each room. During disaster drills, each classroom goes to a designated area within the building. For fire drills, each class has an evacuation route to an outside area well away from the building. Children are required to move to their designated areas in a serious, safe, quiet, and orderly manner.

All schools are required by state law to conduct the following drills:

- monthly fire drill
- one take cover/intruder (manmade occurrence) drill per semester
- one take shelter (tornado) drill per semester

The purpose of these drills is to teach children how to respond in a rapid, orderly, and safe manner in emergency situations. Students are required to cooperate fully and in a serious manner. Proper behavior is expected at all times to ensure the safety of everyone.

Enrollment Information

1. Complete information forms
2. Read lunch information letter
3. Payment of fees
4. Update immunization records as needed
5. Obtain bus route, driver, and rules
6. Emergency dismissal letter
7. Familiarize yourself with the school handbook & student guide
8. Permission for Internet use and for photograph (when you register online)
9. Read letters/memos sent home at Open House and first day of school

Food Allergies – Purchased Treats

We have a significant number of students with food allergies. When a student's health plan requires it, all foods brought in for classroom parties/celebrations that are shared with all students in the class must have a nutrition label and ingredients list. This allows us to check for food allergens and carbohydrate count for students with health concerns. Foods distributed in a classroom deemed nut free must not have peanut or any type of nut listed in the list of ingredients OR listed in a "may contain" statement. You will receive a letter at the beginning of the year if this applies to your student's class. We appreciate your cooperation in making Greenville Elementary a safe place to be.

Food Services

Breakfast and lunch are served at Greenville. Breakfast begins at 7:30 a.m. and ends at 7:55 a.m. Prices for breakfast and lunch will be available in the office, cafeteria, or food services. Students may bring their own lunch from home, although we require no glass containers or soft drinks. Students may purchase milk for their sack lunch, if there is money in the student's account. Adult supervision is provided at lunchtime

and proper conduct by each child is required. Applications for free or reduced lunches are available on the district website.

Lunch

Our menu is planned with nutritional requirements, cost effective purchasing, and efficient, easy serving that allows students to be as independent as possible. Student's likes/dislikes are usually satisfied by one of the daily choices. Some days the menu choices are undesirable to a student and they choose to bring their own lunch. Whether your child eats lunch provided through Food Services or chooses to bring lunch from home please consider:

1. Put money in your child's lunch account prior to purchasing lunches. Money not used will remain in his/her lunch account.
2. Home lunches should be packed with consideration to nutrition, the independence of students packing and/or unpacking items, and students' personal taste. Additionally, home lunches should include only non-carbonated beverages. For your convenience, milk, juice, water, and non-carbonated drinks will be available for students to purchase from their lunch account. Money must be in their "General Account."
3. Lunch will be served on days of early release.
4. Parents are invited to join their children for lunch. Please notify your child's teacher or the office if you plan to join your child for lunch. For safety, parents must wait by the office for their children when joining them for lunch. Guests may NOT use the student's lunch account but can pay at the register with cash or check.
5. Parents are welcome to come for lunch. We ask that parent NOT eat in the cafeteria with their child, but may use either the family gathering area in E-Hallway or the patio to enjoy lunch with their child. Friends may not join other families for lunch.

Policies for Student Meal Accounts

The National School Lunch Program (NSLP) requires school food authorities to establish written administrative guidelines and procedures for managing student meal accounts. It is the parent's/guardian's responsibility to provide the means for their child to be properly fed and ready to learn. In order to do so they should either provide the money for the child/children to purchase a school meal or complete the free/reduced meal application to determine if they are eligible for assistance or send a meal from home.

MyPaymentsPlus

All parent/guardians are required to open an online MyPaymentsPlus account to manage their child's meal account. MyPaymentsPlus is an online secure and convenient way to monitor purchases, make payments, and receive their personalized low balance notifications regarding their child's school meal account. Log on to www.MyPaymentsPlus.com

Meal Payments

All cafeteria purchases are to be prepaid before meal service begins. Payments can be made two ways:

1. MyPaymentsPlus: Log on to www.MyPaymentsPlus.com
2. Prepay at School: Parents can make advance meal payments by sending checks to school. Checks must contain the student's name and PIN number. Make checks payable to Greenville Elementary.

Meal Charge Policy - Go to www.NAFCSnutrition.com for full details of "Charge Policy."

The New Albany-Floyd County Consolidated School Corporation recognizes that on rare occasions, students may forget to bring money to school for meals. Charging can be embarrassing to the students. Students and adults are expected to pay daily or in advance for all food purchases. Unpaid debts are disallowed by the Federal School Nutrition Program Regulations: accordingly, unpaid debts must be collected and paid to School Food & Nutrition Program.

Emergency Meals

An emergency meal is necessary when a student wants a meal but does not have money to pay for it. Elementary and Secondary schools have procedures in place to ensure students do not go without a meal as outlined in the Meal Charge Policy.

Refunds

Money will only be refunded from accounts to parents upon written request. Go to www.NAFCSnutrition.com for guidelines. Print the "Refund Meal Account" form and submit to the school Food & Nutrition Manager.

Fruit/Snack Break

A nutritional fruit/snack break may be a part of your child's school day. It will be at the teacher's discretion as to the time a snack break will occur. Teachers will make information about fruit/snack breaks available at the beginning of the school year.

Gum Chewing:

Students may not chew gum at school.

School Health Services

A school nurse oversees the health services offered at this school. However, a school nurse may not be at the school every day because most nurses travel between multiple school buildings. In case of illness or injury, a child will be cared for by a trained member of the school staff. If your child has a health concern, please include this information on your child's health history information or notify the school as soon as possible. This information remains confidential and is shared with school personnel only on an as-needed basis. If emergency medical treatment is necessary, the parents will be contacted. If parents are not available, the child will be taken to the hospital by ambulance at the parents' expense. Remember, an emergency telephone number where parents can be reached must be on file and is vital in reaching parents in the case of an emergency.

Medications at School

1. A "Request for Administration of Medication" form must be signed and dated by the doctor and parent/legal caregiver. This written request must be on file in the school office before the medication, prescription or over-the-counter, will be administered by the staff. The request must contain the student's name, name of the medication, dosage, and time to be given. The form must be renewed at the beginning of each school year or if the medication changes during the school year.
2. A student may be authorized to possess and self-administer medication for a chronic or acute disease or medical condition if the medication is necessary in an emergency situation. The section of the medication form entitled "Possession and Self-Administration of Emergency Medication Authorization/Approval" must be signed and dated by the doctor and parent/legal caregiver.

3. The medication must be furnished to the school by the parent/legal caregiver on a daily basis. Any exception to this daily dosage requirement must be approved by the principal after consultation with the school nurse. The exception will be limited to a one (1) school week's supply of the medication and must be brought to school by the parent/legal caregiver, or by another arrangement approved in advance by the principal. The medication must come to school meeting the requirements listed in #5 below.
4. All nonprescription medication must be in the original container and be clearly labeled with the child's name.
5. All prescription medication must be in the pharmacy labeled bottle or packaging with the following information:
 - Prescription number
 - Child's name
 - Doctor's name
 - Name of medication
 - Dosage
 - Time to be given.
6. All medication brought to school for administration by staff will be kept in a locked container (unless needing to be secure but accessible for emergency use).
7. School nurses will provide instruction/training as needed to those staff members who dispense medication to students.
8. Non-medicated lip balms and up to 2 cough drops per day (with parent note) is allowed without a doctor's statement.

Routine Illness and Returning to School

Students should not come to school if they are experiencing any of the conditions mentioned below. If at school, students will be sent home from school for the following reasons and require a doctor's statement for readmission:

1. Reddened eye(s) with possible drainage, matting, or discomfort.
2. Recurrent or persistent skin infections – including scabies.
3. Unexplained or undiagnosed rash.
4. Injury involving documented loss of consciousness.
5. Untreated drainage from skin.

Students should not come to school if they are experiencing any of the conditions mentioned below. For each condition marked with “*”, see #6 for additional details. If at school, students will be sent home from school for the following reasons:

1. *Temperature of 100.4 or over. Students must be fever-free for 24 hours without the aid of fever-reducing medication such as Tylenol/Ibuprofen before returning to school. See #6.
2. Temperature of 96.5 or lower.
3. Lice (pediculosis) – Students will be sent home if live bugs are found. If a student has nits, he/she may remain at school for the day but should be treated before returning to school. According to New Albany-Floyd County School Board Policy, classroom head checks will not be done.
4. *Vomiting. Student must be free of vomiting for 24 hours before returning to school unless documentation has been provided to indicate an underlying, non-contagious cause. See #6.
5. *Diarrhea. Student must be free of diarrhea for 24 hours before returning to school unless documentation has been provided to indicate an underlying, non-contagious cause. See #6.

6. During periods of community spread respiratory illness such as COVID-19, guidelines for being excluded from school and returning to school may be extended and include additional symptoms. Input will be taken from the Floyd County Health Department, NAFCS medical advisor, and the Indiana Department of Health.

Severe Allergies at School

If your child has a potentially life-threatening allergy to food, insect sting, latex, or other allergen, please be sure to have your child's health care provider complete an Allergy Action Plan for your child and provide the school with an EpiPen/autoinjector. A school nurse or other trained school employee may give the EpiPen/autoinjector according to the directions on the Allergy Action Plan.

But what if your child has an allergic reaction for the very first time at school and has never been diagnosed with an allergy? New Albany Floyd County school nurses are prepared to handle these potentially life-threatening allergic reactions as well. If your child experiences a life-threatening allergic reaction at school that involves severe swelling of lip, face, tongue, or throat, severe difficulty swallowing or breathing, or unconsciousness, 911 and a parent will be notified. A school nurse or trained school employee under the direction of a school nurse may use a lifesaving medication called an EpiPen/autoinjector according to orders from the medical advisor. If you do not want your child to receive the life saving measure of medication, please contact your school's nurse in writing.

Health and Wellness in the Classroom

According to the NAFCS Wellness Policy, all foods that are provided, not sold, to students on the school campus during the school day, must comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition standards (<https://foodplanner.healthiergeneration.org/calculator/>). Individual school buildings are allowed up to three (3) exemption days from this policy for the purpose of classroom parties. Greenville has 3 holiday parties – fall party, winter party, and Valentine's Day party. These are arranged by the classroom teacher and the PTO classroom ambassador. However, schools are encouraged to serve water and provide fruit or vegetable options as part of the celebration. All food items for parties or celebrations must be store-bought and have a label that includes ingredients, allergens, and carbohydrate counts. For birthday celebrations, Greenville Elementary will announce student birthdays each day on the morning announcements. Each student is also given a birthday pencil as part of his/her celebration at school. We ask that cupcakes, donuts, and other food items are not sent in to celebrate birthdays. Parents/guardians wanting the school to celebrate their child's birthday in a different way could celebrate in ways that don't include food. Some ideas include donating a book to the classroom with a note to your child or donating items for the classroom to use during indoor or outdoor recess. Items for celebration are not being expected or requested, but just serve as ideas for parents wanting further celebration of their child's special day. Thank you for supporting the health and wellbeing of our students while also supporting instructional time.

Immunizations

A number of immunizations are required by state law for students admitted to public school. Evidence of receiving these immunizations or a letter of medical or religious objection is required before starting school. Your child could be excluded from attending school with other students if the required proof of immunizations or objection is not given to the school.

Meningococcal Disease

Indiana law requires each year that parents/guardians be informed “about meningococcal disease and its vaccine” (IC 20-30-5-18). Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations.

Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Centers for Disease Control and prevention recommends routine meningococcal immunizations at 11 to 12 years old (prior to starting 6th grade), with a booster dose at 16 years old (prior to starting 12th grade). The meningococcal vaccine is required for 6th-12th grade students to attend school.

Health and Extracurricular Activities

New Albany-Floyd County Schools offers nursing services during school hours. However, a school nurse or health aide is not in the building after school hours. If your child has a medical condition requiring nursing care or a specialized care plan and intends to participate in any before or after-school activities, sports, or the YMCA childcare program, please notify your school nurse. Many agencies use our school buildings for student activities but do not have access to your child’s health information or training on how to handle health concerns.

Your school nurse can help you know what steps need to be taken to keep your child safe and healthy outside of the normal school day. For activities that are not school-sponsored (such as YMCA before-/after-school care, After School Rocks, and elementary sports) parents are responsible for communicating a child’s health needs to the program director and providing any necessary medication/treatment to care for the child.

Home Practice Policy for New Albany-Floyd County School Corporation

Philosophy: Educators and parents want to ensure the success of all students. Therefore, a clear policy for assigning and completing home practice is important. It gives students opportunities to extend classroom learning and practice skills while developing self-discipline and study habits that will benefit them in school and beyond. Students, parents, teachers, and administrators must work together to share responsibility for student success. Home practice is a valuable, relevant, and positive part of the instructional program. The New Albany-Floyd County Consolidated School Corporation encourages students to complete assignments at the elementary, middle, and high school levels. A rule of thumb for how much time should be spent on home practice is 5 minutes per year of age:

Example:

Grade 1: 25-30 minutes

Grade 3: 35-40 minutes

Grade 6-8: 60-80 minutes

Grades 9-12: 1-2 hours

Home practice time varies depending on courses selected and long-term assignments.

Objectives for Home Practice

1. Students will gain practice and application of knowledge and skills.
2. Students will learn responsibility and time management skills.

3. Home-school cooperation and communication will promote educational growth.
4. Students will be in contact with out-of-school learning resources.

Internet and Network Acceptable Use Policy

Board Policy - Section 8.380 (Adopted by the Board of School Trustees, April 24, 2001)

8.381 The New Albany-Floyd County Consolidated School Corporation firmly believes that there is a wealth of information and interaction on the Internet providing valuable resources for our students. With access to computers and people from all over the world through the Internet, it is impossible to control access to all materials found on the Internet, and an industrious user may discover controversial information. Sponsoring teachers will instruct and supervise their students in acceptable use of the Internet and proper Internet etiquette.

The smooth operation of the School Corporation's Wide Area Network (the Network) and the Internet relies upon the proper conduct by users who must adhere to strict guidelines. Access to the Network and Internet through school machines requires responsible, efficient, ethical, and legal utilization of resources. Users violating any of these provisions may be disciplined, and their access to Network and Internet services terminated and future access denied.

1) Acceptable Use – Internet and Network access must be in support of education and research, and consistent with the educational objectives of this school corporation. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to, infringement of any copyrighted material, threatening or obscene material, or material protected by trade restrictions. You may not access, upload, or download sexually explicit materials. Internet and Network access may not be used for commercial activities.

2) Privileges - The use of the New Albany-Floyd County Consolidated School Corporation's Network and Internet services is a privilege, not a right, and inappropriate use will result in a cancellation of all privileges. Assignments that require Internet access will have a faculty sponsor who will instruct and monitor student activity on the Internet. The sponsor and the Network administrators will deem what is inappropriate use and their decision is final. Parents, faculty sponsors, administration, faculty, or staff may request that further account privileges be denied, revoked or suspended for any violation of this policy.

3) Etiquette - You are expected to abide by the generally accepted rules of Internet and Network etiquette. These include, but are not limited to, the following:

- (a) Be polite. Do not be abusive in messages to others.
- (b) Use appropriate language. Offensive or vulgar messages, such as messages that contain sexual or racial comments are strictly prohibited, in conformity with the School Corporation's existing policies, rules and regulations governing harassment and discrimination. Illegal activities are strictly forbidden.
- (c) Do not reveal your personal address or telephone number, or those of other students or colleagues.
- (d) E-mail is not guaranteed to be private. System Operators may access e-mail. Users have no expectation of privacy or confidentiality in any of their email. Messages relating to, or in support of, illegal or improper activities will be reported to the proper authorities.
- (e) Enrolling in or participating in Chat Rooms is prohibited.

- (f) Do not use the Internet or Network in such a way that would disrupt the use of the Internet or Network by other users.
- (g) All communications and information accessible via the Internet should be assumed to be private property and safeguarded by copyright laws.
- (h) Word your messages carefully and be brief
- (i) Passwords may not be shared except with the teacher/supervisor and the System Operator.
- (j) You may not access another person's account without their permission.

4) Warranties - The New Albany-Floyd County Consolidated School Corporation makes no warranties of any kind, whether expressed or implied, for the service it is providing. The New Albany-Floyd County Consolidated School Corporation will strive to provide error free, dependable access to the computing resources associated with Network and Internet use. However, this school corporation is not responsible for any damages suffered due to loss of data resulting from delays, non-delivery, misdeliveries, or service interruptions. Use of any information obtained via the Internet is at your own risk. The New Albany-Floyd County Consolidated School Corporation specifically denies any responsibility for the accuracy or quality of information obtained through these Internet services.

5) Security - Security on any computer system is a high priority, especially when the system involves many users. If you feel you can identify a security problem on the Network, you must notify a sponsoring teacher or system administrator. Do not demonstrate the problem to other users. Do not use another individual's account without written permission from that individual. Attempts to log on to the Network as a system administrator will result in disciplinary action. Any user identified as a security risk or having a history of problems with other computer systems will be denied access to Network and Internet services.

6) Vandalism - Vandalism will result in cancellation of privileges and possible disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user or other Networks that are connected to The New Albany-Floyd County Consolidated School Corporation's Wide Area Network. This includes, but is not limited to, the uploading or creation, or distribution of computer viruses. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the Internet or the Network.

7) The Director Technology and Instructional Services shall develop and maintain a Technology Manual setting forth additional rules, policies and procedures for effective management of the School Corporation's Wide Area Network and technological services.

Telephones & WCD (Wireless Communication Devices)

Use of school telephone must be limited. Students must obtain permission before using the phone.

Students should come to school prepared with items needed for their daily activities, homework, permission slips, uniforms, etc. Students will be limited from making calls for forgotten items. Students may possess wireless communication devices (WCDs) in school, on school property, during after school activities (e.g. extra-curricular activities) and at school-related functions. WCDs should be powered completely off (i.e., not just placed into vibrate or silent mode) during school hours and stored out of sight. Students are permitted to use (WCDs) after school hours and at school related events. A “wireless communication device” is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. The following devices are examples of WCDs: cellular and wireless Blackberries/Smartphones, Wi-Fi-enabled or broadband access devices, two-way radios or video broadcasting devices. Students may not use WCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school. Students may use WCDs while riding to and from school on a school bus or other vehicle provided by the Board unless there is distracting behavior or noise that creates an unsafe environment. Also, during after school activities when directed by the administrator or sponsor, WCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight.

The requirement that WCDs must be powered completely off will not apply in the following circumstances when the student obtains prior approval from the building principal:

- A. The student is a member of a volunteer fire company/department, ambulance or rescue squad.
- B. The student has a special health circumstance (e.g. an ill family member, or his/her own special health condition).
- C. The student is using the WCD for an educational or instructional purpose.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. The use of WCDs that contain built-in cameras (i.e. devices that take still or motion pictures, whether in a digital or other format) is prohibited in locker rooms, classrooms, bathrooms and/or swimming pool. No expectation of confidentiality will exist in the use of WCDs on school premises/property. Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information. Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege. Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis. Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices. Parents/Guardians are advised that the best way to get in touch with their child during

the school day is by calling the school office. Students may use school phones to contact parents/guardians during the school day.

All staff who observe or receive a report of suspected bullying shall immediately notify a designated school administrator in charge of receiving reports of suspected bullying. If a staff member does not know who to make a report to, he or she should report directly to the building principal or superintendent. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law, such as when a staff member believes that a student is the victim of abuse or neglect. New Albany-Floyd County Schools

Student Rights And Responsibilities

PREAMBLE

The New Albany-Floyd County Consolidated School Corporation recognizes: (a) that education is important to citizenship; (b) that students have rights of citizenship as delineated in the U.S. Constitution and its amendments; and (c) that citizenship rights must not be abridged, obstructed, or in other ways altered, except in accordance with due process or other relevant provisions of law.

Just as in our democratic society at large, the foundation and success in public school education depends on the balance of individual rights and individual responsibilities. Certain standards of student conduct are necessary to assure that individuals seeking to express their rights do not at the same time infringe upon the rights of others. Self-discipline, which comes from understanding this balance of rights and responsibilities, is essential in any democracy. The schools believe that self-discipline is promoted not only through instruction about our representative form of government, but also through practicing democracy in the schools, in the home, and throughout the community.

Those enjoying the benefits of citizenship in the school community must also accept the responsibilities of school citizenship. A democratic school must have rules and regulations just as must the larger democratic society. It is the responsibility of students, parents, educators and the community to work to establish rules and regulations which promote the best possible learning environment for all those involved in the educational process. Not only should the school environment provide equal opportunity for all, it should also permit the teaching-learning process to proceed in an orderly manner.

In an effort to create a more democratic school society, the Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has outlined some of the basic principles which will allow self-disciplined students to better govern themselves within the total school environment. These policy statements made by the Board of School Trustees are summarized below under eight main headings: (I) Basic Rights and Responsibilities of Students, (II) Enforcement of Rules and Regulations, (III) Procedure for Handling Suspensions and Expulsions from School, (IV) School Safety Policy, (V) Driver's License Policy, (VI) School Bus Safety Code, and (VII) Telecommunication.

As set out in Indiana law, I.C. 20-33-8, in all matters relating to the discipline and conduct of students, School Corporation personnel stand in the relation of parents and guardians to the students of the School Corporation. Therefore, School Corporation personnel have the right, subject to Indiana law, to take any disciplinary action necessary to promote student conduct that conforms to an orderly and effective educational system. Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment.

I. BASIC FREEDOMS AND RESPONSIBILITIES OF STUDENTS

1. Freedom of Speech and Assembly

- a.** The School Corporation recognizes students' constitutional rights to free expression. While participating in, or present at, any school activity or any school sponsored extracurricular activity, students may not engage in speech (spoken or written) or conduct (including by wearing clothing, jewelry, or hairstyles) that: is obscene, lewd, vulgar, indecent or plainly offensive ; actually or is reasonably be expected to substantially disrupt the school; promotes alcohol or other illegal drug use; incites imminent lawless action; threatens violence; asserts false statements of fact about another person or entity; or expresses school sponsored speech that is inconsistent with educational interests.
- b.** The School Corporation recognizes students' freedom to assemble peacefully. Conducting demonstrations which interfere with the operation of the school or classroom is inappropriate and prohibited. All student meetings in school buildings or on school grounds may function only as a part of the formal educational process or as authorized by the school principal. In considering such requests, the principal shall not unlawfully withhold permission based on the identity of the speaker or viewpoint being expressed. The use of obscenities is prohibited. Violence, threats of violence and possession, use or threatened use, of weapons are prohibited.

2. Freedom to Publish

- a.** Students may edit, publish, and distribute printed, handwritten, or duplicated matter among their fellow students within the schools. Students must assume the responsibility for the content of such publications or handwritten opinions. The distribution of such material must not interfere with, or disrupt, the educational process, learning environment, or endanger the safety of student and employees. Such material must include the name of any student author(s) and distributor(s). Students may not write, edit, publish, or distribute materials that violate I.1.a above in school, on school grounds, at any school sponsored functions, or at any time while under the supervision of school personnel.

3. Search and Seizure

- a.** A student has no expectation of privacy in a school locker, desk or other area assigned to the student for use, or in the contents of those assigned areas.

- b.** The school principal or designee may search a student's locker, desk, or other assigned area at any time without reasonable suspicion.
- c.** Other than a general search of student lockers, desks, or other assigned areas, any search shall be, where appropriate as deemed by the principal, conducted in the presence of the student whose locker is the subject of the search.
- d.** A law enforcement officer with appropriate jurisdiction may, at the request of the school principal, assist the school administration in searching such a locker and its contents.
- e.** The principal or designee may search the person or property of a student, with or without the student's consent, whenever they have reasonable suspicion to suspect that the search is required to discover evidence of a violation of law or of schools' rules. The extent and conduct of a search will be governed by the student's age, gender, and the nature of the infraction. Strip searches are prohibited.
- f.** To combat escalating school violence and the potential presence of weapons in our schools, and in accordance with School Corporation policy and procedures, the School Corporation may utilize metal detectors, including, but not limited to, wands for random and reasonable suspicion-based searches to detect firearms, knives, and other weapons.
- g.** Permission for a student to bring a vehicle on school property shall be conditional upon consent of the search of the vehicle and all containers inside the vehicle by an administrator without individualized reasonable suspicion. The student and the owner of the vehicle shall have no expectation of privacy in any vehicle or in the contents of any vehicle on school property. The Superintendent shall prepare a written agreement consistent with this Policy to be signed each school year by each student driving to school and the owner of each vehicle driven to school. Each vehicle brought on school property by a student shall display a decal showing that the written agreement permitting the search of that vehicle has been signed.

Student vehicles parked off school property but falling within the scope of this Policy shall be subject to search by a school administrator with individualized reasonable suspicion.

- h.** In an effort to promote a drug-free campus and to protect the district's educational purposes, including campus safety and health of the district's faculty, staff, and students, the district may routinely direct local law enforcement to conduct random searches of lockers, classrooms, and school parking lots. During those partnerships, the Board has authorized

the use of specially trained dogs to locate and detect the presence of weapons and prohibited drugs on school property.

- i. Anything found in the course of a search pursuant to this Policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed or turned over to an appropriate law enforcement authority.

4. Identification

It is the responsibility of all persons, upon request, to identify themselves to proper school authorities in the school buildings, on school grounds, or at school sponsored events.

5. Student Conduct at Events on and Off School Grounds and at Other Times When Not at School

- a. The New Albany-Floyd County Consolidated School Corporation has adopted a School Safety Policy governing students who commit, attempt to commit, or threaten aggressive acts toward persons (students, employees or visitors) or property. This Policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function or event and while traveling to and from school or a school activity, function or event. This Policy may also apply when a student's conduct is unlawful and may reasonably be considered to be interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts may be suspended and may be expelled for up to one (1) school year or one (1) calendar year, as set out in Article II, herein.
- b. Students are required to observe school rules and regulations and to be subject to the authority of school officials at school events, whether on or off school grounds. Students are required to be courteous and obedient in response to all reasonable orders from school personnel at school events, whether on or off school grounds.

6. Criminal Organizations and Activity

Students may not display signs, wear clothing or hairstyles, or otherwise display symbols that advertise criminal gang activity. 9. ANTI-BULLYING

Bullying is **prohibited** by the School Corporation. Students who commit any acts of bullying are subject to discipline, including but not limited to suspension, expulsion, arrest, and/or prosecution.

Definition

"Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student, creating for the targeted student an objectively hostile school environment that results in one or more of the following:

- (1) places the targeted student in reasonable fear of harm to his or her person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance;
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the Corporation.

Bullying does **not** include, and should not be interpreted to impose any burden or sanction on, any of the following:

- a) participating in a religious event;
- b) acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
- c) participating in an activity consisting of the exercise of a student's freedom of speech rights;

- d) participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
- e) participating in an activity undertaken at the prior written direction of the student's parent; and
- f) engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.

“Bullying,” as defined by this policy and state law, does **not** include actions involving employees.

Applicability

The Corporation prohibits bullying in all forms. This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the Corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment. The Corporation prohibits bullying through the use of data or computer software that is accessed through any computer, computer system, or computer network.

Bullying behaviors based on the targeted individual's race, color, national origin, sex, gender, religion, or disability may be investigated and processed according to the Nondiscrimination/Anti-Harassment Policy.

Education

The Corporation will provide training and/or instruction on anti-bullying prevention and policy to all students in grades 1 through 12, as well as employees, in accordance with Indiana law.

Reporting

Anyone who believes that a student has possibly been or is the victim of bullying is encouraged to **immediately** report the situation to an appropriate employee such as a teacher, school counselor, or administrator (including the Superintendent). All employees, volunteers, and contracted service providers who observe or receive a report of suspected bullying shall notify a designated school administrator in charge of receiving reports of suspected bullying within the same day. If an employee does not know who to make a report to, he or she should report directly to the building principal or Superintendent. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law (where the bullying constitutes child abuse, neglect, or other violation of law), such as when an employee believes that a student is the victim of abuse or neglect. Any person who makes a report of bullying and requests to remain anonymous will not be personally identified as the reporter or

complainant to extent permitted by law. The Corporation will act appropriately to discipline employees, volunteers, or contracted service providers who receive a report of bullying and fail to initiate or conduct an investigation of a bullying incident, and for persons who falsely report an incident of bullying. The Corporation will act appropriately to discipline students, employees, visitors, or volunteers who make false reports of bullying.

Investigation

Once a report of suspected bullying is received by the designated school administrator, an investigation shall follow. The investigation should be facilitated by the designated school administrator or other appropriate school employees.

Intervention/Responses

If a report of suspected bullying is substantiated through an investigation, then the Corporation shall take appropriate intervention and responses as consistent with policy and procedure. The Corporation will take prompt and effective steps reasonably calculated to stop the bullying, remedy the bullying, and prevent the bullying from recurring. Interventions and responses include, but are not limited to: separating the bully and the target; follow-up school counseling for the target; bullying education for the bully; and prompt disciplinary action against the bully. These steps should not penalize the target of the bullying. Disciplinary actions against the bully may include, but are not limited to: suspension and expulsion for students. Also, if the acts of bullying rise to the level of serious criminal offense the matter may be referred to law enforcement. The Corporation shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

Parental Involvement

Parents are encouraged to be involved in the process of minimizing bullying. Parents should report suspected acts of bullying to an appropriate school official. In addition, parents of students suspected of bullying will be notified with a phone call or through other appropriate means of communication. Conversely, parents of students suspected of being the target of acts of bullying will also be notified with a phone call or through other means of appropriate communication.

Reporting to IDOE

Each school within the Corporation will record and report to the Superintendent or his or her designee the frequency of bullying incidents in the following categories: verbal bullying, physical bullying, social/relational bullying, and electronic/written communication bullying (or a combination or two or more of the above categories). The Superintendent or his or her designee shall report the number of bullying incidents by category for each school and the entire corporation for each school term to the Indiana Department of Education by July 1.

10. Human Dignity Policy

It is the Policy of the School Corporation that all employees, parents/guardians, students and members of the community should be treated and should treat others with courtesy, fairness and decency. Respect for the dignity and worth of every member of the school community must be recognized and promoted in the School Corporation. Accordingly, it is a violation of Board Policy to degrade, demean, harass, haze, bully, stereotype or ridicule any person.

11. Charges by a Parent/Student

When a student or his/her parents believe that the student is being improperly treated, or improperly denied participation in any educational function of the School Corporation, or is being subjected to an illegal rule or standard, as provided by the statutes of the State of Indiana or applicable statutes of the United States, or by the Constitutions of the State of Indiana or of the United States, they may file a signed complaint form with the administration and if unable to work out their problems with the administrative staff, they shall be entitled to initiate a conference with the Superintendent or designee by filing a charge with the Superintendent in the same manner as a charge is initiated by the principal under Article III of this Guide. Parents can contact the Assistant to the Superintendent for Administration and Operation or the Director of Human Resources to obtain a corporation complaint form.

12. Notification of Rights under the Family Educational Rights and Privacy Act (FERPA)

Student records maintained by the New Albany-Floyd County Consolidated School Corporation are governed by laws including the Family Education Rights and Privacy Act ("FERPA"). FERPA affords parents and students over eighteen (18) years of age ("eligible students") certain rights with respect to student education records. They are:

- a.** The right to inspect and review the student's records within forty-five (45) days of the day the School Corporation receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- b.** The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School Corporation to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Corporation decides not to amend the record as requested by the parent or eligible student, the School Corporation will notify the parent or eligible student of the decision and inform them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the School Corporation as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School Corporation has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Under certain circumstances, education records may be disclosed to a state or local juvenile justice agency. Also, federal law requires the school corporation to release a student's name, address and telephone listing to military recruiters unless the parent requests that such records not be released. Upon request, the School Corporation will disclose education records without consent to officials of another school corporation in which a student seeks or intends to enroll.
- d. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School Corporation to comply with the requirements of FERPA.

Parents and eligible students who wish to file a complaint under FERPA should do so by submitting the complaint form found at www.studentprivacy.ed.gov/file-a-complaint electronically to FERPA.Complaints@ed.gov. Alternatively, individuals may print out the form, sign, and mail to the following address:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Ave., SW
Washington, DC 20202-8520

Directory Information: The School Corporation has classified the following information about individual students as "Directory Information": Name; address; telephone listing; date and place of birth; school enrolled in; photograph or videotape not used in a disciplinary matter; student work displayed at the discretion of the teacher with no grade displayed; academic majors and minors; participation in any officially recognized activities or sports; weight and height of members of athletic teams; dates of attendance; degrees and awards received; recognition of service or achievement; and the most recent previous educational agency or institution attended. The School Corporation may disclose any of those items without prior written consent, unless notified in writing to the contrary by the following procedure:

If a parent/ guardian or eligible student does not wish to have some of the above listed Directory Information items released without prior parent's or eligible student's consent, such parent or eligible student must submit a written signed statement indicating that consent must be secured to: Chief of Human Resources, 2813 Grant Line Road, New Albany, Indiana 47150. Such statement must be submitted not later than October 15 of a school year or within thirty (30) days of the student's initial enrollment for the school year.

Release of Information to the Military: Federal law requires schools to provide high school juniors and seniors' names, addresses, and telephone numbers to military recruiters. Parents may opt out of this disclosure of directory information to military recruiters by delivering the request in writing to the school within fourteen days of the start of school or within fourteen days of enrolling their student.

13. Screening for Health Concerns

In the course of each school year, the School Corporation provides the opportunity for students at some grade levels, or in some programs to be screened for possible health concerns which could adversely affect a student's performance in the educational program of the School Corporation, including, but not limited to hearing and sight. If parents or guardians do not wish to have their child or ward screened for these possible health concerns because of religious beliefs, such parents or guardians must submit to the building principal a written signed statement indicating that the parent objects on religious grounds.

14. Student Insurance

Unless proven negligent, the School Corporation and School Corporation personnel assume no financial responsibility for medical expenses, treatment or damages resulting from injuries sustained by students while participating in any School Corporation sponsored educational program, or practicing for or participating in athletics, or any other school activity. The School Corporation makes student accident insurance available through a commercial insurance carrier; the protection and limitations are stated in the policy. Enrollment in this student accident insurance program is voluntary. If parents decide not to enroll in the student accident insurance program, it is the parents' responsibility to provide appropriate insurance, or to assume the risk of possible financial responsibility inherent in having their child participate in any school activities. Individual schools may request that parents provide the name of the company carrying the family's health and accident insurance, in order for school officials to have this information in cases of medical emergency.

15. Lost, Stolen, or Damaged Student-Owned Property

The School Corporation and School Corporation personnel assume no financial responsibility for lost, stolen or damaged student-owned property while such property is on the school grounds, or is being used at any school related activity off school grounds.

16. Unsupervised Students on School Property

The School Corporation and its employees assume no responsibility for the safety of students who are on school property at times when they are not involved in a school activity under the direct supervision of School Corporation personnel.

17. Administration of Medications

The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child has a disability and as a result, requires medication to benefit from his/her educational program.

All medication needed during school hours or at school functions that are supervised by school staff, except those subject to I.C. 20-33-8-13 (student possession and self-administration), will be administered by the nurse, administrator, or designated trained staff under the following conditions:

1. A written authorization form for medication administration must be completed by the parent/guardian and be on file before any medication transported to the health clinic (prescription or non-prescription) will be administered.
 - a. Medication shall be administered in accordance with the instructions printed on the bottle (in the case of non-prescription medicine) or the physician's order (on the case of prescription medicine).
 - b. The consent of the parent shall be valid only for the period specified on the consent form and in no case longer than the current school year.
2. All non-prescription medicine must be kept in its original container accompanied by the package label or package information.
3. All prescription medicine, including medication administered by injection, emergency medication (i.e. Epinephrine, Glucagon), and diabetes monitoring of a student must be accompanied by a physician's order, which is current and correct to the way that the student is to receive the medicine. The nurse may require additional information prior to administering medication.
4. All medication administration will be documented and kept on file in the health office.
5. If the medication is to be terminated prior to the date on the prescription, a withdrawal of consent of the parent is required. The written consent of the parent and the written order of the physician shall be kept on file in the health office.

The Corporation does not honor requests by parents or physicians to administer over-the-counter herbs, minerals and vitamins and other homeopathic products as there is currently no standardization relative to these products and no FDA approval and guidelines.

Any unused medication which is unclaimed by the parent will be destroyed by the Corporation when a prescription is no longer to be administered according to the authorization form, or at the end of the school year.

All designated staff responsible for administering medication to students will be trained by a registered nurse on the proper administration of medication and/or diabetes care. A record of this training will be kept on file in the health office.

All medication, both prescription and non-prescription, must be brought into the nurse's office by a parent or guardian. Only students meeting the criteria of Indiana code who have valid medical authorization and parent permission on file in the school office will be permitted to carry medications and self-administer such substances. These exceptions are explicitly stated in the law and detailed below.

Indiana law permits an individual or entity in a position to assist an individual who, there is reason to believe, is at risk of experiencing an opioid-related overdose, to administer an overdose intervention drug to an individual who is suffering an overdose.

The Corporation, in good faith, believes it is an entity in a position to assist an individual who there is a reason to believe is at risk of experiencing an opioid-related overdose; therefore, it may obtain an overdose intervention drug from a prescriber or entity acting under a standing order issued by a prescriber and may maintain such intervention drug on-site in school facilities to provide such assistance.

Chronic Disease or Medical Condition

In accordance with Indiana statute, a student with a chronic disease or medical condition may possess and self-administer medication for the chronic disease or medical condition on school grounds immediately before or during school hours, or immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; or traveling to or from school for a school activity, function, or event, if the following conditions are met:

1. The student's parent has filed an authorization with the student's principal for the student to possess and self-administer the medication. The authorization must include the physician's statement described below in #2.
2. A physician states in writing that:
 - a. the student has an acute or chronic disease or medical condition for which the physician has prescribed medication;
 - b. the student has been instructed in how to self-administer the medication; and
 - c. the nature of the disease or medical condition requires emergency administration of the medication.

The authorization and statement described in subsection (2) must be filed with a student's principal annually.

Students with diabetes, seizures, or chronic diseases shall be appropriately accommodated per Indiana statutes. An appropriate plan for the student, which may be a Section 504 Plan, individual health plan, or IEP, will be developed and implemented.

Transportation of Medications by Students

Medication that is possessed by a school for administration during school hours or at school functions for a student may be released to:

1. The student's parent or guardian;
2. An individual who is at least eighteen years of age and designated in writing by the student's parent or guardian to receive the medication; or

Do Not Resuscitate (DNR) Orders / Physician Orders for Scope of Treatment (POST) Forms

Each student with a potentially life-threatening medical condition should have a health care plan and/or emergency medical plan. Corporation employees shall follow normal procedures for addressing

emergencies occurring while students are on Corporation property (including being transported in vehicles owned, leased, or operated by Corporation); and during Corporation events, even if held outside of Corporation property (for example, prom or field trips).

Therefore, Corporation employees will not adhere to Do Not Resuscitate (DNR) Orders or Physician Orders for Scope of Treatment (POST) forms which prohibit individuals from administering resuscitation (CPR) or medical interventions measures to a student. This policy shall not interfere with a health care provider's obligation under Indiana law.

If the school is presented with a DNR order or POST form, the parent or guardian should be advised of the Corporation's policy and should be directed to the hospital(s) in the area where the student may be transported in an emergency and advised to discuss the order with such facility.

18. Enrollment/Residence/Withdrawal

Resident students are those whose legal settlement is within the School Corporation's geographic boundary. Proof of residency is required upon enrollment. A student's legal settlement will be determined under applicable Indiana law. A student's legal settlement will also determine the student's school attendance area within New Albany-Floyd County School Corporation. The School Corporation will accept the transfer of students who do not have legal settlement with the school corporation according to School Board Policy and Indiana law.

19. Parental Involvement/Visitor/Media

The School Corporation welcomes and encourages visits to school by parents, guardians, and others, but in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls. Disruptions to the educational environment will not be tolerated.

Visitors must register at the school office and seek permission to see a student or employee, participate in an activity, or observe. All visits are subject to the approval of the Superintendent, building principal, or designee. The prohibitions and expectations governing classroom observations are equally applicable to online instruction. Specifically, visitors are reminded:

- Visitors are to be silent observers and not create any kind of disturbance or distraction.
- Statements and actions of other students (or statements by an instructor to other children) are to be maintained in confidence.
- Instruction and services may not be recorded in any manner (audio, video, cell phone, use of Alexa, etc.) unless first receiving approval from the principal and instructor.

Student visitors, except for those involved in a student council exchange program, are not permitted. All other visitors must have the approval of the principal or his designee.

Parents will be involved in the planning, review and improvement of the corporation's Title I programs and timely responses will be given to parental questions, concerns, and recommendations. Information concerning school performance profiles and their child's individual performance will be communicated to parents.

20. McKinney-Vento

The Corporation will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided corporation services for which they are eligible, including Head Start, Title I, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Students determined to be in a homeless living situation have the following rights:

- Enrollment in the school they last attended or the school in whose attendance are they are currently staying even if they do not have all of the documents normally required at the time of enrollment;
- Access to free meals and textbooks, Title I and other educational programs, and other comparable services including transportation where applicable;
- To attend the same classes and activities that students in other living situations also participate without fear of being separated or treated differently due to their housing situations.

Any questions about these rights can be directed to the Corporation's Civil Rights Coordinator or the State Coordinator.

Questions about enrollment of a student who may be considered homeless should be directed to Katie Stein (kstein@nafcs.org), Licensed School Social Worker/McKinney Vento Liaison (812-542-5505) or Tony Duffy (tduffy@nafcs.org), Assistant to the Superintendent for Elementary Education (812-542-2142).

21. Asbestos

Under the Asbestos Hazard Emergency Response ACT (AHERA) of 1986, the School Corporation is required to annually notify all school building employees, building occupants or legal guardians, of the availability and location of the Asbestos Management Plan and of any post-response action activities, including re-inspection and surveillance activities that are planned or in progress.

An asbestos statement of compliance is on file in the district office. For an additional copy, please contact the Director of Facilities

II. ENFORCEMENT OF RULES AND REGULATIONS

When self-discipline fails, regulations for management of school behavior must be enforced by those directly responsible for the operation of the schools. School staff members will make appropriate efforts, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards. Authority for such action is given in the School Powers Act and the Student Due Process Statute, I.C. 20-33-8, et. seq. The Board of School Trustees has established policy in the Policy Manual of the New Albany-Floyd County Consolidated School Corporation and appointed administrative officers to carry out those Policies as amended.

1. After School Detainment

Students may be detained after school, but only for a reasonable length of time (a “reasonable length of time” is determined by the child’s age and other factors). Unusual delays should be reported to the parent via the district/school communication if possible.

2. Restraint and Seclusion

New Albany-Floyd County Consolidated School Corporation has a plan and policy 5620 in place for the use of restraint and seclusion, as a last resort, to control students only if there is an imminent risk of injury to the student or to another person and in emergency situations. A copy of this plan is located at the central office by calling 812-942-4200.

3. Teacher Temporary Dismissal

A teacher may dismiss a student from participation in any educational function under that teacher’s charge and supervision for a reasonable period consistent with state/federal law and also the teacher handbook.

4. Suspension

A principal or designee may deny a student the right to attend school or to take part in any school function for a period of up to ten (10) school days.

- a. In Indiana, a suspension is defined as a disciplinary action whereby a student is separated from school attendance for a period of ten or fewer school days. Within 24 hours, or such additional time as is reasonably necessary, following a suspension, the principal/designee shall send a written statement to the student’s parent(s) describing the student’s conduct, misconduct or violation of any rule or standard and the reasons for the action taken. The principal/designee shall make a reasonable effort to hold a conference with the parent before or at the time the student returns to school. Failure of the parent to participate in a conference with the principal/designee does not justify extending the period of the student’s suspension.

Students who have been suspended or expelled from the regular school setting, following applicable Indiana law, will not be permitted to attend or participate in any extracurricular activity during the time of their suspension/expulsion. Students who have been suspended or expelled are not permitted to participate in extracurricular practice, contests, or performances until the day of their return to the normal classroom setting following the suspension or expulsion.

Grounds for suspension or expulsion are student misconduct and/or substantial disobedience for which a student may be suspended or expelled include, but are not limited to the items in II.8 below. For more information on suspension and expulsion, please refer to [identify policy]Policy 5610.

5. Expulsion

a. An expulsion is:

- i.** A denial of the right of a student to take part in any school function for any period greater than ten (10) days;
- ii.** A separation from school attendance for the remainder of the current semester of current year unless the student is permitted to complete required examinations in order to receive credit for courses taken in the current semester or current year.

b. In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of a violation Section II.8.f below.

a. An expulsion for violation of the rule against knowingly possessing, handling, or transmitting a firearm, while under the jurisdiction of the School Corporation, will be for a full calendar year, as set out in Article II, Section 8, f., below.

b. The expulsion process offers the opportunity for a student due process meeting (See Article III, below).

c. An expulsion that takes effect more than three (3) weeks before the beginning of the second semester of a school year must be reviewed before the beginning of the second semester. An expulsion that will remain in effect during the first semester of the following school year must be reviewed before the beginning of the school year. Such reviews shall be conducted by the Superintendent or his/her designee after notice of the review has been given to the student and the student's parent or guardian. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original expulsion meeting and may lead to a recommendation that the student be reinstated for that semester.

d. A principal may require a student who is at least sixteen (16) years of age and who wishes to enroll after an expulsion to attend an alternative program.

e. The Board has voted to not hear any appeals on the decision of the Expulsion Examiner.

6. Other Disciplinary Actions Which Do Not Constitute a Suspension or An Expulsion

- a. A principal, teacher or other school staff member who supervises students may discipline a student as necessary to ensure a safe, orderly, and effective educational environment by:
 - i. Counseling with a student or group of students;
 - ii. Conferencing with a parent or group of parents;
 - iii. Rearranging class schedules;
 - iv. Requiring a student to remain in school after regular school hours to do school work or for counseling;
Restricting athletic and other extracurricular activities, including removal from participation in such activities.

 - ii. An alternative educational program
- c. A principal or designee may remove a student from school sponsored transportation;

7. Application of the Grounds for Expulsion or Suspension

The grounds for expulsion or suspension, set out below, apply when a student is:

- a. On a school bus;
- b. On school grounds immediately before, during, and immediately after school hours and at any time when the school is being used by a school group (including summer school or intersession);
- c. Off school grounds at a school activity, function, or event, or;
- d. Traveling to or from school or a school activity, function, or event.

The grounds for expulsion or suspension may also apply when a student's conduct on or off school grounds is unlawful and may reasonably be considered to be interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on

school property. This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Please refer to I.C. 20-33-8-15

- e. The grounds for bullying may be applied regardless of physical location of the bullying behavior when a student demonstrating bullying behavior and the targeted student attend a school within the Corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to a safe and peaceful learning environment.

III. PROCEDURE FOR HANDLING SUSPENSIONS AND EXPULSIONS FROM SCHOOL

The Board of School Trustees of the New Albany-Floyd County Consolidated School Corporation has provided a procedure for the handling of student suspensions and expulsions from school. The basic premise of this policy is fairness. A full text of the procedure required by Indiana Law is available in the Administrative Services Center, 2813 Grant Line Road, New Albany, Indiana 47150, upon request. The following is a summary of that procedure.

1. Suspension Procedures: When a principal (or designee) determines that a student should be suspended, the following procedures will be followed in accordance with policy 5610. A meeting will be held prior to the suspension of the student. At this meeting, the student will be entitled to:
 - i. A written or oral statement of the charges;
 - ii. If the student denies the charges, a summary of the evidence against the student will be presented; and
 - iii. The student will be provided an opportunity to explain his or her conduct.

The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of suspension.

Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of suspension, describe the student's misconduct, and describe the action taken by the principal or his designee.

If, after an investigation, the principal or designee decides that expulsion is warranted for any student, he/she shall file a written charge with the Superintendent requesting that the student be expelled.

1. The School Corporation may vary from the discipline procedures in this handbook where appropriate to comply with 511 Indiana Administrative Code Article 7.
2. When a principal or designee recommends to the Superintendent that a student be expelled from school, the following procedures will be followed:
 - a. The Superintendent may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - i. A member of the administrative staff who did not recommend that the student be expelled and who was not involved in the events giving rise to that recommendation; or

- ii.** Legal counsel.
- b.** The Superintendent or the person appointed to hold the expulsion meeting may continue the suspension of a student for more than the ten (10) school days of the principal's suspension and until the time of the expulsion decision, if he/she determines that the student's continued suspension will prevent or substantially reduce the risk of:
 - i.** Interference with an educational function or school purpose; or
 - ii.** A physical injury to the student, other students, school employees or visitors to the school.

However, a student may not be suspended from school pending a meeting on a student's proposed expulsion for an expulsion due to failure of legal settlement under I.C. § 20-33-8-17.

- c. An expulsion will not take place until the student and the student's parent or guardian are given notice of their right to appear at an expulsion meeting conducted by the Superintendent or the person designated by the Superintendent.
- d. The notice of the right to appear must be in writing, delivered by certified mail or by personal delivery, contain the reasons for the recommended expulsion, and contain the procedure for requesting an expulsion meeting.
- e. Failure by a student or a student's parent or guardian to request or to appear at an expulsion meeting shall be deemed a waiver of all rights administratively to contest the expulsion.
- f. The Superintendent or the person designated to hold an expulsion meeting may issue subpoenas, compel the attendance of witnesses, and administer oaths to persons giving testimony at an expulsion meeting.
- g. At the expulsion meeting, the principal or designee will present information to support the charges against the student. The student, parent or guardian will have the opportunity to answer the charges against the student, and to present information to support the student's position.
- h. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate and give notice of the action taken to the student and the student's parent or guardian, by certified mail or personal delivery.
- i. In accordance with Indiana Code, a student or parent may request an appeal to the Board of School Trustees on the action taken by the expulsion examiner unless the

Board of Trustees has voted to not hear any appeals. The NAFC Board of Trustees voted not to hear any appeals. The ruling of the Expulsion Examiner is final.

3. Under Indiana law, judicial review of the Board of School Trustee's action, by the Circuit or Superior Court of Floyd County is limited to the issue of whether the School Corporation acted without following the procedure required by the student due process statute, I.C. 20-33-8 et. seq.

IV. SCHOOL SAFETY POLICY

The New Albany-Floyd County Consolidated School Corporation has adopted proactive safety policy governing students who commit, attempt to commit, or threaten aggressive acts toward persons (students, employees, or visitors) or property. This policy applies when a student is on a school bus, on school grounds, off school grounds at a school activity, function, or event, and while traveling to and from school or a school activity, function, or event. This policy may also apply when a student's conduct is unlawful and may reasonably be considered an interference with school purposes or an educational function, when such conduct occurs during weekends, holidays, school recesses, or during the summer when a student may not be attending classes or other school functions. Students who commit these acts will be suspended and may be expelled for up to one school year or one calendar year, in the case of firearms violations. Students will also be referred to the probation office or the prosecutor's office as required or appropriate. Students who make threats, whether spoken, written, by gesture, or expressed in digital means; and/or students whose behavior gives rise to a reasonable belief that the student is substantially likely to injure the student or others may be the subject to a Threat Assessment by the Corporation.

The school safety policy is implemented at each specific level of instruction (elementary, middle and high), and will not follow the student to the next level of instruction.

1. It shall be grounds for an immediate ten (10) days suspension pending expulsion for any student to possess, handle, use, threaten to use, demonstrate the intent to use or transmit weapons, firearms, or explosives. Except in instances involving firearms, upon the recommendation of the building principal, first-time offenders may be given the option of participating in an approved educational/counseling program outside the school corporation. The cost of such outside educational/counseling program shall be the responsibility of the student and the student's parents or guardians. The School Corporation may consider a reduction in the length of the expulsion upon satisfactory completion of this program.
2. A student will be expelled for a full calendar year for possessing, handling, or transmitting a firearm, as defined by Indiana law, while under the jurisdiction of the school corporation. Under I.C. 35-47-1-5, a "firearm" means any weapon that is capable of expelling or designed to expel or that may readily be converted to expel a projectile by means of an explosion. A student expelled under this provision will not be re-enrolled in the school corporation until the beginning of the semester following the end of the expulsion. The

length of expulsion for possession, handling, or transmitting a firearm may be reduced by the Superintendent, if the circumstances warrant such a reduction.

3. First-time offenders who threaten or commit aggressive acts toward persons or property and who are not in possession of and have not handled, used, threatened to use, or transmitted weapons, firearms or explosives may be immediately suspended for up to five (5) school days. Such students shall also be required to meet with the school counselor upon returning to school.
4. The remainder of this policy notwithstanding, when a first-time offender has engaged in violent conduct or has continued to demonstrate aggressive behavior after being told by a school employee to cease and desist (students must be able to immediately demonstrate restraint and self-control) such student may be suspended for ten (10) school days pending expulsion. The students may, upon the recommendation of the building principal, be given the option of participating in an approved educational/counseling program outside the School Corporation. The cost of such outside educational/counseling program shall be the responsibility of the school district. The Superintendent may consider a reduction in the length of the expulsion upon satisfactory completion of this program.
5. Second time offenders who threaten or commit aggressive acts toward persons or property and who are not in possession of and have not handled, used, threatened to use or transmitted weapons, firearms or explosives shall be immediately suspended up to ten (10) school days. Such conduct may also be grounds for expulsion; however, an educational/counseling alternative to expulsion provided by an approved outside agency may be offered by the building principal to the student and his/her parents or guardians. If the educational/counseling alternative is offered, required documentation must be presented upon return to school.
 - a. This program will be designed to assist students in successfully managing and resolving conflicts in a nonviolent and non-aggressive manner, so that they may successfully complete school after experiencing the consequences of their violation of this policy.
 - b. If the outside educational/counseling program is chosen by the student and parents or guardians the student must attend all sessions of the program. Any cost for this program will be the responsibility of the student and the student's parents or guardians.
 - c. If the student enrolls in the outside educational/counseling program and then withdraws or otherwise fails to satisfactorily complete the program, the building administrator shall immediately resume the expulsion process for such student.
 - d. If the student or his/her parents or guardians do not choose to participate in the outside educational/counseling program, the building administrator shall immediately resume

the expulsion process for such student. Such student may be referred to the Floyd County Probation Office for any appropriate action.

6. Students who threaten or commit aggressive acts on more than two occasions may be immediately suspended for ten (10) school days pending expulsion.
7. If a student's behavior is a criminal act, in addition to school discipline, the school will also notify the proper authorities.

V. DRIVER'S LICENSE POLICY

The School Corporation reserves the right to prohibit students from obtaining drivers' permits and/or drivers' licenses and/or to revoke students' drivers' licenses under the applicable provisions of state law and school corporation policy. The policy may be implemented for students who are habitually truant (those who have more than ten uncertified absences in a semester), are suspended from school for a second time, and/or are expelled or excluded from attendance at Delta High School. Delta High School may also implement this policy for students under the age of eighteen (18) who withdraw from school, including those who withdraw from school in order to avoid the revocation process. The portion of this policy dealing with drivers' permits applies to students aged fourteen (14) and fifteen (15). The policy relating to the revocation of drivers' licenses applies to students under the age of eighteen (18). In the event that the process is implemented, a registered letter will be sent to the parent(s) or guardian(s) of the student. The student and parent(s)/guardian(s) will have due process rights. At the conclusion of the due process procedure if the student is determined to be in violation of this policy, the proper form will be sent to the Bureau of Motor Vehicles.

VI. SCHOOL BUS SAFETY CODE

All school children, while being transported on a school bus, shall be under supervision, direction, and control of the school bus driver, and shall be subject to the discipline of the bus driver and the governing body of the School Corporation.

The following rules have been instituted for the safety and comfort of our children and the efficient operation of our bus fleet.

Students must do the following:

1. Be at their bus pickups on time.
2. Wait their turns to load and unload the bus. Avoid standing or playing on the road while waiting for the bus.
3. The bus driver and bus monitors should be treated with respect.
4. Show consideration for the property where their bus stops are located. Damage and destruction at "stops" may result in the discontinuance of these "stops."

5. Nothing (arms, hands, heads, books, etc.) shall be allowed to protrude from open windows on the bus. Windows may only be opened or closed with the permission of the bus driver. Feet should be kept on the floor at the seats and not protrude into aisles of the bus.
6. Horseplay, littering, loud and boisterous conduct on the bus will not be allowed. This type of conduct distracts a driver and may result in a serious accident endangering every person on the bus.
7. Students must wear seat belts on buses where they are available.

VII. TELECOMMUNICATION

Student Access to the Internet

Users are legally bound to the terms and conditions of the Telecommunications Use Agreement. It is assumed that users have read the terms and conditions carefully and understand their significance including the understanding that any violation of these regulations is unethical, may constitute a criminal offense, that accessor's privileges may be revoked and school disciplinary action may be taken as well as appropriate legal action.

If a parent or guardian does not authorize the school to make Internet access available to their student, it is the parent's responsibility to inform the school in writing. Alternate activities of a suitable educational nature not requiring Internet access will be assigned to students whose parents have informed the school not to make Internet access available to their student.

VIII. NEW ALBANY-FLOYD COUNTY CONSOLIDATED SCHOOL CORPORATION TELECOMMUNICATIONS USE AGREEMENT

The New Albany-Floyd County Consolidated School Corporation firmly believes that there is a wealth of information and interaction on the worldwide computer network that will provide valuable resources for our students. With access to computers and people from all over the world through Internet, it is impossible to control access to all materials found on the Internet, and an industrious user may discover controversial information. Sponsoring teachers will instruct and supervise their students in acceptable use of the Internet and proper Internet etiquette.

The smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. Access to the Internet through school machines requires responsible, efficient, ethical, and legal utilization of Internet resources. Users violating any of the acceptable use policy may be disciplined, and their access to Network and Internet services terminated and future access denied

The Director of Technology and Instructional Services shall develop and maintain a Technology Manual setting forth additional rules, policies, and procedures for effective management of the School Corporation's Wide Area Network and technological services.

The Board of School Trustees firmly believes that broad educational opportunity should be a right for all children. Educational experiences are provided not only in the regular classroom, but also by a comprehensive extracurricular activities program. Therefore, removal from the extracurricular activities or from the classroom as a disciplinary measure is resorted to only when self-discipline fails.

It is the sincere hope of the Board of School Trustees that this Guide will be helpful to students, parents, and teachers in the effort to promote more democratic schools and continued good relations between students and teachers.

X. Every Student Succeeds Act

- a. **Parent's Right to Know:** Upon a parent's request, the School Corporation will provide information regarding the professional qualifications of their student's classroom teachers, including whether the student's teacher (a) has met Indiana's qualification and licensing criteria for the teacher's grade levels and subject areas, (b) is teaching under emergency or other provisional qualification/licensing status, or (c) has been subject to discipline of the teacher's license, and whether the student is provided services by paraprofessionals and, if so, their qualifications.
- b. **Testing:** Upon request, parents will be provided with information regarding student participation in assessments mandated by state and federal law, or by the School Corporation. More information about Indiana's testing requirements is available at: <http://www.doe.in.gov/assessment>.

XI. Local School Wellness Policy: In accordance with School Board policy, the Superintendent has appointed INSERT NAME AND/OR POSITION to serve as the Indoor Air Quality (IAQ) Coordinator for the Corporation. The IAQ Coordinator shall serve as the lead contact person for matters related to indoor air quality in the facilities operated by the Corporation. The IAQ Coordinator (Leslie Beach) may be contacted at lbeach@nafcs.org and 812-942-4200.

XII. Meningococcal Disease: Indiana law requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (IC 20-30-5-18). Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman. Please talk with your child's health care provider about meningococcal disease and vaccination.

XIII. Pesticide Use: On occasion, the Corporation may find it necessary to utilize pesticides in order to control a pest problem. When these occasions occur, the school will use the lowest risk products available. If higher risk pesticides must be used, notices will be sent to all individuals registered in the school corporation's Pesticide Notification Registry. Parents, legal guardians, and school staff will be notified of specific pesticide applications made at the school. **To receive notification, you must be placed on the notification registry. Forms are available in each school's office.** Notification will be given at least two days before planned pesticide applications during the normal school year. In addition, for pesticides

applied anytime during the year, emergency application notifications will be given as soon as possible. Notifications need not be given for pesticide applications recognized by law to pose little or no risk of exposure to children or staff. The Corporation will keep records of pesticide applications and information about the pesticides used for two years. Anyone may request to review these records by contacting the corporation's Director of Facilities at 812-942-4200.

XIV. Student Privacy, Parental Access to Information, and Inspection of Materials

- a.** The School Board respects the privacy rights of parents and their children. XVI. Directory Information

The Superintendent hereby provides public notice to students and their parents of the school corporation's intent to make available, upon request, certain information known as "directory information". The Board designates as student "directory information": a student's name; address; telephone number; photograph; date and place of birth; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; or listing on an honor roll; and scholarships.

Directory information shall not be provided to any organization for profit-making purposes. The Superintendent may allow access to a school campus or give students' directory information to organizations that make students aware of educational or occupational options.

The Superintendent is required to give recruiting representatives of the U.S. Armed Services and the Indiana Air, Army National Guard and the service academies of the armed forces of the United States or an institution of higher education access to the high school campus and student directory information (student's name, address, and listed or published telephone number) when requested to do so. A secondary school student or parent of the student may request that the student's name, address and telephone listing not be released without prior consent of the parent(s)/eligible student.

The School Corporation hereby provides notice to parents and students that either one may request that the information not be released by the School Corporation to the military recruiting representatives. To complete this process, a student or parent would submit a written request to the building administrator at their respective school.

If the student opts-out and later changes his/her mind a revocation may be made by submitting a written revocation of opt out to the building administrator at their respective school. Parents and eligible students may refuse to allow the Corporation to disclose any or all of such "directory information" upon written notification to the building administrator at their respective school within ten (10) days after receipt of this annual public notice.

In accordance with Federal and State law, the Board shall release the names, addresses, and telephone listings of secondary students to a recruiting officer for any branch of the United States Armed Forces or an institution of higher education who requests such information. A secondary school student or parent of the student may request that the student's name, address, and telephone listing not be released without prior consent of the parent(s)/eligible student. The recruiting officer is to sign a form indicating that "any information received by the recruiting officer shall be used solely for the purpose of informing students about military service and shall not be released to any person other than individuals within the recruiting services of the Armed Forces". The Superintendent is authorized to charge mailing fees for providing this information to a recruiting officer.

Whenever consent of the parents/eligible student is required for the inspection and/or release of a student's health or educational records or for the release of directory information, either parent may provide such consent unless specifically stated otherwise by court order.

The Corporation may disclose "directory information" on former students without consent of the parent(s)/eligible student.
