An educationally related activity is a non-classroom activity, such as a field trip or convocation, that meets all of the following:

- Is consistent with and promotes the educational philosophy and goals of the school corporation and the state board of education.
- Facilitates the attainment of specific educational objectives.
- Is a part of the goals and objectives of an approved course or curriculum.
- Represents a unique educational opportunity.
- Has been approved in writing by the local superintendent or the superintendent's designee.
- Cannot reasonably occur without interrupting the school day.

Each school corporation shall maintain a record of educationally related activities. The record is open to public inspection and must contain a description of the activity and a statement of the educational objective of the activity. Such files must be carefully maintained and may be reviewed with the performance based accreditation program.

This gives them the ability to perform in front of a crowd. This will help them know if they want to pursue music as a career

Explain how this activity is a unique or relevant learning opportunity that may not otherwise be provided to your students.

This is the only place they will have the ability to perform in large crowds other than Perry's. Friends. It also gives them a goal to work for
